Independent Auditors' Report

To the Plan Administrator
of Drilling Info, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Drilling Info, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held for Investment Purposes at End of Year as of December 31, 2022 and Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 – Description of the Plan

The following description of the Drilling Info, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

Drilling Info, Inc. (the "Plan Sponsor") adopted the Plan effective January 1, 2005. Effective January 1, 2023, the Plan Sponsor amended the Plan Document to reflect its corporate name, Envenus, Inc, and amended the plan name to Enverus 401(k) Plan.

The Plan is a defined contribution plan covering all eligible employees of the Plan Sponsor, and its subsidiaries, who are at least 21 years of age, as defined by the Plan Document, with exception of certain classes of employees identified in the Plan Document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective January 1, 2022, the Plan was amended to merge the Marginal Unit 401(k) Plan and the TriNet 401(k) Plan pertaining to Energy Acuity, LLC into the Plan. The respective plan assets were transferred to the Plan.

Administration

The Plan is administered by the Plan Sponsor. Plan assets are held by the Principal Trust Company (the "Trustee"). The financial records of the Plan are maintained by Principal Financial Group (the "Recordkeeper").

Participant Contributions

Contributions are made to the Plan by the Plan Sponsor on behalf of each eligible participant based upon the participant's elected compensation deferral through payroll deductions. The Plan Sponsor funds the contributions at the end of each payroll period. Eligible participants may elect to contribute 1% to 100% of their eligible compensation, in whole percentages, to the Plan up to the statutory limit of $20,500 for 2022, as permitted by the Internal Revenue Code of 1986, as amended ("IRC"). The Plan has an automatic enrollment without automatic escalation provision. Unless the participant elects not to make contributions, participants are enrolled in the Plan with a 5% contribution. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Effective January 1, 2023, the Plan automatically increases participant contributions by 1% annually, not to exceed 10%.

Participants age 50 and older as of December 31 of the Plan year are permitted to make elective catch-up deferrals in accordance with Section 414(v) of the IRC.

Employer Contributions

The Plan Sponsor contributes Safe Harbor employer matching contributions equal to 100% of the first 3% of contributed compensation and 50% of the next 2% of contributed compensation.

The Plan Sponsor may also elect to make a discretionary contribution of an equal dollar amount to all eligible participants, in addition to the matching contribution. For the year ended December 31, 2022, the Plan Sponsor did not make a discretionary contribution to the Plan.

Note 1 – Description of the Plan (continued)

Participant Accounts
Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Plan Sponsor's contribution and (b) plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Rollovers and Transfers
Participants who have a balance in another qualified employee benefit plan, as described in Section 401(a) of the IRC, may transfer or rollover the lump sum values of their account directly into the Plan, provided it meets the requirements of the IRC.

Vesting
Participants are immediately and fully vested in their contributions plus actual earnings and in the Safe Harbor employer matching contribution plus actual earnings.

Notes Receivable from Participants
Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000, or 50% of their vested account balance, whichever is less. The notes receivable are secured by the balance in the participant's account. The rate of interest on the note will be determined by the Plan Administrator based on the prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Only two note receivables may be initiated in one calendar year and two note receivables may be outstanding at a time unless one loan is a principal residence loan amortized for a period greater than five years.

All notes must be repaid in level payments through after-tax payroll deductions each pay period over a five-year period unless it is for the purchase of the principal residence in which case the note repayment period may not extend beyond 10 years from the date of the note.

Payment of Benefits
Benefits become available to participants on the earliest of four events: (1) termination of employment, (2) death of the participant (benefits are payable to the participants spouse or beneficiary), (3) disability of the participant, or (4) the participant's retirement.

A participant may receive the value of the vested balance in his or her account as a lump-sum distribution, installment distributions, partial distribution or may roll the amount over into another qualified plan. If the vested account balance is $5,000 or less, the Plan Administrator may direct the Trustee to distribute the amount as a lump-sum to the terminating participant regardless of whether participant consent is received. Participants are permitted to remain in the Plan if their account balance exceeds $5,000.

The benefits can be left in the Plan until the participant retires. Benefits cease to vest upon termination of employment. Non-vested benefits will be forfeited on such date. However, the participant is required to begin taking minimum distributions no later than April 1 of the calendar year following the calendar year the participant turns 70 ½ or terminates employment, whichever is later.

Active participants can withdraw benefits once they reach 59 ½ years of age. In-service distributions are permitted due to hardship, as defined in the Plan and subject to the satisfaction of the Plan Administrator.

Note 1 – Description of the Plan (continued)

On termination of employment due to death prior to retirement, 100% of the Plan Sponsor contributions become immediately vested. The value of the account shall be paid in accordance with the above stated distribution procedure.

Upon a participant obtaining the normal retirement age 65, while still employed, 100% of the Plan Sponsor contributions become immediately vested. Should a participant reach age 65 and not elect to terminate employment, the participant can take an in-service distribution from the vested account balance.

If the participant becomes disabled and is eligible for Social Security disability benefits or is determined disabled by a physician selected by the Plan Administrator, the full value of the participant's account becomes 100% vested and shall be paid in accordance with the above-stated distribution procedure.

Forfeited Accounts
The portion of the participant's employer contribution accounts that are not vested upon termination of service shall be forfeited as of the earlier of (i) the date the vested portion is distributed or (2) the date the participant incurs a five-consecutive-year period of severance from his or her original termination date.

At December 31, 2022 and 2021, the available forfeited non-vested accounts totaled $0. These accounts may be used to reduce future plan administrative expenses and employer contributions. During the year ended December 31, 2022, $1,685 of forfeitures were used to reduce employer contributions and employer expenses.

Plan Termination
Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts and distributions would be made as soon as administratively practical after the Plan terminates.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting
The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates
The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition
Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment adviser and Trustee. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies (continued)

Payment of Benefits
Benefits are recorded when paid.

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and Plan management deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded. During the year ended December 31, 2022, $41,764 was recorded as interest income on notes receivable from participants.

Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Risks and Uncertainties
Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of investment securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events
The Plan has evaluated subsequent events through October 6, 2023, the date the financial statements were available to be issued.

Note 3 – Information certified by the Trustee

The Plan Sponsor has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

- Investments, at fair value and notes receivable from participants, as shown in the statements of net assets available for benefits, as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits, for the year ended December 31, 2022.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i and Schedule of 5% Reportable Transactions as of December 31, 2022.

The Plan's independent auditor did not perform auditing procedures with respect to the certified information, except for comparing such information to the related information included in the financial statements and supplemental schedule of assets (held at end of year).

Note 4 – Tax Status

The Plan Sponsor has not applied for a determination letter from the Internal Revenue Service ("IRS") to determine if the Plan is designed in accordance with applicable sections of the IRC. The Plan document was based upon a prototype non-standardized profit sharing plan with cash or deferred arrangement ("CODA") plan instrument from Principal Life Insurance Company which received an IRS opinion letter dated March 31, 2014. Effective February 18, 2022, the Plan document was amended based upon a non-standardized pre-approved profit sharing plan with CODA plan instrument from Principal Life Insurance Company which received an IRS opinion letter dated June 30, 2020. The plan instrument has been updated for legislative and regulatory changes.

The Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the Plan Administrator believes it is subject to income tax examinations for three years.

Note 5 – Fair Value Measurements

The Plan follows a framework for measuring fair value, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of the fair value hierarchy are described as follows:

- Level one — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level two — Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level three — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at the daily closing price as reported by the fund. The mutual funds are registered with the Securities and Exchange Commission and are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 5 – Fair Value Measurements (continued)

Common collective trusts: Valued at the NAV of units for each trust. The NAV, as provided by the Trustee, are used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

Pooled separate accounts: The units of pooled separate accounts are stated at fair value as determined by the issuer of the account based on the fair value of the underlying investments. Individual participant accounts invested in the pooled separate accounts are maintained on a unit value basis.

Guaranteed investment contract ("GIC"): The Plan's GIC with Principal Trust Company is valued at contract value, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

Note 5 – Fair Value Measurements (continued)

The following table summarizes the investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for this investment; the redemption notice period is applicable only to the Plan.

Total	$ 57,463,821	$ 64,929,507			

Note 6 – Parties in Interest Transactions

Certain Plan investments are managed by the Trustee or its affiliates. Fees incurred by the Plan for related investment management services are included in administrative expenses and net depreciation in fair value of investments. Certain fees incurred by the Plan for recordkeeping and audit fees are included in administrative expenses. Transactions such as these qualify as party-in-interest transactions. The Plan Sponsor pays directly certain other fees related to the Plan's operations.

Note 8 – Prohibited Transactions

During 2020, the Plan Sponsor failed to remit participant contributions in a timely manner. The Plan Sponsor identified two instances during the year ended December 31, 2020, where $20,559 in participant contributions and $528 in participant loan repayments were remitted to the Plan in violation of DOL regulations. The missed earnings and interest were corrected in January 2022 outside of the DOL's Voluntary Fiduciary Correction Program ("VFCP"). A summary of nonexempt prohibited transactions related to the delinquent remittances is shown in the attached supplemental schedule of delinquent participant contributions for the year ended December 31, 2022.

Note 9 – Corrective Employer Contributions Receivable

During 2020, the Plan Sponsor identified two eligible participating employees that did not receive the earned safe harbor employer match contribution due to an administrative error. In January 2022, the Plan Sponsor corrected through the IRS's Self Correction Program ("SCP") and made a QNEC in the amount of $5,644 for the missed contributions and related lost earnings and interest to the Plan on behalf of the affected participants. The Plan recorded a corrective employer contributions receivable of $5,644 as of December 31, 2021.

During 2021, the Plan Sponsor identified two situations which resulted in eligible participating employees not receiving their full, earned Safe Harbor employer match contribution. One participant's Safe Harbor employer match was missed entirely, and several participants Safe Harbor employer match amounts were prematurely capped; both due to an administrative error. In September 2022, the Plan Sponsor corrected through the IRS's SCP and made a QNEC in the amount of $19,543 for the missed contributions and related lost earnings and interest to the Plan on behalf of the affected participants. The Plan recorded a corrective employer contributions receivable of $19,543 as of December 31, 2021.

Note 10 – Employer Contributions Receivable

In July 2023, the Plan Sponsor processed and submitted the annual Safe Harbor employer match true-up in the amount of $283,519, including the related lost earnings and interest, to the Plan on behalf of the affected participants. The Plan recorded an employer contributions receivable of $283,519 as of December 31, 2022.

In September 2022, the Plan Sponsor processed and submitted the annual Safe Harbor employer match true-up in the amount of $313,818, including the related lost earnings and interest, to the Plan on behalf of the affected participants. The Plan recorded an employer contributions receivable of $313,818 as of December 31, 2021.

Note 11 – Excess Contributions Payable

During 2021, the Plan Sponsor failed to apply the Plan Document definition of compensation for certain participants which resulted in excess contributions. Under the advisement of an ERISA attorney, on August 1, 2023, the Plan Sponsor corrected through the IRS's SCP by executing a Correction Amendment to the Plan effective January 1, 2021 through December 31, 2022. The amendment overrides all provisions of the Plan document relating to compensation used in calculating contributions and modifies the language to the operational definition of compensation: to include employer-paid premiums for group term life insurance in excess of $50,000 and short- and long-term disability as part of 401(k) eligible earnings. As of the date of the Independent Auditors' Report, the Plan Sponsor is in process of executing a retro-amendment with the Recordkeeper, effective January 1, 2023 to formally update the Plan document definition of compensation to agree with the current operational definition.

This representation letter is provided in connection with your audit of the financial statements and supplemental schedules of Drilling Info, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the disclosures (collectively, the "financial statements"), for the purpose of expressing an opinion as to whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States (U.S. GAAP) and whether the supplemental schedules are fairly stated in all material respects in relation to the financial statements as a whole. As permitted by Regulation 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), we have elected for you to not perform any auditing procedures with respect to information prepared and certified to by Principle Trust Company, the trustee, in accordance with DOL Regulation 2520.103-5, except for comparing the information with the related information included in the financial statements and supplemental schedules. We understand that the form and content of the information in the financial statements and supplemental schedules, other than that derived from the information certified by Principle Trust Company, has been audited by you in accordance with auditing standards generally accepted in the United States of America, and was subjected to tests of our accounting records and other procedures you considered necessary to enable you to express an opinion as to whether they are presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm, to the best of our knowledge and belief, as of the date of this letter, the following representations made to you during your audit.

Information Provided

19) We have provided you with:

a) Access to all information, of which we are aware, that is relevant to the preparation and fair presentation of the financial statements, such as records (including information obtained from outside of the general and subsidiary ledgers), documentation, and other matters.

b) A substantially complete draft of Form 5500.

c) Additional information that you have requested from us for the purpose of the audit.

d) Unrestricted access to persons within the Plan from whom you determined it necessary to obtain audit evidence.

e) Current plan instruments, trust agreements, insurance contracts, or investment contracts and amendments to such documents entered into during the year, including amendments to comply with applicable laws.

f) All minutes of all relevant board and committees or summaries of actions of recent meetings for which minutes were not yet prepared.

20) All material transactions have been recorded in the accounting records and are reflected in the financial statements.

21) We have disclosed to you the results of our assessment of the risk that the financial statements may be materially misstated as a result of fraud.

22) We have no knowledge of any fraud or suspected fraud that affects the Plan and involves:

1) Management,

2) Employees who have significant roles in internal control, or

3) Others where the fraud could have a material effect on the financial statements.

23) We have no knowledge of any allegations of fraud or suspected fraud affecting the Plan's financial statements communicated by employees, former employees, participants, regulators, beneficiaries, service providers, third-party administrators, or others.

24) We have no knowledge of any instances of noncompliance or suspected noncompliance with laws and regulations (including ERISA, DOL, and IRS regulations) whose effects should be considered when preparing financial statements.

25) We have disclosed to you the names of all of the Plan's related parties and parties in interest and all the related-party and party-in-interest relationships and transactions, including any side agreements.

26) The Plan has satisfactory title to all owned assets, which are recorded at fair value, all liens, encumbrances, or security interests requiring disclosure in the financial statements have been properly disclosed.

27) We have no—

1) Plans or intentions that may materially affect the carrying value or classification of assets and liabilities.

2) Intentions to terminate the Plan.

28) Amendments to the Plan instrument, if any, have been properly recorded or disclosed in the financial statements.

DocuSign Envelope ID: 4E898E84-5AB5-4084-84F4-AF3C2FE8953E

31) All required amendments to and filings of the Plan documents with the appropriate agencies have been made. The Company has not applied for a determination letter from the IRS to determine if the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan document was based upon a prototype non-standardized profit sharing plan with cash or deferred arrangement ("CODA") plan instrument from Principal Life Insurance Company which received an IRS opinion letter dated March 31, 2014. Effective February 18, 2022, the Plan document was amended based upon a non-standardized pre-approved profit sharing plan with CODA plan instrument from Principal Life Insurance Company which received an IRS opinion letter dated June 30, 2020. The plan instrument has been updated for legislative and regulatory changes. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

32) The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan (and trust). The Plan sponsor has operated the Plan (and trust) in a manner that did not jeopardize this tax status. Required nondiscrimination testing related to Code Section 401(k) and 401(m) arrangements, as applicable, has been completed for the Plan, and any excess deferrals or contributions have been disposed of in accordance with regulations.

33) The Plan has complied with the fidelity bonding requirements of ERISA.

34) We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.

35) We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).

36) We acknowledge our responsibility for presenting the Schedule of Assets Held for Investment Purposes at End of Year and the Schedule of Delinquent Participant Contributions (the "Supplemental Schedules"), in accordance with U.S. GAAP and in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We believe the form and content of the Supplemental Schedules are fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The methods of measurement and presentation of the Supplemental Schedules have not changed from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the Supplemental Schedules.

37) As part of your audit, you have prepared the financial statements of the Plan in conformity with U.S. GAAP, performed certain reconciliations and prepared cash-to-accrual conversions (as applicable), based on information provided by us. We have designated an individual with suitable skill, knowledge, or experience to oversee these services; have assumed all management responsibilities regarding these services; evaluated the adequacy and results of the services you have performed; and accepted responsibility for the results of these services.

38) During 2020, the Plan Sponsor failed to remit participant contributions in a timely manner. The Plan Sponsor identified two instances during the year ended December 31, 2020, where $20,559 in participant contributions and $528 in participant loan repayments were remitted to the Plan in violation of DOL regulations. The missed earnings and interest were submitted to the Plan in accordance with the DOL Self Correction Program (SCP) in January 2022.

39) During 2020, the Plan Sponsor identified two eligible participating employees that did not receive the earned safe harbor employer match contribution due to an administrative error. In January 2022, the Plan Sponsor entered the DOL's SCP and made a QNEC in the amount of $5,644 for the missed contributions and related lost earnings and interest to the Plan on behalf of the affected participants. The Plan recorded a corrective employer contributions receivable of $5,644 as of December 31, 2021.

DocuSign Envelope ID: 4E898E84-5AB5-4084-84F4-AF3C2FE8953E

40) During 2021, the Plan Sponsor failed to apply the Plan Document definition of compensation for certain participants which resulted in excess contributions. Under the advisement of an ERISA attorney, on August 1, 2023, the Plan Sponsor entered into the IRS SCP by executing a Correction Amendment to the Plan effective January 1, 2021 through December 31, 2022. The amendment overrides all provisions of the Plan document relating to compensation used to determine contributions and modifies the language to the operational definition of compensation: to include employer-paid premiums for group term life insurance in excess of $50,000 and short- and long-term disability as part of 401k eligible earnings. As of the date of the Independent Auditors' Report, the Plan Sponsor is in process of executing a retro-amendment with Principal, effective January 1, 2023 to formally update the Plan document definition of compensation to agree with the current operational definition.

41) During 2021, the Plan Sponsor identified two situations which resulted in eligible participating employees not receiving their full, earned safe harbor employer match contribution. One participant's safe harbor employer match was missed entirely, and several participants safe harbor employer match amounts were prematurely capped; both due to an administrative error. In September 2022, the Plan Sponsor entered the DOL's SCP and made a QNEC in the amount of 19,543 for the missed contributions and related lost earnings and interest to the Plan on behalf of the affected participants. The Plan recorded a corrective employer contributions receivable of $19,543 as of December 31, 2021.

42) In July 2023, the Plan Sponsor processed and submitted the annual safe harbor employer match true-up in the amount of $283,519, including the related lost earnings and interest, to the Plan on behalf of the affected participants. The Plan has recorded an employer contributions receivable of $283,519 as of December 31, 2022.

43) In September 2022, the Plan Sponsor processed and submitted the annual safe harbor employer match true-up in the amount of $313,818, including the related lost earnings and interest, to the Plan on behalf of the affected participants. The Plan has recorded an employer contributions receivable of $313,818 as of December 31, 2021.

44) The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan. We understand that the DOL regulation states that participant contributions must be submitted to the Plan as follows:

    - "The earliest date on which the contributions can reasonably be segregated from the employer's general assets."
    - There is no "Safe Harbor" for timely submitting participant contributions.

    During the year ended December 31, 2022, we remitted participant contributions between 2 days before and 3 days after the payroll date, with our average being 1 day before the payroll date. We do not believe that contributions that are 3 days from the payroll date should be considered late contributions to be reported on "Schedule of Delinquent Participant Contributions".

31) All required amendments to and filings of the Plan documents with the appropriate agencies have been made. The Company has not applied for a determination letter from the IRS to determine if the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan document was based upon a prototype non-standardized profit sharing plan with cash or deferred arrangement ("CODA") plan instrument from Principal Life Insurance Company which received an IRS opinion letter dated March 31, 2014. Effective February 18, 2022, the Plan document was amended based upon a non-standardized pre-approved profit sharing plan with CODA plan instrument from Principal Life Insurance Company which received an IRS opinion letter dated June 30, 2020. The plan instrument has been updated for legislative and regulatory changes. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements. U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

32) The Plan (and the trust established under the Plan) is qualified under the appropriate section of the Internal Revenue Code and we intend to continue them as a qualified plan (and trust). 33) The Plan has complied with the fidelity bonding requirements of ERISA.

34) We have apprised you of all communications, whether written or oral, with regulatory agencies concerning the operation of the Plan.

35) We have obtained appropriate fee disclosures from covered service providers and have concluded the fees are reasonable. The Plan is in compliance with DOL regulations regarding ERISA Section 408(b)(2).

36) We acknowledge our responsibility for presenting the Schedule of Assets Held for Investment Purposes at End of Year and the Schedule of Delinquent Participant Contributions (the "Supplemental Schedules"), in accordance with U.S. GAAP and in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We believe the form and content of the Supplemental Schedules are fairly presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. The methods of measurement and presentation of the Supplemental Schedules have not changed from those used in the prior period, and we have disclosed to you any significant assumptions or interpretations underlying the measurement and presentation of the Supplemental Schedules.

37) As part of your audit, you have prepared the financial statements of the Plan in conformity with U.S. GAAP, performed certain reconciliations and prepared cash-to-accrual conversions (as applicable), based on information provided by us. We have designated an individual with suitable skill, knowledge, or experience to oversee these services; have assumed all management responsibilities regarding these services; evaluated the adequacy and results of the services you have performed; and accepted responsibility for the results of these services.

38) During 2020, the Plan Sponsor failed to remit participant contributions in a timely manner. 40) During 2021, the Plan Sponsor failed to apply the Plan Document definition of compensation for certain participants which resulted in excess contributions. Under the advisement of an ERISA attorney, on August 1, 2023, the Plan Sponsor entered into the IRS SCP by executing a Correction Amendment to the Plan effective January 1, 2021 through December 31, 2022. The amendment overrides all provisions of the Plan document relating to compensation used to determine contributions and modifies the language to the operational definition of compensation: to include employer-paid premiums for group term life insurance in excess of $50,000 and short- and long-term disability as part of 401k eligible earnings. As of the date of the Independent Auditors' Report, the Plan Sponsor is in process of executing a retro-amendment with Principal, effective January 1, 2023 to formally update the Plan document definition of compensation to agree with the current operational definition.

41) During 2021, the Plan Sponsor identified two situations which resulted in eligible participating employees not receiving their full, earned safe harbor employer match contribution. In September 2022, the Plan Sponsor entered the DOL's SCP and made a QNEC in the amount of 19,543 for the missed contributions and related lost earnings and interest to the Plan on behalf of the affected participants. The Plan recorded a corrective employer contributions receivable of $19,543 as of December 31, 2021.

42) In July 2023, the Plan Sponsor processed and submitted the annual safe harbor employer match true-up in the amount of $283,519, including the related lost earnings and interest, to the Plan on behalf of the affected participants. The Plan has recorded an employer contributions receivable of $283,519 as of December 31, 2022.

43) In September 2022, the Plan Sponsor processed and submitted the annual safe harbor employer match true-up in the amount of $313,818, including the related lost earnings and interest, to the Plan on behalf of the affected participants. The Plan has recorded an employer contributions receivable of $313,818 as of December 31, 2021.

44) The Plan has complied with the DOL's regulations concerning the timely remittance of participant contributions to trusts containing assets for the Plan. We understand that the DOL regulation states that participant contributions must be submitted to the Plan as follows:

    - "The earliest date on which the contributions can reasonably be segregated from the employer's general assets."
    - There is no "Safe Harbor" for timely submitting participant contributions.

    During the year ended December 31, 2022, we remitted participant contributions between 2 days before and 3 days after the payroll date, with our average being 1 day before the payroll date. We do not believe that contributions that are 3 days from the payroll date should be considered late contributions to be reported on "Schedule of Delinquent Participant Contributions".
