INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants of
Compliance Science, Inc. 401(k) Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Compliance Science, Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the period from July 1, 2022 (inception) through December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the period from July 1, 2022 (inception) through December 31, 2022, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of or for the period from July 1, 2022 (inception) through December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COMPLIANCE SCIENCE, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

Note 1 – Description of Plan

The following description of the Compliance Science, Inc. 401(k) Plan (the “Plan”), provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering eligible employees of Compliance Science, Inc. (the “Company”). The Plan was established on January 1, 2022 and participants became eligible to participate effective July 1, 2022. Employees become eligible to make elective deferral contributions and receive employer matching contributions on the first pay date of the payroll period coincident with or next following the date the employee attains age 21 and has completed three months of service, as defined. The Plan excludes union employees, employees who are non-resident aliens or residents of Puerto Rico. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan administrator is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

In July 2022, the Company transferred assets into the Plan totaling \$8,192,529 from Sequoia One 401(k) Plan and TriNet 401(k) Plan, both multiple employer plans of professional employer organizations. These assets were previously held in custody by authorized institutions and included eligible employees of Compliance Science, Inc. and RIA in a Box, LLC. Also, during 2022, the Company remitted employer matching contributions totaling \$292,099 for the period January 1, 2022 through June 30, 2022 directly to the Plan rather than remitting it to the Sequoia One 401(k) Plan and TriNet 401(k) Plan due to the timing of the asset transfer, which was completed prior to funding the employer matching contribution. As such, the employer matching contribution was accounted for as a transfer of assets into the Plan since it pertains to a period prior to July 1, 2022 (inception) when employees were not eligible to participate in the Plan.

In August 2022, the Company amended the Plan to reduce the eligibility service requirement for Plan participation from three months of service to no minimum service.

Contributions

Participants may contribute a portion of their pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make discretionary matching and non-elective contributions to the Plan. During the period from July 1, 2022 (inception) through December 31, 2022, the Company made a \$575,831 matching contribution to the Plan at 100% of the first 4% of the participant’s elective deferral contributions. The Company did not make a non-elective contribution during the period from July 1, 2022 (inception) through December 31, 2022. The Company discretionary matching and non-elective contributions, if any, are invested in a portfolio of investments as directed by participants. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant’s account is credited with the participant’s contributions and Company matching contributions, as well as allocations of the Company’s non-elective contributions, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting

Participants are vested immediately in their contributions and the Company contribution, plus actual earnings thereon.

COMPLIANCE SCIENCE, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2022

Note 1 – Description of Plan (continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The note interest rate, determined at the time of the note issuance, is set at the prime rate, as defined. Principal and interest is paid ratably through periodic payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Partial withdrawals are permitted for age 59 ½ in-service distributions, hardship distributions and required minimum distributions.

Forfeited Accounts

Forfeited non-vested accounts are used to reduce future employer contributions or pay Plan expenses, there were no forfeited non-vested accounts at December 31, 2022 since participants are immediately vested in the employer contribution portion of their account. In addition, the Plan maintains a forfeiture holding account which totaled \$29 at December 31, 2022.

Recent Regulatory Event

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement (SECURE) 2.0 Act of 2022 was signed into law as part of the Consolidated Appropriations Act of 2023. The SECURE 2.0 Act of 2022 builds on the SECURE Act of 2019 which revised existing rules around retirement saving. The SECURE 2.0 Act of 2022 contains dozens of new retirement-related provisions intended to expand and increase retirement savings and to simplify and clarify many complex existing retirement plan rules.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by investment adviser and custodian. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022.

Note 2 – Summary of Significant Accounting Policies (continued)

Excess Contributions

Corrective distributions for participant contributions in excess of amounts allowed by the IRS are included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits for the period from July 1, 2022 (inception) through December 31, 2022. The Plan distributed the 2022 excess contributions to the applicable participants during 2022, as such, there is no corresponding liability included in the statement of net assets available for benefits as of December 31, 2022.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Subsequent Events

Plan management has evaluated subsequent events through the date of the report, which is the date the financial statements were available to be issued. See Note 11 for disclosure information of subsequent events.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements (continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022:

Mutual funds (level 1): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022. There were no level 2 or 3 assets held by the Plan at December 31, 2022:

	Assets at Fair Value
Mutual funds (level 1)	\$ 9,579,681
Total investments at fair value	\$ 9,579,681

Note 4 – Related Party Transactions and Party-In-Interest Transactions

The Plan uses various third-party service providers who provide certain administrative and investment related services to the Plan pursuant to service agreements. Expenses paid by the Plan to these service providers are netted against investment earnings if paid through revenue sharing arrangements or included in administrative expenses if paid directly. During the period from July 1, 2022 (inception) through December 31, 2022, the Plan made direct payments to third-party service providers totaling \$27,039, which are included in administrative expenses. These transactions qualify as exempt party-in-interest transactions.

Participants who are active employees may borrow from their accounts and such loans qualify as exempt party-in-interest transactions under ERISA. These loans are recorded as notes receivable from participants in the statement of net assets available for benefits.

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 6 – Tax Status

The Plan adopted a prototype non-standardized cash or deferred profit-sharing plan, pre-approved by the IRS. The IRS issued an opinion letter dated June 30, 2020, that the prototype non-standardized plan is acceptable in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 – Custodian Certification

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), including investments and notes receivable from participants held at December 31, 2022, and net depreciation in fair value of investments, dividends and interest, and interest income on notes receivable from participants for the period from July 1, 2022 (inception) through December 31, 2022, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Principal Trust Company, the custodian of the Plan.

Note 8 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Delinquent Participant Contributions

During 2022, the Company did not remit to the Plan's custodian certain participant contributions totaling \$426 within the period prescribed by the Department of Labor regulations. Delays in remitting contributions to the custodian were due to administrative errors. The Company will make a qualified non-elective contribution to the affected participants' accounts to compensate those participants for potential lost income due to the delays. A participant contribution receivable totaling \$426 is included in the accompanying statement of net assets available for benefits related to this administrative error as of December 31, 2022.

Note 10 – Voluntary Compliance Program

The Company intends to correct a number of operational errors identified related to participant and employer matching contributions during the period from July 1, 2022 (inception) through December 31, 2022, using the Self Correction Program under the IRS's Employee Plans Compliance Resolution System. Plan management is currently researching these operational errors and does not expect the financial impact to be material to the financial statements as a whole.

Note 11 – Subsequent Event

In September 2023, the Company self-corrected delinquent participant contributions totaling \$426 by funding the missing contributions plus lost earnings to the affected participants. See the accompanying supplemental Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions and Note 9 for further information.
