INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
American State Bank 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of American State Bank 401(k) Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the American State Bank 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of American State Bank 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American State Bank 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American State Bank 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American State Bank 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) and Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**AMERICAN STATE BANK 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the American State Bank 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution plan adopted on January 1, 2008 covering all employees of American State Bank (the “Bank” or the “Employer”) who have satisfied eligibility requirements. Eligible employees are permitted to make tax-deferred contributions and after-tax (“Roth”) contributions under Section 401(k) of the Internal Revenue Code (“IRC”). The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (“ERISA”). The Plan Administrator serves as the Trustee and oversees governance of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

During the year ended December 31, 2022, certain participants transferred their account balances from a qualified retirement plan of an affiliate of the Bank into the American State Bank 401(k) Plan.

The Plan was amended and restated, effective January 1, 2022, to include Steele Resources as an employer with whom prior years of service will be counted towards eligibility and vesting purposes for participants of the Plan.

ELIGIBILITY

Employees become eligible for participation at the age of eighteen and upon completion of at least three consecutive months of service. Employees of the Bank are eligible to participate in the Plan on the first day of the quarter following the completion of eligibility requirements. Acquired employees who continue employment with the Bank receive credit for prior years of service for purposes of eligibility and vesting. Eligibility provisions apply to participation, allocations and non-discretionary Employer contributions.

CONTRIBUTIONS

Participants may elect to make salary deferral contributions up to 100% of eligible compensation, as defined by the Plan agreement, subject to certain maximum limitations imposed by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, subject to the maximum limitation imposed by the IRC. Rollover contributions from qualified plans are allowed.

The Employer makes two forms of contributions to eligible participants under the provisions of the Plan, 1) a safe harbor contribution and 2) a matching contribution. The safe harbor contribution is calculated as 100% of the first 3% of eligible compensation. The matching contribution is calculated as 50% of the participant's salary deferral contributions, up to a maximum of 6% of eligible compensation each pay period.

The Employer may also make a discretionary profit-sharing contribution, as defined by the Plan agreement. During the year ended December 31, 2022, no discretionary profit-sharing contributions were made.

Participants direct the investment of their contributions into various investment options offered by the Plan. However, if an employee does not designate how their contributions should be invested, their contributions will be invested in a designated balanced fund until changed by the participant.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions and the Employer's contributions. Allocations of plan earnings and administrative expenses are based on participant account balances, as defined in the Plan agreement. Only participants with 1,000 hours of service within the Plan year are eligible to receive discretionary contributions and must be an active employee at year end or be an otherwise qualified participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

VESTING

Participants are immediately vested in their elective deferral contributions, rollover contributions and the Employer's safe harbor contributions, plus actual earnings thereon. Vesting in employer discretionary contributions portion of their account, plus earnings thereon, is based on years of service. A participant vests ratably beginning at one year of service and is 100 percent vested after five years of credited service.

FORFEITURES

Any portion of the balance in a participant's account that is not vested will become a forfeiture upon the distribution of the entire vested account balance or upon the occurrence of a break in service, as defined by the Plan agreement. Forfeitures can be used to pay administrative expenses of the Plan, reduce employer contributions or serve as discretionary contributions to remaining participants of the Plan. At December 31, 2022 and 2021, unallocated forfeitures totaled approximately \$2,848 and \$3,020, respectively. During the year ended December 31, 2022, forfeitures received by the Plan totaled \$8,133 and amounts used by the Plan to reduce Employer contributions totaled \$8,305.

PAYMENT OF BENEFITS

Participants are entitled to the benefits that can be provided from their vested individual account balances upon death, disability, termination of service or normal retirement, as defined by the Plan agreement. In-service withdrawals of salary deferral balances are permitted if a participant has completed five years of service or has incurred a financial hardship, as described within applicable sections of the IRC. Distributions are to be made in the form of lump-sum payments as cash distributions or direct rollover to another qualified plan.

The Plan provides for an automatic rollover into an individual retirement account of amounts less than \$5,000 if the participant does not elect to have such distributions paid directly into another eligible retirement plan or account, or to receive the distribution directly. However, if the vested balance is greater than \$5,000, no distribution will be made from the Plan without the participant's consent.

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their participant accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance, excluding Roth deferrals. The notes are secured by the balance in the participant's account and bear interest at two percent above the USA Today prime rate posted at the time of loan funding. Principal and interest is paid ratably through payroll deductions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting.

USE OF ESTIMATES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

NOTES RECEIVABLE FROM PARTICIPANTS

Participant loans are classified as notes receivable and are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant fails to comply with the terms of a loan and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment, a deemed distribution, or a combination of the two.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

The Employer and the Plan participants share in the Plan expenses. All fees related to individual participant activity, including withdrawal and loan origination fees, are charged and deducted from the respective participant's account or investment income. Investment management fees and other service fees are charged to the Plan as a reduction of investment return, are included in the investment income (loss) or administrative expenses reported by the Plan and are allocated to participant accounts based on participant earnings or account balances, as defined. Expenses paid by the Employer are excluded from these financial statements.

PLAN MANAGEMENT'S REVIEW OF SUBSEQUENT EVENTS

Plan Management has evaluated subsequent events through October 11, 2023, which is the date the financial statements were available to be issued.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held at December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, and interest and dividends for the year ended December 31, 2022, was obtained from data that has been prepared and certified as complete and accurate by John Hancock Life Insurance Company, the custodian:

	<u>2022</u>	<u>2021</u>
Investments, at fair value:		
Pooled separate accounts	<u>\$ 6,145,606</u>	<u>\$ 6,058,431</u>
Net depreciation in fair value of investments	<u>\$ (1,100,726)</u>	

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

**AMERICAN STATE BANK 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021
CONTINUED**

NOTE 4 - FAIR VALUE MEASUREMENTS - CONTINUED

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation method include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled separate accounts: Valued at the net asset value ("NAV") of units of each fund or collective trust. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

In accordance with accounting principles generally accepted in the United States of America, certain investments that were measured at net asset value per share practical expedient (or its equivalent) have not been classified in the fair value hierarchy.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021:

December 31, 2022	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 6,145,606	N/A	Daily	None
December 31, 2021	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 6,058,431	N/A	Daily	None

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

**AMERICAN STATE BANK 401(K) PLAN
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021
CONTINUED**

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering services to the Plan, the employer and certain others. As such, John Hancock, the custodian, is considered a party-in-interest. The Plan holds units of certain pooled separate accounts issued and managed by the custodian. Therefore, these investments qualify as party-in-interest transactions. Fees paid to the custodian and other service providers are party-in-interest transactions and are included in administrative expenses or net appreciation of fair value of investments in the statement of changes in net assets available for benefits. All such party-in-interest transactions are covered by an exemption from the "prohibited transactions" provisions of ERISA and the IRC.

NOTE 7 - TAX STATUS

Effective December 31, 2018, the Plan adopted a prototype volume submitter defined contribution plan with the IRC Section 401(k) Cash or Deferred Arrangement ("CODA") which received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the form of the plan is acceptable under Section 401 of the IRC, not subject to tax under present income tax law. Although the Plan has been amended since the date of the letter, the Plan Administrator and the Plan's tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan's federal returns for the past three years are subject to examination by tax authorities and may change upon examination.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investments in general are exposed to various risks such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 9 - DELINQUENT PARTICIPANT CONTRIBUTIONS

During the Plan year ending December 31, 2022, the Employer was late in remitting participant contributions for a pay period. Failure to remit participant contributions in a timely manner constitutes a prohibited transaction. These late remittances totaled \$14,551 and are included on the Schedule of Delinquent Participant Contributions. The late remittances, plus lost earnings and interest, were remitted to the Plan or paid to separated participants during 2023, following the DOL guidelines for late deposits.
