Report of Independent Auditors

The Trustees of
KMO 401(k) Plan and Trust

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of KMO 401(k) Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of KMO 401(k) Plan and Trust's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of KMO 401(k) Plan and Trust and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about KMO 401(k) Plan and Trust's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of KMO 401(k) Plan and Trust's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about KMO 401(k) Plan and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KMO 401(k) Plan and Trust

Notes to Financial Statements

Note 1 – Description of Plan

The following description of the KMO 401(k) Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General – The Plan is a 401(k) salary deferral and profit sharing plan covering substantially all employees of Kyle Mathison Orchards, Inc, and its affiliates, (the Company) and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's sponsor and serves as Plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 21 and after completing one year of service in which at least 1,000 hours are worked. Participants must complete at least 1,000 hours of service during the Plan year, and be employed as of the last day of the Plan year, to be eligible to receive any employer profit sharing contributions.

Contributions

Participant contributions – Each year, participants may contribute between 1% and 100% of pretax annual compensation, as defined in the Plan. Participants may also elect to make Roth contributions utilizing after-tax contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer safe harbor and profit sharing contributions – The Company matches 100% of employee contributions, up to 3% of eligible compensation deferred to the Plan, plus 50% of each employee's contributions in excess of 3% but not in excess of 5% of the employee's compensation. The Company may elect to make a profit sharing contributions to the Plan. The Company did not make profit sharing contributions for the year ended December 31, 2022.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contributions and Company matching contributions. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

KMO 401(k) Plan and Trust

Notes to Financial Statements

Vesting – Participants are vested immediately in their contributions and safe harbor employer contributions, plus actual earnings thereon. Vesting in the Company's profit-sharing contributions portion of their accounts is based on years of continuous service. Participants vest in the Company's profit-sharing contributions based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1	5%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes receivable from participants – Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account. All loans must be repaid within a period of five years, unless the loan is used to purchase a principal residence, in which case, the loan must be repaid within a reasonable period of time not to exceed 15 years. Under the terms of the Plan agreement, plan loans will bear a reasonable rate of interest at one percent above the prime rate of interest as reported by the Federal Open Market Committee as of the date the loan documents are prepared. Principal and interest are paid ratably through payroll deductions. As of December 31, 2022, the rates of interest on outstanding loans ranged from 5.00% to 6.50%, with various maturities through May 2027.

Payment of benefits – On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or installment payments in monthly, quarterly, semi-annual, annual, or other installments over a fixed reasonable period of time, not exceeding the life expectancy of the participant. If a participant does not exceed \$5,000, the Plan will distribute the vested portion of the participant's account in a lump sum as soon as administratively practicable following termination.

Forfeitures – Forfeitures are the nonvested portion of a participant's account that are lost upon termination of employment. Forfeitures are retained in the Plan and can be used to pay the Plan's administrative expenses or reduce Employer contributions. As of December 31, 2022, there were no forfeited nonvested accounts.

KMO 401(k) Plan and Trust

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in accordance with U.S. GAAP requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment valuation – The investments are reported at fair value. The Plan's custodian, John Hancock Life Insurance Company (U.S.A.) (John Hancock), certifies the fair value of all investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation or depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions upon the occurrence of a distributable event, based on the terms of the Plan Agreement. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payment of benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses paid by the Plan may include notes receivable and distribution fees charged to participants' accounts and administrative Plan fees. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent events – Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through September 27, 2023, which is the date the financial statements were available to be issued.

Notes to Financial Statements

Note 3 – Fair Value Measurements

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2022 and 2021.

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV practical expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding.

The Plan invests in pooled separate accounts, which invest mainly in securities of large-capitalization companies, non-U.S. equity securities, small companies, and growth funds. The PSAs seek long-term capital appreciation without undue risk to principal. There are no redemption restrictions or unfunded commitments associated with the PSAs held by the Plan.

The Plan has investments in the following PSAs with investment objectives as follows:

- JH Multi-Index LS Conservative Fund seeks a high level of current income with some consideration given to growth of capital. The Fund normally invests approximately 80% of its assets in underlying funds that invest primarily in fixed-income securities and approximately 20% in underlying funds that invest primarily in equity securities.
- JH Multi-Index LS Moderate Fund seeks a balance between a high level of current income and growth of capital, with a greater emphasis on income. The Fund normally invests approximately 60% of its assets in underlying funds that invest in fixed-income securities and approximately 40% in underlying funds that invest in equity securities.
- JH Multi-Index LS Balanced Fund seeks a balance between a high level of current income and growth of capital, with a greater emphasis on growth of capital. The Fund normally invests 40% of its assets in underlying funds that invest in fixed-income securities and 60% of its assets in underlying funds that invest in equity securities.
- JH Multi-Index LS Growth Fund seeks long-term growth of capital. Current income is also a consideration. The Fund normally invests approximately 20% of its assets in underlying funds that invest primarily in fixed-income securities and approximately 80% of its assets in underlying funds that invest primarily in equity securities.
- JH Multi-Index LS Aggressive fund seeks long-term growth of capital. The fund operates as a fund of funds and normally invests approximately 100% of its assets in underlying funds that invest primarily in equity securities. Underlying funds may be affiliated or unaffiliated and may include exchange-traded funds (ETFs). The fund may invest in various passively managed underlying funds that, as a group, hold a wide range of equity-type securities.
- Money Market Fund seeks maximum current income that is consistent with maintaining liquidity and preserving capital. Under normal market conditions, the Fund invests at least 99.5% of its total assets in cash, U.S. Government securities and/or repurchase agreements that are fully collateralized by U.S. Government securities or cash.

KMO 401(k) Plan and Trust

Notes to Financial Statements

- Science & Technology Fund invests at least 80% of its net assets (plus any borrowings for investment purposes) in the common stocks of companies expected to benefit from the development, and/or use of science and/or technology. It employs a multi-manager approach with two subadvisers, each of which employs its own investment approach and independently manages its portion of the fund. The fund may invest up to 10% of its total assets in hybrid instruments.
- Growth Fund of America seeks to provide growth of capital. The Fund invests primarily in common stocks in companies that appear to offer superior opportunities for growth of capital. The Fund seeks to invest in attractively valued companies that, in the Adviser's opinion, represent good, long-term investment opportunities.
- Invesco Oppenheimer Global Fund seeks capital appreciation. The Fund invests mainly in common stock of U.S. and foreign companies. The Fund can invest without limit in foreign securities and can invest in any country, including countries with developing or emerging markets.
- Vanguard Strategic Equity Fund seeks long-term capital appreciation. The fund invests in small and mid-capitalization domestic equity securities based on the relative potential of the securities.
- DFA Inflation protected securities fund seeks to provide inflation protection and earn current income consistent with Inflation-protected securities. The fund invests primarily in inflation protected securities to provide returns at least to keep up with the rate of inflation over the long term.
- American Fund Europacific Growth Fund seeks to provide long term growth. The fund invests primarily in common stocks, American Depository receipts, European Depository receipts, Bonds, and cash in developed and emerging markets.
- American Fund Smallcap World Fund seeks to provide long term growth. The fund invests primarily in common stocks with small market capitalizations, including growth oriented stocks.
- Blue Chip Growth Fund narrows the universe of companies down to approximately 200–300 names by conducting quantitative screening for market capitalization, solid revenue growth, consistent earnings, attractive free cash flow, and above-average return on invested capital. The fund emphasis is on a company's future growth prospects and looks for stocks that are believed to be attractively priced relative to their anticipated long-term value.
- Invesco Developing Markets Fund seeks aggressive capital appreciation in common stocks in emerging and developing markets throughout the world.
- Mid-cap index fund seeks long term growth by investing primarily in common stocks on mid-cap companies.
- Fidelity Advisor Total Bond Fund seeks a high level of current income. The Fund normally invests at least 80% of its assets in debt securities of all types and repurchase agreements for those securities. The Fund may invest up to 20% of its assets in high yield and emerging market debt securities.

KMO 401(k) Plan and Trust

Notes to Financial Statements

- Vanguard short term federal fund seeks current income while maintaining limited price volatility. The fund invests primarily in short term bonds issued or guaranteed by the US government and agencies.
- The 500 Index Fund seeks to approximate the aggregate total return of a broad-based U.S. domestic equity market index. The fund invests at least 80% of its net assets at the time of investment in (a) the common stocks that are included in the S&P 500 Index and (b) securities (which may or may not be included in the S&P 500 Index) that the subadviser believes as a group will behave in a manner similar to the index. The subadviser may determine that the fund's investments in certain instruments, such as index futures, total return swaps, and ETFs have similar economic characteristics as securities that are in the S&P 500 Index.
- Janus Henderson Global Equity Income Fund seeks to achieve high level of current income and steady growth of capital. The fund invests in a portfolio of income producing equity securities.
- Real Estate Securities Fund seeks to achieve a combination of long-term capital appreciation and current income. To pursue this goal, the Fund invests, under normal market conditions, at least 80% of its net assets in equity securities of real estate investment trusts (REITs) and real estate companies.
- T. Rowe Price Equity Fund seeks a high level of dividend income and long-term capital growth primarily through investments in stocks. The Fund invests at least 80% of its net assets in common stocks, with an emphasis on large-capitalization stocks that have a strong track record of paying dividends or that are believed to be undervalued.
- Small Cap Index Fund seeks to achieve the approximate aggregate total return of a small-cap U.S. domestic equity market index.
- Vanguard Mid-Cap Value ETF Fund seeks to track the performance of a benchmark index that measures the investment return of mid-capitalization value stocks. The Fund employs an indexing investment approach designed to track the performance of the CRSP US Mid Cap Value Index by investing all of its assets in the stocks that make up the Index.
- DFA US Targeted Value Fund seeks long-term capital appreciation, using a master fund that purchases value stocks of United States companies on a market capitalization weighted basis. Stress is on mid and small capitalization issues.
- Vanguard Explorer Fund seeks long-term capital growth by investing mainly in stocks of small firms. These tend to be unseasoned firms but are considered to have superior growth potential. These companies provide little or no dividend income.

KMO 401(k) Plan and Trust

Notes to Financial Statements

Note 4 – Tax Status

The Plan document is a non-standardized, preapproved profit sharing defined contribution plan that received a favorable opinion letter from the Internal Revenue Service on June 30, 2020, which stated that the Plan, as then designed, was in accordance with applicable sections of the Internal Revenue Code (IRC).

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the values of the investments in the near term could materially affect a participant's account balance and the amounts reported in the statement of net assets available for benefits.

Note 6 – Information Certified by the Custodian

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock, the custodian of the Plan, has certified to the completeness and accuracy of the following:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Net depreciation in fair value of investments, dividends, and interest are reflected on the accompanying statement of changes in net assets available for benefits for the years ended December 31, 2022.
- Investments reflected on the schedule of assets (held at end of year).

Note 7 – Party-in-Interest Transactions

Certain Plan investments are shares of pooled separate accounts managed by John Hancock. John Hancock is the custodian of the Plan and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

Benefits2 Administrators LLC (formerly AmeriBen) serves as third-party administrator for the Plan providing Plan accounting and recordkeeping, and preparation of annual Form 5500 tax filing in accordance with the terms and conditions of the Plan document and retirement Plan services agreement. Fees paid by the Plan for third-party administration services qualify as party-in-interest transactions.

KMO 401(k) Plan and Trust

Notes to Financial Statements

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time, subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 9 – Reconciliation to Form 5500

The Form 5500 has certain items that differ from amounts shown on the accompanying financial statements. These differences relate to classification only and have no effect upon net assets available for benefits for either period.
