## *Report of Independent Auditors*

To the Plan Administrator and Participants of  
the Eco-Bat Technologies 401(k) Plan

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit***

We have performed an audit of the financial statements of Eco-Bat Technologies 401(k) Plan (the “Plan”), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion***

In our opinion, based on our audit and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Eco-Bat Technologies 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Eco-Bat Technologies 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditors' Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Eco-Bat Technologies 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Eco-Bat Technologies 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter—Supplemental Schedules Required by ERISA***

The supplemental schedules, including the Schedule H, Line 4i— Schedule of Assets (Held at End of Year) as of December 31, 2022, and Schedule H, Line 4a— Schedule of Delinquent Participant Contributions for the year ended December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

***Other Matter—2021 Financial Statement***

Plan management is responsible for the accompanying financial statement of the Eco-Bat Technologies 401(k) Plan, which comprise the statement of net assets available for benefits as of December 31, 2021, and the related notes to the financial statement in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on this financial statement as of December 31, 2021.

## **1. Description of Plan**

### **General**

The following description of the Eco-Bat Technologies 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan that has been established to provide retirement benefits to eligible employees of Eco-Bat Technologies Ltd. (“the Company” or “Plan Sponsor”). The Plan was established March 1, 2015, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

On December 20, 2019, the Setting Every Community Up for Retirement Enhancement (“SECURE”) Act of 2019 was signed into law. Applicable provisions of the SECURE Act, effective January 1, 2021, include eligibility for long-term part-time employees. In December 2022, SECURE 2.0 was passed into law. The provisions of SECURE 2.0 continue the themes and reforms that began with the 2019 SECURE Act. Most of the provisions of SECURE 2.0 will become effective in 2024 and beyond. Therefore, there is no current impact to the Plan. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect.

Effective February 2, 2022, the Plan was amended and restated to bring the Plan into compliance with legislative and regulatory changes. In addition to the restatement, the definition of compensation was changed to exclude unused leave, reimbursements or other expense allowances, fringe benefits, moving expenses, all deferred compensation, and welfare benefits. Furthermore, the following companies were added as participating employers:

- RSR North America Corp.
- Revere Smelting and Refining Corporation
- Quemetco Metals Limited, Inc.
- Quemetco, Inc.
- RSR Technologies, Inc.

### **Transfers In**

Effective November 1, 2022, the Company resolved to merge the Quemetco, Inc. 401(k) Plan, the RSR North American Corp. 401(k) Plan, and the Quemetco City of Industry 401(k) Plan into the Eco-Bat Technologies 401(k) Plan. These plans were sponsored by affiliates of the plan sponsor of the Eco-Bat Technologies 401(k) Plan, Eco-Bat Technologies, LTD. Assets previously held in these plans totaling \$29,892,040, were transferred into the Plan on November 1, 2022.

### **Eligibility**

Employees are eligible to participate in the Plan upon completion of three months of service. Leased, nonresident aliens, and employees covered by certain collective bargaining agreements are ineligible to participate. Employees begin participating on the first day of the first month upon satisfying the eligibility requirement. Service for purposes of eligibility and vesting, as provided by the Plan, included service with the predecessor employers described in detail in the Plan literature.

**1. Description of Plan (continued)**

**Contributions**

*Participant Contributions*

Participants may elect to contribute a pre-tax contribution of up to 60% of covered compensation, subject to annual limits established by the Internal Revenue Service. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants have the option of designating a portion of their elective deferral contributions as “Roth” contributions.

*Automatic Enrollment Contributions*

All employees hired on or after November 30, 2020, are automatically enrolled in the Plan, upon meeting the eligibility requirements, starting at a pretax deferral rate of 2% and increasing by 1% annually to a maximum of 5%, unless an affirmative election to the contrary is made.

*Employer Profit-Sharing Contributions*

The Company contributes employer profit sharing contributions to eligible participant accounts, as defined by the Plan. The profit-sharing contributions are made each pay period and are equal to 5.5% of eligible participants’ compensation.

*Nonelective Matching Employer Contributions*

The Company contributes and credits employer matching contributions to eligible participant accounts, as defined by the Plan, up to a maximum of 60% of compensation. For the year ended December 31, 2022, the Company authorized discretionary matching contributions for employees of RSR North America Corp, Quemetco, Inc., and Ecobat Technologies equal to 25% of each participant’s deferrals, up to 5% of compensation. For the year ended December 31, 2022, the Company made contributions under this arrangement totaling \$570,566 which are included in employer contributions receivable on the statement of net assets available for benefits as of December 31, 2022.

*Discretionary Matching Employer Contributions*

At the discretion of the Company, the Company may contribute and credit employer matching contributions to eligible participant accounts, as defined by the Plan, up to a maximum of 60% of compensation. For the year ended December 31, 2022, the Company authorized discretionary matching contributions for employees of RSR North America Corp equal to 25% of each participant’s deferrals, up to 5% of compensation. For the year ended December 31, 2022, the Company made contributions under this arrangement totaling \$192,482, which are included in employer contributions receivable on the statement of net assets available for benefits as of December 31, 2022.

*Qualified Nonelective Employer Contributions*

The employer may make a Qualified Nonelective Employer Contribution (“QNEC”) at their option. Participants are immediately 100% vested in such a contribution. QNEC contributions of \$39,454 are included in employer contributions receivable on the statement of net assets available for benefits as of December 31, 2022.

## NOTES TO FINANCIAL STATEMENTS

*As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022*

**1. Description of Plan (continued)****Contributions (continued)**

Participants direct the investment of their contributions and the Company's contributions into various mutual fund investments offered by the Plan. Contributions from Plan participants and the associated matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

**Participant Accounts**

Each participant's account is credited with the participant's contributions, the Company's contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

Participants are vested immediately in their contributions and the Company's QNEC contributions plus actual earnings thereon. Vesting in the Company's profit-sharing, nonelective matching, and discretionary matching contributions is based on years of continuous service. A participant vests in 100% after three years of continuous service.

**Notes Receivable from Participants**

Participants may borrow up to the lesser of \$50,000 or 50% of their vested account balance. The minimum participant loan amount is \$1,000. Loans are secured by the balance in the participant's account and bear interest at a reasonable fixed rate as determined by the plan administrator at the inception of the loan. Loans are repaid ratably through payroll deductions over a period not to exceed five years, unless the loan is used to purchase the principal residence of the participant, in which case it may not exceed ten years. Participants may have a maximum of one loan outstanding at a time.

**Payment of Benefits**

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account, or partial withdrawals or installment payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution, subject to minimum balance distribution requirements, or installment payments if the participant's balance exceeds \$1,000. A participant may withdraw part of the vested interest in his or her account upon attainment of age 59 1/2, subject to Plan provisions. The Plan also permits hardship distributions to participants that can demonstrate an immediate and heavy financial need. Upon separation with the Company, participants with account balances less than \$1,000 are to be automatically paid to the participant, without consent.

**Forfeited and Unallocated Accounts**

As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$1,756 and \$37,940, respectively. For the year ended December 31, 2022, participants forfeited \$53,071 in previously contributed nonvested amounts. During the year ended December 31, 2022, \$110,108 of forfeited amounts were used to reduce Plan expenses and Company contributions.

## **2. Significant Accounting Policies**

### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### **Investment Valuation and Income Recognition**

The Plan’s investments in registered investment companies (mutual funds) are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the measurement date. Refer to Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan’s gains and losses on investments bought and sold, as well as held during the year.

### **Notes Receivable from Participants**

Notes receivable from participants represent loans and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized on an accrual basis. No allowance for credit losses has been recorded as of December 31, 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

### **Payment of Benefits**

Benefits are recorded when paid.

### **Administrative Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

### **Average Deferral Percentage Test Failure**

The Plan failed to pass the Average Deferral Percentage (“ADP”) test for the for the Plan year ended December 31, 2022. As permitted under applicable IRS guidance, the Company opted to correct the non-discrimination failure by making a qualified nonelective employer contribution (“QNEC”) to certain non-highly compensated employees. As of December 31, 2022, the statement of net assets available for benefits includes an employer receivable of \$30,459 related to the QNEC.

NOTES TO FINANCIAL STATEMENTS  
*As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022*

---

## 2. Significant Accounting Policies (continued)

### Subsequent Events

Subsequent events have been evaluated through the date of the report of independent auditors, which is the date these financial statements were available to be issued. Other than the matters disclosed in Note 10, there were no material subsequent events that required recognition or additional disclosure in these financial statements.

## 3. Information Prepared and Certified by the Trustee (unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary information, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and interest and dividends for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

## 4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs used to measure fair value, giving the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

The three levels of the fair value hierarchy are described below:

Level 1            Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2            Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3            Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

## NOTES TO FINANCIAL STATEMENTS

As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022

**4. Fair Value Measurements (continued)**

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Money market fund:* Valued at the daily closing price as reported by the fund. The money market fund held by the Plan is an open-end money market fund that is registered with the Securities and Exchange Commission. This fund is required to publish its daily net asset value (“NAV”) and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

*Mutual funds:* Valued at the NAV of shares held by the Plan at year end. When calculating a fund’s NAV, Fidelity uses the last quoted sales price at the time of valuation for securities for which market quotations are readily available. When there are no readily available market quotations for a security, Fidelity typically values it at the amount which the fund might reasonably expect to receive for the security upon a current sale.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 3,040,081	\$ -	\$ -	\$ 3,040,081
Mutual funds	32,594,373	-	-	32,594,373
Total investments, at fair value	<u>\$ 35,634,454</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 35,634,454</u>

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2021:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 45,285	\$ -	\$ -	\$ 45,285
Mutual funds	4,686,583	-	-	4,686,583
Total investments, at fair value	<u>\$ 4,731,868</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,731,868</u>

**5. Related Party and Party-In-Interest Transactions**

Certain Plan investments are shares of mutual funds managed by Fidelity Investments, an affiliate of Fidelity Management Trust Company. Fidelity Management Trust Company is the trustee and, therefore, these transactions qualify as party in interest transactions. All of these transactions are exempt from the prohibited transaction rules.

NOTES TO FINANCIAL STATEMENTS

*As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022*

---

**5. Related Party and Party-In-Interest Transactions (continued)**

Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than, a direct payment. The Plan also made direct payments to the third-party administrator totaling \$5,081. These costs incurred by the Plan are included in administrative expenses on the statement of changes in net assets available for benefits. The plan sponsor pays directly any other fees related to the Plan's operations.

**6. Termination of the Plan**

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan to terminate the Plan at any time, subject to the provisions of ERISA. In the event of termination, the Plan provides that each participant shall receive a distribution of assets equal to the value of the participant's account.

**7. Income Tax Status**

The Company adopted a prototype plan sponsored by Fidelity Management & Research Company ("Fidelity") effective June 30, 2020. Fidelity received an opinion letter dated June 30, 2020, from the Internal Revenue Service ("IRS"), which states that the prototype document satisfies the applicable provisions of the Internal Revenue Code ("IRC"). The Plan itself has not received a determination letter from the IRS and has been amended since receiving the letter. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRS. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by IRS. The Plan is subject to routine audits taken by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

**8. Risks and Uncertainties**

The Plan offers a number of investment options to participants that are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus ("COVID-19") a global pandemic and recommended containment and mitigation measures worldwide. The pandemic and these containment and mitigation measures have led to economic uncertainties which have resulted in significant volatility in the financial markets, impacting some of the investments held by the Plan. The duration of these uncertainties and volatility, and the ultimate financial effects of COVID-19 on the national and global economies and investment markets, cannot be reasonably estimated at this time.

NOTES TO FINANCIAL STATEMENTS

*As of December 31, 2022 and 2021, and for the Year Ended December 31, 2022*

**9. Administrative Failures**

*Delinquent Participant Contributions*

During the year ended December 31, 2021, the Company failed to remit certain participant contributions to the Plan within the time frame required by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting a non-exempt (prohibited) transaction between the Plan and the Company. Delinquent remittances of participant contributions and loan repayments amounted to \$171,308. Effective February 10, 2023, plan management has corrected this administrative failure by calculating the missed deferral opportunity and lost earnings through the IRS Voluntary Fiduciary Correction Program ("VFCP"). Lost earnings of \$1,607 were contributed.

During the year ended December 31, 2022, the Company failed to remit certain participant contributions to the Plan within the time frame required by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting a non-exempt (prohibited) transaction between the Plan and the Company. Delinquent remittances of participant contributions and loan repayments amounted to \$47,047. Effective February 10, 2023, plan management has corrected this administrative failure by calculating the missed deferral opportunity and lost earnings through the IRS Voluntary Fiduciary Correction Program ("VFCP"). Lost earnings of \$644 were contributed.

**10. Subsequent Events**

Effective January 1, 2023, the Plan was amended and restated. The following provisions were added:

- The Plan name was changed to the Ecobat 401(k) Plan.
- The eligibility service requirement changed from 3 months to 1 month.
- The definition of eligible compensation was modified to include bonuses.
- A Safe Harbor Match was added equal to 100% of the first 5% of the eligible participant's compensation.
- A continuing eligibility requirement was added for nonelective employer contributions, requiring employment by the Employer on the last day of the contribution period.
- Vesting for nonelective employer contributions was changed to 50% after 1 year of service, 100% after 2 years of service.
- Nonelective employer contributions were amended to apply different matching rates for different groups of eligible participants.
- All employees are automatically enrolled in the Plan, upon meeting the eligibility requirements, starting at a pretax deferral rate of 3% and increasing by 1% annually to a maximum of 6%, unless an affirmative election to the contrary is made.

Effective January 1, 2023, as part of the SECURE 2.0 Act of 2022, the age requirement for minimum distributions was raised to 73 from 72 for any participant who turns 72 on or after January 1, 2023.

Effective April 7, 2023, the Plan was amended to include unused leave in eligible compensation and to remove the 1,000 hours of service requirement for nonelective employer contributions.
