INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the financial statements of Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2022, and the related notes to the financial statements (2022 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- the amounts and disclosures in the accompanying 2022 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for 12 months from the date of this report.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

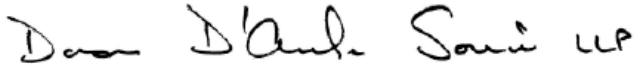

2022 Supplemental Schedules Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year), year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. PLAN DESCRIPTION

The following is a brief description of the Speed Motor Express of W.N.Y., Inc. 401(k) Profit Sharing Plan and Trust (the "Plan") provided for general informational purposes. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code (the "Code") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan is funded by employee and employer contributions. Employees who have attained 21 years of age and 6 months of service are covered by the Plan to make elective salary deferrals. Employees who have attained 21 years of age, 12 months and 1,000 hours of continuous service are covered by the Plan to receive employer and safe harbor match contributions. The Plan was adopted on January 1, 1988.

Contributions - Each eligible employee may make pre-tax contributions to the Plan in the form of a 1% to 100% salary reduction, not to exceed certain limits imposed by the Code. The Plan requires an employer safe harbor match of 100% of employee deferrals up to 4% of compensation. Plan Sponsors can elect to make matching contributions. Employer safe harbor matching contributions to the Plan by the Plan Sponsors for the year ended December 31, 2022 was $179,348.

Vesting - Participants are 0% vested in employer and safe harbor matching contributions in the first year, then 20% vested in each subsequent year. Participants are fully vested in all other contribution sources at all times. Deceased and disabled participants are immediately 100% vested in all contribution sources.

Participant Accounts - Each participant's account is credited with his or her pre-tax contribution, employer safe harbor match, an allocation of the Plan Sponsors' matching contributions (if any), and Plan earnings and administrative expenses. Allocations of earnings are based on participant account balances.

Participant Loans - Participants may generally borrow up to 50% of their account balance ranging from a minimum of $1,000 to a maximum of $50,000. Loans bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Loans must be repaid in at least quarterly installments over a maximum term of 5 years, except for residential loans in which the term may be longer.

Payment of Benefits - Participants are eligible for retirement benefits at age 65. Benefits are determined by the final value of the participant's account at the time of termination, retirement, or death. Early retirement is permitted at age 60. Distributions from the Plan are made in lump-sum payments and may be deferred until participants attain the age of 70½.

Withdrawals and Distributions - Upon termination of service, including death, disability or retirement, a participant (or beneficiary) will receive a lump-sum distribution equal to the vested interest in his or her account.

Forfeited Accounts - Forfeited nonvested accounts are used to offset plan expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation - The accompanying financial statements have been presented on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments in pooled separate accounts are stated at fair value based on quoted market prices of underlying investments provided by the Voya Retirement Insurance and Annuity Company ("VOYA"), the Plan's custodian as of December 31, 2022 and 2021. The fixed annuity contracts are stated at fair value which approximates contract value. The Plan has a fixed annuity contract with VOYA that maintains participant contributions in a general account and pooled separate accounts. These accounts are credited with actual earnings on the underlying investments and are charged with certain administrative expenses of the Plan. Since the agreement or funding agency has the ability to restrict certain transfers and withdrawals, the contract is not considered fully benefit responsive. The investment is included in the financial statements at contract value, which approximates fair value. The average yield and crediting interest rate, was approximately 1% for 2022 and 2021. The crediting interest rate is based on a formula agreed upon with the issuer, and it may not be less than 1% for 2022 and 2021. Such interest rates are reviewed periodically during the year for resetting. Net depreciation in fair value of investments includes net realized gains and losses on investments sold. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Participant Loans Receivable - Loans receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. Interest rates on outstanding loans ranged from 4.25% to 7.25% at December 31, 2022.

Benefit Payments - Benefits are recorded when paid.

Administrative Expenses - Costs associated with investment, distribution and other transactions are paid by participants from their individual account balances. Substantially all costs of administering and managing the Plan are paid by the Plan Sponsors. During the years ended December 31, 2022 and 2021, expenses paid by the Plan totaled $6,869 and $5,123, respectively.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the amounts of net assets at the date of the financial statements and the changes in net assets during the reporting period. Actual results may differ from these estimates.

Subsequent Events - The Plan has evaluated events and transactions that occurred between January 1, 2023 and October 9, 2023, which is the date these financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Represents inputs to the valuation methodology which consist of unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Represents inputs to the valuation methodology which consist of: 1) quoted market prices for similar assets or liabilities in active markets; 2) quoted market prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Represents inputs to the valuation methodology that are unobservable and are significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for Plan assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Pooled Separate Accounts: Valued based on quoted market prices of underlying investments.

The Plan's investments in pooled separate accounts are invested in global and domestic equity and fixed income based investments. The net asset value of these investments is derived from the market value of the underlying investments. The net asset value of the funds are then calculated each day and posted by VOYA. The investment strategies of these accounts is to invest in global and domestic equity and fixed income investments with the goal of producing favorable long-term returns primarily through appreciation of assets, dividends, and interest. There are no restrictions on the number of transactions a participant can conduct. These accounts do not have any unfunded commitments.

Fixed Annuity Contracts: Valued at contract value, which approximates fair value and equals accumulated cash contributions and interest credited to the Plan's contract, less withdrawals. There are no withdrawal restrictions on the fixed annuity contracts and there are no unfunded commitments relating to these investments.

3. FAIR VALUE MEASUREMENTS (*Continued*)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's assets at fair value as of:

	Assets at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Pooled separate accounts:	**$ -**	**$ 9,287,070**	**$ -**	**$ 9,287,070**

Fixed annuity contracts:	-	1,237,418	-	1,237,418
	$ -	$ 13,279,416	$ -	$ 13,279,416

4. INCOME TAX STATUS

The Plan obtained a determination letter from the Internal Revenue Service stating that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code and therefore was exempt from taxation under Section 401(a) of the Code.

The Plan has since been amended; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and therefore believe that the plan is qualified and the related trust is tax-exempt. Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2018.

5. RISKS AND UNCERTAINTIES

The Plan invests in multiple investment securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for plan benefits.

Potential Impact of Plan Termination

Subject to the provisions of the Plan, the Plan Trustees have the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the assets held within the Plan would be distributed to eligible participants and beneficiaries based on the terms and provisions outlined in the Plan document and ERISA guidelines. Distribution options may include lump-sum payments, rollovers to other qualified retirement plans, or installment payments over a specified period. Upon Plan termination, each participant's account balance would be determined as of the termination date. This account balance would consist of contributions made by the participant, employer contributions, investment gains or losses, and another applicable adjustments or allocations.

Distribution of Plan assets to participants and beneficiaries upon Plan termination may have tax implications. Depending on individual circumstances, recipients may be subject to income taxes, penalties for early withdrawals, or other tax obligations.

6. PARTY-IN-INTEREST TRANSACTIONS

VOYA is the record keeper and the custodian of the Plan's assets. As such, transactions between VOYA and the Plan qualify as party-in-interest transactions. Additionally, notes receivable from participants qualify as party-in-interest transactions.
