Report of Independent Auditors

To the Administrator of the Edward D. Jones & Co. Profit Sharing and 401(k) Plan

Opinion

We have audited the accompanying financial statements of the Edward D. Jones & Co. Profit Sharing and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will

always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Description

The following description of the Edward D. Jones & Co. Profit Sharing and 401(k) Plan (the "Plan") is provided for general informational purposes only. More complete information regarding the Plan's provisions may be found in the Plan document, as amended, and the Summary Plan Description (the "SPD").

General

The Plan is a defined contribution profit sharing and 401(k) plan established by Edward D. Jones & Co., L.P. (the "Partnership") under the provisions of Section 401(a) of the Internal Revenue Code (the "Code"). The Plan includes a qualified deferred arrangement as described in Section 401(k) of the Code, for the benefit of eligible employees, General Partners, and Service Partners of the Partnership's parent company, The Jones Financial Companies, L.L.L.P. ("JFC") and employees of certain affiliates of the Partnership. The Plan is subject to the provisions of ERISA. Effective January 1, 2022, the plan was amended such that effective January 1, 2020, the required date to begin receiving minimum distributions changed from age 70 ½ to age 72 as permitted by the Retirement Enhancement Act of 2019 (the SECURE Act), and effective April 1, 2022, participants could take in-service distributions of profit sharing contributions upon reaching age 59 ½.

Profit Sharing Eligibility

Employees, General Partners, and Service Partners become eligible to participate in the profit sharing portion of the Plan on July 1st following the date the participant commences services. All eligible participants must be active with the Partnership on December 31st of the applicable Plan year and must have been compensated for at least 1,000 hours during the Plan year to receive an allocation of that year's profit sharing contribution. Special rules apply in the case of reemployment, death, disability, or retirement during the Plan year. Partnership profit sharing contributions are solely at the Partnership's discretion.

Each Service Partner of JFC is entitled to receive and required to fund a mandatory additional profit sharing contribution equal to a percentage of their compensation (not to exceed the IRS limit on qualified earnings), subject to additional eligibility and allocation criteria. The contribution percentage is determined by the Partnership and varies based on the service partner's age, as of the end of the Plan year.

401(k), After-Tax, and Match Eligibility

Full-time employees, General Partners, and Service Partners are immediately eligible to participate in the 401(k) portion of the Plan and may make before-tax, Roth, and after-tax contributions.

Part-time, on-call or seasonal employees who are compensated for at least 1,000 hours during the first year of employment or during any subsequent Plan year are eligible to participate in the 401(k) portion of the Plan. Once a part-time employee becomes eligible to participate in this portion of the Plan, the employee is not required to be compensated for 1,000 hours in subsequent years to continue making voluntary contributions.

1. Plan Description (continued)

401(k), After-Tax, and Match Eligibility (continued)
A participant in the 401(k) portion of the Plan becomes eligible to participate in the matching contribution as of January 1st following the date the participant commences services. An eligible participant must be compensated for 1,000 hours in the Plan year and be employed by the Partnership on December 31st of the applicable Plan year of the contribution to be eligible for a Partnership matching contribution, up to $500 per participant. Currently, eligibility for Partnership matching contributions is limited to home office employees and branch office administrators who are non-highly compensated employees for the applicable year, as treated under the terms of the Plan. Partnership matching contributions are solely at the Partnership's discretion.

Contributions
Eligible participants can contribute before-tax amounts or Roth contributions up to the lesser of 75% of such participant's compensation or annually adjusted Internal Revenue Service ("IRS") limits, including catch-up contributions for participants who have attained age 50. In addition, eligible participants can contribute after-tax amounts up to the lesser of 25% of such participant's compensation or $10,000 each year. Combined elective deferrals may not exceed 100% of compensation. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect otherwise. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions are invested in the qualified default investment alternative until changed by the participant. The deferral rate for participants who are automatically enrolled in the Plan increases by 1% annually until such percentage reaches 10%, unless changed by the participant.

Vesting
Participants are 100% vested at all times in both voluntary and Partnership contributions.

Distributions
Terminated participants are paid their entire account balance as soon as practicable following termination if the value of their account is $1,000 or less. Terminated participants generally may leave their account in the Plan if the value of their account is greater than $1,000. Available payment options include a lump sum, installments, non-periodic payments, or a combination of installment and non-periodic payments.

Upon the death of a participant, the participant's account is distributed to his or her spouse or other designated beneficiaries. Upon a retired participant turning 72, the participant must begin required minimum distributions.

In-service hardship withdrawals of voluntary and Partnership contributions and non-hardship withdrawals of after-tax and rollover contributions are allowed with certain restrictions. A participant's entire Plan account may also be withdrawn on such participant's attainment of age 59 ½.

1. Plan Description (continued)

Participant Accounts

If applicable, each participant's account is credited with the participant's voluntary contributions, a Partnership matching contribution, an allocation of the Partnership's profit sharing contributions, an additional profit sharing allocation for certain Service Partners, and Plan earnings. Partnership profit sharing contributions are allocated based on the ratio of an individual eligible participant's compensation to total eligible participant compensation for the Plan year, subject to a compensation limit. All Partnership contributions are discretionary, and these contributions are typically made within the first two months following the Plan year end. Plan shares are unitized and re-valued daily.

Plan Administration

The Partnership has the authority to amend or terminate the Plan subject to certain regulations. In addition, the Partnership appoints members to the Administrative Committee and the Investment and Education Committee. The Administrative Committee serves as the Plan Administrator, and as such has the authority to construe, interpret and administer all provisions of the Plan and determine a participant's eligibility for benefits, among other duties and authorities. The Investment and Education Committee has the authority to determine investment funds made available under the Plan and to develop and oversee the implementation of any investment education program. Prudential Bank & Trust, FSB, as trustee, has the authority and responsibility to hold, manage, and protect plan assets in accordance with the provisions of the Plan and separate trust agreement. Prior to April 1, 2022, Prudential Services ("Prudential Retirement") served as recordkeeper of the Plan. Empower Annuity Insurance Company ("Empower") purchased Prudential Retirement effective April 1, 2022 and is now the recordkeeper of the Plan with the authority and responsibility to manage participant accounts and administer benefit payments. Empower began to retitle its products, platforms, and services in 2022, and that work continued into 2023.

Investment Options

The Plan offers seven investment portfolios as investment options for contributions. The composition of each portfolio is determined by the Investment and Education Committee and is generally made up of mutual funds and investments in separate accounts of Prudential Retirement Insurance and Annuity Company ("PRIAC"). Empower purchased PRIAC on April 1, 2022 and renamed PRIAC Empower Annuity Insurance Company on October 3, 2022.

Additionally, participants may also direct contributions into a diverse range of specific mutual funds, separate accounts, and a stable value fund, that fall within five investment categories. Participants may change their investment elections at any time, subject to any frequent trading restrictions, and other rules and/or requirements set forth by the Administrative Committee. Investment categories and asset classes in each category are as follows:

- *Aggressive Growth* – Emerging Markets
- *Growth* – U.S. and International Small- and Mid-cap Stocks
- *Growth & Income* – U.S. and International Large-cap Stocks
- *Income* – U.S. Investment-grade Bonds, International Bonds, and High-yield Bonds
- *Stable Value Fund* – Cash and cash equivalents.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from these estimates.

Valuation of Investments and Income Recognition

The Plan's investments are required to be reported at fair value, except for fully benefit-responsive investment contracts. See Note 3 for a discussion of fair value measurements. For the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts, contract value is the relevant measure because it is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 4). Purchases and sales are reflected on the trade date. Interest and dividend income are recorded when earned. Gains and losses on sales are based on specific identification of investments sold. All investment decisions are participant directed; however, the Investment and Education Committee determines the investments included within each investment portfolio within the Plan.

Net appreciation or depreciation of investments is composed of the net increase or decrease in fair value of investments, incorporating realized and unrealized gains and losses of investments held during the Plan year and at year-end.

Fair Value

Fair value of a financial instrument is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

The Plan's investments recorded at fair value in the Statements of Net Assets Available for Benefits are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels, defined by Financial Accounting Standards Board, Accounting Standards Codification No. 820, *Fair Value Measurements and Disclosures*, with the related amount of subjectivity associated with the inputs to value these assets at fair value for each level, are as follows:

Level I – Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.

The assets categorized as Level I in the Plan are mutual funds. Prices of these funds are based on the Net Asset Value ("NAV") calculated by the funds and are publicly reported on national exchanges. Although the prices are listed on national exchanges, exiting the investment is generally only accomplished through redemption with the fund itself. Thus, redemption with the fund is the principal market in which the Plan could exit the investments. The funds redeem shares at the NAV with few restrictions and redemption with the funds is an active market.

2. Summary of Significant Accounting Policies (continued)

Fair Value (continued)
Level II – Inputs (other than quoted prices included in Level I) are either directly or indirectly observable for the asset or liability through correlation with related market data at the measurement date and for the duration of the instrument's anticipated life.

The assets categorized as Level II in the Plan include pooled separate accounts, valued daily based on the market value of the underlying assets held in a segregated account for the benefit of the investors in each separate account. The majority of the underlying net assets have observable Level 1 and/or 2 quoted pricing inputs which are used to determine the unit value, which is not publicly quoted on national exchanges. Since these values are observable and investors trade regularly based on these values, all of the investments in the separate accounts have been categorized as Level II in the disclosure hierarchy.

Level III – Inputs are both unobservable and significant to the overall fair value measurement. These inputs reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model. The Plan did not have any financial assets categorized as Level III during the years ended December 31, 2022 and 2021.

The Plan did not have any financial liabilities categorized as Level I, II, or III during the years ended December 31, 2022 and 2021.

Risks and Uncertainties
The Plan provides for various investment options in registered investment companies (mutual funds) representing varying combinations of stock, fixed income and other investment securities. The Plan also provides custom plan investments options including separate accounts and a stable value fund. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Other Income
Other income includes $50 of sub-transfer agent fees or other similar fees derived from the investment funds of the Plan, which are calculated by the recordkeeper of the Plan based on the dollar value of Plan assets held at the mutual fund companies. Any income derived from these types of fees is credited to the accounts of the participants who were invested in the specific investment funds that generated such fees.

Other income also includes the fixed, asset-based recordkeeping fee charged to Plan participants, which totaled $1,528 in 2022 and has an offsetting amount reflected in the benefits paid to participants. This recordkeeping fee is used to pay the administrative expenses of the Plan. In accordance with the Plan document, if the amount deducted from participants' accounts exceeds the amount of the administrative expenses actually incurred by the Plan, the excess amount will be credited back to the participants' accounts. If the amount deducted from participants' accounts is less than the amount of administrative expenses actually incurred by the Plan, the shortfall will be paid either through additional deductions from participants' accounts or by the Partnership.

2. Summary of Significant Accounting Policies (continued)

Benefit Payments
Benefit payments to participants are recorded upon distribution.

Administrative Expenses
Administrative expenses were $1,157 for the year ended December 31, 2022. These expenses were primarily recordkeeping fees paid to Empower.

3. Investments

The Plan's investments are held in a trust fund sponsored by the Partnership. As of December 31, 2022 and 2021, the fair value of the Plan's investments was $8,054,818 and $9,625,866, respectively. During the year ended December 31, 2022, the Plan's investments (including investments bought, sold, and held during the year) depreciated by $1,933,751.

The following table sets forth the Plan's financial assets measured at fair value as of:

	December 31, 2022			
	Level I	Level II	Level III	Total
Mutual funds	$ 6,222,954	$ -	$ -	$ 6,222,954
Separate accounts	-	1,831,864	-	1,831,864

4. Stable Value Fund

The Plan offers a stable value investment option, the Edward Jones Stable Value Fund (the “Fund”). The Fund invests in a traditional and a synthetic guaranteed investment contract (the "GICs"). The traditional GIC is an investment in the Prudential Guaranteed Long Term Fund which uses deposits from the Fund to purchase investments held in the general account of PRIAC. PRIAC is contractually obligated to repay the principal and a specified rate of interest. The synthetic GIC consists of an investment owned directly by the Plan in the Prudential Core Intermediate Bond Fund and a wrapper contract issued by The Prudential Insurance Company of America ("PICA"). The wrapper contract guarantees full payment of principal and interest guaranteed not to fall below a stated minimum. The wrapper contract amortizes realized and unrealized gains and losses on the underlying fixed income investments, over the duration of the investment through adjustments to the future interest crediting rate, not to result in a future rate less than zero.

4. Stable Value Fund (continued)

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The following table disaggregates contract value between the types of investment contracts held by the Plan:

	December 31, 2022	December 31, 2021
Traditional GIC	$ 214,152	$ 217,904
Synthetic GIC	115,312	117,333
Total	$ 329,464	$ 335,237

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuers' (PRIAC & PICA) ability to meet their financial obligations. The issuers' ability to meet contractual obligations may be affected by future economic and regulatory developments.

While the Plan Sponsor does not believe that the occurrence of any such events is probable, certain events such as a materially adverse change affecting the provisions of the Plan may limit the ability of the Plan to transact at contract value with participants in the Plan. In addition, certain events such as a material breach of contract obligation by the Plan would allow the issuers to terminate the contracts and settle at an amount different from contract value.

5. Income Tax Status

The IRS determined and informed the Plan by a letter dated October 31, 2017 that the Plan was designed in accordance with applicable sections of the Code. The Partnership believes the Plan, as last amended in December 2022, remains in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2019.

6. Party-in-Interest Transactions

PRIAC is the broker of record for the Plan. The Partnership does not receive any 12b-1, marketing, or other fees from the Plan's investments. In addition, all sub-transfer agent fees received by the Plan are credited to participant accounts as described in the Other Income footnote.

6. Party-in-Interest Transactions (continued)

Prudential manages the separate accounts and the stable value fund. Prudential Bank & Trust, FSB is the trustee of the Plan and, therefore, these transactions are permitted party-in-interest transactions under provisions of ERISA and the regulations promulgated thereunder.

The Partnership is responsible for certain administrative expenses such as legal and audit fees, which are not reimbursed by the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Subsequent Events

The Partnership has evaluated subsequent events of the Plan for recognition or disclosure through October 12, 2023, the date these financial statements were available to be issued. There have been no events identified that would require adjustment to or disclosure in the financial statements.

Report of Independent Auditors

To the Administrator of the Edward D. Jones & Co. Profit Sharing and 401(k) Plan

Opinion

We have audited the accompanying financial statements of the Edward D. Jones & Co. Profit Sharing and 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, including the related notes (collectively referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will

always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. Plan Description

The following description of the Edward D. Jones & Co. Profit Sharing and 401(k) Plan (the "Plan") is provided for general informational purposes only. More complete information regarding the Plan's provisions may be found in the Plan document, as amended, and the Summary Plan Description (the "SPD").

General

The Plan is a defined contribution profit sharing and 401(k) plan established by Edward D. Jones & Co., L.P. (the "Partnership") under the provisions of Section 401(a) of the Internal Revenue Code (the "Code"). The Plan includes a qualified deferred arrangement as described in Section 401(k) of the Code, for the benefit of eligible employees, General Partners, and Service Partners of the Partnership's parent company, The Jones Financial Companies, L.L.L.P. ("JFC") and employees of certain affiliates of the Partnership. The Plan is subject to the provisions of ERISA. Effective January 1, 2022, the plan was amended such that effective January 1, 2020, the required date to begin receiving minimum distributions changed from age 70 ½ to age 72 as permitted by the Retirement Enhancement Act of 2019 (the SECURE Act), and effective April 1, 2022, participants could take in-service distributions of profit sharing contributions upon reaching age 59 ½.

Profit Sharing Eligibility

Employees, General Partners, and Service Partners become eligible to participate in the profit sharing portion of the Plan on July 1st following the date the participant commences services. All eligible participants must be active with the Partnership on December 31st of the applicable Plan year and must have been compensated for at least 1,000 hours during the Plan year to receive an allocation of that year's profit sharing contribution. Special rules apply in the case of reemployment, death, disability, or retirement during the Plan year. Partnership profit sharing contributions are solely at the Partnership's discretion.

Each Service Partner of JFC is entitled to receive and required to fund a mandatory additional profit sharing contribution equal to a percentage of their compensation (not to exceed the IRS limit on qualified earnings), subject to additional eligibility and allocation criteria. The contribution percentage is determined by the Partnership and varies based on the service partner's age, as of the end of the Plan year.

401(k), After-Tax, and Match Eligibility

Full-time employees, General Partners, and Service Partners are immediately eligible to participate in the 401(k) portion of the Plan and may make before-tax, Roth, and after-tax contributions.

Part-time, on-call or seasonal employees who are compensated for at least 1,000 hours during the first year of employment or during any subsequent Plan year are eligible to participate in the 401(k) portion of the Plan. Once a part-time employee becomes eligible to participate in this portion of the Plan, the employee is not required to be compensated for 1,000 hours in subsequent years to continue making voluntary contributions.

1. Plan Description (continued)

401(k), After-Tax, and Match Eligibility (continued)
A participant in the 401(k) portion of the Plan becomes eligible to participate in the matching contribution as of January 1st following the date the participant commences services. An eligible participant must be compensated for 1,000 hours in the Plan year and be employed by the Partnership on December 31st of the applicable Plan year of the contribution to be eligible for a Partnership matching contribution, up to $500 per participant. Currently, eligibility for Partnership matching contributions is limited to home office employees and branch office administrators who are non-highly compensated employees for the applicable year, as treated under the terms of the Plan. Partnership matching contributions are solely at the Partnership's discretion.

Contributions
Eligible participants can contribute before-tax amounts or Roth contributions up to the lesser of 75% of such participant's compensation or annually adjusted Internal Revenue Service ("IRS") limits, including catch-up contributions for participants who have attained age 50. In addition, eligible participants can contribute after-tax amounts up to the lesser of 25% of such participant's compensation or $10,000 each year. Combined elective deferrals may not exceed 100% of compensation. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect otherwise. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions are invested in the qualified default investment alternative until changed by the participant. The deferral rate for participants who are automatically enrolled in the Plan increases by 1% annually until such percentage reaches 10%, unless changed by the participant.

Vesting
Participants are 100% vested at all times in both voluntary and Partnership contributions.

Distributions
Terminated participants are paid their entire account balance as soon as practicable following termination if the value of their account is $1,000 or less. Terminated participants generally may leave their account in the Plan if the value of their account is greater than $1,000. Available payment options include a lump sum, installments, non-periodic payments, or a combination of installment and non-periodic payments.

Upon the death of a participant, the participant's account is distributed to his or her spouse or other designated beneficiaries. Upon a retired participant turning 72, the participant must begin required minimum distributions.

In-service hardship withdrawals of voluntary and Partnership contributions and non-hardship withdrawals of after-tax and rollover contributions are allowed with certain restrictions. A participant's entire Plan account may also be withdrawn on such participant's attainment of age 59 ½.

1. Plan Description (continued)

Participant Accounts

If applicable, each participant's account is credited with the participant's voluntary contributions, a Partnership matching contribution, an allocation of the Partnership's profit sharing contributions, an additional profit sharing allocation for certain Service Partners, and Plan earnings. Partnership profit sharing contributions are allocated based on the ratio of an individual eligible participant's compensation to total eligible participant compensation for the Plan year, subject to a compensation limit. All Partnership contributions are discretionary, and these contributions are typically made within the first two months following the Plan year end. Plan shares are unitized and re-valued daily.

Plan Administration

The Partnership has the authority to amend or terminate the Plan subject to certain regulations. In addition, the Partnership appoints members to the Administrative Committee and the Investment and Education Committee. The Administrative Committee serves as the Plan Administrator, and as such has the authority to construe, interpret and administer all provisions of the Plan and determine a participant's eligibility for benefits, among other duties and authorities. The Investment and Education Committee has the authority to determine investment funds made available under the Plan and to develop and oversee the implementation of any investment education program. Prudential Bank & Trust, FSB, as trustee, has the authority and responsibility to hold, manage, and protect plan assets in accordance with the provisions of the Plan and separate trust agreement. Prior to April 1, 2022, Prudential Services ("Prudential Retirement") served as recordkeeper of the Plan. Empower Annuity Insurance Company ("Empower") purchased Prudential Retirement effective April 1, 2022 and is now the recordkeeper of the Plan with the authority and responsibility to manage participant accounts and administer benefit payments. Empower began to retitle its products, platforms, and services in 2022, and that work continued into 2023.

Investment Options

The Plan offers seven investment portfolios as investment options for contributions. The composition of each portfolio is determined by the Investment and Education Committee and is generally made up of mutual funds and investments in separate accounts of Prudential Retirement Insurance and Annuity Company ("PRIAC"). Empower purchased PRIAC on April 1, 2022 and renamed PRIAC Empower Annuity Insurance Company on October 3, 2022.

Additionally, participants may also direct contributions into a diverse range of specific mutual funds, separate accounts, and a stable value fund, that fall within five investment categories. Participants may change their investment elections at any time, subject to any frequent trading restrictions, and other rules and/or requirements set forth by the Administrative Committee. Investment categories and asset classes in each category are as follows:

- *Aggressive Growth* – Emerging Markets
- *Growth* – U.S. and International Small- and Mid-cap Stocks
- *Growth & Income* – U.S. and International Large-cap Stocks
- *Income* – U.S. Investment-grade Bonds, International Bonds, and High-yield Bonds
- *Stable Value Fund* – Cash and cash equivalents.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from these estimates.

Valuation of Investments and Income Recognition

The Plan's investments are required to be reported at fair value, except for fully benefit-responsive investment contracts. See Note 3 for a discussion of fair value measurements. For the portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts, contract value is the relevant measure because it is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan (see Note 4). Purchases and sales are reflected on the trade date. Interest and dividend income are recorded when earned. Gains and losses on sales are based on specific identification of investments sold. All investment decisions are participant directed; however, the Investment and Education Committee determines the investments included within each investment portfolio within the Plan.

Net appreciation or depreciation of investments is composed of the net increase or decrease in fair value of investments, incorporating realized and unrealized gains and losses of investments held during the Plan year and at year-end.

Fair Value

Fair value of a financial instrument is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

The Plan's investments recorded at fair value in the Statements of Net Assets Available for Benefits are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Hierarchical levels, defined by Financial Accounting Standards Board, Accounting Standards Codification No. 820, *Fair Value Measurements and Disclosures*, with the related amount of subjectivity associated with the inputs to value these assets at fair value for each level, are as follows:

Level I – Inputs are unadjusted, quoted prices in active markets for identical assets or liabilities at the measurement date.

The assets categorized as Level I in the Plan are mutual funds. Prices of these funds are based on the Net Asset Value ("NAV") calculated by the funds and are publicly reported on national exchanges. Although the prices are listed on national exchanges, exiting the investment is generally only accomplished through redemption with the fund itself. Thus, redemption with the fund is the principal market in which the Plan could exit the investments. The funds redeem shares at the NAV with few restrictions and redemption with the funds is an active market.

2. Summary of Significant Accounting Policies (continued)

Fair Value (continued)
Level II – Inputs (other than quoted prices included in Level I) are either directly or indirectly observable for the asset or liability through correlation with related market data at the measurement date and for the duration of the instrument's anticipated life.

The assets categorized as Level II in the Plan include pooled separate accounts, valued daily based on the market value of the underlying assets held in a segregated account for the benefit of the investors in each separate account. The majority of the underlying net assets have observable Level 1 and/or 2 quoted pricing inputs which are used to determine the unit value, which is not publicly quoted on national exchanges. Since these values are observable and investors trade regularly based on these values, all of the investments in the separate accounts have been categorized as Level II in the disclosure hierarchy.

Level III – Inputs are both unobservable and significant to the overall fair value measurement. These inputs reflect management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and the risk inherent in the inputs to the model. The Plan did not have any financial assets categorized as Level III during the years ended December 31, 2022 and 2021.

The Plan did not have any financial liabilities categorized as Level I, II, or III during the years ended December 31, 2022 and 2021.

Risks and Uncertainties
The Plan provides for various investment options in registered investment companies (mutual funds) representing varying combinations of stock, fixed income and other investment securities. The Plan also provides custom plan investments options including separate accounts and a stable value fund. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Other Income
Other income includes $50 of sub-transfer agent fees or other similar fees derived from the investment funds of the Plan, which are calculated by the recordkeeper of the Plan based on the dollar value of Plan assets held at the mutual fund companies. Any income derived from these types of fees is credited to the accounts of the participants who were invested in the specific investment funds that generated such fees.

Other income also includes the fixed, asset-based recordkeeping fee charged to Plan participants, which totaled $1,528 in 2022 and has an offsetting amount reflected in the benefits paid to participants. This recordkeeping fee is used to pay the administrative expenses of the Plan. In accordance with the Plan document, if the amount deducted from participants' accounts exceeds the amount of the administrative expenses actually incurred by the Plan, the excess amount will be credited back to the participants' accounts. If the amount deducted from participants' accounts is less than the amount of administrative expenses actually incurred by the Plan, the shortfall will be paid either through additional deductions from participants' accounts or by the Partnership.

2. Summary of Significant Accounting Policies (continued)

Benefit Payments
Benefit payments to participants are recorded upon distribution.

Administrative Expenses
Administrative expenses were $1,157 for the year ended December 31, 2022. These expenses were primarily recordkeeping fees paid to Empower.

3. Investments

The Plan's investments are held in a trust fund sponsored by the Partnership. As of December 31, 2022 and 2021, the fair value of the Plan's investments was $8,054,818 and $9,625,866, respectively. During the year ended December 31, 2022, the Plan's investments (including investments bought, sold, and held during the year) depreciated by $1,933,751.

The following table sets forth the Plan's financial assets measured at fair value as of:

	December 31, 2022			
	Level I	Level II	Level III	Total
Mutual funds	$ 6,222,954	$ -	$ -	$ 6,222,954
Separate accounts	-	1,831,864	-	1,831,864
Total assets at fair value	$ 6,222,954	$ 1,831,864	$ -	$ 8,054,818

	December 31, 2021			
	Level I	Level II	Level III	Total
Mutual funds	$ 7,312,711	$ -	$ -	$ 7,312,711
Separate accounts	-	2,313,155	-	2,313,155
Total assets at fair value	$ 7,312,711	$ 2,313,155	$ -	$ 9,625,866

4. Stable Value Fund

The Plan offers a stable value investment option, the Edward Jones Stable Value Fund (the “Fund”). The Fund invests in a traditional and a synthetic guaranteed investment contract (the "GICs"). The traditional GIC is an investment in the Prudential Guaranteed Long Term Fund which uses deposits from the Fund to purchase investments held in the general account of PRIAC. PRIAC is contractually obligated to repay the principal and a specified rate of interest. The synthetic GIC consists of an investment owned directly by the Plan in the Prudential Core Intermediate Bond Fund and a wrapper contract issued by The Prudential Insurance Company of America ("PICA"). The wrapper contract guarantees full payment of principal and interest guaranteed not to fall below a stated minimum. The wrapper contract amortizes realized and unrealized gains and losses on the underlying fixed income investments, over the duration of the investment through adjustments to the future interest crediting rate, not to result in a future rate less than zero.

4. Stable Value Fund (continued)

These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

The following table disaggregates contract value between the types of investment contracts held by the Plan:

	December 31, 2022	December 31, 2021
Traditional GIC	$ 214,152	$ 217,904
Synthetic GIC	115,312	117,333
Total	$ 329,464	$ 335,237

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contracts is dependent on the third-party issuers' (PRIAC & PICA) ability to meet their financial obligations. The issuers' ability to meet contractual obligations may be affected by future economic and regulatory developments.

While the Plan Sponsor does not believe that the occurrence of any such events is probable, certain events such as a materially adverse change affecting the provisions of the Plan may limit the ability of the Plan to transact at contract value with participants in the Plan. In addition, certain events such as a material breach of contract obligation by the Plan would allow the issuers to terminate the contracts and settle at an amount different from contract value.

5. Income Tax Status

The IRS determined and informed the Plan by a letter dated October 31, 2017 that the Plan was designed in accordance with applicable sections of the Code. The Partnership believes the Plan, as last amended in December 2022, remains in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examination for years prior to 2019.

6. Party-in-Interest Transactions

PRIAC is the broker of record for the Plan. The Partnership does not receive any 12b-1, marketing, or other fees from the Plan's investments. In addition, all sub-transfer agent fees received by the Plan are credited to participant accounts as described in the Other Income footnote.

6. Party-in-Interest Transactions (continued)

Prudential manages the separate accounts and the stable value fund. Prudential Bank & Trust, FSB is the trustee of the Plan and, therefore, these transactions are permitted party-in-interest transactions under provisions of ERISA and the regulations promulgated thereunder.

The Partnership is responsible for certain administrative expenses such as legal and audit fees, which are not reimbursed by the Plan.

7. Plan Termination

Although it has not expressed any intent to do so, the Partnership has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. Subsequent Events

The Partnership has evaluated subsequent events of the Plan for recognition or disclosure through October 12, 2023, the date these financial statements were available to be issued. There have been no events identified that would require adjustment to or disclosure in the financial statements.
