INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
The SeneGence 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The SeneGence 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The SeneGence 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The SeneGence 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The SeneGence 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The SeneGence 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The SeneGence 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H – Line 4a – Schedule of Delinquent Participant Contributions as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The SeneGence 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. PLAN DESCRIPTION

The following brief description of The SeneGence 401k (the “Plan”) as established January 1, 2007, provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

General

The Plan is a participant directed, defined contribution plan qualifying under section 401(k) of the Internal Revenue Code, (“IRC”), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan was established for the purpose of providing eligible employees of SGII, Inc. (the “Company”) and their beneficiaries funds for retirement.

Eligibility

Employees are eligible to participate once they have completed three months of eligible service. When the eligibility requirements have been met, the employee may join the Plan on the first day of the month.

Employee Contributions

An employee participating in the Plan may annually contribute through payroll deductions pre or post tax amounts, not exceeding the limits determined by the IRC, and may contribute amounts representing distributions from other qualified plans. Any participant, age 50 or over, may make an additional “catch-up” contribution as determined by the IRC. Additionally, rollover contributions are permitted by the Plan.

Employer Contributions

The Company may make matching contributions equal to a uniform discretionary percentage of participants’ compensation that is deferred. In addition, the Company may make a discretionary profit-sharing contribution. For the year ended December 31, 2022, the Company contributed \$174,670 in matching contributions to the Plan. No discretionary profit-sharing contributions were allocated to the Plan for the year ended December 31, 2022.

Participant Accounts

Individual accounts are established for each participant. The Plan offers a variety of funds as investment options. Each participant’s account is credited with the participant’s pre-tax contributions, post-tax contributions for Roth contributions, Company matching contributions, as well as allocations of Company profit-sharing contributions, if any, and the proportionate share of dividends, interest and investment gains since the preceding valuation date. The participant’s account is reduced by withdrawals, losses on investments, forfeitures and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Forfeited Accounts

Amounts forfeited from terminating participants’ non-vested portion of their Company contributions and earnings on Company contributions can be used pay administrative expenses or to reduce future employer contributions. At December 31, 2022 and 2021, there were forfeiture balances of \$115,987 and \$89,657 respectively. During the year ended December 31, 2022, no forfeitures were used to pay administrative expenses or to reduce future employer contributions.

The SeneGence 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants automatically vest in their employer contributions upon reaching early retirement age, becoming disabled or upon death. All other participants vest as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

A participant's "vested percentage" is based on vesting years of service. A participant earns and accumulates a year of vesting for each 12 months of continuous service. With respect to the Company contributions, any unvested portion of his/her account shall be forfeited at termination.

Distributions and Withdrawals

Prior to age 65, distributions and withdrawals are not permitted from the Plan except in the instances of hardship, death, disability, or termination of employment. Hardship withdrawals must be submitted to the Plan administrator in writing and make the participant ineligible to contribute to the Plan for twelve months. After attaining the later of normal retirement age 65 and 5 years of service, participants may elect to withdraw an amount equal to any whole percentage not to exceed 100% of the participant's vested account for any reason. In the event of termination of employment, a participant shall receive, as a lump-sum distribution, his/her participant contributions and earnings thereon and vested Company matching contributions and earnings thereon.

Notes Receivable from Participants

The Plan allows participants to borrow up to 50% of their vested account balances, but not less than \$1,000 nor more than \$50,000. The loan repayment period must be no more than five years with the interest rate determined based on prevailing rates at the date of the loan. Loans originated for the purchase of a primary residence can be repaid over a period greater than five years. Interest rates were between 4.25% and 8.00% at December 31, 2022. Principal and interest are paid through payroll deductions.

Administrative Expenses

Administrative expenses incurred in the administration of the Plan are paid by both the Plan and the Company. In addition, certain investment related expenses have been offset with the net investment income (loss) and are not readily determinable.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements.

The SeneGence 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

The expenses necessary to administer the Plan, including but not limited to, retaining necessary professional assistance from an attorney, an accountant, an actuary, or an investment advisor are paid by the employer or through excess forfeitures. All expenses except for account maintenance fees, transaction fees and investment fund management fees have been paid by the employer. Participants are charged service fees for any loan and distribution transactions they request. For the year ended December 31, 2022, the Plan paid administrative fees of \$23,356.

Use of Estimates

The preparation of financial statements in accordance with US GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan invests in various funds. Those funds are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain funds, it is at least reasonably possible that changes in the values of the funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan evaluated subsequent events through October 9, 2023, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements except as disclosed in Note 8.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are financial instruments whose values are determined using pricing models, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant judgment or estimation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021. There were no transfers between Levels 1, 2, and 3 for the years ended December 31, 2022 and 2021.

Interest bearing cash – Cash is measured at cost, which approximates fair value.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2022			
	Level 1	Level 2	Level 3	Total

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

No auditing procedures were performed by the independent auditor as permitted by ERISA Section 103(a)(3)(C) with respect to information certified as complete and accurate by Reliance Trust Company (the "trustee"), except for comparing such information with the information reported in the financial statements. Based on information provided and certified by the trustee, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, as of December 31, 2022 and 2021. Accordingly, the trustee of the Plan assets has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021 as well as the supplemental schedule of assets (held at end of year) as of December 31, 2022.
- Net depreciation in fair value of investments and interest and dividends reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.

5. PLAN TERMINATION

It is currently the intention of the employer to permanently maintain the Plan. However, the Company reserves the right to terminate, suspend or completely discontinue contributions to the Plan at any time. Upon termination, partial termination, or complete discontinuance of contributions under the Plan, all participants become fully vested in their individual accounts.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain plan investments are managed by T. Rowe Price Group, Inc., who is the Custodian of the Plan and, therefore, these transactions qualify as party-in-interest transactions.

The Plan pays administrative expenses to parties-in-interest who provide services to the Plan for whom a statutory exemption exists. The Company, which qualifies as a party-in-interest, also absorbs certain administrative expenses of the Plan. Additionally, notes receivable from participants are considered party-in-interest transactions.

7. TAX STATUS

The Plan document is a volume submitter profit sharing plan that received a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service ("IRS") stated that the volume submitter, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since the letter was received, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken requiring recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing jurisdictions; however, there are currently no examinations for any tax periods in progress. In addition, there have been no tax related interest or penalties for the periods presented in these financial statements.

8. PROHIBITED TRANSACTIONS

During the year ended December 31, 2021, the employer failed to transmit to the Plan certain participant contributions within the time period described in 29 CFR 2510.3-102. These deposits totaled \$3,646 for the year ended December 31, 2021. Consequently, the Plan is considered to have engaged in non-exempt transactions with a party-in-interest. The Company rectified the matter by paying lost earnings on the participant contributions that were remitted late.

During the year ended December 31, 2022, the Company discovered that employee deferrals did not include withholdings on paid time off payouts upon separation, which is not in accordance with the definition of eligible wages as defined in the Plan document. The Company has rectified the matter subsequent to year end and amended the Plan to adjust the definition of compensation.
