Independent Auditors' Report

To The Plan Administrator and Trustees
Freedom Forever LLC 401(k) Plan
Temecula, CA 92590

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed an audits of the financial statements of Freedom Forever LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained the certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of the December 31, 2022 Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Freedom Forever LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan was formed in January 2020 as a defined contribution plan covering substantially all employees of Freedom Forever, LLC (the Plan Sponsor, or the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Eligibility. Employees are eligible to participate in the Plan as of the first day of the subsequent month, after they have reached age 18 and completed two months of service.

Contributions. There are 4 different contribution types available in the plan: employer non-elective, employer matching, employee elective deferrals, and employee rollovers. Participants may elect to contribute up to a specific percentage or dollar amount, subject to certain statutory limits which change periodically. The Participant contributions elections may be pre-tax salary deferrals and/or roth salary deferrals. In addition, they may elect to make rollover contributions of balances held with other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan. All employees who are eligible to make salary deferrals under this plan and who are age 50 or older before the close of a plan year, are eligible to make catch-up contributions. The catch-up contributions are in addition to the regular salary deferrals mentioned above. The IRS limits the amount that can be contributed as a catch-up contribution. Matching contributions are made for all persons who were active participants at any time during that payroll period and are calculated based on compensation and 401(k) elective deferrals for the payroll period. Employer non-elective and employer match contributions are discretionary and may match participants salary deferrals up to 4% of their compensation.

Participant Accounts. Each participant's account is credited with the participant's contributions and the Company's matching contributions (if any), as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. Upon enrollment in the Plan, a participant may direct his or her respective share of contributions into various investment options. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting. Participants are immediately vested in their elective contributions plus net earnings (losses) thereon. They become vested in discretionary employer non-elective and matching employer contributions plus earnings (losses) thereon at a rate of 20% per year of vesting service, beginning with the 2nd year of service.

Payment of Benefits. In the event of death, disability, retirement, or termination of employment, the vested portion of a participant's account may be paid to the participant or his or her beneficiary as a lump-sum payment or rolled over to an individual retirement account or another tax-qualified plan. A participant with a vested account balance of more than $5,000 may instead choose to have the vested balance paid in installments or to defer receiving payments until age 70½.

Active employees that have reached the age of 70 ½ will begin to receive a distribution from their account on April 1st following the calendar year in which they reach the age 70 ½ or the calendar year in which he/she retires unless participant is a 5% owner.

1. DESCRIPTION OF PLAN (continued)

Notes from Participants. Participants may borrow from their account a minimum of $1,000 up to a maximum of the lesser of 50% of their account balance, or $50,000 reduced by the highest outstanding note balance in the prior twelve-month period. Participants can only have one (1) outstanding note at any time. The notes are collateralized by the balance in the participant's account and bear interest at prime plus 2% at the time the loan is processed. Terms are specified for each note. Notes must be repaid within a five-year period, unless used to purchase a principal residence, which must be repaid within a 30-year period. As of December 31, 2022, the interest rates on the outstanding notes receivable from participants was from 5.25% - 9.50%.

Administrative Expenses. Certain expenses for maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Investment Elections. The investments of the Plan are self-directed by the participants into various investment options offered by the Plan. Investment elections may be changed online or by telephone at any time.

2. SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

Basis of Accounting. The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition. The Plan provides participants the choice of investment options in a variety of mutual funds, common collective investment trusts, and pooled separate accounts that invest in stocks, bonds, fixed-income securities, and other investment securities. The Plan's investments are reported at fair value. Fair value is the price between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and Custodian. See Note 4 for discussions of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold, as well as, held during the year.

Payment of Benefits. Benefits are generally recorded when paid.

Use of Estimates. The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

2. SUMMARY OF ACCOUNTING POLICIES (continued)

Concentrations, Risks, and Uncertainties. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The Plan invests substantially all of its assets with a single institution. In the event of the institution's failure, the Plan could be subject to substantial losses.

The Plan had five investments that accounted for approximately 75% and 78% of total investments as of December 31, 2022 and 2021, respectively.

Subsequent Events. The Company has evaluated all events subsequent to December 31, 2022, the date of the statement of net assets available for benefits, through the date of the Independent Auditors' Report, the date which the financial statements were available and noted no subsequent events.

3. INVESTMENT INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal Trust Company, the custodian, as complete and accurate, except for comparing such information certified by the custodian to information included in the Plan's financial statements and supplemental schedule:

		December 31, 2022	December 31, 2021
a)	Investments:		
	Mutual funds	$ 3,636,949	$ 2,716,316
	Guaranteed investment contract	$ 21,275	$ 4,382
b)	Notes receivable from participants *	$ 87,578	$ 15,971
c)	Net depreciation in fair value of investments		$ 556,414
	Contributions		$ 2,114,969
	Interest income from notes receivable from participants		$ 3,663

d) Supplemental Schedule:
From 550 Schedule H, Line 4i -- Schedule of Assets (Held at End of Year)*

* Notes receivable from participants are participant loans allowed under the related regulations. The participant loans are certified by the investment contract issuer, and are included as investments on the supplemental schedule, Form 5500 Schedule H, Line 4i -- Schedule of Assets (Held at End of Year) as required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2- Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies during 2022.

Mutual funds: The fair value of these mutual funds are based on quoted prices in an active market for each share held by the Plan.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2022:

	Fair Value Measurements Using Input Type			
December 31, 2022	**Level 1**	**Level 2**	**Level 3**	**Total**
Investments categorized in fair value:				
Mutual Funds	$ 3,636,949	---	---	$ 3,636,949

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2021:

	Fair Value Measurements Using Input Type			
December 31, 2021	**Level 1**	**Level 2**	**Level 3**	**Total**
Investments categorized in fair value:				
Mutual Funds	$ 2,716,316	---	---	$ 2,716,316

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan entered into a guaranteed investment contract with John Hancock. John Hancock maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest fund. Contract value, as reported to the Plan by John Hancock, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Market value events may limit the ability of the fund to transact at contract value with the issuer. Such events may include but are not limited to: Amendment to the administration of the fund, merger or consolidation of investors, group terminations or layoffs, implementation of an early retirement program, termination or partial termination of the fund, failure to meet certain tax qualifications, participant communication that is designed to influence participants not to invest in the fund, transfer to competing options without meeting the equity wash provisions of the fund, and Plan Sponsor withdrawal without the appropriate notice to the fund and/or issuer. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

As of December 31, 2022 and 2021, the Plan held $21,275 and $4,382, respectively, in the John Hancock Stable Value Fund, a benefit-responsive guaranteed investment contract.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate or amend the Plan at any time, subject to the provisions of ERISA.

7. TAX STATUS

The Plan follows the provisions of the Ascensus LLC Non-Standardized Defined Contribution Pre-Approved Plan. The IRS has determined and informed the Company by a letter dated December 31, 2018 that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax-exempt.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions (generally three years for federal purposes and four years for state purpose); however, there are currently no audits for any tax periods in progress.

8. RELATED PARY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor's (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others.

Certain administrative expenses of the Plan are paid directly by the Plan Sponsor. Any direct or indirect expenses paid for by the Plan are considered party-in-interest transactions.

Certain Plan investments are shares of mutual funds, insurance company pooled separate accounts and common collective trusts managed by the Custodian. Therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the administrative expenses in the accompanying statement of changes of net assets available for benefits. The Plan Sponsor pays directly any other fees related to the Plan's operations.

The transactions qualify as party-in-interest transactions for which there are statutory exceptions.

9. OPERATIONAL FAILURES

For the year ended December 31, 2021, the Plan had operational compliance failures in the areas of (1) ineligible contributions remitted to the Plan (2) inaccurate deferral rates in calculating participant contributions, and (3) inconsistent application of deferral rates applied to non-standard participant compensation. The Plan Sponsor evaluated and self-corrected these operational failures at the end of the 2022 Plan year.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2022 to Form 5500:

Net assets available for benefits, as reported on Form 5500	$	3,750,073
Adjustment for 2022 participant contribution receivables		58,214
Non-interest bearing cash		(4,271)
Net assets, as reported in the accompanying financial statements	$	3,804,016

The following is a reconciliation of the affected components of the statement of changes in net assets available for benefits per the financial statements as of December 31, 2022 to Form 5500:

Increase in net assets, as reported on Form 5500	$	1,007,787
Participant contribution receivables at December 31, 2022		58,214
