INDEPENDENT AUDITORS' REPORT

To the Trustees of
Riverside Energy Michigan, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Riverside Energy Michigan, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Plan management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Plan management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section —

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Plan Management for the Financial Statements

Plan management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Plan management's election of the ERISA Section 103(a)(3)(C) audit does not affect plan management's responsibility for the financial statements.

In preparing the financial statements, plan management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Plan management is responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by plan management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information as of and for the year ended December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of plan management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental information related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that plan management determined meet the requirements of ERISA Section 103(a)(3)(C).

RIVERSIDE ENERGY MICHIGAN, LLC 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of Riverside Energy Michigan, LLC 401K Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Riverside Energy Holdings, LLC (the "Company") who have completed four months of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Trustees are responsible for oversight of the Plan.

Plan Restatement and Changes in Plan Provisions

The Plan was amended and restated effective November 1, 2021 under the Transamerica Retirement Solutions, LLC ("Transamerica") non-standardized defined contribution pre-approved plan document. The restatement reduced the eligibility age from 21 to 18 years and includes an auto-enrollment provision (effective retroactively as of January 1, 2020) whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Starting in year three, deferral rates of automatically enrolled participants will be increased by one percent each plan year up to 10 percent in year nine, unless the participant elects a different deferral rate.

Contributions

Each year, participants may contribute up to 75 percent of pretax annual compensation, as defined in the Plan's document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan provides for employer matching contributions of 100 percent on the first one percent of the employee's eligible compensation that is deferred as an elective deferral, plus 50 percent of the employee's elective deferrals between two and six percent of eligible compensation. Participants may direct the investments of their account balances into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions, and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions, the Company's match contributions, and the Company's discretionary contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum of 50 percent of their account balances, not to exceed \$50,000. The loans are secured by the balance in the participant's account and bear interest at a market rate as determined by plan management.

Payment of Benefits

Distribution of a participant's vested account balance of \$5,000 or more is payable upon retirement, death, disability, termination of employment, or attainment of 59½ years of age in the form of a lump-sum amount or installment payments. A Participant whose vested balance is less than \$5,000 is subject to mandatory cash out provisions as defined by the plan document.

Participants may request that all or a portion of their accounts be distributed in the case of financial hardship, as defined in the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note 3 for discussion of fair value measurements.

Investment contracts held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 5 for discussion of investment contracts with insurance companies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of benefits paid to participants and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments and in administrative expenses.

Forfeited Amounts

As of December 31, 2022 and 2021, forfeited non-vested accounts totaled \$303 and \$0, respectively. Any forfeited amounts will be used to reduce Company contributions.

Concentrations

The following table presents investments that represent ten percent or more of the Plan's net assets available for benefits as of December 31, 2022 and 2021:

	2022	2021
Transamerica Stable Value Core Account	\$ 619,082	\$ 522,628
Vanguard 500 Index Admiral	\$ 607,247	\$ 575,209
MFS Value A	\$ 544,439	**
Loomis Sayles Core Plus Bond R	**	\$ 499,342

** Value does not represent 10 percent or more of the Plan's net assets as of the respective date.

3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Registered investment companies: Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest bearing cash: Valued daily based on the face value and the stated rate disclosed in the contract.

The following table sets forth by level, within the fair value hierarchy, the Plan's fair value measurements on a recurring basis as of December 31, 2022 and 2021:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 3,952,197	\$ -	\$ -	\$ 3,952,197
Interest bearing cash	\$ 9,775	\$ -	\$ -	\$ 9,775
Total				<u>\$ 3,961,972</u>

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 3,652,595	\$ -	\$ -	\$ 3,652,595
Total				<u>\$ 3,652,595</u>

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

Plan management has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The custodians have certified that the following data included in the accompanying financial statements and supplemental information is complete and accurate as of December 31, 2022 and 2021, and for the year ended December 31, 2022.

	2022	2021
Investments at fair value	<u>\$ 3,961,972</u>	<u>\$ 3,652,595</u>
Investment at contract value	<u>\$ 619,082</u>	<u>\$ -</u>
Notes receivable from participants	<u>\$ 88,252</u>	<u>\$ 69,557</u>
Interest income on notes receivable from participants	<u>\$ 4,382</u>	
Net depreciation in fair value of investments	<u>\$ 711,562</u>	
Dividends	<u>\$ 86,495</u>	
Interest on interest-bearing cash	<u>\$ 33</u>	

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

Fully benefit-responsive investment contracts held in a defined contribution plan are required to be measured at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

Beginning in 2021, the Plan participates in a traditional fully benefit-responsive investment contract, the Transamerica Stable Value Core Account, with Transamerica Financial Life Insurance Company (“TFLIC”). TFLIC maintains the contributions in a general account. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan for a six-month period. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on a semi-annual basis for resetting.

Contract value of traditional fully benefit-responsive investment contracts as of December 31, 2022 and 2021 total \$619,082 and \$522,628, respectively.

The Plan’s ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer’s ability to meet its financial obligations. The issuer’s ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Examples of such events include the following:

- The Plan’s failure to qualify under Section 401(a) of the IRC or the failure of the trust to be tax-exempt under Section 501(a) of the IRC
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan’s prohibition on competing investment options
- Bankruptcy of the Company or other company events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan’s normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Examples of such events include the following:

- An uncured violation of the Plan’s investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

6. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS

Certain plan investments are managed by Reliance Trust Company. Reliance Trust Company is the custodian as defined by the plan document and, therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for custodial services are included in both administrative expenses and net appreciation in fair value of investments.

Plan transactions and records are administered by Transamerica. Transamerica is the record keeper of the Plan beginning October 25, 2021, and therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for recordkeeping services are reflected in the Statement of Changes in Net Assets Available for Benefits as administrative expenses.

Certain investment related services are provided by TFLIC. TFLIC receives revenue from the Plan's fund service providers for services TFLIC provides to the funds. This revenue is used to offset certain amounts owed to TFLIC for custodial and recordkeeping fees. Net fees incurred by the Plan for these services are included in administrative expenses.

Investment advisory services are provided by Merrill Lynch Pierce Fenner & Smith ("Merrill Lynch"). Fees paid by the Plan for these advisory services are paid from the Plan's assets and are included in net appreciation in fair value of investments. Merrill Lynch is a fiduciary to the Plan and, therefore, is a party in interest.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

8. TAX STATUS

Plan management adopted a prototype plan offered by Transamerica. The IRS has determined and informed Transamerica by a letter dated June 30, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Plan management believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan, disclose within the footnotes to the financials any potential impact to the Plan, and recognize a tax liability at the Company level if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing jurisdictions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is, at least, reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

10. DELINQUENT PARTICIPANT CONTRIBUTIONS

As disclosed in the accompanying supplemental information for the year ended December 31, 2022, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. As of the date of issuance of these financial statements, plan management has made the necessary corrections as required by both the DOL and IRS.

11. SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through August 8, 2023, the date the financial statements were available to be issued.

Effective January 1, 2023, the Plan was amended allowing employees of Riverside Petroleum Indiana, Inc. ("RPI") to enter the plan and include years of service with RPI for purposes of eligibility and contribution allocations.
