Independent Auditor's Report

The Audit Committee and the 401(k) Advisory Committee
Titan Machinery Inc. 401(k) Profit Sharing Plan
West Fargo, North Dakota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Titan Machinery Inc. 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i-schedule of assets held at end of year as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Description of Plan

The following description of the Titan Machinery Inc. 401(K) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering employees of Titan Machinery Inc. (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company has established a 401(k) Committee which determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Eligibility

Employees are eligible to participate in and enter the Plan upon hire if they have attained age 19.

Contributions

Participating employees contribute an amount each pay period as provided in their salary deferral agreement. Employees may contribute up to 100% of their eligible compensation to a maximum of \$20,500 for 2022 plus catch-up contributions of up to \$6,500 for participants aged 50 years or older. Employees may change their deferral election at any time. The Plan has an automatic enrollment provision at a deferral rate of 6%. Participants can elect post-tax Roth 401(k) contributions in addition to or in place of pre-tax traditional 401(k) contributions. Participants may also contribute amounts from distributions from other qualified plans.

The Plan includes a discretionary employer matching contribution in which the Company determines the formula for matching contributions annually, and a discretionary non-elective contribution. For the year ended December 31, 2022, the Company contributed to the Plan an employer matching contribution in an amount equal to 50% of the participant’s elective deferrals, up to a maximum of 8% of eligible compensation. No discretionary non-elective employer matching contribution was made for the year ended December 31, 2022.

Participant Accounts

Each participant is credited with the participant's contribution, Company’s contribution, an allocation of Plan earnings or losses, and administrative expenses. Allocations of earnings are based on participant account balances as defined. Each participant is entitled to the vested portion of their account balance.

Investment Options

Upon enrollment to the Plan, a participant may direct employee and employer contributions in any of the investment funds offered by the Plan. Participants may change their investment elections at any time.

Vesting

Participants are immediately vested in their voluntary contributions into the Plan plus actual earnings thereon. Participants are 100% vested in balances from qualified retirement plans that merged with the Plan. Participants become 100% vested in their employer matching contributions upon attainment of Normal Retirement Age, defined as age 59 ½. Employees also become 100% vested upon attainment of Early Retirement Age, defined as the later of the date of attaining age 55 or the date upon completion of six years of service with the Company. The vesting in the remainder of their accounts is based on years of service as follows:

<u>Years of Service for Vesting</u>	<u>Vested Percentage</u>
6 or more	100%
5	80%
4	60%
3	40%
2	20%
Less than 2	0%

A year of service for vesting is credited upon completion of 1,000 hours of service during a Plan year.

Forfeitures

Forfeitures of discretionary non-elective contributions are used to offset employer discretionary non-elective contributions, and forfeitures of employer matching contributions are used to offset employer matching contributions. During the year ended December 31, 2022, \$341,463 was used to offset employer matching contributions. As of December 31, 2022 and 2021, \$325,995 and \$162,675, respectively, was available to be reinstated and offset future employer contributions.

Payment of Benefits

A participant is entitled to benefits as soon as administratively feasible following the date on which a distribution is requested or is otherwise payable after one of the following events:

- Upon attainment of age 59 ½
- Termination
- Disability
- Death
- Hardship

Distribution payments are made in lump sum, partial payments, or installment payments as requested by the recipient. If the participant's account is between \$1,000 and \$5,000, the account balance will be automatically rolled over to an IRA, unless otherwise directed by the participant. Account balances less than \$1,000 will be distributed as a lump sum, unless otherwise directed by the participant.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminated, participants would become 100% vested in the Company's matching contributions.

Note 2 - Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value as determined by the record-keeper by reference to published market data, except for the fully benefit responsive investment contract which is reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit –responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Contributions received are invested in the various funds offered by the Plan as directed by the participants. Realized and unrealized gains and losses on investments that were bought, sold, and held during the year are included in net depreciation in fair value of investments.

Purchases and sales of securities are recognized on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as those held within the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Fees

The Plan's expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan and certain investment related expenses are included in net depreciation of fair value of investments presented in the accompanying statement of changes in net assets available for benefits.

Note 3 - Fair Value Measurements

The Financial Accountant Standards Board Accounting Standard Codification 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under authoritative guidance are described below:

Level 1 – Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs that cannot be corroborated by observable market data and reflect the use of significant management judgment.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 152,839,512	\$ -	\$ -	\$ 152,839,512
Total assets at fair value	<u>\$ 152,839,512</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 152,839,512</u>
	2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 182,787,442	\$ -	\$ -	\$ 182,787,442
Total assets at fair value	<u>\$ 182,787,442</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 182,787,442</u>

Fair value for mutual funds was determined based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. There has been no change in the methodology employed to determine fair value at December 31, 2022 and 2021.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Information Certified by the Plan Custodian

Certain information related to investments disclosed in the accompanying financial statements and ERISA required supplemental schedule, including investments held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest, and dividends, for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America ("Empower") and Empower Trust Company, LLC, custodians of the Plan.

Note 5 - Tax Status

The Plan uses a pre-approved plan document sponsored by Great-West Trust Company, LLC, a subsidiary of Great-West Life & Annuity Insurance Company ("GWL&A"), which received an opinion letter from the IRS, dated June 30, 2020, stating that the pre-approved document satisfies the applicable provisions of the IRC. The Plan has been amended since the latest opinion letter, but the plan sponsor believes the Plan is operating in accordance with tax regulations.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Contract with Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract (GIC) with GWL&A. GWL&A maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. The GIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Because the GIC is fully benefit-responsive, contract value is the relevant measure for the GIC. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contract at December 31, 2022 and 2021 was \$5,004,272 and \$5,575,773.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

The contract permits the insurance company to terminate the agreement with 60 days advanced written notice.

Note 7 - Related Party Transactions and Party in Interest Transactions

Certain Plan investments are managed by GWL&A and its subsidiaries, the recordkeeper and custodian for the Plan. Therefore, these transactions qualify as party in interest transactions.

GWL&A provides certain administrative services to the Plan pursuant to a service agreement between the Plan and GWL&A. GWL&A receives income from mutual fund service providers for services provided to the funds. This income is used to offset certain amounts owed to GWL&A for its administrative services to the Plan.

If the income received by GWL&A from such mutual fund service providers exceeds the amount owed under the service agreement, GWL&A remits the excess to the Plan's trust on a quarterly basis. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participant. During the year ended December 31, 2022, income in the amount of \$72,038 was used to offset administrative services.

Note 8 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or global conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 - Subsequent Events

Effective January 1, 2023, the Company changed the automatic enrollment provision as new hires are automatically enrolled in an 8% deferral plan but can elect to change the withholding amount and/or change it to a post-tax Roth 401(k) contribution.

The Plan sponsor has evaluated subsequent events through October 9, 2023, the date which the financial statements were available to be issued.
