INDEPENDENT AUDITORS' REPORT

To the Board of Directors
Pool Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Pool Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

POOL CORPORATION 401(K) PLAN
COVINGTON, LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS

1. Description of the Plan

The following description of the Pool Corporation 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

The Plan is a defined contribution plan covering substantially all employees of SCP Distributors LLC; Superior Pool Products LLC; Cypress Inc.; PoolFX Supply LLC and Horizon Distributors Inc. (collectively referred to as the “Company” and the “Employer”) who have completed six months of service. Only employees who have completed one year of service and are employed on the last day of the plan year are eligible to receive the Company’s discretionary profit-sharing contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

T. Rowe Price Trust Company (the “Trustee”) serves as trustee. The recordkeeper for the Plan is T. Rowe Price Retirement Plan Services, Inc. (“RPS”).

Contributions

Participants may contribute a maximum of 75% of their annual compensation to their participant 401(k) account, subject to the dollar limits set by the Internal Revenue Service (“IRS”). The Company automatically enrolls participants with a contribution rate of 3% unless the participant elects a different contribution rate or waives participation. The Company automatically increases each participant’s salary deferral by 1% each year until a salary deferral of 11% is reached, or the participant opts out of the automatic escalation feature. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Company will contribute and allocate to each participant’s Safe Harbor Matching Contribution subaccount an amount equal to 100% of a participant’s elective deferrals up to 3% of the participant’s eligible compensation plus 50% of a participant’s elective deferrals from 3% to 5% of the participant’s eligible compensation as defined by the Plan. Contributions are subject to certain limitations.

The Company may make annual discretionary contributions from the current or accumulated profits of the Company. These discretionary contributions are allocated to all eligible participants based on compensation and are integrated with Social Security. There were no contributions of this type made for the year ended December 31, 2022.

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings. Allocations are based on the participant’s investment earnings or account balances, or specific participant transactions as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Unvested portions of the Company’s contributions remaining in forfeited accounts of terminated participants are used to reduce future Company contributions or pay plan expenses. There were no unallocated forfeited balances at December 31, 2022 and December 31, 2021. During the year ended December 31, 2022, approximately \$3,319 was used to reduce the Company’s contributions.

Investment Options

Participants may direct the investment of their accounts into any or all of the several investment options the Plan offers which have a variety of investment objectives.

POOL CORPORATION 401(K) PLAN
COVINGTON, LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS

1. Description of the Plan (continued)

Vesting

Participants are 100% vested in their contributions immediately. Company matching contributions made prior to January 1, 2007 vest to individual participants after attainment of a certain number of years of continuous service, with one year of service credited for each 12-consecutive-month period in which the participant has completed 1,000 or more hours of service. A participant is vested over a five-year period beginning after one year of credited service, becoming 100% vested after six years of credited service as further described in the plan document.

The Plan was amended on January 1, 2007 to be a “safe harbor” cash or deferred arrangement and the Safe Harbor Matching Contribution subaccounts are immediately 100% vested.

On September 1, 2008, the Plan was amended to add Roth contributions to the Plan as an after-tax elective deferral option. The Roth contributions are subject to the same company match, funds and rules as the pre-tax elective deferrals. Additionally, on January 1, 2019, the Plan was amended to designate certain rollovers into the Plan as Roth contributions.

Benefit Payments

Upon retirement, death, disability, or termination of service, participants or their beneficiaries may elect to receive the vested portion of their accounts in a single-sum distribution. Participants may withdraw a portion of his or her account in the event of financial hardship, as defined in the Plan.

Notes Receivable from Participants

Notes receivable from participants are permitted under the Plan as defined in the loan application and promissory note forms and are subject to the provisions of ERISA. A loan is limited to 50% of a participant's vested account balance, not to exceed \$50,000. Loan terms range from 1-5 years or up to 15 years for the purchase of a primary residence. Loans are secured by the participant's account balance and bear interest at rates that range from 0.04%-8.75%, which are commensurate with local prevailing rates. Principal and interest is paid ratable through payroll deductions.

Administrative Expenses

The Company pays certain administrative expenses which are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses while expenses for items such as recordkeeping are allocated to participants. Investment-related expenses are included in net depreciation of fair value of investments.

POOL CORPORATION 401(K) PLAN
COVINGTON, LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS

1. Description of the Plan (continued)

Administrative Budget Account

The Plan maintains an Administrative Budget Account funded by the Plan's Sponsor. The funds in the account are treated as Plan assets and may only be used for payment of permissible Plan expenses or allocation to participants. The Administrative Budget funds are invested in the T. Rowe Price Prime Reserve Fund. The T. Rowe Price Prime Reserve Fund is not an available investment option for Plan participants. All funds utilized from this account are treated as administrative expenses on the statements of changes in net assets available for benefits. Contributions to the Administrative Budget account were \$54,587 for 2022. Administrative Budget account funds utilized amounted to \$146,708 for the year ended December 31, 2022. No funds were allocated from this account to participants in the form of Employer contributions for the year ended December 31, 2022. The balance in the Administrative Budget account was \$183,294 and \$275,415 at December 31, 2022 and December 31, 2021, respectively.

Plan Termination

Although the Company has not expressed any intent to do so, the Plan may be terminated at the Company's option, subject to the provisions of ERISA. Upon termination, the net assets available for benefits would be liquidated. Amounts credited to the accounts of participants would become fully vested and non-forfeitable as of the date of such termination.

2. Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States (GAAP). Benefits are recorded when paid.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

POOL CORPORATION 401(K) PLAN
COVINGTON, LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS

2. Significant Accounting Policies (continued)

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investments, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Stable Value Fund

The Plan holds an investment in a stable value fund. The fund has certain limitations as follows:

- Participant withdrawals made in order to accommodate distributions to participants or transfers to a non-competing investment may be made on any business day. Transferred amounts must be held in a non-competing investment option for 90 days before subsequent transfers to a competing fund can occur.
- Withdrawals directed by a plan sponsor must be preceded by a twelve-month written notice to the issuer. The issuer, however, may, in its discretion, complete any such plan-level withdrawal before the expiration of such twelve-month period. No such notice has been given to the issuer.

3. Income Tax Status

The Plan is a qualified cash or deferred arrangement established under Section 401(k) of the Internal Revenue Code (IRC) and is exempt from income taxes under Section 401(a) of the IRC. The Plan has executed an adoption agreement using T. Rowe Price Trust Company Volume Submitter 401(k) Profit Sharing Plan and relies on the determination letter dated March 31, 2014, issued for the standard plan. The Plan administrator believes the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability nor disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

POOL CORPORATION 401(K) PLAN
COVINGTON, LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS

4. Information Certified by the Qualified Institution

Certain information related to investments and notes receivables from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivables from participants held at December 31, 2022 and December 31, 2021, and net depreciation in fair value of investments and interest and dividends, for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by T. Rowe Price, a qualified institution as defined by ERISA.

5. Related Party Transactions and Party in Interest Transactions

The Plan's investments are managed by T. Rowe Price. T. Rowe Price is a qualified institution as defined by ERISA for the plan and, therefore transactions in such investments qualify as parties-in-interest transactions which are exempt from prohibited transaction rules of ERISA. The Plan pays administrative fees to T. Rowe Price which totaled \$242,122 for the year ended December 31, 2022 and is included in the Statement of Changes in Net Assets Available for Benefits.

6. Fair Value Measurements

GAAP provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- Level 2 Inputs to the valuation methodology include
- quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

POOL CORPORATION 401(K) PLAN
COVINGTON, LOUISIANA
NOTES TO THE FINANCIAL STATEMENTS

6. Fair Value Measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021:

- Mutual funds: Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Common collective trust: The Common collective trusts are composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. This investment has not been classified in the fair value hierarchy table. The fair value amount presented in the table is intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. Participant transactions (purchases and sales) may occur daily. As of December 31, 2022, and 2021, there are no unfunded commitments.

The tables below reflects the Plan assets fair values by level as of December 31:

7. Subsequent Events

Management has evaluated subsequent events through the date that the financial statements were available to be issued, September 22, 2023, and determined there were no matters which required additional disclosure in the financial statements. No other subsequent events occurring after this date have been evaluated for inclusion in these financial statements.
