Part I	Asset and Liability Statement		
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator,
Ralph Brennan Restaurant Group
401(k) Retirement Plan,
New Orleans, Louisiana.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Ralph Brennan Restaurant Group 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Ralph Brennan Restaurant Group 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ralph Brennan Restaurant Group 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ralph Brennan Restaurant Group 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ralph Brennan Restaurant Group 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ralph Brennan Restaurant Group 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS**Ralph Brennan Restaurant Group
401(k) Retirement Plan**

December 31, 2022 and 2021

Note 1 - PLAN DESCRIPTION

The following description of Ralph Brennan Restaurant Group 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

a. General

The Plan is a defined contribution plan covering substantially all employees of Ralph Brennan Restaurant Group, L.L.C.; 115 Bourbon Street, L.L.C. d/b/a Red Fish Grill; Ralph Brennan’s Jazz Kitchen, L.L.C.; 900 City Park Avenue, L.L.C. d/b/a Ralph’s on the Park; and The Napoleon Corporation (the “Employers”) who have at least one year of service and are age 21 or older. An employee is credited with one year of service upon completion of at least 1,000 work hours during a twelve month period beginning with their hire date. The Plan was amended and restated effective January 1, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Each year, participants may contribute pre-tax deferral and/or Roth contributions up to 100% of their annual compensation as defined in the Plan, not to exceed statutory limits. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans.

In any plan year, at their discretion, the Employers may match a percentage of each participant’s elective deferrals in an amount not to exceed statutory limits. For the year ended December 31, 2022, the Employers contributed \$93,993 after application of forfeitures of \$13,766, to the Plan to match 50% of the first 4% of each participant’s compensation contributed as elective deferrals for the year.

In any plan year, the Employers may also make discretionary non-elective contributions. The Employers made no discretionary non-elective contributions for the year ended December 31, 2022.

Note 1 - PLAN DESCRIPTION (Continued)

c. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employers' contributions and plan earnings and charged with plan losses and an allocation of administrative expenses. Allocations are based on participant compensation, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their 401(k) deferral, Roth, and rollover contributions, plus actual earnings thereon. Vesting in the Employers' matching and non-elective contribution portions of their accounts plus actual earnings thereon is as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

e. Investment Options

The Plan provides a participant-directed investment program, whereby participants select the investments for their accounts. The Plan currently offers a variety of investment options under a group annuity contract issued by Transamerica Financial Life Insurance Company ("Transamerica"), the custodian of the Plan. Participants may direct their investments into a Transamerica stable value fund or into any of the investment options provided by pooled separate accounts. These investment options represent several different alternatives to investing with different risk and return characteristics. Participants may change their investment options daily.

Note 1 - PLAN DESCRIPTION (Continued)

f. Payment of Benefits

Upon termination of service, retirement, or death, a participant or beneficiary whose vested account balance exceeds \$5,000 may elect to receive benefits in the form of a lump sum or under a continuous right of withdrawal. Participants or beneficiaries with balances of \$5,000 or less will receive an involuntary cash out of their vested account balances. Involuntary cash out balances of less than \$1,000 will be paid in a lump sum. Involuntary cash out balances that exceed \$1,000 but that do not exceed \$5,000 will be paid in the form of a direct rollover to an individual retirement account, unless the participant or beneficiary elects to receive a lump sum. Hardship withdrawals are available from a participant's vested account balances. Additionally, upon reaching age 59½, a participant may request an in-service withdrawal of all or part of his or her fully vested account balance in the form of a lump sum payment.

g. Forfeited Accounts

Forfeitures are used to reduce Employers' contributions or to pay plan expenses. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$371 and \$14,137, respectively.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

a. Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

b. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management of the Plan to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

c. Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive stable value fund within the group annuity contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The plan administrator determines the Plan's valuation policies utilizing information provided by investment advisors, custodians, and insurance company. See Note 5 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

d. Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service, and earnings thereon, are recorded as a liability with a corresponding reduction to contributions and net depreciation. The Plan distributed the 2022 excess contributions to the applicable participants in 2023.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employers. Expenses that are paid by the Employers are excluded from these financial statements. Investment-related expenses are included in net depreciation of fair value of investments.

g. Subsequent Events

The Plan's management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 9, 2023, which is the date the financial statements were available to be issued.

Note 3 - CERTIFIED INVESTMENTS

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held as of December 31, 2022 and 2021, and net depreciation in fair value of investments and interest for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica, the custodian of the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 - GROUP ANNUITY CONTRACT

The Plan is invested in a group annuity contract with Transamerica. Transamerica maintains contributions in pooled separate accounts and a stable value fund. Transamerica maintains contributions to the stable value fund in its general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and investment management and administrative fees. Transamerica is contractually obligated to repay the principal and a specified rate of interest on funds invested in the stable value fund. The crediting rate is set semiannually and may not be less than 0%. The stable value fund meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less plan withdrawals and administrative expenses. Participants may direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan's ability to receive amounts due from the stable value fund is dependent on Transamerica's ability to meet its financial obligations.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. In the event of contract discontinuance, no surrender charges will apply to the investment contract.

Transamerica guarantees the interest rate earned on funds in the Transamerica Stable Value Fund. The guaranteed interest rate is based on a formula agreed upon with the issuer and is declared semi-annually. The average yield on the Transamerica Stable Value Fund was approximately .90% for the year ended December 31, 2022.

During 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in the pooled separate accounts depreciated in value by \$1,712,715. The stable value fund earned interest income of \$2,018 during 2022.

Note 5 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Pooled separate accounts: Valued at the net asset value (NAV) of the units of the pooled separate accounts. The NAV, as provided by Transamerica, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the pooled separate account less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported fair value.

Note 5 - FAIR VALUE MEASUREMENTS (Continued)

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth the Plan's assets at fair value by level within the fair value hierarchy, if applicable, as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts *	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$7,013,671</u>
Assets at Fair Value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts *	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$8,382,360</u>

* In accordance with FASB ASC Subtopic 820-10, investments at fair value measured using NAV per share as a practical expedient have not been classified in the fair value hierarchy.

There are no unfunded commitments or significant redemption restrictions on the pooled separate accounts. The pooled separate accounts are direct filing entities with the Department of Labor.

Note 6 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in all of their accounts.

Note 8 - TAX STATUS

The Plan was amended and restated effective January 1, 2021 by the adoption of a non-standardized pre-approved 401(k)/profit sharing plan. The Internal Revenue Service has informed the sponsor of the non-standardized pre-approved plan adopted by the Employers, by an opinion letter dated June 30, 2020, that the non-standardized pre-approved plan, as then designed, was qualified under Section 401(a) of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of the net assets available for benefits per the financial statements as of December 31, 2022 and 2021, to Form 5500:
