INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants in the
Skadden, Arps, Slate, Meagher & Flom Savings Plan
New York, New York

Opinion

We have audited the financial statements of Skadden, Arps, Slate, Meagher & Flom Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits for the year ended December 31, 2022, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

(Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the Skadden, Arps, Slate, Meagher & Flom Savings Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General: Effective November 8, 1979, Skadden, Arps, Slate, Meagher & Flom, LLP (the “Employer”) adopted the Plan to provide non-legal employees with a systematic program of personal savings. The Plan was amended effective April 1, 1985 to include legal employees (associate attorneys and special counsel) and, as of January 1, 1992, to include partners. Effective May 1, 2001, employees can elect to become participants in the Plan at any time following date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

Contributions: Participants may elect to make salary reduction contributions up to a maximum of 75%. Participants also may elect to contribute after-tax contributions up to a maximum of 75% of their gross eligible compensation. The Plan allows participants to contribute Roth elective deferrals up to a maximum of 75% (for both support staff and legal staff). However, the aggregate of pre-tax, after-tax, and Roth 401(k) contributions may not exceed 75% of gross eligible compensation.

The Employer makes a basic 4% contribution to the Plan for support staff, Firm Directors, and Designated Firm Directors and, a basic 3% contribution to the Plan for counsel and those legal employees who are non-highly compensated employees (earned less than \$135,000 in 2022). These employees become eligible for the applicable basic contribution the January 1 or July 1 following the completion of one Year of Eligibility Service (a 12-month period from date of hire during which a minimum of 1,000 hours are worked). These basic contributions are made to applicable participants’ individual accounts regardless of whether they make contributions to the Plan.

The Employer also makes an additional basic 4% contribution to the Plan for support staff following the completion of one Year of Eligibility Service. Effective January 1, 2022, a Firm Director (other than a Designated Firm Director) remain eligible to receive such Additional Basic Contribution.

As required by the Tax Reform Act of 1986 and subsequent legislation, the Plan was amended, effective April 1, 1987, to limit annual employee salary reduction contributions for calendar years subsequent to 1986 (\$20,500 for 2022, after adjustments for periodic cost-of-living increases). The Plan, as amended, qualifies under Section 401(k) of the Internal Revenue Code (the “Code”) as a cash or deferred arrangement plan.

As further required by the Tax Reform Act of 1986 and subsequent legislation, the Plan was amended, effective January 1, 1989, to limit the amount of “Compensation” to be taken into account under the Plan (\$305,000 for 2022, after adjustments for periodic cost-of-living increases).

Participants also may roll over eligible distributions received from other qualified retirement plans.

Participant Accounts: Individual accounts are maintained for each Plan participant. Participant accounts are credited with the employee contributions, the Employer contributions, and investment gains. Participant accounts also are debited with withdrawals, expenses and investment losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participants are immediately vested in basic employer contributions, together with any earnings attributable to such contributions, made on their behalf. Participants will become 100% vested in additional basic employer contributions and related earnings upon the completion of three years of service. Participants are fully vested if while actively employed they attain age 62, become totally and permanently disabled or pass away.

Vesting: Participants' contributions, together with any earnings attributable thereto, vest immediately.

Upon participants' termination of employment, Employer contributions which are not vested, together with any earnings attributable thereto, become forfeitures. Forfeitures are applied to reduce future Employer contributions. Under certain conditions provided for in the Plan, active participants may withdraw funds against their vested interests in the Plan.

Payment of Benefits: Participants' vested interests in the Plan are paid to them or their beneficiaries upon retirement, termination of employment, death, or disability. Participants may elect to receive their distributions in one lump sum or in installments over a period of not more than fifteen years. Terminated participants with vested account balances in excess of \$5,000 also may elect to defer receipt of their benefit until such time that Required Minimum Distributions must commence.

The ultimate benefit to be received by a participant depends on the aggregate amount contributed for the participant over the years and the investment results allocated to the participant's individual account.

Forfeited Accounts: At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$126,864 and \$129,971, respectively. During the year ended December 31, 2022, \$71,360 of forfeitures were used to reduce Employer contributions.

Investments: Participants may elect to invest any portion of their account in one or a combination of investment portfolios. Participants may change the way their account is invested as often as they wish. Investment options include several mutual funds and collective trusts, and a self-directed brokerage account.

Administrative Costs: Certain administrative expenses and fees for custody charges are paid by the Employer. Each participant's account is charged an annual fee of \$48 assessed on a quarterly basis, for administrative and recordkeeping expenses. See Notes 2 and 4 for a description of administrative expenses paid for by the Plan.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Certain management fees and operating expenses charged to the Plan for investments in mutual funds and collective trusts are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

(Continued)

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions: Contributions made by the Plan participants and by the Employer are recorded in the Plan year to which they relate.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets available for benefits and changes therein. Actual results could differ from those estimates.

Risks and Uncertainties: The Plan utilizes various investment instruments, including mutual funds and collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, liquidity, and overall market volatility risks, including global events, such as the coronavirus pandemic. Due to the level of risk associated with certain investment securities and the sensitivity of certain fair value estimates to changes in valuation assumptions, Plan management believes it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Payment of Benefits: Benefit payments to participants are recorded upon distribution.

NOTE 3 - FAIR VALUE MEASUREMENTS

Fair value is the price that would be received by the Plan for an asset or paid by the Plan to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date in the Plan's principal or most advantageous market for the asset or liability. Fair value measurements are determined by maximizing the use of observable inputs and minimizing the use of unobservable inputs. The hierarchy places the highest priority on unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

In some cases, a valuation technique used to measure fair value may include inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

NOTE 3 - FAIR VALUE MEASUREMENTS (Continued)

Collective Trusts: The fair values of participation units held in the collective trusts are based on the net asset values ("NAV") reported by the fund managers as of the financial statement dates and recent transaction prices. The collective trusts provide for daily redemptions by the Plan at reported NAVs. The ClearBridge collective trust fund requires a plan sponsor to provide advance written notice of 5 business days for withdrawals that exceed \$1 million or 10% of the assets invested in the fund. The T. Rowe Price collective trust fund may require unitholders to provide 30-days advance written notice to the trustee prior to redemption of trust units. No unfunded commitments exist for the collective trusts.

Self-directed Brokerage Accounts: Accounts consist of mutual funds that are determined by obtaining quoted prices on a nationally recognized securities exchange (Level 1).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value on a recurring basis which are held directly by the Plan are summarized below:

NOTE 4 - EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain fees were paid by the Plan directly and indirectly to Empower Retirement for investment management and custodial services. These fees qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Employer (who may also be participants in the Plan) at no cost to the Plan.

NOTE 5 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would become 100% vested in their accounts.

NOTE 6 - TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated October 11, 2017, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended and restated since receipt of the determination letter. However, the Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the Department of Labor or Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 7 - SUBSEQUENT EVENT

Plan management has evaluated subsequent events for recognition and disclosure through October 11, 2023, which is the date the financial statements were available to be issued.
