SCHEDULE H (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Financial Information This schedule is required to be filed under section 104 of the Employee Retirement Income Security Act of 1974 (ERISA), and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2022 This Form is Open to Public Inspection
For calendar plan year 2022 or fiscal plan year beginning <u>01/01/2022</u> and ending <u>12/31/2022</u>		
A Name of plan <u>ATB ADMINISTRATION RETIREMENT PLAN</u>	B Three-digit plan number (PN) ►	<u>001</u>
C Plan sponsor's name as shown on line 2a of Form 5500 <u>ATB ADMINISTRATION LLC</u>	D Employer Identification Number (EIN) <u>88-0628289</u>	

Part I Asset and Liability Statement			
1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.			
Assets		(a) Beginning of Year	(b) End of Year
a Total noninterest-bearing cash.....	1a	0	0
b Receivables (less allowance for doubtful accounts):			
(1) Employer contributions.....	1b(1)	0	148222
(2) Participant contributions.....	1b(2)	0	1200
(3) Other.....	1b(3)	0	0
c General investments:			
(1) Interest-bearing cash (include money market accounts & certificates of deposit).....	1c(1)	0	937926
(2) U.S. Government securities	1c(2)	0	0
(3) Corporate debt instruments (other than employer securities):			
(A) Preferred	1c(3)(A)	0	0
(B) All other	1c(3)(B)	0	0
(4) Corporate stocks (other than employer securities):			
(A) Preferred	1c(4)(A)	0	0
(B) Common.....	1c(4)(B)	0	0
(5) Partnership/joint venture interests	1c(5)	0	0
(6) Real estate (other than employer real property)	1c(6)	0	0
(7) Loans (other than to participants).....	1c(7)	0	0
(8) Participant loans.....	1c(8)	0	54108
(9) Value of interest in common/collective trusts.....	1c(9)	0	0
(10) Value of interest in pooled separate accounts	1c(10)	0	0
(11) Value of interest in master trust investment accounts.....	1c(11)	0	0
(12) Value of interest in 103-12 investment entities	1c(12)	0	0
(13) Value of interest in registered investment companies (e.g., mutual funds).....	1c(13)	0	7814054
(14) Value of funds held in insurance company general account (unallocated contracts).....	1c(14)	0	0
(15) Other	1c(15)	0	4701

1d Employer-related investments:		(a) Beginning of Year	(b) End of Year
(1) Employer securities	1d(1)	0	0
(2) Employer real property	1d(2)	0	0
e Buildings and other property used in plan operation	1e	0	0
f Total assets (add all amounts in lines 1a through 1e)	1f	0	8960211

Liabilities

g Benefit claims payable	1g	0	0
h Operating payables	1h	0	0
i Acquisition indebtedness	1i	0	0
j Other liabilities	1j	0	0
k Total liabilities (add all amounts in lines 1g through 1j)	1k	0	0

Net Assets

l Net assets (subtract line 1k from line 1f)	1l	0	8960211
---	-----------	---	---------

Part II Income and Expense Statement

2 Plan income, expenses, and changes in net assets for the year. Include all income and expenses of the plan, including any trust(s) or separately maintained fund(s) and any payments/receipts to/from insurance carriers. Round off amounts to the nearest dollar. MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 2a, 2b(1)(E), 2e, 2f, and 2g.

Income

		(a) Amount	(b) Total
a Contributions:			
(1) Received or receivable in cash from: (A) Employers	2a(1)(A)	1342605	
(B) Participants	2a(1)(B)	1866926

j Total expenses. Add all expense amounts in column (b) and enter total	2j		395122
Net Income and Reconciliation			
k Net income (loss). Subtract line 2j from line 2d	2k		3493787
l Transfers of assets:			
(1) To this plan	2l(1)		5466424
(2) From this plan	2l(2)		0

Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: YULISHANA, INC.

(2) EIN: 88-2413482

d The opinion of an independent qualified public accountant is **not attached** because:

(1) ☐ This form is filed for a CCT, PSA, or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l.

During the plan year:

a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)

	Yes	No	Amount
4a	X		25784

	Yes	No	Amount
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)			
4b		X	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)			
4c		X	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)			
4d		X	
e Was this plan covered by a fidelity bond?	X		500000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		X	
4f		X	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4g		X	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?			
4h		X	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	X		
4i	X		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)			
4j		X	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?			
4k		X	
l Has the plan failed to provide any benefit when due under the plan?			
4l		X	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)	X		
4m	X		
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.	X		
4n	X		

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)

5b(1) Name of plan(s)	5b(2) EIN(s)	5b(3) PN(s)

5c Was the plan a defined benefit plan covered under the PBGC insurance program at any time during this plan year? (See ERISA section 4021 and instructions.) ☐ Yes ☐ No ☐ Not determined
If "Yes" is checked, enter the My PAA confirmation number from the PBGC premium filing for this plan year _____.

SCHEDULE R (Form 5500) Department of the Treasury Internal Revenue Service Department of Labor Employee Benefits Security Administration Pension Benefit Guaranty Corporation	Retirement Plan Information This schedule is required to be filed under sections 104 and 4065 of the Employee Retirement Income Security Act of 1974 (ERISA) and section 6058(a) of the Internal Revenue Code (the Code). ► File as an attachment to Form 5500.	OMB No. 1210-0110 2022 This Form is Open to Public Inspection.
For calendar plan year 2022 or fiscal plan year beginning 01/01/2022 and ending 12/31/2022		
A Name of plan ATB ADMINISTRATION RETIREMENT PLAN		B Three-digit plan number (PN) ► 001
C Plan sponsor's name as shown on line 2a of Form 5500 ATB ADMINISTRATION LLC		D Employer Identification Number (EIN) 88-0628289
Part I Distributions		
All references to distributions relate only to payments of benefits during the plan year.		
1 Total value of distributions paid in property other than in cash or the forms of property specified in the instructions.....		1
2 Enter the EIN(s) of payor(s) who paid benefits on behalf of the plan to participants or beneficiaries during the year (if more than two, enter EINs of the two payors who paid the greatest dollar amounts of benefits): EIN(s): 04-6568107		
Profit-sharing plans, ESOPs, and stock bonus plans, skip line 3.		
3 Number of participants (living or deceased) whose benefits were distributed in a single sum, during the plan year.....		3
Part II Funding Information (If the plan is not subject to the minimum funding requirements of section 412 of the Internal Revenue Code or ERISA section 302, skip this Part.)		
4 Is the plan administrator making an election under Code section 412(d)(2) or ERISA section 302(d)(2)? ☐ Yes ☐ No ☐ N/A If the plan is a defined benefit plan, go to line 8.		
5 If a waiver of the minimum funding standard for a prior year is being amortized in this plan year, see instructions and enter the date of the ruling letter granting the waiver. Date: Month _____ Day _____ Year _____ If you completed line 5, complete lines 3, 9, and 10 of Schedule MB and do not complete the remainder of this schedule.		
6 a Enter the minimum required contribution for this plan year (include any prior year accumulated funding deficiency not waived).....		6a
b Enter the amount contributed by the employer to the plan for this plan year.....		6b
c Subtract the amount in line 6b from the amount in line 6a. Enter the result (enter a minus sign to the left of a negative amount).....		6c
If you completed line 6c, skip lines 8 and 9.		
7 Will the minimum funding amount reported on line 6c be met by the funding deadline? ☐ Yes ☐ No ☐ N/A		
8 If a change in actuarial cost method was made for this plan year pursuant to a revenue procedure or other authority providing automatic approval for the change or a class ruling letter, does the plan sponsor or plan administrator agree with the change? ☐ Yes ☐ No ☐ N/A		
Part III Amendments		
9 If this is a defined benefit pension plan, were any amendments adopted during this plan year that increased or decreased the value of benefits? If yes, check the appropriate box. If no, check the "No" box..... ☐ Increase ☐ Decrease ☐ Both ☐ No		
Part IV ESOPs (see instructions). If this is not a plan described under section 409(a) or 4975(e)(7) of the Internal Revenue Code, skip this Part.		
10 Were unallocated employer securities or proceeds from the sale of unallocated securities used to repay any exempt loan?..... ☐ Yes ☐ No		
11 a Does the ESOP hold any preferred stock?..... ☐ Yes ☐ No		
b If the ESOP has an outstanding exempt loan with the employer as lender, is such loan part of a "back-to-back" loan? (See instructions for definition of "back-to-back" loan.)..... ☐ Yes ☐ No		
12 Does the ESOP hold any stock that is not readily tradable on an established securities market?..... ☐ Yes ☐ No		
For Paperwork Reduction Act Notice, see the Instructions for Form 5500.

INDEPENDENT AUDITOR'S REPORT

To the Trustee and 401(k) Committee
ATB Administration Retirement Plan
Palo Alto, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of ATB Administration Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and the supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2022, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of ATB Administration Retirement Plan (“Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution savings plan and was established January 1, 2022 as a spin-off from a multiemployer plan, the TriNet Select 401(k) Plan (“TriNet Plan”), and was initially named Immobiliare Management Retirement Plan, sponsored by Immobiliare Management LLC. Manzanita Management Group, LLC, Red Rock Coffee, Inc., Koum Family Foundation, and Redwood Support Group, Inc. became participating employers in the Plan effective January 1, 2022.

On February 14, 2022, ATB Administration LLC was named as the sponsor of the Plan (“Plan Sponsor”) and the Plan’s name was changed to ATB Administration Retirement Plan. Immobiliare Management, LLC joined Manzanita Management Group, LLC, Red Rock Coffee, Inc., Koum Family Foundation, and Redwood Support Group, Inc. as a participating employer (collectively the “Employers”) in the Plan.

Effective January 1, 2022, the plans, sponsored by Manzanita Management Group, LLC, and Red Rock Coffee, Inc., were also spunoff from the TriNet Plan and respective plan assets were merged into the Plan.

During 2022 and in connection with the above re-organization of plans, approximately \$5,500,000 of assets were transferred to the Plan from the TriNet Plan, sponsored by TriNet HR IV, LLC, a professional employer organization.

The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”), and subsequent laws.

Plan administration

The Plan Sponsor has designated the 401(k) Committee (“Committee”) as the administrator of the Plan and, as such, the Committee carries out the duties imposed by ERISA. The Committee has delegated certain responsibilities for the operation and administration of the Plan. Trustee services are provided by Fidelity Management Trust Company (“Fidelity”), and an affiliate of Fidelity provides recordkeeping services to the Plan.

Eligibility

The Plan covers substantially all employees of the Employers except for employees covered by a collective bargaining agreement, leased employees, residents of Puerto Rico, and certain nonresident aliens. Eligible employees, who have attained age 20, may participate in the Plan.

Contributions

Each year, participants may contribute up to 90% of their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined by the plan document, up to the maximum annual amount allowed by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan.

For the year ended December 31, 2022, the Employers made safe harbor matching contributions to the Plan equal to 100% of the first 6% of each participant deferred eligible compensation, as defined by the plan document, for a total of approximately \$1,340,000.

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

Participant accounts

Each participant's account is credited with the participant's contributions, Employers' contributions, and plan earnings. Accounts are charged with an allocation of administrative expenses that are paid for by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting

Participants are immediately 100% vested in their elective contributions and the Employers' contributions plus earnings thereon.

Notes receivable from participants

Participants may borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") are issued by the Plan and secured by the balance in the participant's account. Participant loans must be repaid within five years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer. Participant loans bear a rate of interest equal to the prime rate plus 1%. Principal and interest are generally paid ratably through payroll deductions with payments made each pay period. Outstanding participant loans at December 31, 2022 bear annual interest rates ranging from 4.25% to 6.50% and mature at various dates through October 2027.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability or death. The Plan permits in-service and hardship withdrawals under certain conditions, as described in the plan document. Upon termination, participants with total vested account balances of up to \$1,000 may automatically receive a lump-sum cash distributions from the Plan. Unless affirmatively elected otherwise by the participant, if a participant's vested account balance is greater than \$1,000 and less than \$5,000, the balance may be automatically rolled over into an individual retirement account, preselected by the Employers. If a participant's vested account balance is greater than \$5,000, the participant may consent to either a distribution from the Plan or postpone payment to a later date and remain in the Plan, as described in the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions are separated from a participant's pay by the Employers, which is the pay date. Contributions from the Employers are recorded in the year earned to coincide with the year the Employers record the contributions in their financial statements. Rollover contributions from participants are recorded based on the date the contributions are received by the Plan.

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

Investment valuation

The Plan's investments are reported at fair value. Fidelity, the trustee, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on an accrual basis. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain administrative expenses of the Plan were paid directly by the Employers for the year ended December 31, 2022 and are excluded from the financial statements. The Plan is not expected to reimburse the Employers for these expenses. Investment fees, which may vary according to the individual investment options selected, are paid out of the assets of the Plan.

Subsequent events

Effective July 1, 2023, Aurora Skies Operations LLC, formerly known as Aurora Skies LLC, became a participating employer in the Plan. The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information was certified as complete and accurate by Fidelity, the trustee, and was not subjected to any auditing procedures performed by the independent auditors:

- Investments and notes receivable from participants reflected on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2022.
- Net depreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Investments reflected on the Schedule of Assets (Held at End of Year).

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Mutual funds and money market fund: Valued at the daily closing price as reported by the funds. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Investments elected by participants through the Plan's individual brokerage account option, which includes amounts held in a money market fund as of December 31, 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 937,926	\$ -	\$ -	\$ 937,926
Mutual funds	7,814,054	\$ -	\$ -	7,814,054
Self-directed brokerage accounts	4,701	\$ -	\$ -	4,701
Investments, at fair value	<u>\$ 8,756,681</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,756,681</u>

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

5. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

6. TAX STATUS

The Plan has adopted a pre-approved plan that has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020. The Plan has been amended since the receipt of the letter from the IRS, however, the Plan Administrator believes the Plan has been operated in accordance with the provisions of the IRC and its associated trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employers, and certain others. Certain Plan investments are managed by Fidelity or its affiliates. As such, transactions conducted by Fidelity and its affiliates, including fee offset agreements, qualify as party-in-interest transactions. Also, the Employers pay certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions.

Fidelity retains as compensation for services provided to the Plan, any interest (or "float") on amounts earned, while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

INDEPENDENT AUDITOR'S REPORT

To the Trustee and 401(k) Committee
ATB Administration Retirement Plan
Palo Alto, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of ATB Administration Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and the supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2022, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of ATB Administration Retirement Plan (“Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution savings plan and was established January 1, 2022 as a spin-off from a multiemployer plan, the TriNet Select 401(k) Plan (“TriNet Plan”), and was initially named Immobiliare Management Retirement Plan, sponsored by Immobiliare Management LLC. Manzanita Management Group, LLC, Red Rock Coffee, Inc., Koum Family Foundation, and Redwood Support Group, Inc. became participating employers in the Plan effective January 1, 2022.

On February 14, 2022, ATB Administration LLC was named as the sponsor of the Plan (“Plan Sponsor”) and the Plan’s name was changed to ATB Administration Retirement Plan. Immobiliare Management, LLC joined Manzanita Management Group, LLC, Red Rock Coffee, Inc., Koum Family Foundation, and Redwood Support Group, Inc. as a participating employer (collectively the “Employers”) in the Plan.

Effective January 1, 2022, the plans, sponsored by Manzanita Management Group, LLC, and Red Rock Coffee, Inc., were also spunoff from the TriNet Plan and respective plan assets were merged into the Plan.

During 2022 and in connection with the above re-organization of plans, approximately \$5,500,000 of assets were transferred to the Plan from the TriNet Plan, sponsored by TriNet HR IV, LLC, a professional employer organization.

The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”), and subsequent laws.

Plan administration

The Plan Sponsor has designated the 401(k) Committee (“Committee”) as the administrator of the Plan and, as such, the Committee carries out the duties imposed by ERISA. The Committee has delegated certain responsibilities for the operation and administration of the Plan. Trustee services are provided by Fidelity Management Trust Company (“Fidelity”), and an affiliate of Fidelity provides recordkeeping services to the Plan.

Eligibility

The Plan covers substantially all employees of the Employers except for employees covered by a collective bargaining agreement, leased employees, residents of Puerto Rico, and certain nonresident aliens. Eligible employees, who have attained age 20, may participate in the Plan.

Contributions

Each year, participants may contribute up to 90% of their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined by the plan document, up to the maximum annual amount allowed by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan.

For the year ended December 31, 2022, the Employers made safe harbor matching contributions to the Plan equal to 100% of the first 6% of each participant deferred eligible compensation, as defined by the plan document, for a total of approximately \$1,340,000.

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

Participant accounts

Each participant's account is credited with the participant's contributions, Employers' contributions, and plan earnings. Accounts are charged with an allocation of administrative expenses that are paid for by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting

Participants are immediately 100% vested in their elective contributions and the Employers' contributions plus earnings thereon.

Notes receivable from participants

Participants may borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") are issued by the Plan and secured by the balance in the participant's account. Participant loans must be repaid within five years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer. Participant loans bear a rate of interest equal to the prime rate plus 1%. Principal and interest are generally paid ratably through payroll deductions with payments made each pay period. Outstanding participant loans at December 31, 2022 bear annual interest rates ranging from 4.25% to 6.50% and mature at various dates through October 2027.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability or death. The Plan permits in-service and hardship withdrawals under certain conditions, as described in the plan document. Upon termination, participants with total vested account balances of up to \$1,000 may automatically receive a lump-sum cash distributions from the Plan. Unless affirmatively elected otherwise by the participant, if a participant's vested account balance is greater than \$1,000 and less than \$5,000, the balance may be automatically rolled over into an individual retirement account, preselected by the Employers. If a participant's vested account balance is greater than \$5,000, the participant may consent to either a distribution from the Plan or postpone payment to a later date and remain in the Plan, as described in the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions are separated from a participant's pay by the Employers, which is the pay date. Contributions from the Employers are recorded in the year earned to coincide with the year the Employers record the contributions in their financial statements. Rollover contributions from participants are recorded based on the date the contributions are received by the Plan.

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

Investment valuation

The Plan's investments are reported at fair value. Fidelity, the trustee, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on an accrual basis. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain administrative expenses of the Plan were paid directly by the Employers for the year ended December 31, 2022 and are excluded from the financial statements. The Plan is not expected to reimburse the Employers for these expenses. Investment fees, which may vary according to the individual investment options selected, are paid out of the assets of the Plan.

Subsequent events

Effective July 1, 2023, Aurora Skies Operations LLC, formerly known as Aurora Skies LLC, became a participating employer in the Plan. The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information was certified as complete and accurate by Fidelity, the trustee, and was not subjected to any auditing procedures performed by the independent auditors:

- Investments and notes receivable from participants reflected on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2022.
- Net depreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Investments reflected on the Schedule of Assets (Held at End of Year).

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Mutual funds and money market fund: Valued at the daily closing price as reported by the funds. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Investments elected by participants through the Plan's individual brokerage account option, which includes amounts held in a money market fund as of December 31, 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 937,926	\$ -	\$ -	\$ 937,926
Mutual funds	7,814,054	\$ -	\$ -	7,814,054
Self-directed brokerage accounts	4,701	\$ -	\$ -	4,701
Investments, at fair value	<u>\$ 8,756,681</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,756,681</u>

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

5. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

6. TAX STATUS

The Plan has adopted a pre-approved plan that has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020. The Plan has been amended since the receipt of the letter from the IRS, however, the Plan Administrator believes the Plan has been operated in accordance with the provisions of the IRC and its associated trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employers, and certain others. Certain Plan investments are managed by Fidelity or its affiliates. As such, transactions conducted by Fidelity and its affiliates, including fee offset agreements, qualify as party-in-interest transactions. Also, the Employers pay certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions.

Fidelity retains as compensation for services provided to the Plan, any interest (or "float") on amounts earned, while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

INDEPENDENT AUDITOR'S REPORT

To the Trustee and 401(k) Committee
ATB Administration Retirement Plan
Palo Alto, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of ATB Administration Retirement Plan ("Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and the supplemental schedule of assets (held at end of year) as of and for the year ended December 31, 2022, are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of ATB Administration Retirement Plan (“Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution savings plan and was established January 1, 2022 as a spin-off from a multiemployer plan, the TriNet Select 401(k) Plan (“TriNet Plan”), and was initially named Immobiliare Management Retirement Plan, sponsored by Immobiliare Management LLC. Manzanita Management Group, LLC, Red Rock Coffee, Inc., Koum Family Foundation, and Redwood Support Group, Inc. became participating employers in the Plan effective January 1, 2022.

On February 14, 2022, ATB Administration LLC was named as the sponsor of the Plan (“Plan Sponsor”) and the Plan’s name was changed to ATB Administration Retirement Plan. Immobiliare Management, LLC joined Manzanita Management Group, LLC, Red Rock Coffee, Inc., Koum Family Foundation, and Redwood Support Group, Inc. as a participating employer (collectively the “Employers”) in the Plan.

Effective January 1, 2022, the plans, sponsored by Manzanita Management Group, LLC, and Red Rock Coffee, Inc., were also spunoff from the TriNet Plan and respective plan assets were merged into the Plan.

During 2022 and in connection with the above re-organization of plans, approximately \$5,500,000 of assets were transferred to the Plan from the TriNet Plan, sponsored by TriNet HR IV, LLC, a professional employer organization.

The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (“ERISA”), and subsequent laws.

Plan administration

The Plan Sponsor has designated the 401(k) Committee (“Committee”) as the administrator of the Plan and, as such, the Committee carries out the duties imposed by ERISA. The Committee has delegated certain responsibilities for the operation and administration of the Plan. Trustee services are provided by Fidelity Management Trust Company (“Fidelity”), and an affiliate of Fidelity provides recordkeeping services to the Plan.

Eligibility

The Plan covers substantially all employees of the Employers except for employees covered by a collective bargaining agreement, leased employees, residents of Puerto Rico, and certain nonresident aliens. Eligible employees, who have attained age 20, may participate in the Plan.

Contributions

Each year, participants may contribute up to 90% of their eligible pre-tax or after-tax (as Roth contributions) compensation, as defined by the plan document, up to the maximum annual amount allowed by the Internal Revenue Code (“IRC”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Participants direct the investment of contributions to their respective accounts into the investment options offered by the Plan.

For the year ended December 31, 2022, the Employers made safe harbor matching contributions to the Plan equal to 100% of the first 6% of each participant deferred eligible compensation, as defined by the plan document, for a total of approximately \$1,340,000.

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

Participant accounts

Each participant's account is credited with the participant's contributions, Employers' contributions, and plan earnings. Accounts are charged with an allocation of administrative expenses that are paid for by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting

Participants are immediately 100% vested in their elective contributions and the Employers' contributions plus earnings thereon.

Notes receivable from participants

Participants may borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") are issued by the Plan and secured by the balance in the participant's account. Participant loans must be repaid within five years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer. Participant loans bear a rate of interest equal to the prime rate plus 1%. Principal and interest are generally paid ratably through payroll deductions with payments made each pay period. Outstanding participant loans at December 31, 2022 bear annual interest rates ranging from 4.25% to 6.50% and mature at various dates through October 2027.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability or death. The Plan permits in-service and hardship withdrawals under certain conditions, as described in the plan document. Upon termination, participants with total vested account balances of up to \$1,000 may automatically receive a lump-sum cash distributions from the Plan. Unless affirmatively elected otherwise by the participant, if a participant's vested account balance is greater than \$1,000 and less than \$5,000, the balance may be automatically rolled over into an individual retirement account, preselected by the Employers. If a participant's vested account balance is greater than \$5,000, the participant may consent to either a distribution from the Plan or postpone payment to a later date and remain in the Plan, as described in the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the change therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions are separated from a participant's pay by the Employers, which is the pay date. Contributions from the Employers are recorded in the year earned to coincide with the year the Employers record the contributions in their financial statements. Rollover contributions from participants are recorded based on the date the contributions are received by the Plan.

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

Investment valuation

The Plan's investments are reported at fair value. Fidelity, the trustee, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an ordinary transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Participant loans are recorded at their unpaid principal balance plus any accrued but unpaid interest. Interest income on participant loans is recorded on an accrual basis. Delinquent notes receivable are reclassified as distributions upon the occurrence of a distributable event based upon the terms of the plan document. No allowance for credit losses has been recorded as of December 31, 2022.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain administrative expenses of the Plan were paid directly by the Employers for the year ended December 31, 2022 and are excluded from the financial statements. The Plan is not expected to reimburse the Employers for these expenses. Investment fees, which may vary according to the individual investment options selected, are paid out of the assets of the Plan.

Subsequent events

Effective July 1, 2023, Aurora Skies Operations LLC, formerly known as Aurora Skies LLC, became a participating employer in the Plan. The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information was certified as complete and accurate by Fidelity, the trustee, and was not subjected to any auditing procedures performed by the independent auditors:

- Investments and notes receivable from participants reflected on the accompanying Statement of Net Assets Available for Benefits as of December 31, 2022.
- Net depreciation in fair value of investments, dividends and interest income, and interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- Investments reflected on the Schedule of Assets (Held at End of Year).

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

- Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access.
- Level 2 - inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis.

Mutual funds and money market fund: Valued at the daily closing price as reported by the funds. Funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Investments elected by participants through the Plan's individual brokerage account option, which includes amounts held in a money market fund as of December 31, 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market fund	\$ 937,926	\$ -	\$ -	\$ 937,926
Mutual funds	7,814,054	\$ -	\$ -	7,814,054
Self-directed brokerage accounts	4,701	\$ -	\$ -	4,701
Investments, at fair value	<u>\$ 8,756,681</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,756,681</u>

ATB Administration Retirement Plan
Notes to the Financial Statements
December 31, 2022

5. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

In March 2020, the COVID-19 outbreak was declared a pandemic by the World Health Organization. The COVID-19 pandemic has also led to extreme volatility in financial markets and has affected, and may continue to affect, the market price of Plan assets. While the potential economic impact brought by, and the duration of, COVID-19 may be difficult to assess or predict, a widespread pandemic could result in significant disruption of global financial markets. The extent to which COVID-19 impacts the financial markets will depend on future developments that are highly uncertain and cannot be predicted.

6. TAX STATUS

The Plan has adopted a pre-approved plan that has received an opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020. The Plan has been amended since the receipt of the letter from the IRS, however, the Plan Administrator believes the Plan has been operated in accordance with the provisions of the IRC and its associated trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employers, and certain others. Certain Plan investments are managed by Fidelity or its affiliates. As such, transactions conducted by Fidelity and its affiliates, including fee offset agreements, qualify as party-in-interest transactions. Also, the Employers pay certain fees and expenses on behalf of the Plan. These transactions qualify as party-in-interest transactions.

Fidelity retains as compensation for services provided to the Plan, any interest (or "float") on amounts earned, while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
