Report of Independent Auditors

Plan Administrator
IFG Companies 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of IFG Companies 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

IFG Companies 401(k) Plan

Notes to the Financial Statements

As of and for the years ended December 31, 2022 and 2021

Note A - Description of Plan

The following description of IFG Companies 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established October 1, 1999 to provide retirement investment benefits to eligible current and former employees of International Financial Group, Inc. (the Company and Plan Administrator) and the participating employers of Guilford Specialty Group, Inc., comprised of First Financial Insurance Company, The Burlington Insurance Company, and Alamance Development, LLC.

Great-West Trust Company, LLC (Great-West) and Empower Retirement (Empower), subsidiaries of Great-West Lifeco U.S., LLC, are the named Trustee and Recordkeeper of the Plan, respectively. The Plan sponsor is Suffolk Continuation, Inc., a subsidiary of the Company. The Suffolk Continuation, Inc. Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan Administrator.

Most recently restated effective September 7, 2021, the Plan has been amended throughout the years to comply with tax legislation and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

All full-time employees of the Company and participating employers, who have attained 21 years of age and have completed two months of consecutive service are eligible to participate in the Plan.

Participant contributions and accounts

Eligible employees may contribute any amount of their eligible compensation to the Plan, subject to certain limitations under the Internal Revenue Code (IRC). The Plan allows participants to contribute to the Plan via pre-tax elective deferrals in 1% increments, generally not to exceed the Code deduction limitation of \$20,500 and \$19,500 in 2022 and 2021, respectively. Participants may rollover pre-tax contributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Effective January 1, 2021, a participant can elect to make designated after-tax Roth contributions. Roth contributions are treated in the same manner as pre-tax elective deferrals.

Contributions are invested at the direction of the participant and participant accounts are segregated for the purpose of determining the gains or losses on investments.

IFG Companies 401(k) Plan

Notes to the Financial Statements (Continued)

Note A - Description of Plan (continued)

Company contributions

The Company may elect to make a discretionary matching or discretionary non-elective contribution on behalf of participants. For the years ended December 31, 2022 and 2021, the Company matched 50% of deferrals up to 6% of compensation, to a maximum matching contribution of \$5,000 per participant. There were no discretionary non-elective contributions made for the years ended December 31, 2022 and 2021.

Vesting

Participants are immediately vested in salary deferral amounts contributed to the Plan, catch-up contributions, and balances rolled over into the Plan from other qualified plans. Vesting for Company matching contributions is 20% vesting at 1 year, 40% vesting at 2 years, 60% vesting at 3 years, 80% vesting at 4 years, 100% vesting at 5 years or more of continuous service.

Notwithstanding the above, a participant is fully vested upon reaching normal retirement age (age 65), upon death, or upon permanent disability.

Payment of benefits

Withdrawals from the Plan may be made by a participant or beneficiary upon death, disability, retirement, financial hardship, or termination of employment, as defined in the Plan document. Distributions of the value of vested interest in his or her account are distributable either in the form of a lump-sum cash payment, an installment, or a direct rollover to another qualified plan. The Plan allows for in-service distributions for participants age 59½ and hardship distributions, which are subject to Plan provisions.

If, upon termination of employment, a participant's account balance does not exceed \$1,000, the Plan Administrator will authorize distribution without the participant's consent. If the terminated participant's account is greater than \$1,000, but less than \$5,000, the Plan Administrator will authorize distribution of funds through rollover into an individual retirement account in the participant's name.

Notes receivable from participants

Participants are allowed to borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. A maximum of one loan can be outstanding at any time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Principal and interest payments are withheld from participant wages through bi-weekly after-tax payroll deductions.

Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. Upon termination, all amounts credited to participant accounts become 100% vested.

Notes to the Financial Statements (Continued)

Note B - Significant Accounting Policies

Basis of accounting and use of estimates

The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions which affect the reported amounts of net assets available for benefits at the date of the financial statements, disclosures of contingent assets and liabilities and the reported changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Valuation of investments and income recognition

Investments are reported at fair value, as further described in Note E. The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of investments, which consists of the realized gains and losses and the unrealized appreciation and depreciation on those investments. Purchases and sales of investments are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued but unpaid interest is included in notes receivable from participants. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts may be used to reinstate former participants' accounts, reduce future Company contributions, or pay administrative expenses of the Plan. As of December 31, 2022 and 2021, there were \$31,459 and \$20,603 in forfeited amounts, respectively. There were no forfeitures used to pay administrative expenses for the years ended December 31, 2022 and 2021. During 2022 and 2021, the Plan used forfeitures of \$41,090 and \$23,121, respectively, to reduce Company contributions.

Payment of benefits

Benefits are recorded as deductions to net assets available for benefits when paid.

IFG Companies 401(k) Plan

Notes to the Financial Statements (Continued)

Note B - Significant Accounting Policies (continued)

Administrative expenses

Expenses of the Plan, to the extent that they are not covered by the Company, may be paid out of the assets of the Plan, provided that such payment is consistent with ERISA. The cost of investment management expenses, transactional costs and service charges are charged to the Plan. Certain Plan expenses are paid by the Company and are excluded from these financial statements. Upon availability, administrative expenses are paid via plan forfeitures. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net (depreciation) appreciation of fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as market and liquidity risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent events

The Plan evaluated subsequent events for potential recognition or disclosure in the financial statements through October 12, 2023, the date these financial statements were available to be issued and has considered any relevant matters in the preparation of the financial statements and note disclosures.

Note C - Related Party Transactions and Party in Interest

Certain administrative functions related to the Plan are performed by employees of the Company at no charge to the Plan. The Plan investments are managed by Great-West, the Trustee, as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. Great-West and Empower are affiliates and subsidiaries of Great-West Lifeco, Inc.

Notes receivable from participants also qualify as party in interest transactions. See Note A for further detail on outstanding notes receivable from participants.

Note D - Certified Financial Information

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, Great-West, the Trustee for the Plan, as of and for the years ended December 31, 2022 and 2021 has certified that the following information below is complete and accurate:

- Investment balances and notes receivable from participants included in the statements of net assets available for benefits as of December 31, 2022 and 2021 and in certain notes;
- Interest income, interest on notes receivable from participants and net (depreciation) appreciation in fair value of investments for the years ended December 31, 2022 and 2021, included in the statements of changes in net assets available for benefits and in certain notes; and
- Investment balances and notes receivable from participants included in the accompanying Schedule H Line 4i - Schedule of Assets (Held at End of Year).

Note E - Investments

Fair value measurement

The Plan utilizes the GAAP framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted market prices that are observable for substantially the entire period for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Valuations based on models where significant inputs are not observable. The unobservable inputs reflect the Plan's own assumptions about the inputs that market participants would use.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note E - Investments (continued)

Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. There have been no changes in the methodologies used at December 31, 2022 and 2021.

The following table sets forth by level, within the fair value hierarchy, the Plan's invested assets as of December 31, 2022 and 2021, respectively.

Invested Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 28,008,258</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 28,008,258</u>

Invested Assets at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Mutual funds	<u>\$ 32,900,167</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 32,900,167</u>

Note F - Income Tax Status

The prototype Plan sponsor has obtained an opinion letter dated November 14, 2022, in which the Internal Revenue Service stated that the restated prototype Plan document was in compliance with applicable requirements of Section 401(a) of the Internal Revenue Code (IRC) and, therefore, exempt from taxation. The Plan Administrator believes that the Plan is currently being operated in accordance with the IRC.

The Company analyzed the tax positions taken by the Plan, and concluded that as of December 31, 2022 and 2021, no uncertain positions were taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

Note G - Reconciliation to Form 5500

The following is a reconciliation of net assets available for benefits per the audited financial statements at December 31, 2022 and 2021 to Form 5500:
