Report of Independent Auditor

To the Plan Administrator and Management
Wofford College Defined Contribution Retirement Plan
Spartanburg, South Carolina

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Wofford College Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institutions").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating the certified investments information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WOFFORD COLLEGE DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan

The following description of the Wofford College Defined Contribution Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General – The Plan is a combined plan, consisting of a defined contribution retirement plan and a tax deferred annuity plan, established by Wofford College (the “College”) in June 1949, which was previously amended and restated effective January 1, 2016. The Plan covers all employees of the College, except students enrolled and attending classes offered by the College. The Plan provides employer contributions to all employees covered by the Plan over the age of 21 who have earned a year of eligible service, except members of a collective bargaining unit that have negotiated exclusion from coverage as part of the negotiated agreement and adjunct faculty.

On March 27, 2020, Congress signed the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”). The CARES Act took immediate effect and contains several provisions that temporarily impact qualified plans, including a new hardship withdrawal option and a loan payment pause option. The Company incorporated these provisions into the Plan effective March 27, 2020. Additionally, the CARES Act provisions approved by the committee provide for significant changes to new loans and distributions. Loan limits are increased to the lesser of \$100,000 or 100% of participants’ vested account balances. For distributions, participants negatively impacted by the coronavirus (“COVID-19”) outbreak can withdraw up to \$100,000 without being charged a 10% early withdrawal penalty for the 2020 Plan year. The mandatory 20% tax withholding for such distributions is also suspended.

Administration – The Plan is administered by the College which serves without compensation. The Plan administrator has the overall responsibility and authority as the named fiduciary to manage and control the operations and administration of the Plan and may designate one or more individuals to perform those responsibilities. The finance committee of the Board of Directors of the College controls and manages the operation and administration of the Plan. Teacher’s Insurance and Annuity Association of America (“TIAA”) and College Retirement Equities Fund (“CREF”) serve as the “qualified institutions” of the Plan.

Contributions – Participants may contribute up to \$20,500 pre-tax annual compensation subject to certain Internal Revenue Code (“IRC”) limitations. There is no service requirement for an employee to defer a portion of their compensation as a pre-tax deferral. Participants direct the investments of their contributions into various investment options offered by the Plan. Once eligible, participants may also contribute amounts representing distributions from other qualified retirement plans, 403(b) tax sheltered annuity plans, government 457(b) plans, and traditional IRAs. Unless the employee is part of an excluded class of employees noted above, employees must complete one year of service with the College before the employee is eligible to receive contributions made by the College. Participants with hours of service with another institution of higher education will receive credit for time that they worked for the predecessor employer in order to satisfy any additional service requirements for the Plan. The College contributes 10% of eligible employee compensation, as defined by the Plan.

Catch-Up Contributions – If a participant is eligible to make deferrals and turns 50 before the end of any calendar year, the participant may defer an additional \$6,500 into the Plan as a pre-tax contribution subject to certain IRC limitations. If a participant has worked at least 15 years for the College, the participant may make a special catch-up contribution equal to the smallest of the three amounts listed: 1) \$3,000; 2) \$15,000 minus the amount of special catch-up contributions made in the prior years; and 3) \$5,000 times the number of years the participant has worked for the College minus the total amount of deferrals made while the participant worked for the College. Catch-up contributions are eligible for matching contributions made by the College. If a participant qualifies for both types of catch-up deferrals, the contributions will be allocated first as special catch-up contributions.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1—Description of the Plan (continued)

Participant Accounts – Each participant's account is credited and/or reduced with the participant's elective deferral contributions and distributions as well as allocation of (a) the Company's contribution, (b) Plan earnings (losses), (c) forfeitures, and (d) administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions, including catch-up and special catch-up contributions, rollover contributions from other plans, and employer contributions plus actual earnings thereon.

Investment Options – Upon enrollment in the Plan, a participant may direct 100% of their allocation of contributions with TIAA and CREF. Within TIAA and CREF, participants may select between various investment options. Participants may transfer balances periodically as defined in the custodial agreement.

Plan Loans – Participants may obtain loans from funds owned by TIAA and CREF and not directly from a participant's account, a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Adequate security is required and a portion of the participant's account is reserved, or held in collateral, to cover 110% of the outstanding loan in case of default. The collateral is held in the TIAA Insurance Company General Account. The loan interest rate may be fixed or variable and the initial rate is determined by the terms of the controlling contract, as is the rate adjustment details and frequency. For all such loans, principal and interest is paid directly to TIAA and CREF. Plan loans bore interest rates between 4.25% and 4.50% with maturities through April 2027. Principal and interest are paid through an automatic draft of the participant's checking account or billed to the participant by the Custodians. Loans are held directly by the Custodians and are not assets of the Plan. Loans outstanding under the Plan were \$24,721 and \$29,463 as of December 31, 2022 and 2021, respectively.

Notes Receivable from Participants – Notes receivable from participants represent outstanding amounts borrowed from participants accounts with Fidelity. The notes receivable are secured by the balance in the participant's account. Principal and interest are paid by the participant separate from their payroll transactions as contributions are no longer made to these custodians under the Plan.

Benefits Paid to Participants – Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in their account or an annuity. For termination of service for other reasons, distribution of the value of the participant's vested interest in their account will begin as soon as possible after the participant's request.

Forfeited Accounts – As of December 31, 2022 and 2021, the Plan had \$26 and \$25 in forfeited accounts. These amounts will be used to offset future College contributions. Forfeitures were not used during the year ended December 31, 2022.

Note 2—Summary of significant accounting policies

Basis of Accounting – The Plan's financial statements are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Such estimates include those regarding fair value. Accordingly, actual results may differ from those estimates.

WOFFORD COLLEGE DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 2—Summary of significant accounting policies (continued)

Investment Valuation and Income Recognition – Investments are valued at fair value, with the exception of fully benefit-responsive investment contracts, which are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Non-fully benefit-responsive contracts are reported at fair value within the financial statements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded as earned. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Administration Expenses – Except as discussed in Note 6, Plan administration expenses are generally paid by the College, as provided by the Plan document, and are excluded from these financial statements. Certain administrative functions are performed by employees of the College. No such employee receives compensation from the Plan. Investment related expenses are included in net appreciation/depreciation in fair value of investments.

Risks and Uncertainties – Investment securities in general are subject to various risks, such as interest rate, credit, and overall market volatility. Due to the levels of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Benefits Paid to Participants – Benefits paid to participants are recorded when paid.

Note 3—Information certified by the Plan's Custodians (unaudited)

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, the qualified institutions of the Plan, have certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule as of December 31, 2022 and 2021, and for the year ended December 31, 2022:

- Investments, at fair value and fully benefit-responsive guaranteed investment contracts, at contract value and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, interest and dividends, other income, and interest on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

WOFFORD COLLEGE DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 4—Fair value measurements

The Plan follows Financial Accounting Standards Board Accounting Standards Codification 820, *Fair Value Measurements*, which defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The following standard describes three levels of inputs that may be used to measure fair value:

Level 1 – Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date;

Level 2 – Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies; and

Level 3 – Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following are descriptions of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

Money Market Funds – The Plan holds a money market investment, which is a public investment vehicle valued using the net asset value (“NAV”) provided by the administrator of the fund. The underlying assets are generally comprised of short-term securities representing high-quality, liquid debt and monetary assets. This money market fund is classified within Level 1 of the valuation hierarchy.

Mutual Funds – These investments are public investment vehicles valued using NAV provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and, therefore, considered to be readily determinable and classified within Level 1 of the valuation hierarchy.

Pooled Separate Accounts (Real Estate Fund) – These assets are not available in an exchange or an active market; however, the fair value is determined based on NAV of the underlying assets as traded in an exchange or active market. The Real Estate Fund (“REF”) generally invests in real estate properties and real estate related investments. The value of the fund is principally derived from the market value of the underlying real estate holdings or other real estate related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional's opinion. The fund sometimes holds securities as well. These are generally priced using values obtained from independent pricing sources. Unit values are calculated each day. Although the underlying assets of the REF cannot be quickly sold and converted to liquid assets, TIAA and CREF provides the REF with a liquidity guarantee to ensure funds are available to meet participant redemption, transfer, or cash withdrawal requests executed at quoted unit value. Based on this liquidity guarantee, the REF is classified within Level 1 of the valuation hierarchy.

Guaranteed Investment Contract (Non-Fully Benefit-Responsive Contract) – This investment is a guaranteed fixed income annuity backed by TIAA and CREF's claims paying ability whereby the annuity guarantees principal and a minimum interest rate, plus opportunity for additional amounts in excess of the guaranteed rate. The annuity contract is not traded, and significant other observable inputs are not available. This contract is reported at fair value, which approximates contract value, and is classified within Level 3 of the valuation hierarchy.

Note 4—Fair value measurements (continued)

Below are the Plan's financial instruments carried at fair value on a recurring basis by the fair value hierarchy as of December 31:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 371,111	\$ -	\$ -	\$ 371,111
Mutual funds	62,384,287	-	-	62,384,287
Pooled separate account	3,393,154	-	-	3,393,154
Guaranteed investment contracts	-	-	14,796,895	14,796,895
Total assets in fair value hierarchy	<u>\$ 66,148,552</u>	<u>\$ -</u>	<u>\$ 14,796,895</u>	<u>\$ 80,945,447</u>

Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Money market fund	\$ 251,253	\$ -	\$ -	\$ 251,253
Mutual funds	78,523,083	-	-	78,523,083
Pooled separate account	3,507,952	-	-	3,507,952
Guaranteed investment contracts	-	-	14,953,468	14,953,468
Total assets in fair value hierarchy	<u>\$ 82,282,288</u>	<u>\$ -</u>	<u>\$ 14,953,468</u>	<u>\$ 97,235,756</u>

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table shows the amount of transfers into and out of, purchases, and issues of Level 3 investments for the year ended December 31, 2022:

Purchases	<u>\$ 158,791</u>
Withdrawals	<u>\$ (1,214,132)</u>
Earnings	<u>\$ 608,108</u>
Transfers in	<u>\$ 1,801,180</u>
Transfers out	<u>\$ (1,510,520)</u>

WOFFORD COLLEGE DEFINED CONTRIBUTION RETIREMENT PLAN **NOTES TO THE FINANCIAL STATEMENTS**

DECEMBER 31, 2022 AND 2021

Note 4—Fair value measurements (continued)

The following tables represent the Plan's Level 3 financial instruments and the significant unobservable inputs and the ranges of values for those inputs as of December 31:

2022			
Assets	Fair Value	Unobservable Inputs	Range (Weighted Average)
Guaranteed investment contracts	\$ 14,796,895	Risk-adjusted discount rate applied	RA - 4.60% - 6.60% GSRA - 3.85% - 5.85%
2021			
Assets	Fair Value	Unobservable Inputs	Range (Weighted Average)
Guaranteed investment contracts	\$ 14,953,468	Risk-adjusted discount rate applied	RA - 3.70% GSRA - 3.00%

Note 5—Guaranteed investment contracts with insurance company

The Plan invests in traditional guaranteed investment contracts, which consist of guaranteed fixed annuity contracts with TIAA and CREF. Fully benefit-responsive guaranteed investment contracts include the Group Supplemental Retirement Annuity account ("GSRA"), Group Supplemental Retirement Annuity 2, and Plan Loan Default Fund. Non-fully benefit-responsive guaranteed investment contracts include the Retirement Annuity account ("RA"). TIAA and CREF maintains the contributions in the TIAA and CREF General Account. TIAA and CREF groups the premium dollars it receives over defined time periods into vintages, typically composed of one or more contiguous calendar months, for the purpose of determining the crediting rate to participants' accounts. The crediting rate for each vintage is determined, in part, by the net investment earnings rate of the TIAA and CREF assets supporting that vintage, minus a charge for administrative expenses and an amount set aside for contingency reserves. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value, which approximates fair value. Guaranteed investment contracts are valued at fair value provided by TIAA and CREF which approximates contract value when applicable.

A portion of the guaranteed investment contracts are fully benefit-responsive; contract value is the relevant measurement attribute for that portion of the net assets available for benefits. The fully benefit-responsive portion, which totaled \$4,326,110 and \$3,904,375 as of December 31, 2022 and 2021, respectively, is included in the statements of net assets available for benefits at contract value which approximates fair value as reported to the Plan by TIAA and CREF. The non-fully benefit-responsive portion, which totaled \$14,796,895 and \$14,953,468 as of December 31, 2022 and 2021, respectively, is included in the statements of net assets available for benefits at fair value as reported to the Plan by TIAA and CREF. Fair value approximates contract value for all TIAA and CREF contracts held by the Plan.

WOFFORD COLLEGE DEFINED CONTRIBUTION RETIREMENT PLAN

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 5—Guaranteed investment contracts with insurance company (continued)

Certain events limit the Plan's ability to transact at contract value with TIAA and CREF. Such events include the following: (a) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe any events that would limit the Plan's ability to transact at contract value with Plan participants are probable of occurring.

The guaranteed investment contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6—Party-in-interest transactions

Plan investments are shares of mutual funds, a pooled separate account, guaranteed investment contracts, and interest-bearing cash managed by TIAA and CREF as of and for the year ended December 31, 2022.

Fees paid by the Plan for the investment management services of TIAA and CREF amounted to \$243,630 for the year ended December 31, 2022. The \$243,630 in fees is included within net depreciation in fair value of investments in the statement of changes in net assets available for benefits for the year ended December 31, 2022. An additional \$1,709 related to investment advisory services is included in the statement of changes in net assets available for benefits for the year ended December 31, 2022.

Note 7—Plan termination

The College believes the Plan will continue without interruption but reserves the right to discontinue the Plan. In the event such discontinuance results in termination of the Plan, the Plan provides that the assets be allocated among the participants and beneficiaries in the amounts credited to each participant's respective account at the effective date of such termination. Distribution of participant account balances will occur as soon as administratively feasible upon termination of the Plan.

Note 8—Tax status

The Internal Revenue Service ("IRS") is developing a determination letter program for Section 403(b) plans; however, the procedures for a Section 403(b) plan determination letter program have not been issued. The Plan is designed through a prototype plan and the prototype sponsor, as well as the Plan's sponsor, believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.
