Report of Independent Auditors

To the Plan Administrator and Participants of Silverton Casino, LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Silverton Casino, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor’s Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, (referred to as the "supplemental schedule"), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from

the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the Silverton Casino, LLC 401(k) Plan (the Plan) provides general information about the Plan's provisions. Silverton Casino, LLC (the Company and Plan Administrator) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution plan for eligible employees of the Company. Employees are eligible to participate on the entry date which is defined as the earlier of the first day of each calendar quarter coinciding with or following the date on which the eligibility requirements are met. Employees must be 18 years of age and have at least one year of service, defined as at least 1,000 hours of service, to participate in the Plan. Effective August 15, 2022, the eligibility requirement is revised to 90 days of service, and the minimum 1,000 hours of service requirement is eliminated.

The Plan Committee (the Committee) is responsible for the general administration of the Plan. John Hancock Trust Company LLC and John Hancock Retirement Plan Services (collectively, John Hancock) is the trustee and recordkeeper for the Plan as of and for the years ended December 31, 2022 and 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

1. Description of Plan (continued)

Contributions

Each year, participants may contribute up to 60% of their eligible compensation, subject to Internal Revenue Code (the Code) limitations. Participants may also contribute rollover amounts representing distributions from other qualified plans. If automatically enrolled, a participant's deferral is set 2% of eligible compensation until changed by the participant. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions of up to \$6,500 in 2022 and 2021. The Company contributes 50% of the first 5% of compensation that a participant contributes to the Plan. Additional discretionary matching contributions may be contributed at the discretion of the Company's board of directors. No such amounts were contributed for 2022 or 2021. All contributions are subject to certain limitations of the Code.

Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis. Participants who are automatically enrolled have their contributions invested in the applicable lifecycle fund based on their age until they change their election. The Company's contributions are invested in the same manner as that of the participant's elective contributions. As of December 31, 2022, the Plan offered 27 investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's matching contributions, and allocations of plan earnings, and is charged with an allocation of administrative expenses. Plan earnings are allocated based on the participant's share of net earnings or losses of their respective elected investment options. Allocations of administrative expenses are based on participant compensation and account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. Description of Plan (continued)

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Vesting in the Company's matching contributions is as follows: 20% after one year of credited service, 40% after two years of credited service, 60% after three years of credited service, 80% after four years of credited service and 100% after five years of credited service. Participants also become fully vested upon attainment of age 65, retirement due to disability, death, or termination of the Plan.

Forfeitures

Non-vested account balances of terminated participants will be forfeited: for participants, who have taken a distribution from the Plan, the later of the last day of the Plan Year during which the participant reaches the 1st anniversary of his termination or during which the participant takes a distribution from the Plan, or for participants, who have not taken a distribution from the Plan, as of the last day of the Plan Year during which the participant reaches the 5th anniversary of his termination date. As of December 31, 2022 and 2021, there were \$0 and \$6,482, respectively, of forfeitures available to pay Plan administration fees and/or reduce future matching contributions. During the years ended December 31, 2022 and 2021, \$27,459 and \$34,153, respectively, of the available forfeiture balance was used to pay Plan administration fees and reduce the Company's matching contributions.

Participant Loans

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000 less the participant's highest outstanding loan balance during the preceding 12 months or 50% of their vested account balances, whichever is less. Principal and interest is paid via payroll deductions over a maximum of a five-year period, except in limited circumstances, such as a loan to purchase a participant's principal residence, which may have a longer repayment period. A participant may have no more than two loans outstanding at any point in time. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing bank borrowing rates. A participant's loan will be deemed distributed if a scheduled payment is not made by the end of the calendar quarter following the calendar quarter in which the payment was due. When a participant's loan is deemed distributed, the outstanding balance, including any accrued interest, may be subject to federal and state taxes.

1. Description of Plan (continued)

Payment of Benefits

Upon separation from service with the Company, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In-service withdrawals are available in certain limited circumstances, as defined by the Plan. Hardship withdrawals are allowed for participants incurring an immediate and heavy financial need, as defined by the Plan. Hardship withdrawals are strictly regulated by the Internal Revenue Service (IRS) and a participant must exhaust all available loan options and available distributions prior to requesting a hardship withdrawal. Additionally, participant balances are normally distributed to the participant or his or her beneficiary at the time of retirement, disability or death. Active employees who receive a coronavirus-related distribution from the Plan may repay all or any portion of the distribution to the plan within the three-year period beginning on the date after the distribution.

Administrative Expenses

The Plan Sponsor pays certain recordkeeping and administrative expenses on behalf of the Plan. Participants' accounts are adjusted for fees pertaining to loans or benefit payment processing.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, participants will become 100% vested in their accounts, less any expenses chargeable to the Plan.

2. Summary of Significant Accounting Principles

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (U.S. GAAP).

Payment of Benefits

Benefit payments are recorded when paid.

Silverton Casino, LLC 401(k) Plan

Notes to Financial Statements (continued)

Notes Receivable from Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are recorded when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the excess contributions to the applicable participants prior to March 15th of the subsequent year in the amounts of \$319 and \$4,229, for the years ended December 31, 2022 and 2021, respectively.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value.

The Plan's investments stated at fair value at December 31, 2022 and 2021, consisted of mutual funds, which have a fair value hierarchy classification of Level 1 because quoted prices are available for these securities in an active market, and a common trust fund, which is valued using the net asset value (NAV) as a practical expedient and therefore is excluded from the fair value hierarchy disclosures. The common trust fund's investment strategy is to protect principal and provide a stable return and it has no redemption restrictions.

2. Summary of Significant Accounting Principles (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held and notes receivable from participants as of December 31, 2022 and 2021, and, the net depreciation/appreciation in fair value of investments, interest, dividends, and interest income from notes receivable from participants for the years then ended, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by John Hancock Trust Company LLC.

The fair value framework establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below.

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active
- Observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Silverton Casino, LLC 401(k) Plan

Notes to Financial Statements (continued)

3. Investments (continued)

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following tables set forth by fair value hierarchy level the Plan’s assets carried at fair value:

	Level 1	NAV	Total
Mutual funds	\$ 11,608,274	\$ -	\$ 11,608,274
Common /collective trust funds ⁽¹⁾		1,066,244	1,066,244
	<u>\$ 11,608,274</u>	<u>\$ 1,066,244</u>	<u>\$ 12,674,518</u>

	Level 1	NAV	Total
Mutual funds	\$ 14,582,075	\$ -	\$ 14,582,075
Common /collective trust funds ⁽¹⁾		762,465	762,465
	<u>\$ 14,582,075</u>	<u>\$ 762,465</u>	<u>\$ 15,344,540</u>

- ⁽¹⁾ Investments measured at NAV include common collective trust accounts. In accordance with the U.S. GAAP, investments measured at NAV as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Party-In-Interest Transactions

The Plan issues loans to participants, which are secured by the participant's account balances.

All of the Plan's investments were managed by John Hancock as of and for the years ended December 31, 2022 and 2021. Fees paid to John Hancock for administrative and investment management services and loan origination costs totaled \$127,531 and \$123,108 for the years ended December 31, 2022 and 2021, respectively.

These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transaction rules under ERISA.

5. Reconciliation of Financial Statements to the Form 5500

A reconciliation of net assets available for benefits per the financial statements (accrual basis) to net assets per the Form 5500 (modified cash basis) is as follows:

	December 31,	
	2022	2021
Net assets available for benefits per the financial statements	\$ 13,313,094	\$ 16,006,831
Add: Adjustment for liability accrued for excess contributions refundable	319	4,229
Net assets available for benefits per the Form 5500	<u>\$ 13,313,413</u>	<u>\$ 16,011,060</u>

A reconciliation of the net increase in net assets available for benefits per the financial statements to net income per the Form 5500 is as follows:

	Year Ended December 31,	
	2022	2021
Net (decrease) increase in net assets per the financial statements	\$ (2,693,737)	\$ 2,042,427
Add: Current year excess contribution payable	319	4,229
Less: Prior year excess contribution payable	(4,229)	(4,723)
Less: Transfers to other plan(s)	-	(246)
Net income per the Form 5500	<u>\$ (2,697,647)</u>	<u>\$ 2,041,687</u>

Notes to Financial Statements (continued)

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Tax Status

The underlying pre-approved plan has received an opinion letter from the IRS dated June 30, 2020, stating that the written form of the underlying pre-approved document is qualified under Section 401 of the Code. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

U.S GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

Management evaluated subsequent events for the Plan through October 12, 2023, the date the financial statements were available to be issued. No material subsequent events have occurred since December 31, 2022, that require recognition or disclosure in the financial statements.
