Independent Auditor's Report

To the Plan Administrator and Participants
Samaritan Health Services Tax Sheltered Annuity Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Samaritan Health Services Tax Sheltered Annuity Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Samaritan Health Services Tax Sheltered Annuity Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Samaritan Health Services Tax Sheltered Annuity Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Samaritan Health Services Tax Sheltered Annuity Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Samaritan Health Services Tax Sheltered Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Samaritan Health Services Tax Sheltered Annuity Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its

form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SAMARITAN HEALTH SERVICES
TAX SHELTERED ANNUITY PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. Description of Plan

The following description of the Samaritan Health Services Tax Sheltered Annuity Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

a. General

The 403(b) defined contribution plan covers eligible employees of Samaritan Health Services, Inc. (SHS) and any affiliate approved by SHS. The Plan has an effective date of January 1, 1994, which has been amended and restated. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. SHS is the Plan's sponsor and serves as the plan administrator. Principal Trust Company (Principal), Empower Trust Company, LLC (Empower), and VOYA Retirement Insurance and Annuity Company (VOYA) serve as custodians of the Plan. Participants are no longer permitted to invest current contributions into funds offered by Empower or VOYA.

b. Eligibility

All employees are eligible to participate in the Plan after meeting the eligibility requirements except leased employees and employees whose employment is governed by the terms of a collective bargaining agreement, unless such collective bargaining agreement expressly provides for inclusion of such employees as participants in the Plan. Eligible employees may participate in the Plan and make elective deferrals on the first day of employment. An employee will be eligible to receive employer matching contributions when he or she reaches 18 years of age and completes one year of service. Employees begin receiving matching contributions on the January 1st, April 1st, July 1st, or October 1st that coincides with or next follows the date on which they satisfied the eligibility requirements.

c. Contributions

Eligible employees can defer a percentage of their eligible compensation into the Plan as described in the plan document, up to the maximum allowed by the Internal Revenue Code (IRC). Employer matching contributions are 100% of the first 2% deferred by nonunion participants and 100% of the first 3% deferred by union participants. Additionally, participants are permitted to make rollover contributions to the Plan from an individual retirement account or another qualified plan.

d. Participant Accounts

Each participant's individual account is valued daily and is credited with employee contributions, matching contributions, plan earnings, and an allocation of administrative expenses, depending upon the fee structure of the investments used in the individual portfolio. Participants may direct their current contributions into a variety of investment options offered through the custodians. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. Participants may change their investment options at any time. The return on investment will vary for each investment option. Descriptions of investment

objectives for each of the funds offered by the custodians can be obtained from the plan administrator.

e. Vesting

Participants are fully vested in their employee contributions and earnings thereon. Participants are fully vested in employer matching contributions after two years of service, except for certain Good Samaritan Regional Medical Center employees who become 100% vested after six months of service. Years of service prior to an employee reaching 18 years of age are not considered for vesting purposes.

f. Forfeitures

The forfeited accounts of nonvested terminated participants may be used to pay administrative expenses of the Plan or to reduce future employer contributions. For the years ended December 31, 2022 and 2021, forfeitures totaling approximately $2,000 and $7,000, respectively, were utilized to reduce employer contributions. There were no forfeitures available to pay administrative expenses or reduce future contributions at December 31, 2022 and 2021.

g. Notes Receivable from Participants

Participants may borrow from their accounts up to 50% of their vested account balance, but not in excess of $50,000. Participant loans are secured by the remaining balance of the participant's account and bear interest at a fixed rate, as determined by the plan administrator. The maximum loan term is five years unless the loan is for the purchase of a primary residence, in which case the term can be extended for a reasonable period consistent with similar type loans as determined by the plan administrator. Principal and interest are paid through future payroll deductions. Rates ranged from 5.25% to 9.50% on loans outstanding at December 31, 2022, with loans maturing through 2032.

h. Payment of Benefits

Participants may receive all or a portion of their account balance upon termination of employment, death, disability, or the attainment of retirement age. Benefits may be paid in the form of a single lump sum if under $5,000, or if the vested balance exceeds $5,000, the participant can elect a lump sum or monthly, quarterly, semiannual, or annual cash installments over a period certain that does not extend beyond the participant's expected life or joint and last survivor expectancy of the participant and a designated beneficiary. The distribution of benefits must commence no later than the month in which the participant would have attained 70½ years of age.

In the event of financial hardship, a participant may receive a distribution from their account. Any distribution must be due to the employee's immediate and heavy financial need. Participants receiving hardship distributions must cease making elective deferrals for a period of 12 months following such distributions.

In compliance with the Setting Every Community Up for Retirement Enhancement (SECURE) Act the requirement to take distributions has been waived.

Furthermore, for participants that attain 70½ years of age after December 31, 2020, the distribution of benefits must commence by April 1st of the year following the year in which the

participant attains 72 years of age or April 1st of the year following the year in which the participant retires from service, whichever is later.

2. Summary of Significant Accounting Policies

a. Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (the FASB), which establishes U.S. generally accepted accounting principles (GAAP) that are followed in reporting the statements of net assets available for benefits and statements of changes in net assets available for benefits.

The Plan was historically viewed as an amalgamation of individual annuity and custodial accounts, and the Plan and its custodians did not maintain financial information at a plan level. As of December 31, 2008, the Plan's custodians have begun to provide the plan administrator with annual certified statements summarizing the Plan's activities and holdings. Because certain historical records were not maintained or were not available at a plan level, the Plan may have excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts, and related activity, issued to current and former employees prior to January 1, 2009. This accounting policy election is permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements. The amount of any excluded annuity and custodial accounts and the related income and distributions are not determinable.

b. Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan follows the fair value measurement and disclosure requirements of Accounting Standards Codification Topic 820, Fair Value Measurement (ASC Topic 820), which defines fair value as the exchange price that would be received for the asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability. Investments are reported at fair value as defined by ASC Topic 820, except for fully benefit responsive investment contracts, including the Plan's insurance contracts and annuity contracts, which are valued at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to a fully benefit responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See note 4 for discussion of fair value measurements.

The Principal Fixed Income Guaranteed Option (PFIGO), Empower Retirement Guaranteed Fixed Fund, and the VOYA Fixed Account and Fixed Plus Account are considered fully benefit responsive.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex dividend date. Net appreciation or depreciation in fair value of investments includes the gains and losses on investments bought and sold during the year as well as the changes in the unrealized depreciation or appreciation on those investments from one period to the next.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

d. Other Income

Other income represents credits to the Plan as a result of revenue sharing agreements with the Plan custodian, which are used to pay plan expenses or are credited to participant accounts based on their relative investment balances.

e. Payment of Benefits

Benefits are recorded when paid.

f. Administrative Expenses

Administrative expenses paid by the Plan consist primarily of investment management and audit fees. Certain of the Plan's expenses, such as legal fees, have been paid directly by SHS and are not included in these financial statements.

.

3. Investment Contract with Insurance Company

The Plan invests in the Principal Fixed Income Guaranteed Option (PFIGO), which is a fully benefit responsive group annuity contract with Principal Life Insurance Company. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer, Principal, is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. In the event that the plan sponsor terminates the contract and requests an immediate payout, the contract payout would be subject to a 5% termination fee. The plan administrator does not believe that the occurrence of any such contract value events, which would limit the Plan's ability to transact at contract value with participants, is probable. The guaranteed investment contract does not

permit the insurance company to terminate the agreement prior to the scheduled maturity date. SHS does not intend to terminate its interests in the PFIGO in the near future.

4. Fair Value Measurements

ASC Topic 820 establishes a framework for fair value measurement, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022:

	Investments at Fair Value at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 478,148,497	$ -	$ -	$ 478,148,497
Total investments	$ 478,148,497	$ -	$ -	$ 478,148,497

The following table sets forth by level within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2021:

	Investments at Fair Value at December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 593,040,288	$ -	$ -	$ 593,040,288
Total investments	$ 593,040,288	$ -	$ -	$ 593,040,288

5. Risks and Uncertainties

The Plan's assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

The Plan may invest in shares in mutual funds, variable annuity contracts, and insurance contracts. The value, liquidity, and related income of these securities are sensitive to changes in economic conditions, including real estate value, delinquencies or defaults, or both and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates.

6. Information Certified by the Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103 8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the Plan's custodians, Principal, Empower, and VOYA, as complete and accurate as of and for the years ended December 31, 2022 and 2021:

- Investments, at fair value
- Investments, at contract value
- Notes receivable from participants
- Investment income (loss)
- Interest on notes receivable from participants
- Schedule H, line 4i – schedule of assets (held at end of year).

7. Party-in-interest Transactions

Certain plan investments are managed by Principal, Empower Annuity Insurance Company of America, an affiliate of Empower, and VOYA. As Principal, Empower, and VOYA are also the custodians, as defined by the Plan, these investments and investment transactions qualify as party in interest transactions. Participant notes receivable also qualify as party in interest transactions.

8. Tax Status

A tax determination letter program is not available for IRC Section 403(b) plans through the Internal Revenue Service. The plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified and the related trust was tax exempt as of December 31, 2022 and 2021 and during the years then ended.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Plan Termination

Although it has not expressed any intent to do so, SHS has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

10. Subsequent Events

The Plan has evaluated subsequent events with respect to the Plan through October 11, 2023, the date the financial statements are available to be issued and concluded there are no material subsequent events that required recognition or additional disclosures in these financial statements.
