INDEPENDENT AUDITOR'S REPORT

To the Trustees
The Emory Clinic, Inc. Retirement Savings Plan
Atlanta, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Emory Clinic, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion for the Financial Statements

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion for the Financial Statements

The Plan has not maintained sufficient accounting records and supporting documents relating to annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in

accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Because of the significance of the matters described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

THE EMORY CLINIC, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of plan:

The following description of The Emory Clinic, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan sponsor is The Emory Clinic, Inc. (the Clinic, Company, Plan Sponsor, or Plan Administrator). The Plan is a 403(b) plan covering substantially all employees of the Clinic who have completed at least one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Beginning balances

The Plan has not maintained sufficient accounting records and supporting documents needed to gain the proper assurance with regard to the December 31, 2022 statement of net assets available for benefits balances. Although a good-faith effort was made at the service provider level and the Plan Sponsor level to produce the necessary data, the data available was not sufficient.

Beginning fair value balances as of January 1, 2009 were audited, but investment data and transaction data prior to January 1, 2009 were not sufficient to provide assurance with regard to the December 31, 2009 balances and, ultimately, the December 31, 2022 balances as reported on the statements of net assets available for benefits. Although full cooperation was provided from both the Plan Sponsor and service providers, the service provider was unable to produce the pre-2009 investment and transaction detail and supporting data needed. Given the number of years the Plan has been in existence, it was not possible to obtain the required transaction data and investment detail far enough back for the auditors to gain the assurance needed with regard to the statements of net assets available for benefits beginning balances.

Administration

The Clinic serves as the Plan Administrator. The Plan Administrator has the responsibility to administer the Plan for the exclusive benefit of the participants and their beneficiaries. These duties include, but are not limited to, establishing procedures, maintaining records, interpreting provisions of the Plan, and making determinations regarding questions which may affect eligibility for benefits. The Plan Administrator has engaged Fidelity Workplace Services LLC as a third-party administrator to assist in the administration of the Plan. Effective August 31, 2022, the Plan Administrator also engaged TIAA as a third-party administrator to assist in the administration of the Plan.

Notes to Financial Statements - Continued

December 31, 2022 and 2021

Note 1 - Description of plan - continued:

Administration - continued

Fidelity Management Trust Company (Fidelity) and TIAA receive all contributions made under the Plan, hold plan assets, and pay benefits as directed by the Plan Administrator. They currently serve as intermediaries for all asset purchases and redemptions and manages the Plan's investment options.

Contributions

Each year, participants may make contributions of pre-tax compensation or after-tax compensation of up to 100% of compensation, as defined in the Plan document. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. For 2022, the Clinic made matching contributions in an amount equal to 150% of the first 2% of each eligible employee's compensation deferred. For 2022, the Clinic also made a basic contribution of 6% of each employee's eligible compensation, regardless of whether or not the participant made salary deferral contributions. The Clinic may make discretionary profit sharing contributions, which participants are eligible to receive beginning on the first pay period following their one-year anniversary of employment with the Clinic. Participants are not required to make pre-tax deferrals in order to be eligible for discretionary profit sharing contributions. For 2022, there were no discretionary profit sharing contributions made to the Plan.

Contributions are subject to certain limitations under the Internal Revenue Code (IRC).

Upon enrollment in the Plan, a participant may direct contributions of at least 1% to any of the Plan's investment options. Participants may change their investment options daily.

Participant accounts

Each participant's account is credited with the participant's contributions and Clinic matching contributions, and an allocation of the Clinic's base contributions and discretionary profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

THE EMORY CLINIC, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

December 31, 2022 and 2021

Note 1 - Description of plan - continued:

Vesting

Participants are immediately vested in their voluntary employee contributions plus actual earnings thereon. Participants vest in Clinic contributions made prior to December 31, 2006 based on a 5-year cliff vesting schedule. Participants vest in Clinic contributions made December 31, 2006 or later based on a 3-year cliff vesting schedule.

Participants are immediately vested upon termination of the Plan, upon reaching the normal retirement age of 65, or upon death. Upon total distribution of the vested balance (or termination with a \$0 vested balance), or after 5 consecutive years of break in service, whichever is earlier, a participant's non-vested account balance is forfeited. Forfeited amounts are reinstated if the participant returns to employment within 5 years and pays back any amount distributed.

Forfeited accounts

Forfeitures of terminated participants' non-vested accounts may be used by the Plan to first reinstate re-employed participant accounts, then for the payment of Plan expenses, or to reduce Clinic contributions. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$289,311 and \$290,125, respectively. During the year ended December 31, 2022, \$30,681 and \$234,798 of forfeitures were used to offset Plan expenses and reduce Clinic contributions, respectively.

Payment of benefits

A participant is entitled to receive a qualified joint and survivor annuity, if married, and a single life annuity, if single, equal to the vested value of his or her account upon attainment of age 59½, termination of service, retirement, disability, or death unless the participant and spouse, where applicable, waive such annuity form and elect an alternative method of distribution. Alternative methods of distribution include a lump sum payment or equal annual installments over a period of time. A participant may request a withdrawal from the Plan while still under the employment of the Clinic for reasons of financial hardship, but the withdrawal is limited to the amount of the participant's pre-tax contributions, rollover contributions, and earnings thereon.

Notes receivable from participants

Participants may borrow from the Plan in any amount greater than \$1,000 up to 50% of the participant's vested account balance, not to exceed \$50,000. Note terms are for a period not exceeding five years unless for the purchase of a principal residence, in which case the note

term may exceed five years subject to Internal Revenue Service (IRS) limitations. Notes are secured by the balance in the participant's account and bear interest at an agreed-upon percentage based on prevailing market rates. Principal and interest is paid ratably on a basis not less frequently than quarterly.

Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Clinic and are excluded from these financial statements. The Clinic reserves the right to elect to pay, or have the Plan pay, administrative costs in the future. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Note 2 - Summary of significant accounting policies:

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

THE EMORY CLINIC, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

December 31, 2022 and 2021

Note 2 - Summary of significant accounting policies - continued:

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make note repayments and the Plan Administrator deems the participant note to be in default, the participant note balance is reduced and deemed distributions are recorded.

Payment of benefits

Benefits are recorded when paid.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the accompanying statements of net assets available for benefits.

Recent legislative developments

In December 2019, Congress passed the SECURE Act which included numerous reforms to existing retirement law and allows plan sponsors to make certain immediate plan operational changes without formal amendment of the plan document. If adopted, plan documents are required to be formally amended in accordance with IRS guidelines.

In March 2020, Congress passed the CARES Act which included optional immediate changes to distribution and loan provisions without formal amendment of the plan document. If adopted, plan documents are required to be formally amended in accordance with IRS guidelines.

The Plan Sponsor operationally implemented various changes and will be amending the Plan for these changes.

Note 2 - Summary of significant accounting policies - continued:

Subsequent events

The Clinic has evaluated subsequent events through September 20, 2023, which is the date these financial statements were available to be issued. All subsequent events, if any, requiring recognition as of December 31, 2022, have been incorporated into these financial statements.

Note 3 - Investments certified:

Fidelity and TIAA (the Providers) provide certified statements for the Plan. The Providers held the Plan's investment assets at December 31, 2022 and executed investment transactions from August 31, 2022 through December 31, 2022. Fidelity only held the Plan's investment assets at December 31, 2021 and executed investment transactions from January 1, 2022 through August 30, 2022. Management has determined that the Providers are qualified institutions and the information prepared and certified by them meet the requirements of ERISA Section 103(a)(3)(C). Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, other income, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Providers.

Note 4 - Investment valuation:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Pension Board determines the Plan's valuation policies utilizing information provided by Fidelity. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB Accounting Standards Codification No. 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no significant changes in the methodologies used at December 31, 2022 and 2021.

- Mutual funds are valued by the Plan at year end by obtaining quoted prices on nationally recognized securities exchanges.
- Self-directed brokerage accounts consist of mutual fund and common stock investments. The shares of self-directed brokerage accounts are valued by the Plan at year end by obtaining quoted prices on nationally recognized securities exchanges.

Notes to Financial Statements - Continued

December 31, 2022 and 2021

Note 4 - Investment valuation - continued:

- Units of participation in the TIAA Real Estate Fund (pooled separate account) are valued based on the unadjusted quoted market value of the underlying real estate holdings or other real estate-related investments.

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022

THE EMORY CLINIC, INC. RETIREMENT SAVINGS PLAN

Notes to Financial Statements - Continued

December 31, 2022 and 2021

Note 5 - Related-party transactions:

The Plan invests in shares of mutual funds both individually and through a self-directed brokerage account managed by an affiliate of Fidelity. Fees incurred by the Plan for the investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. Additionally, the Plan Sponsor pays administrative expenses of the Plan. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

Note 6 - Plan termination:

Although it has not expressed any intent to do so, the Clinic has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax status:

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the IRS in Revenue Procedure 2007-71. The IRS has announced a program established for opinion and advisory letters for pre-approved plans (prototype and volume submitter). The IRS will not establish a program for obtaining determination letters for individually designed 403(b) plans. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for the Plan participants under Section 403(b).

U.S. GAAP requires Plan management to evaluate tax positions taken by the Clinic and to recognize a tax liability (or asset) if the Clinic has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Transfers into and out of the Plan:

Transfers into and out of the Plan represent account balances related to participants who have transferred to or from an affiliate of the Clinic.

Note 9 - Other income:

Other income represents surplus service provider revenue that is placed into an ERISA expense account and is reallocated to participants' accounts or used to reduce Plan expenses.
