The Employee 401(K) Retirement Plan of Pamarco Global Graphics

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Employee 401(K) Retirement Plan of Pamarco Global Graphics, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Employee 401(K) Retirement Plan of Pamarco Global Graphics's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from Empower Trust Company as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above, related to assets held by and certified to by Empower Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**THE EMPLOYEE 401 (K) RETIREMENT PLAN OF
PAMARCO GLOBAL GRAPHICS
FOR THE YEAR ENDED DECEMBER 31, 2022**

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Employee 401(K) Retirement Plan of Pamarco Global Graphics and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Employee 401(K) Retirement Plan of Pamarco Global Graphics's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

**THE EMPLOYEE 401 (K) RETIREMENT PLAN OF
PAMARCO GLOBAL GRAPHICS
FOR THE YEAR ENDED DECEMBER 31, 2022**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Employee 401(K) Retirement Plan of Pamarco Global Graphics's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Employee 401(K) Retirement Plan of Pamarco Global Graphics's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule H, line 4i – assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by Empower Trust Company agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - PLAN DESCRIPTION

The following is a brief description of the Pamarco Global Graphics (the “Employer”) 401 (K) Plan (the “Plan”). It is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution profit-sharing – 401(k) plan covering substantially all of the full-time employees of the Employer. The Plan contains a cash or deferred arrangement as defined in the Internal Revenue Code Section 401(k). All employees who have completed 30 days of service and are 21 years of age are eligible to participate. The Plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

The Plan provides for three categories of contributions:

- a) ***Elective Deferrals*** – An eligible employee may elect a reduction of compensation not to exceed 100% of such compensation. Contributions are subject to annual statutory limitations. The Plan also allows for after-tax (Roth) contributions.
- b) ***Matching Contributions*** – The Employer match is up to 10% of eligible compensation, as determined by the Company prior to the beginning of each Plan Year.
- c) ***Rollovers*** – The Plan allows participants to transfer contributions into the Plan from another qualified plan.

Participant Accounts

Participants are provided with a selection of mutual funds in which to invest contributions. Earnings are credited to each participant’s account based upon the performance of the respective funds selected by the participant. Each investment account is revalued daily on the basis of fair market value and accounts are adjusted accordingly. Each participant’s account is charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTE 1 - PLAN DESCRIPTION (CONTINUED)

Benefit Payments

Upon termination of service due to death, disability or retirement, a participant may elect to receive his or her accrued benefit in the form of either a lump sum or in installments. If the amount of the participant's vested accrued benefit is \$5,000 or less, the benefit will be fully distributed to the participant.

Vesting

Participants are vested immediately in their contributions, rollovers and transfer contributions and earnings thereon. The following is the vesting schedule in the qualified matching contributions and the Employer's discretionary contributions:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Participant Loans

The Plan has a loan provision that allows participants to borrow amounts up to the lesser of \$50,000 or 50% of the vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7.5% and have terms ranging between one and five years. Principal and interest is repaid in level payments on at least a quarterly basis over a period not to exceed five years.

Forfeitures

Forfeited accounts are used to reduce future employer contributions. Forfeitures in the amount of \$8,318 and \$13,647 were applied to reduce the employer contributions for the years ended December 31, 2022 and 2021, respectively.

Plan Expenses

Certain administrative expenses are paid by the Plan unless paid by the Employer.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Subsequent Events

The Plan has evaluated all events or transactions that occurred after December 31, 2022, up through the date that the financial statements were available to be issued on October 10, 2023.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be recovered to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the investment date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' accounts balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits. Users of these financial statements should be aware that financial markets' volatility may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments as of December 31, 2022, may not necessarily be indicative of amounts that could be realized in a current market exchange.

Fair Value Measurements

FASB ASC 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

**THE EMPLOYEE 401 (K) RETIREMENT PLAN OF
PAMARCO GLOBAL GRAPHICS
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2022**

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Change in Plan Custodian

On December 31, 2021 Massachusetts Mutual Life Insurance Company was acquired by Empower Retirement. Following an initial transition period, Empower became the administrator of the Plan in 2022. Through October 28, 2022 Empower contracted the custodial services of the Plan to Reliance Trust Company.

NOTE 3 - INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information, which was certified by Empower Trust Company as of and for the year ended December 31, 2022, and Reliance Trust Company for the year ended December 31, 2021, except for comparing such information certified by the Custodian to information included in the Plan's financial statements and supplemental schedule of assets held for investment purposes at end of year.

NOTE 4 - TAX STATUS

The Plan was instituted on June 18, 1984 and subsequently amended to be IRS compliant pursuant to Section 401(a) of the Internal Revenue Code, and, accordingly, that the Plan's net investment income is exempt from income taxes. Plan Management believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audit by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 5 - RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of money funds managed by the Custodian. Accordingly, these transactions qualify as party-in-interest transactions.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE 7 – FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

December 31, 2022	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 8,322,603	\$ -	\$ -	\$ 8,322,603
Total in hierarchy	8,322,603	-	-	8,322,603

NOTE 7 – FAIR VALUE MEASUREMENTS (CONTINUED)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2021:

December 31, 2021	Level 1	Level 2	Level 3	Total
Mutual Funds	<u>\$ 11,814,732</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 11,814,732</u>
Total in hierarchy	<u>11,814,732</u>	<u>-</u>	<u>-</u>	<u>11,814,732</u>
Net asset value investments (1)	<u>-</u>	<u>-</u>	<u>-</u>	<u>10,735,525</u>
Total investments	<u>\$ 11,814,732</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 22,550,257</u>

Mutual funds are publicly traded investments that are valued using a net asset value (“NAV”). The NAV of a mutual fund is a quoted price in an active market. The NAV is determined once a day after the closing of the exchange based upon the underlying assets in the fund, less the fund’s liabilities, expressed as a per – share basis.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There were no significant transfers of Level 1 and Level 2 investments during the years ended December 31, 2022.

(1) – In accordance with FASB ASU 2021-07, Subtopic 820-10, certain investments that are measured at fair value using the net asset value per share practical expedient have been excluded from the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

NOTE 8 – COVID-19 PANDEMIC

During 2021, the World Health Organization has declared COVID-19 to constitute a "Public Health Emergency of International Concern". The pandemic has disrupted economic markets and the financial impact, duration and spread of COVID-19 virus is uncertain at this time. The financial performance of the Plan's investments may be impacted by the market's response to the uncertainty of the situation, however, the duration of disruption and related financial impact cannot be reasonably estimated at this time.

In response to the COVID-19 pandemic, on March 27, 2021, the Coronavirus Aid, Relief, and Economic Security ("CARES") Act was passed by Congress. The CARES Act provides immediate and temporary relief for retirement plan sponsors and their participants with respect to employer contributions, distributions and participant loans. The provisions of the CARES Act may be effective and operationalized immediately, prior to amending the plan document. The Plan has adopted certain changes that permit participants to borrow or withdraw funds based on CARES Act provisions related to that.
