Report of Independent Auditors

To the Plan Administrator and Retirement Plan Committee of the
Doner Partners 401(k) Plan
Southfield, Michigan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Doner Partners 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Doner Partners 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations and Disclosures under ERISA (qualified institution).

Management has obtained certifications from a qualified institution for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United State of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Doner Partners 401(k) Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Doner Partners 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Doner Partners 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Doner Partners 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 and the supplemental schedule of delinquent contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying

accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Doner Partners 401(k) Plan

Notes to Financial Statements

December 31, 2022

1. Plan Description

The following description of the Doner Partners 401(k) Plan (Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

Effective March 1, 1985, Doner Partners LLC (Company) implemented the Plan. The Plan is a defined contribution plan that provides benefits to eligible participants as determined according to the provisions of the plan agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective April 30, 2020, the Company amended the Plan to add a provision for discretionary matching contributions (calculated at the end of each Plan year).

Plan Merger and Subsequent Event

The Company resolved to merge the Plan into the Stagwell Marketing Group 401k Plan. As a result of the merger, Plan assets of approximately \$54 million were transferred to the Stagwell Marketing Group 401k Plan. A written consent agreement between Stagwell Global LLC and Doner Partners LLC states approval was given to merge the Doner Partners 401(k) Plan into the Stagwell Global 401k Plan, effective January 1, 2023. The consent agreement was intended to reflect the merger of the Doner and Stagwell plans as of the immediate end of 2022, therefore the merger is reflected as of December 31, 2022. The physical transfer of Plan assets to the custodian of the Stagwell plan took place subsequent to year-end, in January 2023.

Administration

The Company is the plan administrator and has appointed a committee of employees to serve in this capacity. It is the plan administrator's responsibility to invest amounts contributed to the Plan as directed by the participants and to distribute benefits to participants. Certain direct costs and expenses incurred by the Plan are paid by the Company.

Participants

Employees, except leased employees, are immediately eligible to participate in the Plan as of their hire dates. Interns and freelance employees become eligible to participate after reaching age 21 and completing at least 1,000 hours of service. Employees, apart from interns and freelance employees, are automatically enrolled in the Plan 35 days after date of hire at a deferral percentage of 3%. Interns and freelance employees are not automatically enrolled in the Plan.

1. Plan Description (continued)

Contributions

The Plan provides for contributions to be made by both the participants and the Company. The Plan permits participants to contribute up to the limits defined in the plan agreement and the Internal Revenue Code. Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan. The Plan provides for discretionary employer matching contributions. The Company's contribution for the discretionary employer matching contribution for the years ended December 31, 2022 and December 31, 2021 were based on length of service, ranged between 50% to 100% of the participant's pretax contributions, and did not exceed \$4,000 annually per participant.

Vesting

Participants' account balances are fully vested for those employed by the Company prior to 1999. For participants hired after 1999, the Company contribution and its earnings vest at the end of three years of service. Participants are 100% vested in participant contributions made to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions, investment earnings, and appreciation or depreciation in the value of investments. Allocations are based upon participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants are also allowed to borrow from their accounts in accordance with limitations defined by the Internal Revenue Code. Participants may direct the investments in their account balances into various investment options offered by the Plan. The Plan and participants participate in revenue credits with Fidelity; allocations of the revenue credits are applied to participant accounts quarterly based on the ratio of each participant's balance in a fund to the total balances for all eligible participants in such fund.

Payment of Benefits

The Plan generally provides that participants are entitled to receive their entire vested benefits upon normal retirement, early retirement, death, disability, or termination of employment. Participants may elect distribution of their benefits by payment in a lump sum or direct transfer to another qualified retirement plan or IRA. Participants can also take an in-service distribution if over 59½ years old.

1. Plan Description (continued)

Hardship Withdrawals

Participants may request that all or a portion of their accounts be distributed in the case of severe financial hardship, as defined in the plan document. The Company must approve any such hardship withdrawals.

Forfeitures

If a participant is not fully vested on his or her termination date, the non-vested amount of the account is forfeited. Forfeited non-vested accounts totaled \$164,506 as of December 31, 2022 and \$11,835 as of December 31, 2021. Forfeitures are retained in the Plan and are first used to pay administrative expenses then can be used to reduce future Company contributions. During the year ended December 31, 2022, \$22,379 of forfeiture funds were used to pay Plan expenses and \$15,886 of forfeiture funds were used to fund Company contributions. During the year ended December 31, 2021, \$12,851 of forfeiture funds were used to pay Plan expenses and \$183,368 of forfeiture funds were used to fund Company contributions.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the plan document and ERISA. In the event the Plan is terminated, all participants' accounts become 100% vested and the net assets of the Plan are distributed to the participants according to the participants' account balances after deducting any expenses and costs of the Plan.

Participant Notes Receivable

Participants may borrow from their accounts subject to certain maximum and minimum amounts as prescribed in the Plan and in the Internal Revenue Code. Notes receivable are collateralized by the participant's account balance and bear interest at a market rate.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Participant Notes Receivable

Participant notes receivable are recorded at their unpaid principal balances plus any accrued interest. Participant notes receivable are written off when deemed uncollectible.

Doner Partners 401(k) Plan

Notes to Financial Statements

December 31, 2022

2. Summary of Significant Accounting Policies (continued)

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Various administrative costs are paid by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

Management has evaluated subsequent events through October 11, 2023, which is the date the financial statements were available to be issued.

Fair Value Measurements

As defined in accounting standards generally accepted in the United States of America, fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. In determining fair value, the Plan uses various methods including market, income, and cost approaches. Based on these approaches, the Plan often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Plan utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Plan is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair value.

Doner Partners 401(k) Plan

Notes to Financial Statements

December 31, 2022

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurements (continued)

Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

- Level 1 Quoted prices (unadjusted) for identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.
- Level 2 Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets and liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.
- Level 3 Significant unobservable inputs that reflect a company's own assumptions about the assumptions that market participants would use in pricing an asset or liability.

Transfers between levels may occur due to changes in the availability of market observable inputs, which generally are caused by changes in market conditions such as liquidity, trading volume, or bid-ask spreads. Transfers between levels may also occur due to changes in the valuation source. Transfers in and out of levels are reported as having occurred at the beginning of the year in which the transfer occurred. There were no transfers between levels during 2022 or 2021.

In determining the appropriate levels, the Plan performs a detailed analysis of the assets and liabilities. At each reporting period, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

For the years ended December 31, 2022 and 2021, the application of valuation techniques applied to similar assets and liabilities has been consistent.

Investment Valuation and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. The Plan's investments are stated at fair value and contract value, as discussed below.

Changes in the market value of Plan assets are reflected in the accompanying statements. For purposes of reporting realized gains on sales of investments and unrealized appreciation in the value of investments, the trustee computes such amounts based on the market value of assets at the beginning of the Plan year, or at the time of purchase, if acquired during the year.

Doner Partners 401(k) Plan

Notes to Financial Statements

December 31, 2022

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition (continued)

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Registered Investments (Mutual Funds) – Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Stable Value Fund – The stable value fund is valued at contract value. See footnote 5 for more information.

Money Market Fund – Value based on quoted market prices reported in active markets.

Reclassifications

Certain amounts in the 2021 financial statements have been reclassified to conform with the 2022 presentation.

3. Tax Status

The Plan utilizes a volume submitter plan adopted through Fidelity. The volume submitter plan has received a determination letter from the Internal Revenue Service on June 30, 2020, indicating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified for tax-exempt treatment. Accordingly, no provision for income taxes has been made in the accompanying financial statements.

Generally, tax years 2019 through the current year remain open to examination. The Plan does not believe that the results from any examination of these open years would have a material adverse effect on the Plan.

Doner Partners 401(k) Plan

Notes to Financial Statements

4. Financial Data Certified by the Trustee (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investment balances and participant notes receivable balances held at December 31, 2022 and 2021, and net realized and unrealized gains (losses) in fair value of mutual funds dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company (the trustee of the Plan).

5. Investment in Stable Value Fund

The Plan invests in the Standard Insurance Company Stable Asset Fund IV (fund) which is an investment contract that seeks to earn current income and preserve capital and stability of principal. Contract value as reported to the Plan represents contributions made, less withdrawals and administrative expenses, plus interest credited. Daily liquidity at contract value is available for participant contributions and withdrawals. Contract value is a general liability against Standard Insurance Company on the Plan's behalf. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

On a quarterly basis, Standard Insurance Company declares a crediting interest rate for all assets in the fund during the coming quarter. The crediting interest rate will never be below 1.00%. The crediting rate was 2.10% and 1.95% as of December 31, 2022 and 2021, respectively.

Certain events, such as the termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value. The plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

Standard Insurance Company may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause which includes the contract owner's failure to abide by applicable laws and regulations, failure to render performance necessary to comply with the terms of the contract, failure to maintain assets of at least \$25,000, plan disqualification, and failure to adopt the plan in a reasonable amount of time. Upon termination, a market value adjustment or other withdrawal restrictions may apply.

6. Fair Value Measurements

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and December 31, 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total

Total assets in the fair value hierarchy	<u>\$ 51,413,050</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 51,413,050</u>

	Assets at Fair Value as of December 31, 2021

Mutual funds	\$ 70,279,385	\$ -	\$ -	\$ 70,279,385
Money market fund	12	-	-	12
Total assets in the fair value hierarchy	<u>\$ 70,279,397</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 70,279,397</u>

7. Party-In-Interest Transactions

The Company, participants, consultants, and the trustee have all been identified as parties-in-interest.

Certain investments consist of shares of mutual funds managed by Fidelity Management Trust Company (Fidelity) or its affiliates. Fidelity is the trustee of the Plan; therefore, these transactions qualify as party-in-interest. Expenses and revenue sharing arrangements with Fidelity are also party-in-interest transactions. One Digital provides consulting services to the Plan; therefore, this relationship qualifies as a party-in-interest relationship.

In addition, notes receivable from participants are considered party-in-interest transactions.

8. Risk and Uncertainties

The Plan invests in various investment securities. These investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits as reported on the financial statements to the Form 5500 as of December 31, 2022:

	<u>2022</u>
Net assets available for benefits at end of year as reported on the financial statements	\$ -
Subtract: current year investments	52,647,915
Subtract: current year employer contributions receivable	981,321
Subtract: current year participant notes receivable	347,666
Add: due to other plan in merger liability	<u>(53,976,902)</u>
Net assets available for benefits at end of year as reported on Form 5500	<u>\$ -</u>

As stated in the Plan Merger paragraph of Note 1, legal ownership of assets transferred to the Stagwell Marketing Group 401k Plan effective January 1, 2023. As a result, management elected to prepare Form 5500 showing no assets or liabilities remaining in the Plan as of December 31, 2022, while the financial statements show investments held as of year-end, contributions receivable, participant loans receivable, and a due to other plan in merger liability based on the certified statement information, resulting in net assets available for benefits being \$0 as of December 31, 2022 in the financial statements.
