Management and Plan Administrator
SAG 401(K) Plan
New York, NY

Ladies and Gentlemen:

In planning and performing our audit of the financial statements of the SAG 401(K) Plan as of and for the year ended December 31, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered the plan's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. We did not identify any deficiencies in internal control that we consider to be material weaknesses. However, as discussed below, we identified certain matters involving internal control and other operational matters that are presented for your consideration. This letter does not affect our report dated October 10, 2023, on the financial statements of the SAG 401(K) Plan. We will review the status of these comments during our next audit engagement. Our comments are intended to improve the internal control or result in other operating efficiencies. Our comments are summarized as follows:

Unallocated Forfeited Participant Accounts

The Plan Adoption Agreement has established guidelines for the use of forfeited participant accounts. In addition, the Internal Revenue Code (IRC) requires that these forfeited accounts be used or reallocated to Plan participants in accordance with the terms of the Plan document in the Plan year they are incurred.

During our audit, we noted that as of December 31, 2022, the Plan had accumulated approximately \$39,000 of unallocated forfeited participant accounts that had not been utilized.

Recommendation:

Per the Plan's adoption agreement, and in accordance with the provisions of Fidelity's Basic Plan Document, the Plan should use or reallocate these forfeited amounts every year to pay administrative expenses under the Plan or apply forfeitures to reduce the contributions of the Employer for the immediately following Plan year.

We believe that the implementation of this recommendation will provide the SAG 401(K) Plan with a stronger system of internal control while also making its operations more efficient. We will be happy to discuss the details of these recommendations with you at your convenience.

This communication is intended solely for the information and use of the management and the plan administrator and is not intended to be used, and should not be used, by anyone other than these specified parties.

Respectfully,

INDEPENDENT AUDITOR'S REPORT

**To the Participants, Plan Administrator and Retirement Committee of the
SAG 401(k) Plan:**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the SAG 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Fidelity Management Trust Company, a qualified institution, as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we.

- Exercise professional judgment and maintain professional skepticism throughout the audit

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, line 4i – Schedule of Assets (Held At end of Year) – December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

BENCIVENGA WARD & COMPANY, CPA's, P.C.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA

In our opinion.

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution, agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the SAG 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established in 1983 and is a defined contribution plan covering all non-excluded employees of Sojitz Automotive Group (the "Company"), (formerly the Weatherford Motors, Inc 401(k) Profit Sharing Plan) and employers of the Company ("Participating Employers") who have three months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Fidelity Management Trust Company ("FMTTC") is the trustee of the Plan, and Fidelity Workplace Services LLC ("FWS") is the recordkeeper of the Plan

Contributions**Deferred Contributions**

Employees are eligible to make pre-tax 401(k) regular contributions and Roth contributions. Participating employees contribute from 1% to 100% of their eligible pre-tax compensation not to exceed \$20,500 in 2022. For the Plan year 2022, the maximum amount of compensation that may be taken into account is \$305,000. An automatic enrollment provision with an initial pre-tax deferral contribution of 3% may apply to some of the participating employers of the Plan. Participating employers may give permission for deferrals on bonuses by entering into a salary reduction agreement with a participant.

Catch-up Contributions

Participating employees who have attained age 50 may contribute an additional percentage of eligible compensation as catch-up contributions (up to the annual federal dollar limit for these contributions). During 2022, a participant's maximum catch-up contribution was \$6,500. Catch-up contributions are eligible for Company Matching Contributions.

Matching Contributions

During the Plan year, each Participating Employer may make Matching Contributions ("Matching Contributions") of 25% of the first 6% of the participant's compensation contributed to the Plan but subject to a maximum percentage of compensation limits as defined in the Plan. The Company has the discretion to increase or decrease this match percentage. Employees must make Deferred Contributions in order to be eligible for Matching Contributions.

The Company may also decide to make a discretionary matching contribution or discretionary non-elective contribution on behalf of eligible participants. Participants must be employed on the last day of the Plan year in order to receive the discretionary non-elective contribution. No discretionary matching or discretionary non-elective contributions were made for the Plan year ended December 31, 2022.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN - (continued)**Participant Accounts**

Each participant's account is credited with the participant's contributions and allocations of (a) any Company contributions and, (b) Plan earnings (losses), and are charged with an allocation of any administrative expenses that are paid by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments

All investments are administered by FMTC. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers a number of mutual funds, and two commingled pools.

Vesting

Employee pre-tax contributions, Roth contributions, Catch-up contributions, and discretionary matching contributions and their related earnings are 100% vested and non-forfeitable. Vesting in Company Matching and non-elective employer contributions is as follows.

Years of Vested Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested amounts totaled \$33,352 and \$6,413, respectively. These amounts will be used to reduce future Company contributions and Plan expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance reduced by the highest outstanding note balance in the participant's account during the prior twelve-month period. The notes are secured by the balance in the participant's account. Generally, notes must be repaid within five years for general purpose notes and may extend beyond 25 years for notes used to purchase a primary residence. The term may not extend beyond the participant's employment with the Participating Employer. Notes shall bear a reasonable rate of interest as determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for notes that would be made under similar circumstances. The interest rate is set at the beginning of the note and remains fixed for the entire term of the note. Interest rates on outstanding notes were 3.25% to 5.50% at December 31, 2022.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, a partial withdrawal, or annual installments over a period determined by the Plan's provisions.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value, except for the 2021 fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the basic Plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participant contributions. There were no excess contributions at December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of fair value of investments.

Date of Management's Review of Subsequent Events

The Plan's management evaluated subsequent events through October 10, 2023, which is the date the financial statements were available to be issued.

3. FAIR VALUE MEASUREMENTS

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented and there were no changes in the methods used to measure fair value at December 31, 2022 and 2021.

The following is a description of the valuation methodologies used for investments measured at fair value

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value ("NAV") and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Commingled Pools

The Fidelity Blended Stable Value Fund ("BSVF") invests in high-quality, investment-grade, short to intermediate term fixed income investments.

The Fidelity Managed Income Portfolio ("FMIP") invests in benefit responsive investment contracts issued by insurance companies and other financial institutions, fixed income securities, and money market funds. The FMIP and the BSVF are valued at the NAV as provided by the trustee, which is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the plan to initiate a full redemption of the FMIP, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021.

	Investments at Fair Value as of December 31,			
	2022		2021

3. FAIR VALUE MEASUREMENTS – (continued)

Investment Measured at Fair Value Using the Practical Expedient

The following table summarized investments for which fair value is measured using the NAV per share practical expedient representing the commingled pools held by the Plan as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

In 2021, the Plan held a Voya fixed group annuity insurance contract ("Voya contract"). The insurance contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because this insurance contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measure attribute for that portion of the net assets available for benefits attributable to the Voya contract. The Voya contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the Voya contract at December 31, 2021, was \$282,695. The fixed account minimum guaranteed interest rate is 1.05%, which is guaranteed for the lifetime of the contract.

Certain events limit the Plan's ability to transact at contract value with the contract issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include: (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

5. TAX STATUS

The Plan is a Non-Standardized Pre-Approved Profit-Sharing Plan ("Non-Standardized Plan") from FMR LLC. The Pre-Approved Plan has received an opinion letter from the IRS stating that Plan sponsors who adopt this Pre-Approved Plan may rely on the opinion letter with respect to the qualification of the Plan under IRC section 401.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

6. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by FMTC. FMTC is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their account.

8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

9. UNAUDITED INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The December 31, 2022, and 2021, Statements of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the accompanying notes to the financial statements were prepared in part of entirely from information certified by the Trustee in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The information certified includes total investments of \$29,249,349 and \$32,346,926 respectively, at December 31, 2022 and 2021, and related net investment loss of \$(5,719,30) and interest income on notes receivable from participants of \$26,369 for the year ended December 31, 2022.
