INDEPENDENT AUDITORS' REPORT

Petco Animal Supplies, Inc. Retirement Committee
Petco Animal Supplies, Inc. 401k Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Petco Animal Supplies, Inc. 401k Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for our Opinion

We conducted our audits in accordance with U.S. generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Auditors' Responsibilities for the Audits of the Financial Statements, Continued

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules identified in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. Description of Plan

The following description of Petco Animal Supplies, Inc. 401k Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan, as amended and restated effective January 21, 2016, is a defined contribution plan available to all eligible employees of Petco Animal Supplies, Inc. (the Company). The Plan is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Trustee

Fidelity Management Trust Company (Fidelity), acting as trustee, record keeper and custodian, is responsible for investing and managing Plan assets, subject to the direction of the Plan administrator and participants.

Eligibility

Employees who are at least 21 years of age and have completed six months of service, during which they have completed a minimum of 500 hours of service, are generally eligible to participate in the Plan. Participation by eligible employees is voluntary. The Plan entry dates are the first of each month following the month in which employees meet the eligibility requirements. Eligible employees may elect to participate in the Plan at any time after they become eligible.

Contributions

Plan participants may elect to defer up to 60% of pretax annual compensation, as defined in the Plan documents, not to exceed the maximum limit allowed by applicable law, through payroll deductions. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Catch-up contributions are excluded from matching contributions made by the Company. Participants may also contribute amounts representing rollover distributions from other qualified sources. The Plan also allows for the Company to make discretionary contributions, including matching contributions. Generally, the Company contributes 100% of the first 1% of compensation that a participant contributes to the Plan, and 50% of the next 5% of compensation contributed to the Plan (General Match). Eligible participants who hold positions as directors or above receive a matching contribution of 100% of the first 1% of compensation that a participant contributes to the Plan, and 50% of the next 2% of compensation contributed to the Plan (Director Match). For the year ended December 31, 2022, the Company made discretionary matching contributions of \$10,616,060. The Plan does not provide for profit sharing contributions from the Company.

1. Description of Plan, Continued

Participant Accounts

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contributions, and an allocation of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Investment earnings and changes in the fair value of Plan assets are allocated among and credited to each participant's account monthly based upon their pro rata share of the beginning account balance. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

The Plan provides for participant-directed accounts that allow participants to direct their account balances among various investments that are available under the Plan. The investment mix and elected deferral amounts allocated among the Plan's investment options may be changed at any time.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. With the exception of those participants described below, Company matching contributions vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	33%
2	66%
3	100%

Active participants transferred in from the Petco Support Services LLC 401(k) Profit Sharing Plan and Trust on December 31, 2017, are immediately vested in existing employer safe harbor matching contributions. Existing employer profit sharing contributions vest in accordance with the following schedule:

<u>Years of Service</u>	<u>Percentage Vested</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. Description of Plan, Continued

Notes Receivable from Participants

Participants may borrow against their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loan transactions are treated as transfers between investment funds and participant loan funds, using the same allocation method as contributions. The loans are secured by the participant's vested interest in their account balance and bear a reasonable rate of interest as determined by the Plan administrator. Loan terms range from one to five years, unless used for the purchase of a primary residence, in which case they may mature in up to thirty years. Level payments of principal and interest are deducted from the participant's paycheck each pay period. If a participant's employment is terminated, any outstanding note receivable balance shall be treated as a distribution if not repaid within 60 days.

Payment of Benefits

Upon termination of service, retirement, death or disability, participants or their beneficiaries may elect to receive a distribution of the participant's vested account balances in lump-sum distributions or defer distribution if the account balance exceeds \$5,000. Distributions may not be deferred later than the year following the year in which the participant attains the age of 72. While the Plan is designed to be a retirement income supplement, it provides flexibility for participants attaining 59 ½ years of age in cases where funds are needed prior to retirement. Accordingly, participants may withdraw funds before retirement up to their vested account balances. The Plan also provides for hardship withdrawals in accordance with the Internal Revenue Code (IRC).

2. Summary of Accounting Policies

Forfeitures

Forfeitures may be used to reduce future employer contributions or to pay for Plan expenses. During the year ended December 31, 2022, forfeitures were used to pay Plan fees totaling \$127,543. During the year ended December 31, 2022, participants forfeited \$490,784 in unvested employer contributions with related investment earnings of \$641. At December 31, 2022 and 2021, forfeited unvested amounts of \$438,229 and \$74,347, respectively, were invested in the Fidelity Managed Income Portfolio, a common/collective trust.

General

The Plan maintains its accounts on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles. The significant accounting policies followed are discussed below.

PETCO ANIMAL SUPPLIES, INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED
December 31, 2022 and 2021

2. Summary of Accounting Policies, Continued

Estimates

The preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates. Plan management periodically evaluates estimates used in the preparation of the financial statements for continued reasonableness. Appropriate adjustments, if any, to the estimates used are made prospectively based upon such periodic evaluation. It is reasonably possible that changes may occur in the near term that would affect Plan management's estimates with respect to the fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value represents the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. When determining fair value, Plan management considers the principal or most advantageous market in which the Plan would conduct a transaction, in addition to the assumptions that market participants would use when pricing the related assets or liabilities, including non-performance risk.

The Fidelity Managed Income Portfolio (Fidelity MIP) is valued at the sum of the fair value of the investment "wrapper" and the underlying assets of commingled funds as reported by Fidelity.

Fidelity MIP is a common collective trust that is invested in guaranteed investment contracts deemed to be fully benefit-responsive within the meaning of FASB Accounting Standards Codification 962-325, *Defined contribution Pension Plans – Investments (Other)* and are recorded at fair value using the Net Asset Value (NAV) practical expedient.

PETCO ANIMAL SUPPLIES, INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED
December 31, 2022 and 2021

2. Summary of Accounting Policies, Continued

Investment Valuation and Income Recognition, Continued

A three-level hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date.

Level 2Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3Unobservable inputs for the asset or liability.

See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and investment related expenses are charged directly to the participant's account and are included in administrative expenses.

Subsequent Events

Management has evaluated subsequent events through October 11, 2023, the date on which the financial statements were available to be issued. There have been no material subsequent events which would require recognition in the financial statements or disclosure in the notes to the financial statements, other than as described in Note 5.

NOTES TO FINANCIAL STATEMENTS, CONTINUED

3. Information Certified By The Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, the Plan's trustee, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Dividends and interest
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

4. Fair Value Measurements

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end using quoted prices for identical assets in active markets.

Common/Collective Trust: Units held in collective trusts (CT) are valued using the NAV practical expedient of the CT as reported by the CT Managers. The beneficial interest of each participant in Fidelity MIP is represented by units. Units are issued and redeemed daily at Fidelity MIP's constant NAV of \$1 per unit. Distribution to Fidelity MIP's unit-holders is declared daily from the net investment income and automatically reinvested in the Fidelity MIP on a monthly basis, when paid. It is the policy of Fidelity MIP to use its best efforts to maintain a stable net asset value of \$1 per unit; although, there is no guarantee that Fidelity MIP will be able to maintain this value. Participant directed redemptions have no restrictions; however, the Plan is required to provide a one-year redemption notice to liquidate its entire share in Fidelity MIP. There are no restrictions within Fidelity MIP related to frequency or notice periods for redemptions out of Fidelity MIP; however, Fidelity MIP may take up to 12 months to fulfill a payout in the event that withdrawals are directed by the Plan Sponsor. Any transfers out of Fidelity MIP must be held in a noncompeting investment option for 90 days before subsequent transfers to a competing fund can occur. There were no unfunded commitments as of December 31, 2022 and 2021.

December 31, 2022 and 2021

4. Fair Value Measurements, Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments in the fair value hierarchy:				
Mutual funds	\$ 229,903,980	-	-	229,903,980
Investments measured at the NAV practical expedient:				
Common/collective trust	-	-	-	9,375,532
Total investments at fair value	\$	-	-	239,279,512

Assets at Fair Value as of December 31, 2021

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

PETCO ANIMAL SUPPLIES, INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED
December 31, 2022 and 2021

5. Corrective Distributions Due to Participants

The Plan initially failed to meet certain nondiscrimination tests for the years ended December 31, 2022 and 2021, and \$1,008,702 and \$1,860,698, respectively, was required to be returned to certain participants subsequent to each Plan year end so that the Plan would meet the nondiscrimination requirements of the IRC. These amounts have been recorded in the statements of net assets available for benefits as liabilities of the Plan as of December 31, 2022 and 2021, respectively. The Plan distributed the 2022 and 2021 excess contributions to the applicable participants in 2023 and 2022, respectively.

6. Tax Status

The Plan is a volume submitter plan for which the Plan administrator has received a determination letter, dated March 31, 2014, for amendments through April 2, 2012, regarding tax exempt status under the provisions of the IRC. The Plan was amended on March 1, 2019; however, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC. Therefore, Plan management believes that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

The Plan is required to file an "Annual Return/Report of Employee Benefit Plan" (Form 5500) with the Internal Revenue Service (IRS). These financial statements agree in all material respects with Form 5500.

U.S. generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's returns are subject to examination by taxing authorities, generally for three years after they are filed.

7. Plan Continuity

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

PETCO ANIMAL SUPPLIES, INC. 401K PLAN
NOTES TO FINANCIAL STATEMENTS, CONTINUED
December 31, 2022 and 2021

8. Party-in-Interest Transactions

The Plan's investments are administered by a trustee under a trust agreement. Accordingly, all purchases and sales of investments were transacted by the trustee.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain investment and administrative expenses of the Plan are paid directly by the Company.

All of these transactions qualify as party-in-interest transactions.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

10. Operational Failures

As more fully described below, various operational failures were discovered during 2019 and 2022 related to the Plan years ended December 31, 2018, 2019, and 2021, respectively. Plan management and the Company believe these operational failures will not cause the Plan to be disqualified by the IRS and that the corrective actions taken allow the Plan to be in compliance with the Plan documents and ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

Failure to Refund Participants' Excess Deferrals

During 2019, the Company identified an operational failure related to the failure to refund participants' excess deferrals. On January 2, 2019, it was discovered that excess 2018 employee deferrals and employer matching contributions had been withheld and remitted to the trustee. During 2019, these excess deferrals and matching contributions were removed from the participant accounts and placed in the forfeiture account. During the 2022 plan year, these excess deferrals totaling \$10,782 have been refunded to the participants.

10. Operational Failures, Continued

Employer Matching Contribution Correction Error

During 2022, it was discovered that certain employer matching contributions errors, which were subsequently discovered by Plan management and corrected in December 2021, had already been automatically corrected by the payroll software, resulting in erroneous corrections. It was determined that participants are owed an additional \$6.134 in matching contributions, and participants received a total of \$6,614 in erroneous matching contributions. During the 2023 plan year, these matching contributions along with related earnings were corrected resulting in a net \$276 being removed from participants' accounts and into the plan forfeiture account.
