Report of Independent Auditors

Plan Advisory Committee
Prince Group 401(k) Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Prince Group 401(k) Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for Plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for Plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit, need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Plan Advisory Committee
Prince Group 401(k) Plan

Opinion (continued)

- The information in the accompanying financial statements, referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the financial statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Plan Advisory Committee
Prince Group 401(k) Plan

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Plan Advisory Committee
Prince Group 401(k) Plan

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Plan Advisory Committee
Prince Group 401(k) Plan

Other Matter - Supplemental Schedules Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Prince Group 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following description of the Prince Group 401(k) Plan (the “Plan”) provides only general information. Participants may refer to the Plan document for a more complete description of the Plan’s provisions.

General

Prince Group, Inc. (the “Company”) sponsors this defined contribution 401(k) plan to provide retirement benefits to substantially all its employees. The Plan has been restated and amended as necessary to maintain its exemption from federal income taxes under Section 501(a) of the Internal Revenue Code (“IRC”), to comply with the requirements of the Employee Retirement Income Security Act of 1974 (“ERISA”), and to help achieve the business objectives of the Company.

Eligibility of Participants

The Plan covers all employees who have completed ninety days of service. Employees are automatically entered into the Plan at the start of each quarter, after satisfying eligibility requirements, unless they choose to opt out of the Plan.

Participant Accounts

Individual accounts are maintained for each participant reflecting employee and employer contributions, investment income or losses, distributions, and an allocation of administrative expenses paid by the Plan.

Contributions

Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, and subject to certain statutory limits. Participants who have attained age fifty before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified benefit plans. Participants who do not choose a specific deferral rate are automatically enrolled into the Plan at a deferral rate of 2% of pretax compensation, which automatically escalates by 1%, annually, on January 1, until the participant reaches a 10% deferral rate. Under the Plan’s provisions, the Company will match 25% of employee elective contributions up to 6% of employee compensation and may make a discretionary contribution to each participant on a pro rata basis calculated by the participant annual pay divided by the total annual pay of all participants. The Company made matching contributions to the Plan of approximately \$54,000 and \$44,000 during the years ended December 31, 2022 and 2021, respectively. The Company made discretionary contributions to the Plan of approximately \$1,000 and \$2,000 during the years ended December 31, 2022 and 2021, respectively.

Prince Group 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan (continued)

Rollover Contributions

During the year ended December 31, 2022 and 2021, the Plan received approximately \$127,000 and \$0 in rollovers from new participants.

Vesting

Participants are immediately vested in their salary deferrals, employer matching contributions, discretionary contributions, and actual earnings or losses thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Notes are collateralized by the balance in the participant's account and bear interest based on rates available for similar loans from commercial lending institutions. The notes bear interest based on fixed interest rates being charged by commercial lenders at the time of the note request for notes of comparable risk on similar terms and similar durations, which ranged from 5.25% to 9.00% as of December 31, 2022. A participant may have no more than one note due to the Plan at any time. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right, under the Plan, to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Corrective Distributions

During the year ended December 31, 2022, the Plan made corrective distributions of approximately \$8,000. During the year ended December 31, 2021, the Plan made corrective contributions of approximately \$1,000.

Distribution of Benefits

Upon termination of service due to death, disability or retirement, a participant may, subject to certain conditions, elect to receive either a lump sum amount equal to the value of the participant's account, or annual installments over a specified period. If a terminated participant's account balance does not exceed \$5,000, the Plan may automatically distribute the participant's account balance in a lump sum. Also, subject to certain conditions, a participant may receive hardship withdrawals from his or her balance in the Plan while employed. Participants who have attained 59½ years of age are permitted to withdraw all or part of their vested accounts as in-service distributions.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States (“US GAAP”).

Use of Estimates

The preparation of financial statements in conformity with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan’s gains and losses on investments bought and sold, as well as investments held during the year.

Risk and Uncertainties

The Plan’s investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the accompanying 2022 statement of net assets available for plan benefits.

Payment of Benefits

Benefits are recorded when authorized to be paid.

Administrative Expenses

The Plan pays custodian, recordkeeping, and certain professional fees. The Company pays for certain other professional fees.

Prince Group 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued, but unpaid interest. In the event of default, notes are reportable to Plan participants as taxable income but remain outstanding and accrue interest until the participant leaves the Plan.

3. Trustee Certification

Information disclosed in the accompanying financial statements as of and for the years ended December 31, 2022 and 2021, related to investments, net appreciation (depreciation) in fair value of investments, and interest and dividends, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Principal Life Insurance Company and Principal Trust Company (collectively referred to as “Principal”), the trustees of the Plan.

4. Fair Value Measurements

US GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs consist of observable inputs other than quoted prices for identical assets; and Level 3 inputs to the valuation methodology are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. The Plan’s mutual funds and pooled separate accounts are valued using Level 1 inputs. The Plan’s collective trusts, except for the Principal Stable Value Fund as described below, are valued using Level 2 inputs.

The Plan’s investments include the Principal Stable Value Fund, which is a collective trust that invests in a variety of fully benefit-responsive investment contracts. The collective trust is valued at net asset value (“NAV”) of units of the accounts. The NAV, as provided by each issuer, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held less the account’s liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of any of the collective trusts, the account provider reserves the right to temporarily delay withdrawal from the trusts in order to ensure that security liquidations will be carried out in an orderly business manner.

Prince Group 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

5. Party-in-Interest Transactions

The Plan holds investments in pooled separate accounts and collective trusts that are managed by the trustees. All transactions with the trustees qualify as party-in-interest transactions. Fees paid by the Plan for the trustees, recordkeeping, and investment advisory services amounted to approximately \$37,000 and \$45,000 for the years ended December 31, 2022 and 2021, respectively. These party-in-interest transactions and are exempt from the prohibited transactions rules of ERISA.

6. Income Tax Status

The Plan is a non-standardized prototype plan, provided by Principal, designed to be in compliance with the applicable requirements of the IRC. The Internal Revenue Service (“IRS”) has determined and informed Principal by a letter dated March 31, 2014, that the prototype plan, as then designed, was in accordance with applicable sections of the IRC. Although the prototype plan has been amended since March 31, 2014, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

US GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2022 and 2021. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

7. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of changes in net assets available for plan benefits per the financial statements to Schedule H of Form 5500:

	Years Ended December 31,
