Independent Auditor's Report

To the Trustee of
D-J Engineering, Inc 401(K) Retirement Plan
Augusta Kansas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of (The Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of The Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Plan's ability to continue as a going concern for the year ended December 31, 2022.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held at End of Year for the year ended December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements
December 31, 2022 and 2021

NOTE 1. DESCRIPTION OF PLAN

The following brief description of the D-J Engineering, Inc. 401 (K) Retirement Plan provides only general information. Participants should refer to the plan agreement for a more complete description of the plan's provisions.

General – The Plan is a defined contribution plan covering all full-time employees of the company who are age twenty-one or older. The plan is subject to the provisions of ERISA.

Plan Restatement – The plan was restated effective January 1, 2019. Many of the changes to the plan take effect October 1, 2019.

Contributions – Each year, participants may contribute a percentage of pretax annual compensation, as defined by the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, pooled separate accounts and a common collective trust as investment options. The company contributes on a voluntary basis an amount currently 25 percent of the employee's deduction up to 6 percent of base compensation that a participant contributes to the Plan. The matching company contribution is invested in various investments as directed by the participant. Contributions are subject to certain limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution, company matching contributions, plan earnings, and charged with allocations of plan expenses. Allocations are based on Participant earnings as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are vested immediately in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their account is based on years of continuous service. A participant is 100 percent vested after five years of credited service.

Participant Loans – Participants may borrow from their fund account a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are determined by the plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits – Upon termination of employment due to, death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account, or installments. For termination of service for other reasons a participant may receive the vested interest in their account as a lump-sum distribution.

Forfeited Accounts – These accounts are used to reduce future employer contributions. During 2022 employer contributions were reduced by \$26,543 from forfeited nonvested accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the plan are prepared on the modified cash basis of accounting. The cash basis is modified with respect to: participant contributions and accrued interest receivable on participant loans. Contributions reflect the plan year for which the deposit was received. Payments of principal and interest on participant loans are accounted for when received by Principal Trust Company, not when deducted from participants' payroll. Interest income from participant loans reflect the interest earned. There are no reconciling items between the tax return and the financial statements presented.

Principal Trust Company determines the value of each pooled separate account at the close of each business day based on market value and is expressed in dollars.

Use of Estimates – The preparation of financial statements in conformity with the modified cash basis accounting method requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the modified cash basis. Payments of principal and interest on participant loans are accounted for when received by Principal Financial Group, not when deducted from participants' payroll. Related fees are recorded as administrative expenses and/or expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of Benefits – Benefits are recorded when paid.

Operating Expenses – All significant expenses of maintaining the plan are paid by the Company and are excluded from these financial statements. Fees related to the administration of participants' accounts are charged directly to the participants' accounts and are included in administrative expense.

Certified Investments – Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Principal Trust Company (the custodian of the Plan).

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (continued)

Change in Accounting Method — In July 2018, the Financial Accounting Standards Board issued Accounting Standards Update No. 2018-09, Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent). The amendment in this Update removes the stable value common collective trust fund, from the illustrative example to avoid the interpretation that such an investment would never have a readily determinable fair value, and, therefore, would always use the net asset value per share practical expedient. Based on this update the Plan determined common collective trusts and pooled separate accounts have a readily determinable fair value, and have been categorized as Level 1 inputs. The amendments in this Update are effective for non-public business entities for fiscal years beginning after December 15, 2018. Upon adoption, the amendments shall be applied retrospectively to all periods presented. The Plan adopted this update for the 2018 plan year. The impact of adopting this Update is reflected in Note 4.

NOTE 3. INVESTMENTS

Principal Life Insurance Company maintains certain of the plan's assets as follows:

Pooled Separate Accounts – These accounts hold assets allocated to each separate account. The value of each separate account is determined at the close of each business day based on fair value.

These accounts are separate accounts not part of Principal Life Insurance Company's general account (i.e. segregated); income, gains, or losses from the assets in each account are credited to or charged against that account without regard to other income, gains or losses of Principal Life Insurance Company or any other separate account.

Collective Investment Trusts – These accounts are governed by their respective Trust agreements. The investments are held in a trust and the fair market value is based on the fair market value of the underlying investments and the value is allocated to each separate account as of the close of business each day. Principal Life maintains the records on the participants' trust and their plan participants' interest in the accounts.

Registered Investment Companies (Mutual Funds) – The mutual funds are made available by Principal Funds, Inc. and other established fund families.

See Accompanying Independent Auditor's Report

Notes to Financial Statements
December 31, 2022 and 2021

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. See Note 2 for the change in accounting method regarding investments.

Registered Investment Companies (Mutual Funds): Valued at the net asset value (NAV) of shares held by the plan at year end.

Guaranteed investment contract: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

See Accompanying Independent Auditor's Report

NOTE 4. FAIR VALUE MEASUREMENTS – (continued)

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 346,091	\$ -	\$ -	\$ 346,091
Common Collective Trust	543,918	-	-	543,918
Pooled separate accounts	9,288,483	-	-	9,288,483
Totals	<u>\$ 10,178,492</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 10,178,492</u>

Assets at Fair Value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment companies	\$ 384,934	\$ -	\$ -	\$ 384,934
Common Collective Trust	536,534	-	-	536,534
Pooled separate accounts	10,723,768	-	-	10,723,768
Totals	<u>\$ 11,645,236</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,645,236</u>

NOTE 5. PLAN TERMINATION

Although it has not expressed any intent to do so, the company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

NOTE 6. TAX STATUS

The Plan uses a prototype document from a law firm. The most recent determination letter regarding this Plan, dated March 31, 2014, was issued by the Internal Revenue Service (IRS). The determination letter states that the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of IRC. Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to IRS examinations for years prior to 2019.

Notes to Financial Statements
December 31, 2022 and 2021

NOTE 7. RELATED PARTY TRANSACTIONS AND PARTIES-IN-INTEREST TRANSACTIONS

Substantially all of the investments are managed by Principal Trust Company. Principal Trust Company is the custodian defined by the plan and therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in the net appreciation in fair value of the investment as they are paid through revenue-sharing rather than a direct payment. The Plan sponsors pay directly any fees related to the Plan's operations. Edward Jones provides investment advice, IMA, Inc provides insurance to the Plan, Economic Group Pension Services, Inc provides third party administration to the plan and Thomas H. Sewell, CPA, LLC is the Plan auditor, and are also parties-in-interest.

NOTE 8. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following information included in the accompanying financial statements and supplementary schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian. The custodian also certified all income and expense information included in the statement of changes in Net Assets Available for Benefits.

	<u>2022</u>	<u>2021</u>
Pooled separate accounts	\$ 9,288,483	\$ 10,723,768
Registered investment companies	346,091	384,934
Common Collective Trust	<u>543,918</u>	<u>536,534</u>
	10,178,492	11,645,236
Notes receivable from participants	<u>484,173</u>	<u>604,616</u>
Totals	\$ <u>10,662,665</u>	\$ <u>12,249,852</u>

The information included in Net Assets Available for Benefits for the years ended December 31, 2022 and 2021 were also certified as accurate and complete by the custodian.

NOTE 10. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 9, 2023, the date the financial statements were available to be issued. Management has determined that there are no events which have occurred that would require adjustment or disclosure in the financial statements.

NOTE 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500
