We have performed audits of the financial statements of GCE International, Inc. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of GCE International, Inc. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of GCE International, Inc. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about GCE International, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of GCE International, Inc. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about GCE International, Inc. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters–Supplemental Schedule Required by ERISA

The supplemental Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2022 is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information

directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of the GCE International, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan Document and Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of GCE International, Inc. (the "Company" or "Employer"). The Plan was established on January 1, 1992 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan's investments are in the custody of Lincoln National Life Insurance Company, Trustee of the Plan for the year ended December 31, 2022 and from July 2021 to December 31, 2021, and Charles Schwab Trust Bank, Trustee of the Plan, from January 1, 2021 to December 31, 2021. The Benefit Practice performs recordkeeping for the Plan.

Employee Contributions

Each employee (also referred to herein as "participant") of the Company, who has met eligibility requirements, as defined, may contribute to the Plan from 1% to 100% of their annual compensation, as defined, on a pre-tax basis ("Elective Deferrals"), not to exceed the maximum allowable under the Internal Revenue Code for any plan year ($20,500 for 2022). Employees who reach age 50 during a plan year may elect to contribute certain additional amounts beyond those defined limits ($6,500 for 2022). At the discretion of the Plan Administrator, participants may also contribute amounts representing rollover distributions from other qualified defined benefit or defined contribution plans and individual retirement accounts. Employees may make contributions in any combination of Elective Deferrals or Roth Elective Deferrals. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant.

Employer Contributions

The Employer, in its sole discretion, may make matching contributions to the Plan on an annual basis. The percentage of the matching contribution will be determined by the Company and allocated to participants at the end of the plan year. In addition, the Plan allows the Employer to make discretionary contributions. Employer discretionary contributions are allocated based on compensation in relation to all eligible participants. There were no matching contributions or discretionary contributions made by the Company for the year ended December 31, 2022.

Note 1 Description of Plan (continued)

Vesting
Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contributions (collectively "employer contributions") portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service. In addition, upon retirement, permanent disability, or death before retirement, the participant will be fully vested, regardless of years of service.

Participant Accounts
Each participant's account is credited with (a) the participant's contribution, (b) employer contributions, if any, and (c) appropriate earnings on investments made with the contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Notes Receivable from Participants
Participants may borrow from their vested account balance a minimum of $1,000 up to a maximum equal to the lesser of (a) 50% of their vested account balance or (b) $50,000. However, the $50,000 is reduced by the highest outstanding loan balance the participant had under the Plan within the previous twelve-month period on the date the loan is made. Note repayments are made ratably through weekly payroll deductions, with repayment terms ranging from up to 5 years or up to 30 years if for the purchase of a primary residence. The notes are collateralized by the balance in the participant's account. The loan interest rate, determined quarterly, is set at the prime rate as of the last day of the immediately preceding calendar quarter, plus 1%. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. As of December 31, 2022 and 2021, the annual interest rates ranged from 4.25% to 6.5%.

Payment of Benefits
Upon termination of service due to death, disability or retirement, subject to the required commencement date as defined by the Plan and by law, a participant with a vested account balance greater than $5,000 may elect to receive a single lump-sum distribution equal to the value of the participant's vested interest in his or her account. For termination of service due to any other reasons, a participant may elect to receive a single lump-sum distribution equal to their vested account balance at the time of termination or such distribution may be deferred to a later date as provided under the Plan. However, a single lump-sum distribution will be made immediately upon termination if the participant's vested account balance is less than $5,000. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan; should a participant withdraw funds, he or she is not permitted to make elective contributions to the Plan for at least six months.

Note 1 Description of Plan (continued)

Forfeited Accounts
Forfeited, non-vested accounts will be used to reduce future employer contributions or to pay Plan expenses. As of December 31, 2022 and 2021, there were no forfeitures available to reduce employer contributions in future years.

Note 2 Summary of Significant Accounting Policies

Basis of Presentation
The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP") and, accordingly, are prepared on the accrual basis of accounting.

Use of Estimates
The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurement.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are recorded as a distribution based upon the terms of the Plan Document.

Payment of Benefits
Benefits are recorded when paid.

Administrative Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment related expenses are included in net depreciation in fair value of investments.

Note 2 Summary of Significant Accounting Policies (continued)

Corrective Distributions Payable
Amounts refundable to participants for contributions in excess of amounts allowed by the Internal Revenue Service ("IRS") are recorded as a liability with a corresponding reduction to participants' contributions.

Note 3 Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in methodologies used at December 31, 2022 and 2021.

Note 3 Fair Value Measurement (continued)

The following is a description of the valuation methodologies used for assets measured at fair value:

- Mutual funds – valued at the daily closing price as reported by the funds. These funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

- Pooled Separate Accounts – For investments in pooled separate accounts, fair values of the underlying mutual funds are based on publicly quoted market pricing inputs (level 2) and are used in determining the net asset value (NAV) of the pooled separate account, which is not publicly quoted.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	**$ -**	**$ 11,253,431**	**$ -**	**$ 11,253,431**
Total investments at fair value	**$ -**	**$ 11,253,431**	**$ -**	**$ 11,253,431**

	Assets at Fair Value as of December 31, 2021

Total investments at fair value	$ 189	$ 14,174,339	$ -	$ 14,174,528

Note 4 Information Prepared and Certified by the Plan's Trustees

The following is a summary of the investment information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements, that was prepared or derived from information provided by Lincoln National Life Insurance Company and Charles Schwab Trust Bank, the Trustees of the Plan and furnished to the Plan Administrator. The Plan Administrator has obtained a certification from the Trustees that such information is complete and accurate.

	2022	2021
Mutual funds	**$ -**	$ 189
Pooled separate accounts	**$ 11,253,431**	$ 14,174,339
Guaranteed income fund	**$ 575,361**	$ 1,038,016
Notes receivable from participants	**$ 81,928**	$ 125,175
Cash	**$ -**	$ 532
Net depreciation in fair value of investments	**$ (2,629,712)**	
Dividends and interest	**$ 12,716**	
Interest on participant notes receivable	**$ 5,205**	

Note 5 Guaranteed Investment Contract with Insurance Company

The Plan entered into a benefit-responsive guaranteed investment contract with Lincoln National Life Insurance Company (Lincoln) in relation to the Guaranteed Stable Value Account. Lincoln maintains the respective participant-directed contributions in a general account. Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Lincoln, represents the amount participants would receive if they were to initiate a transaction under the terms of the ongoing plan. Interest is credited daily at an interest rate not less than the guaranteed minimum interest rate, as shown on the contract specifications. The interest crediting rate is declared on a quarterly basis. The contract amount maintained in the Guaranteed Stable Value Account is guaranteed against loss of principal, minus all withdrawals, including charges and adjustments. The guarantee is based on Lincoln's ability to meet its financial obligations from general assets. The Guaranteed Stable Value Account could limit the ability of the Plan to initiate or complete a transaction at contract value and could result in an adjustment to the net asset value. The contract value of the investment contract as of December 31, 2022 and 2021 was $575,361 and $1,038,016, respectively.

Note 6 Tax Status

The Plan is based on the Non-Standardized Pre-Approved Profit Sharing Plan with Cash or Deferred Arrangements ("CODA") of FIS Business Systems LLC, which received an opinion letter from IRS dated June 30, 2020 stating that the Pre-approved Plan was designed in accordance with the provisions of the Internal Revenue Code ("IRC"). The Plan has not yet filed for its own determination letter from the IRS. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes due from the Plan has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress.

Note 7 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 8 Party-In-Interest Transactions

Certain plan investments are managed by Lincoln National Life Insurance Company and Charles Schwab Trust Bank. Lincoln National Life Insurance Company and Charles Schwab Trust Bank are the trustees and therefore, these transactions qualify as party-in-interest transactions. The Plan makes loans to participants and therefore, these transactions qualify as a party-in interest.

Note 9 Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 Subsequent Events

The Plan's management has evaluated subsequent events through October 10, 2023, the date the financial statements were available for issuance.
