To the Trustee of Avalon Risk Management 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Avalon Risk Management 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Avalon Risk Management 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Avalon Risk Management 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Avalon Risk Management 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Avalon Risk Management 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Avalon Risk Management 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Avalon Risk Management 401(k) Plan

Notes to the Financial Statements Years Ended December 31, 2022 and 2021

1. Description of Plan Provisions

The following description of the Avalon Risk Management 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of these documents are available from the Avalon Risk Management Insurance Agency LLC ("Avalon" or "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA")

General and Eligibility

The Plan is a defined contribution and profit-sharing plan established January 15, 2010, sponsored and administrated by Avalon. Employees of Avalon who met certain age and service requirements, including three months of service and the minimum age of 18, are eligible to participate in the Plan. All of the Plan's investments are held by Fidelity Management Trust Company ("FMTC" or "Plan Trustee" or "Custodian") and are participant directed. The Plan was amended, effective June 1, 2018, to include Index Funds and a Roth 401(k) option with an in-plan conversion option. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

On March 27, 2020, the "Coronavirus Aid, Relief, and Economic Security (CARES) Act" was signed in to law. The CARES Act includes several relief provisions available to the Plan and its participants. These amendments have not formally been adopted as of the date of the financial statements. Management will formally retroactively amend the plan prior to the statutory deadline of the end of the plan year beginning on January 1, 2025.

Contributions

Each year, eligible participants may contribute a percentage of pre-tax annual eligible compensation to the Plan at rates specified in the Plan. The total pre-tax contribution, however, is subject to dollar limitations set forth by the Internal Revenue Code ("IRC") and limited to 90% of eligible compensation. Participants who have attained age 50 or older before the end of the plan year are eligible to make catch-up contributions. Participants may also make rollover contributions from other qualified plans.

Eligible participants who have not affirmatively elected otherwise are automatically enrolled in the Plan at a 3% deferral rate. The automatic deferral rate will increase 1% annually not to exceed 8%.

In 2022 and 2021, employer non-discretionary match contributions were equal to 50% of the first 5% of employee deferrals. The plan sponsor may also elect to make discretionary non-elective contributions, as approved by the Board of Directors. A participant must be employed on the last day of the plan year to be eligible for non-elective contributions. Discretionary non-elective contributions, if any, made to the Plan are allocated to the participant's account based on the participant's proportionate eligible compensation to total eligible compensation paid to all eligible participants for the plan year. There were no discretionary non-elective contributions made in 2022 and 2021.

Participant Accounts

Each participant's account is credited with participant's contributions, employer's contributions, Plan earnings/losses based on the participant's investment elections and charged with withdrawals and administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100 percent vested in employee contributions, rollover contributions, and any income or loss thereon. Vesting in the employer's contribution portion of their account is based on years of continuous service. Service with certain previous employers is included to determine the number of years of service for vesting purposes. A participant is 100% vested after five years of credited service, based on a 20% graduated vesting each year starting after the first year of service. All participants will become immediately vested in their accounts when they reach age 55, the Plan is terminated, contributions to the Plan are discontinued or a participant becomes disabled or dies.

Avalon Risk Management 401(k) Plan

Forfeitures

Non-vested portions of participants' accounts are forfeited and applied to first reduce administrative expenses, if so directed by the Plan Sponsor, and then future employer contributions. At December 31, 2022 and 2021, the forfeited balance totaled \$3,724 and \$5,973, respectively. The Plan was not directed to, and paid no administrative fees from forfeitures and therefore, used \$18,000 and \$28,304 of the forfeitures to reduce employer contributions in 2022 and 2021, respectively.

Notes Receivable from Participants

Participants may borrow from their accounts up to 50% of their vested balance, with total borrowings not exceeding \$50,000. Loan terms range from one to five years but can be extended to 10 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at 4.25% to 7.25%, which is commensurate with local prevailing rates at the initiation of the loan as determined by the plan sponsor. Loan repayments must be made at least quarterly through a payroll deduction.

Withdrawals

A participant may request a distribution under the following circumstances: (1) the participant becomes disabled, (2) the participant reaches normal retirement age, (3) termination of employment or (4) event of participant's death. Terminated participants with individual account balances not greater than \$5,000 will receive an automatic disbursement from the Plan.

The Plan provides for hardship distributions in certain situations, including the purchase of a participant's primary residence, for payment of post-secondary education tuition, for the payment of certain medical expenses, to prevent eviction or foreclosure from the participant's primary residence, payment of burial or funeral expenses for the participant's deceased parent, spouse, child or dependent, payment of expenses to repair damage to the Participant's principal residence that would qualify for the casualty deduction under IRC Section 165, payment of expense and losses (including loss of income) incurred due to a federally declared disaster, and any other event or expense deemed an immediate and heavy financial need by the Internal Revenue Service ("IRS"). Any loans or in-service distribution reduces participant investments in their respective selected invested funds.

Prior to taking a hardship distribution, a participant must take all other distributions available under the Plan. Participants under age 59 ½, may be subject to a 10% penalty tax on hardship distribution amounts. Contributions eligible for hardship distribution are employee deferrals.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Avalon Risk Management 401(k) Plan

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gains distributions are included in dividend income.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Notes Receivable from Participants

Notes receivable from participants are recorded at the unpaid principal balance plus accrued but unpaid interest.

3. Information Certified by the Custodian

The following is a summary of the information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from the information provided by FMTC, the trustee of the Plan, and furnished to the plan sponsor. The plan sponsor has obtained a certification from the trustee that such information is complete and accurate.

	2022	2021
Statements of net assets available for benefits-investments:		
Investments at fair value	\$ 14,813,936	\$ 18,217,190
Notes receivable from participants	\$ 249,171	\$ 304,760
Statement of changes in net assets available for benefits:		
Net appreciation in fair value of investments	\$ (4,446,180)	
Interest and dividends	\$ 1,044,002	
Interest income from notes receivable from participants	\$ 14,165	

4. Fair Value Measurement

The Financial Accounting Standards Board's Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Avalon Risk Management 401(k) Plan

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

- **Mutual funds:** Mutual funds are stated at fair value based on quoted prices in an active market for each share held by the Plan.
- **Common collective trust fund:** The common collective trust fund is stated at net asset value of the shares determined by the underlying securities held by the Plan at year end. The net asset value is used as a practical expedient to estimate fair value. The common collective trust funds invest primarily in guaranteed investment contracts. The common collective trust fund does not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. There are no participant redemption restrictions for this investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 13,171,249	\$ -	\$ -	\$ 13,171,249
Common collective trusts - stable value fund measured at net asset value (a)	-	-	-	1,642,687
	<u>\$ 13,171,249</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 14,813,936</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's asset at fair value as of December 31, 2021:

	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,230,615	\$ -	\$ -	\$ 17,230,615
Common collective trusts - stable value fund measured at net asset value (a)	-	-	-	986,575
	<u>\$ 17,230,615</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 18,217,190</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient to fair value have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

5. Parties-In-Interest Transactions

Strategic Advisers, Inc., a Fidelity Investment Company, provides investment advisory services to Plan participants. Investments of the Plan in the Fidelity registered investment companies are exempt from the prohibited transaction rules of ERISA pursuant to a class exemption issued by the U.S. Department of Labor ("DOL"). Investment fees paid to Strategic Advisers are calculated annually based on a percentage of the average daily balance of assets of enrolled participants, payable in quarterly installments and are charged directly to the respective participant's accounts. The Plan also invests in the Fidelity Managed Income Portfolio, a stable value collective fund managed by FMTC.

Avalon Risk Management 401(k) Plan

Additionally, certain administrative functions related to the Plan are performed by employees of the plan sponsor at no cost to the Plan. Loans to participants also represent party-in-interest transactions.

6. Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan by actions of the Designated Principal(s) subject to the provisions of ERISA. In the event of plan termination, participants would receive the value of their accounts.

7. Income Tax Status

On June 30, 2020, the Internal Revenue Service ("IRS") stated that the volume submitter adopted by the Plan, as then designated, qualifies under Section 501(a) of the Internal Revenue Service Code (the "Code"). The Plan has not received a determination letter specific to the Plan itself, and the Plan has been amended since receiving the determination letter; however, the plan sponsor believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes have been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan sponsor believes it is no longer subject to income tax examinations for years prior to 2019.

8. Risks and Uncertainties

The Plan provides for various investment options. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	\$ 15,063,107	\$ 18,521,950
Fair value to contract value for common collective trust	(110,890)	8,780
Net assets available for benefits per the Form 5500	<u>\$ 14,952,217</u>	<u>\$ 18,530,730</u>

The following is a reconciliation of changes in net assets available for benefits per the financial statements to Schedule H of Form 5500 for the year ended December 31, 2022:

Net increase per the financial statements	\$ (3,458,843)
Change in adjustment from fair value to contract value for common collective trust	<u>(119,670)</u>
Net increase in assets available for benefits per Form 5500	<u>\$ (3,578,513)</u>

10. Subsequent Events

Management evaluated subsequent events for the Plan through September 30, 2023, the date the financial statements were available to be issued.
