## INDEPENDENT AUDITOR'S REPORT

Board of Trustees  
Stillwater Milling Company 401(k) Retirement Plan  
Stillwater, Oklahoma

### Opinion

We have audited the accompanying financial statements of Stillwater Milling 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Stillwater Milling 401(k) Retirement Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

### Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Stillwater Milling 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements using the accrual basis of accounting, (Note 3); this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Stillwater Milling 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Stillwater Milling 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Stillwater Milling 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of other comprehensive basis of accounting other than generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles (Note 3).

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Supplemental Schedule Required by ERISA**

The supplemental schedule of Stillwater Milling 401(k) Retirement Plan referred to as "supplementary information" as of or for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but supplementary information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the

underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles (Note 3).
- The information in the accompanying financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**401(k) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2022**

---

**Note 1 – Summary of Significant Accounting Policies**

**Description of Plan**

Effective January 15, 2013, Stillwater Milling Company (the “Company”) adopted PASI, LLC’s non-standardized 401(k) profit sharing plan (the “Plan”). The contract is only issued in connection with a Plan that meets the requirements of section 401(a) of the Internal Revenue code. PASI, LLC is the Plan sponsor and third-party administrator and Great-West Life and Annuity Insurance Company is the record keeper and custodian of the Plan assets. The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan’s provisions.

**General**

The Plan is a defined contribution plan covering all employees of the Company who are age 18 or older and have completed 1000 hours of service in a 12-month period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's inception date was January 1, 1999. The amended and restated provisions of the Plan became effective on January 15, 2013.

**Contributions**

Participants can make salary reduction contributions of up to 100% of their compensation, not to exceed a certain dollar limit set by law. Compensation is defined as W-2 compensation, which includes 401(k) and 125 Plan deferrals. However, for an employee's first year of participation, compensation shall be recognized as of the date the participant entered the Plan. Effective January 1, 2002, if a participant attains age 50 before the end of a calendar year then the participant may elect to defer additional amounts (called “catch-up contributions”) to the Plan. Also, at the Plan Administrator’s discretion, an employee may elect to roll over eligible contributions from any other qualified plan into this Plan prior to meeting the eligibility requirements for participation in the Plan. The employer’s matching contribution is discretionary, for the current year the employer shall make matching contributions equal to 100% of the participant's salary reductions (less any “catch-up contributions”), limited to 2½% of the employee's total compensation. The employer may also make a discretionary contribution, but it is not limited to its current or accumulated net profit.

**Participant Accounts**

Each participant's account is credited with the participant's contribution, the employer's matching and discretionary contribution, and Plan earnings. Employer matching and discretionary contributions are allocated in the same ratio as each participant’s compensation bears to the total of such compensation of all participants. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**Description of Plan (Continued)**

**Investment Options**

Participants may direct the investment of their funds to one or more of the available investment options which are managed by Great-West Trust Company, LLC, Plan Custodian.

**Vesting**

The participant's voluntary contribution account plus earnings thereon is 100% vested and is non-forfeitable at all times. The employer's matching and discretionary contributions on elective deferrals become vested as follows:

| <u>Years of Service</u> |          |          |          |          |          |
|-------------------------|----------|----------|----------|----------|----------|
| <u>1</u>                | <u>2</u> | <u>3</u> | <u>4</u> | <u>5</u> | <u>6</u> |
| 0%                      | 20%      | 40%      | 60%      | 80%      | 100%     |

Participants become fully vested upon death or total and permanent disability.

**Payment of Benefits**

Vested benefits may be distributed when one of the following events occurs:

- (a) Death
- (b) Termination of employment
- (c) The participant has attained age 59½
- (d) At normal retirement age of 65
- (e) Total and permanent disability
- (f) Financial hardship (as defined by the IRS)

Payment of benefits is made upon the participant's request as soon as administratively possible. Distributions under the Plan may be made in lump sums or substantially equal installments. Partial withdrawals or installments are only permitted for required minimum distributions under code section 401(a) (9).

**Forfeited Accounts**

Forfeitures are used to reduce future employer contributions to the Plan. At December 31, 2022, forfeited non-vested accounts totaled \$6,349. Also, in 2022, employer contributions were reduced by \$6,417 from prior forfeited plus current non-vested accounts.

**Note 1 – Summary of Significant Accounting Policies (Continued)**

**Description of Plan (Continued)**

**Hardship Withdrawals and Loans**

Hardship withdrawals (as designated by the Plan) are permitted from the participant's elective deferral account and the rollover account. Hardship distributions are not permitted from a participant's qualified non-elective account. The minimum amount of hardship distribution is \$1,000.

**Notes Receivable from Participants**

The Plan does not allow loans.

**Note 2 - Accounting Policies**

**Basis of Accounting**

The Plan's financial statements are prepared on a modified basis of cash receipts and disbursements. Consequently, certain revenues and the related assets are recognized when received rather than when earned and certain expenditures are recognized when paid rather than when the obligation is incurred.

Cash basis statements are modified because employer and participants' contributions in transit to the Great-West Life and Annuity Company are shown as a receivable on the financial statements.

**Accounting for Investments and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurement.

Interest and dividend income are recorded when received, rather than when earned. Dividend and interest income include reinvested earnings and changes in fund value due to fluctuation of share values.

**Accounting for Participant Distributions**

Benefits paid to Plan participants are recorded as expenditures when paid, rather than when the obligation is incurred. Net assets available for benefits include \$114,050 allocated to the account of employees who as of December 31, 2022 had separated from employment.

**Date of Management Review**

Subsequent events were evaluated through October 10, 2023, which is the date the financial statements were available to be issued.

**Note 3 – Certified Investments**

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained and derived from information supplied to the Plan administrator and certified as complete and accurate by Great-West Trust Company LLC (the trustee of the Plan).

**Note 4 – Fair Value Measurements**

FASB ASC 820 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the input to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation of other means

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

**Note 4 – Fair Value Measurements (Continued)**

Following is the description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

*Mutual funds:* Valued at the daily closing price as reported by the fund. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

*Key guaranteed portfolio:* This is a general account product offered through the group annuity contract. Participant principal and interest are fully guaranteed by the entire general account assets of Great-West Life and Annuity Insurance Company. The interest rate is reviewed on a quarterly basis for resetting.

The funds in this contract are benefit responsive for participant-initiated transactions. However, SOP 94-4-1 includes definition of benefit responsiveness that pertains to benefit responsiveness at the plan level. There is a provision in this investment contract that prevents the immediate and full payout of the contract value for plan-initiated transactions, therefore, this contract may not be considered fully benefit responsive at the plan level, and because of this determination we are stating it at the fair value.

The following table sets forth by level, within the fair value hierarchy the Plan's assets at fair value as of December 31, 2022 and 2021:

| <b><u>Assets at Fair Value as of December 31, 2022</u></b>     |                    |                |                |                    |

Certain Plan investments are managed by Great-West Investments. Great-West Investments is the trustee and the record-keeper for the Plan. Great-West Trust Company, LLC is the trustee for the Plan. Therefore, these transactions qualify as party in interest transactions.

**Note 6 - Plan Terminations**

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts. At the time of issuance of this audit, management has no plans to terminate the Plan.

**401(k) RETIREMENT PLAN**  
**NOTES TO FINANCIAL STATEMENTS**

**Note 8– Tax Status**

Because the Plan operates under one of PASI LLC’s prototype Plan, the Plan sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue code. The employer may rely on an opinion letter issued by the Internal Revenue Service as evidence that the Plan is qualified under code section 401 only to the extent provided in Rev Proc. 2005-16.

The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2019.

**Note 9 – Plan Administration Expense**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expenses. Investment related expenses are included in investment advisory and management fees. Starting in 2016, the Plan started paying the cost of the annual audit fee and is included in professional fees.

**Note 10 – Risk and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such change could materially affect participants account balances and the amounts reported in the statement of assets available for benefits.
