INDEPENDENT AUDITORS' REPORT

TO THE 401(k) ADVISORY COMMITTEE AND PARTICIPANTS OF POSHMARK, INC. 401(k) PLAN

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Poshmark, Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H – Line 4i: Schedule of Assets (Held at end of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

POSHMARK, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Poshmark, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan was established on January 1, 2015 to provide retirement benefits for employees of Poshmark, Inc. (the “Company”). The Plan is a defined contribution plan covering all eligible employees who have reached at least 21 years of age and are not union employees or non-resident aliens. Employees may enroll as a participant in the Plan on the first day of the month following the date of hire, assuming all other eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and certain provisions of the Internal Revenue Code (“IRC”).

The Plan provides for a plan administrator who is responsible for keeping accurate and complete records with regard to the Plan’s operations, informing participants of changes or amendments to the Plan, ensuring that the Plan conforms to the law and to government regulations, and providing participants with any reports and documents required by law. The 401(k) Advisory Committee is responsible for the selection and oversight of the appropriateness of the Plan’s investment offerings as well as monitoring investment performance.

Effective January 1, 2022, the Plan entered into a trust agreement with Fidelity Management Trust Company (“Fidelity”) as the trustee of the Plan. Prior to January 1, 2022, these services were provided to the Plan by VOYA Retirement Insurance and Annuity Company (“VOYA”), an insurance company.

On January 7, 2022, all of the Plan’s assets were transferred from VOYA to Fidelity.

Participant Contributions – Participants may make pre-tax and post-tax (“Roth”) contributions of eligible compensation to the Plan. Participants may contribute up to 100% of their pre-tax annual eligible compensation, as defined in the Plan, up to a maximum permitted contribution of \$20,500 for the year ended December 31, 2022, as prescribed by the IRC. Participants who have reached at least 50 years of age may make additional “catch-up” contributions up to a maximum of \$6,500 for the year ended December 31, 2022, as prescribed by the IRC. A participant may increase or decrease the amount of contributions on the first day of each plan month. Participants are permitted to make “rollover” contributions representing distributions received from other qualified retirement plans.

Excess Contributions Payable – As of December 31, 2022 and 2021, the Plan reported refunds payable to participants for contributions that were in excess of permitted limits or were made prior to meeting eligibility requirements. These excess contributions were refunded to the affected participants subsequent to year end within the prescribed period.

POSHMARK, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Employer Contributions – The Company may make discretionary matching contributions equal to a discretionary percentage of the participant’s elective deferral. The Company may also make an annual discretionary profit-sharing contribution at the option of the Company’s board of directors, subject to limitations imposed by applicable provisions of the IRC. A participant is required to complete 1,000 hours of service in the applicable plan year and be employed on the last day of the plan year in order to be eligible for matching contributions and profit-sharing contributions.

No matching contributions or profit-sharing contributions were made for the year ended December 31, 2022.

Participant Accounts – The Plan maintains an account for each participant which is credited with the participant’s contributions, and Company’s matching contributions, if any, as well as allocations of the Company’s profit sharing contributions, if any, and plan investment earnings or losses. Participant accounts are also charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting – Participants are immediately vested in their voluntary contributions and rollover contributions, plus actual earnings thereon. Effective May 6, 2022, the Plan was amended to vest unvested amounts related to the Company’s matching contributions and discretionary profit sharing contributions for participants who are still employed and to provide for immediate vesting for all future Company matching contributions and discretionary profit sharing plus actual earnings thereon.

Prior to May 6, 2022, vesting in the Company’s matching contributions, discretionary profit sharing contributions and related earnings thereon is based on years of continuous service. To earn a year of service for vesting purposes, a participant must be credited with at least 1,000 hours of service during the plan year.

For participants who terminated employment prior to May 6, 2022, the following vesting schedule applies to Company contributions:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1 year	0%
1	25%
2	50%
3	75%
4	100%

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 1 – DESCRIPTION OF THE PLAN (Continued)

Forfeited Accounts – The non-vested portion of a participant’s account is forfeited upon separation of employment. Forfeited accounts may be used to fund future employer contributions or pay administrative expenses of the Plan. As of December 31, 2022 and 2021, the balance in the forfeiture account was \$447 and \$399, respectively. There were no forfeitures used for the Plan year 2022.

Investment Options – The Plan currently offers various mutual funds, a stable value fund, and self-directed accounts as investment options for participants. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund or investment. Participants may change their investment options at any time.

Payment of Benefits – Upon termination of service, death, retirement, or as a qualified military distribution, a participant may receive a lump-sum distribution or a direct rollover distribution into another qualified plan. Normal retirement age is 65 years of age. A participant may be eligible to receive an in-service distribution upon attainment of 59½ years of age. Participants may also be eligible to withdraw amounts from their accounts due to financial hardships in certain defined circumstances. Benefit payments to the participant generally must begin by the later of the year after the participant attains 72 years of age or the year in which the participant terminates employment.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The Plan’s financial statements are prepared under the accrual basis of accounting, in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for the fully benefit-responsive investment contract, which was reported at contract value as of December 31, 2021 (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan’s management determines the Plan’s valuation policies utilizing information provided by trustee or insurance company. See Note 3 for further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation or depreciation in the fair value of investments includes the Plan’s gains and losses on investments bought and sold, as well as held during the year.

POSHMARK, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Contributions – Contributions from Plan participants, matching contributions and profit sharing contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Payment of Benefits – Benefits are recorded when paid.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation or depreciation of fair value of investments.

NOTE 3 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

POSHMARK, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used by the Plan for assets measured at fair value at December 31, 2022.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Trust Fund: Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require twelve months’ notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

Self-Directed Brokerage Accounts: Accounts primarily consist of interest-bearing cash, common stock, and exchange-traded funds. Interest-bearing cash is valued at cost which represents fair value. The shares of common stock and exchange-traded funds are valued at the closing price reported on the active market on which the individual securities are traded.

The following valuation methodology is used by the Plan for assets measured at fair value at December 31, 2021.

All of the investments held by the Plan at December 31, 2021, except for the VOYA Fixed Account (see Note 5), are pooled separate accounts. Investments in pooled separate accounts are valued at the net asset value (“NAV”) of accumulation units held at year-end. The NAV, as provided by VOYA, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the account, dividends and contract account charges. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions may occur daily. The pooled separate accounts did not have unfunded commitments and were not subject to withdrawal limitations.

These valuation methods may produce a fair value calculation that is not indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan’s management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments may result in different fair value measurements at the reporting date.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

In accordance with fair value measurement guidance, collective trust funds that are measured at fair value using the NAV per share (or its equivalent) practical expedient are not required to be classified in the fair value hierarchy. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	\$ 16,823,558	\$ -	\$ -	\$ 16,823,558

(a) In accordance with Financial Accounting Standards Board Accounting Standards Codification Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022:

<u>Fidelity Managed Income Portfolio Fund</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
December 31, 2022	\$325,105	N/A	Daily	None

There is no redemption notice period requirement for participant initiated redemptions. If the Plan initiates a full redemption of the collective trust, the Plan must provide a redemption notice period of 12 months to the issuer.

NOTE 3 – FAIR VALUE MEASUREMENTS (Continued)

In accordance with fair value measurement guidance, investments in pooled separate accounts that are measured at fair value using the NAV per share (or its equivalent) practical expedient are not required to be classified in the fair value hierarchy. The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021:

<u>Pooled Separate Accounts</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
December 31, 2021	\$14,624,739	N/A	Daily	Daily

Three investment funds accounted for approximately 45% and 48% of the Plan's investment assets as of December 31, 2022 and 2021, respectively. Additionally, the target date family of funds offered by the Plan, in the aggregate, accounted for approximately 56% total investments as of both December 31, 2022 and 2021.

NOTE 4 – INFORMATION CERTIFIED BY THE INSURANCE COMPANY AND THE TRUSTEE

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. VOYA held the Plan's investment assets and executed investment transactions as of December 31, 2021 and from January 1, 2022 through January 6, 2022, and Fidelity held the Plan's investment assets and executed investment transactions from January 7, 2022 to December 31, 2022. VOYA and Fidelity were the insurance company and the trustee, respectively, for these respective periods and have certified the completeness and accuracy of all investments presented on the Statements of Net Assets Available for Benefits and the investment information in Notes 3 and 5 as of December 31, 2022 and 2021, the supplemental Schedule H, Line 4i: Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment loss presented in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

POSHMARK, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 5 – INVESTMENT CONTRACT

Through January 6, 2022, the Plan had entered into a funding agreement with VOYA which provided the participants the option of investing their accounts into the VOYA Fixed Account. VOYA maintained the contributions in a general account. The account was credited with participant contributions and earnings on the underlying investments and charged for participant withdrawals. The issuer was contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan. There were no reserves against contract value for credit risk of VOYA or otherwise. The Plan was credited with an annual interest rate of no less than 1.00% for as long as the contract remains in force. Annually, VOYA determined the interest rate based on a number of factors, including mortality and expense risks, interest rate guarantees, investment income earned on invested assets, and capital gains and/or losses on the sale of invested assets. VOYA would set a floor interest rate which was declared in writing, to the contract holder prior to its effective date.

The investment contract met the fully benefit-responsive investment contract criteria and therefore was reported at contract value which amounted to \$262,383 as of December 31, 2021. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount to be received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by VOYA, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants were permitted to direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due was dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations was affected by economic and regulatory developments. VOYA was permitted to terminate the contract after the completion of five contract years by providing the Plan a 90-day written notice to pay out the full value without fees, charges, or Market Value Adjustment ("MVA").

No surrender charge was assessed against contract withdrawals taken for reasons of participant retirement, severance from employment, death, hardship, or in-service withdrawals after age 59½. However, there were certain contractual restrictions on transfers to and from the VOYA Fixed Account and a positive or negative MVA may apply upon contract surrender. The plan administrator did not believe that the occurrence of any such events that would limit the Plan's ability to transact at contract value with participants was probable.

The Plan was permitted to transact according to the terms defined in the contract at contract value or terminate the contract with the issuer at any time. Upon termination or surrender, contract value adjustments and fees may have applied. The issuer reserved the right to treat accumulated withdrawals that exceed 20% of the current value of all plan accounts at the beginning of the contract year as a surrender.

On January 7, 2022, the Plan transferred all of its assets and liabilities from VOYA to Fidelity and terminated the investment contract with VOYA.

POSHMARK, INC. 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 7 – TAX STATUS

The Plan is a defined contribution plan designed to qualify as a tax-exempt plan under the IRC. The Plan has adopted a Fidelity Non-Standardized Pre-Approved Profit Sharing Plan with CODA, a prototype plan, which received a favorable opinion letter from the Internal Revenue Service dated June 30, 2020 regarding the qualified status of the prototype plan. The Plan has not filed for a separate determination letter; however, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal and state taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by affiliates of Fidelity. Fidelity is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

An affiliate of Fidelity provides certain administrative services to the plan pursuant to a service agreement between the Plan and Fidelity. Fidelity and affiliates receive revenue from mutual fund service providers, including Fidelity mutual fund service providers, for services Fidelity and affiliates provide to the funds. This revenue is maintained by Fidelity as compensation for its administrative services to the Plan. Because these expenses are paid through this revenue sharing arrangement, they are included in net appreciation (depreciation) in fair value of investments. Total expenses paid through this revenue sharing arrangement for the year ended December 31, 2022 amounted to \$173.

NOTES TO FINANCIAL STATEMENTS

December 31, 2022

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 – FIDELITY BOND REQUIREMENTS

ERISA requires that every fiduciary of an employee benefit plan must be bonded. A fidelity bond covers the Plan from loss of assets due to fraud or dishonesty on the part of the individuals who handle the Plan's funds. In general, ERISA requires that the minimum fidelity bond amount for employee benefit plans must be no less than 10% of plan assets with a minimum of \$1,000 and a maximum bond amount of \$500,000. From May 17, 2022 to December 31, 2022, the Plan did not have a fidelity bond. Effective August 13, 2023, the Plan sponsor obtained a fidelity bond for \$550,000.

NOTE 11 – OPERATIONAL FAILURE

The plan administrator has identified an operational failure which occurred during 2022 resulting in the exclusion of eligible compensation on which participant deferrals were computed for certain participants. The timing and the amount of certain employee deferrals may have been affected. Management is evaluating this matter to identify the affected employees and determine the amount of lost earnings, if any. Management intends to take corrective action and make corrective contributions to the accounts of the affected employees, in compliance with IRS regulations. Management does not believe the amounts involved are material to the Plan's financial statements.

NOTE 12 – SUBSEQUENT EVENTS

The Plan's management has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued.
