INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
Montefino Ventilator Training 401(k) Plan
Ontario, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements

We have performed an audit of the financial statements of Montefino Ventilator Training 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the "2022 Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2022 Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from qualified institutions as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the accompanying 2022 Financial Statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2022 Financial Statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2022 Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Part IV, Line 4a for the year ended December 31, 2022 and Schedule H, Part IV, Line 4(i) as of December 31, 2022), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Report on Compiled 2021 Financial Statement

Plan management is responsible for the accompanying financial statement of Montefino Ventilator Training 401(k) Plan, which comprises the statement of net assets available for benefits as of December 31, 2021 (the "2021 Financial Statement"). We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the 2021 Financial Statement nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by Plan management. Accordingly, we do not express an opinion, a conclusion, nor provide any assurance on the 2021 Financial Statement.

NOTE 1. DESCRIPTION OF THE PLAN

General

The following description of Montefino Ventilator Training 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan, which became effective on January 1, 2020, is a defined contribution plan covering eligible employees of Montefino Ventilator Training (the “Company”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”), and the provisions of the Internal Revenue Code (the “IRC”).

Eligibility

Employees of the Company who are at least 21 years of age and have completed 30 days of service are generally eligible to participate in the Plan for purposes of participant and employer contributions. Ineligible employees include those whose employment is covered by a collective bargaining agreement and nonresident aliens who have no earned income from sources within the United States. Plan entry dates are the first day of the month coinciding with or next following the date the employee meets the eligibility requirements.

Participant Contributions

Each payroll period, participants may contribute pre-tax deferral amounts as well as after-tax amounts designated as “Roth” contributions up to 90% of their eligible compensation to the Plan, as defined by the Plan. In addition, employees who are age 50 or older can elect to defer additional amounts (called “catch-up contributions”) to the Plan. Participant contributions are subject to limitations imposed by the IRC. Employees may also contribute amounts representing rollover distributions from other qualified sources.

Employer Contributions

Each Plan year, the Company shall make safe harbor employer matching contributions on a per payroll period basis equal to 100% of the first 3% of employee deferral contributions plus 50% of the next 2% of employee deferral contributions.

The Plan also permits discretionary employer matching and discretionary non-elective (profit-sharing) contributions. For 2022, the Company did not authorize or make any discretionary matching or discretionary employer profit sharing contributions.

Participant Accounts and Investment Options

Each participant's account is credited with the participant's contribution, any safe harbor employer matching contributions, any discretionary employer matching contributions and allocations of (i) any discretionary employer profit-sharing contributions, (ii) Plan earnings or losses, and (iii) any administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of the Plan’s investment options. Subsequently, participants may change their allocations and transfer account balances between investment options in accordance with Plan provisions.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants (Participant Loans)

Participants may borrow against their accounts a minimum of $1,000 up to a maximum generally equal to the lesser of $50,000, or 50% of their vested account balance. Participants may have only one loan outstanding at a time. Loan transactions are treated as transfers between the investment fund and the loan account balance using the same allocation method as contributions. Loan terms may not exceed 5 years unless the loan is to be used to acquire the principal residence of the participant, for which a reasonable term is determined by the Plan administrator. Loans are secured by the participant's vested account balance and bear interest at a fixed rate equal to the prime rate, as defined, plus 2%. The interest rates on outstanding loans at December 31, 2022 were 5.25%. Principal and interest are paid regularly through payroll deductions.

In April 2020, the Plan operationally implemented the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act") and subsequently adopted the provisions during 2021. Participants requesting relief under the CARES Act were permitted (i) an increased loan limit equal to the lesser of $100,000 or 100% of the nonforfeitable account balance (available until September 23, 2020), and (ii) a delay in loan repayments due through December 31, 2020 for up to one year.

Vesting

Participants are immediately vested in their contributions, safe harbor employer matching contributions, and qualified non-elective contributions, plus actual earnings thereon. Vesting in the Company's discretionary employer matching and discretionary employer profit-sharing contribution portions of their accounts is based on years of credited service, as defined in the Plan, according to the following schedule:

Years of Service	Vested Percentage
<1 year	0%
1 year	50%
2 or more years	100%

In the event of termination due to death or total and permanent disability, participants shall become 100% vested in the Company's discretionary employer matching and discretionary employer profit-sharing contribution portions of their account balance.

Payment of Benefits

Participants are entitled to a distribution of their vested benefits in the event of death, disability, retirement, termination of employment, or termination of the Plan.

Upon termination of employment, the Plan may roll over a participant's vested account balance less than $1,000 into an individual retirement account ("IRA") selected by the Company, if the participant has not elected to receive a cash distribution or have the balance rolled over into an IRA of his/her choosing. Also at its discretion, the Plan may elect to distribute accounts with vested balances of less than $5,000. If a terminated participant's vested account exceeds $5,000, a participant may elect to receive distributions in a lump-sum, partial withdrawals, or may defer receipt of payments according to Plan provisions. Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Payment of Benefits (Continued)

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reaches the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

For participants who have attained age 59½, the Plan permits in-service distributions from the participant's pre-tax elective deferral account balance, safe harbor employer matching account balance, and/or discretionary employer profit-sharing account balance. Additionally, the Plan allows hardship distributions from the vested portion of all participant account balances.

As permitted by the CARES Act, the Plan implemented the following provisions for CARES Act related distributions: (i) participants may withdraw up to $100,000 without a 10% early distribution penalty, (ii) such distributions can be repaid within three years of the date of distribution, and (iii) required minimum distributions were temporarily suspended for 2020.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the transacting participants' accounts and are included in administrative expenses. Investment-related expenses charged by the group annuity contracts in which the Plan invests are either paid directly from the underlying assets of the respective investment and included in net realized and unrealized appreciation/depreciation in fair value of investments, or are included in administrative expenses and allocated to participant accounts.

Notes Receivable from Participants (Participant Loans)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021 (compiled). If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE CUSTODIANS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable from participants held at December 31, 2022, and net realized and unrealized appreciation or depreciation in fair value of investments and interest and dividend income for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America, Empower Trust Company, LLC, and Massachusetts Mutual Life Insurance Company, the custodians of the Plan.

NOTE 4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are as follows:

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement for the asset or liability at the measurement date. These inputs reflect Plan management's best estimate of what market participants would use in pricing the asset or liability at the measurement date. Consideration is given to the risk inherent in the valuation technique and in the inputs to the model.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022 and 2021 (compiled). There have been no changes in the methodologies used at December 31, 2022 and 2021 (compiled)

Group annuity contract – separate accounts: Valued at the NAV of the respective separate accounts, the daily price of which is based on the market value of the underlying net assets in each separate account. The majority of the underlying net assets have observable Level 1 and/or 2 quoted pricing inputs which are used to determine the unit value of the separate accounts which is not publicly quoted. These separate accounts are classified as Level 2. The redemption frequency of each separate account is daily, and there are no redemption restrictions. There are no unfunded commitments related to the Plan's investment in separate accounts.

Group annuity contract – fixed annuity: Fair value is the amount Plan participants would receive currently if they were to withdraw or transfer funds within the Plan prior to their maturity for an event other than death, disability, termination or retirement. Fair value represents contract value adjusted to reflect current market interest rates only to the extent such market rates exceed crediting rates.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021 (compiled):

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Group annuity contract - separate accounts	$ -	$ 642,213	$ -	$ 642,213
Group annuity contract - fixed annuity	-	1,799	-	1,799
Total investments at fair value	$ -	$ 644,012	$ -	$ 644,012

	December 31, 2021 (Compiled)			
	Level 1	Level 2	Level 3	Total
Group annuity contract - separate accounts	$ -	$ 423,786	$ -	$ 423,786
Group annuity contract - fixed annuity	-	1,363	-	1,363
Total investments at fair value	$ -	$ 425,149	$ -	$ 425,149

NOTE 5. PARTY-IN-INTEREST AND RELATED PARTY TRANSACTIONS

Certain of the Plan's operating expenses are paid by the Company. The Company also provides administrative services for the Plan at no cost to the Plan. Certain investments are managed by the custodians of the Plan. These transactions qualify as exempt party-in-interest transactions.

NOTE 6. TAX STATUS

The Company has adopted a pre-approved profit-sharing/money purchase contribution plan and relies upon the opinion letter from the Internal Revenue Service ("IRS"), which stated that, in its opinion, the pre-approved plan and related trust are designed in accordance with applicable sections of the IRC. The Company has not applied for a determination letter from the IRS specific to the Plan. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan is subject to income tax examinations since inception.

NOTE 7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In such event, all participants would become fully vested in their account balances.

NOTE 8. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

Certain investments are classified differently on the Form 5500 from how they are disclosed in the financial statements. For financial statement purposes, investments at fair value are disclosed as consisting of separate accounts (Note 4). Although these investments meet the definition of separate accounts, because the custodian doesn't separately report the assets to the Department of Labor, these investments are categorized according to their underlying investments (registered investment companies) rather than as separate accounts on Schedule H of the Form 5500.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31:

	2022	2021 (Compiled)
Net assets available for benefits per the financial statements	$ 682,333	$ 443,026
Employer contributions receivable	(32,545)	-
Net assets available for benefits per the Form 5500	$ 649,788	$ 443,026

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2022:

Net increase in net assets available for benefits per the financial statements	$ 239,307
Employer contributions receivable at December 31, 2022	(32,545)
Net income per the Form 5500	$ 206,762

NOTE 9. SECURE ACT 2.0

On December 29, 2022, the SECURE 2.0 Act of 2022 (the "SECURE Act 2.0") became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. The SECURE Act 2.0 includes various required and optional provisions that will become effective between 2023 and 2033, certain of which are described below:

- Beginning in 2023, the age for required minimum distributions will increase from age 72 to 73. Beginning in 2033, the age for required minimum distributions will increase from age 73 to 75.
- Beginning in 2026, catch-up contributions will be made on a Roth basis, unless the participant earns $145,000 or less.

NOTE 9. SECURE ACT 2.0 (Continued)

- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of $10,000 or 150% of the catch-up contribution limit imposed by the IRS.
- Starting January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12 month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.

Additionally, Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2025.

NOTE 10. OPERATIONAL FAILURES / DELINQUENT REMITTANCES

During 2022, the Company identified operational failures relating to missed enrollment, as well as missed deferral opportunities and related matching contributions during 2022 and 2021. In March 2023, the Company remitted the necessary corrections totaling $32,545 (comprised of $10,849 of qualified non-elective contributions and $21,696 of employer safe harbor matching contributions).

Additionally, the Company identified instances in 2022 and 2021 where amounts withheld from employees totaling $76,348 were not forwarded to the custodians within the reasonableness timeframe established by the Department of Labor. The Company remitted the corresponding lost earnings in March 2023.

Based on the actions taken, Plan management and the Company believe the aforementioned operational failures and delinquent remittances will not cause the Plan to be disqualified by the IRS and that the self-corrective actions will allow the Plan to be in compliance with the Plan documents and ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.
