Independent Auditors' Report

To the Plan Administrator
Anesthesia Services, P.A. 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Anesthesia Services, P.A. 401(k) Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Anesthesia Services, P.A. 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from John Hancock Life Insurance Company and U.S. Bank National Association, qualified institutions, as of December 31, 2022 and 2021. and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section -

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

To the Plan Administrator
Anesthesia Services, P.A. 401(k) Profit Sharing Plan

- The information in the financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Anesthesia Services, P.A. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Anesthesia Services, P.A. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may

To the Plan Administrator
Anesthesia Services, P.A. 401(k) Profit Sharing Plan

involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Anesthesia Services, P.A. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Anesthesia Services, P.A. 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

To the Plan Administrator
Anesthesia Services, P.A. 401(k) Profit Sharing Plan

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 and 2021, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion -

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1: DESCRIPTION OF PLAN

The following description of the Anesthesia (Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan which provides employees of Anesthesia Services, P.A. (Company or plan administrator) the opportunity to accumulate savings that provide benefits in the event of retirement, disability, or death. The Plan is structured to comply with the requirements of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant Contributions - All eligible employees may elect to make 401(k) elective deferral contributions on their date of hire. No minimum service or age requirement is required for purposes of making elective deferral contributions. Elective deferrals include pretax elective deferrals and Roth elective deferrals. Roth elective deferrals are defined as being made in lieu of all or a portion of the pretax elective deferral the participant is otherwise eligible to make under the Plan and treated by the employer as includible in the participant's income. Participants may elect to contribute up to 100% of compensation as defined in the Plan, subject to maximum limits established by Internal Revenue Code (IRC). Participants that are age 50 or older by the end of a calendar year may elect to contribute additional catch-up contributions to the Plan. Contributions are deducted from employee's pay pursuant to a salary reduction agreement that the participant can modify or revoke during the plan year. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also accepts Roth deferral contributions from other Roth deferral contribution accounts as rollover contributions.

Employer Contributions - Each year, the Company may contribute, at its discretion, a matching contribution to the Plan, an additional profit-sharing contribution, or a safe harbor 401(k) contribution. The Company may establish a contribution at any level and may omit such a contribution. For matching and profit-sharing contribution purposes, the participant must be credited with 1,000 hours of service and remain employed on the last day of the plan year. If the Company makes a safe harbor election, employees will receive notice prior to the beginning of a plan year. The Company also may postpone its decision to make a safe harbor nonelective contribution for any plan year, but in such event will give notice of its election to postpone such a decision (safe harbor option) prior to the beginning of the plan year. To receive a discretionary profit-sharing contribution, employees become participants in the Plan as of the first day of the plan year or the first day of the seventh month of the plan year coincident with or next following the date on which the employee completes a one year of service minimum eligibility requirement. A year of service for eligibility purposes means a 12-month period beginning on each anniversary of the commencement of employment in which the employee has been credited with 1,000 hours of service.

Participant Accounts - Each participant's account is credited with the participant's contribution, the Company's contribution, and the earnings from the participant-directed investment selections. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Certain administrative expenses are netted

NOTE 1: DESCRIPTION OF PLAN - CONTINUED

Participant Accounts - Continued - against the earnings of the investment alternatives held by participants. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their salary deferral contributions and any company safe harbor contributions plus actual earnings thereon. Vesting in the Company's profit sharing or matching contribution portion of their accounts is based on years of continuous service computed under the elapsed-time method. A participant is 100 percent vested after three years of credited service. A year of service for vesting purposes is a plan year during which the participant completes 1,000 hours of service. Effective January 1, 2008, the Plan was amended to include years of service in employment of Nanticoke Memorial Hospital in the credit to the years of service and vesting requirements.

Notes Receivable from Participants - Participants who are currently employees of the Company and who have a vested benefit under the Plan may apply for loans. The minimum loan is \$1,000. The maximum amount is the lesser of one-half of the participant's vested account balance or \$50,000 reduced by the highest outstanding loan balance during the prior 12-month period. The vested account balance is used as collateral for any loan. All loans bear a reasonable rate of interest, as determined by the plan administrator, consistent with the provisions of the IRC, ERISA, and other applicable legal requirements. The loan agreement provides that loan repayments will be made at least quarterly through payroll deduction. All loans must be repaid in level payments on at least a quarterly basis over a five-year period unless the loan is for the purchase of a principal residence, in which case the period may be longer. The plan administrator treats a loan as being in default if any scheduled repayment remains unpaid as of the last business day of the calendar quarter following the calendar quarter in which the loan is initially considered past due. Upon default, death, disability, or termination of employment, the entire outstanding principal and accrued interest is immediately due and payable, and the participant is deemed to have received a taxable distribution from the Plan.

Payment of Benefits - Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest, installment payments (annually, quarterly, or monthly) over a specified period of time, not to exceed the participant's or joint (participant and designated beneficiary) life expectancy, or a part lump-sum distribution and part installments as described. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. Amounts of \$1,000 or less may be distributed without the terminated, retired, disabled, or deceased participant's or beneficiary's consent. For any distribution exceeding \$1,000, but not in excess of \$5,000, the participant shall be given the option to elect to have such distribution paid directly to an eligible retirement plan specified by him or her in a direct rollover or to receive the distribution directly. If neither option is selected, the plan administrator shall make such distributions in a direct rollover to an individual retirement account designated by the plan administrator, and shall provide written notice to the participant informing him or her that he

Payment of Benefits - Continued - or she has the option to transfer such amounts into another individual retirement account or qualified plan of his or her own choice. A participant may elect to withdraw the vested account balance after reaching the Plan's normal retirement age of 65, or delay until retirement. Participants who have attained age 59½ may request a distribution of all or a portion of the vested balance in their accounts, other than the amounts attributable to transfers from the Anesthesia Services, P.A. Money Purchase Pension Plan (MPPP). Participants may request a distribution of all or a portion of their MPPP account balances upon the attainment of age 62. Spousal consent must be obtained in the case of distributions attributable from an MPPP.

As required under Section 401(a)(9) of the Internal Revenue Code, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of 1) the calendar year following the year in which the participant reaches age 72; or 2) the calendar year in which the participant retires.

Hardship Withdrawals - Participants may withdraw their elective deferrals in the form of a hardship withdrawal to satisfy an immediate and heavy financial need as defined in the plan document. The participant must exhaust all other assets prior to obtaining a hardship withdrawal.

Forfeitures - Forfeitures occur in the plan year that a participant receives a distribution of the entire vested account or, if the participant does not receive a distribution, after five consecutive one-year breaks in service. Forfeited amounts, to the extent they are not used to pay plan expenses, are to be used to reduce any employer contributions, or are to be reallocated among the accounts of the remaining participants as if the forfeited amounts were additional employer-matching or profit-sharing contributions subject to limitations established by law. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$0 and \$31,929, respectively. Forfeitures of \$31,929 were used to reduce the 2021 profit-sharing contribution deposited in 2022.

Administration - The Plan's investments are administered and managed by John Hancock Life Insurance Company (U.S.A.), which serves as the Plan's custodian. Additionally, the Personal Brokerage Account (PBA), provided by U.S. Bank, N.A., custodian of all PBA assets, allows participants to invest directly in stocks, bonds, registered investment companies, or other investments outside the John Hancock group annuity contract. The Plan's third-party administrator with respect to contribution computations and discrimination testing is performed by the MandMarblestone Group LLC. The Company partially absorbs some administrative fees. Fees for participant loans are borne by the respective participants.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared on the accrual basis of accounting.

ANESTHESIA SERVICES, P.A. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received for the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Plan's investments consist of pooled separate accounts, guaranteed interest accounts, and self-directed personal brokerage accounts. Units of each pooled separate account are determined on a participation-unit basis. The participation-unit value is adjusted daily to reflect investment results under the separate account. Purchases and sales of units are recorded on a trade-date basis. Interest and dividend income are recorded as the pooled separate accounts recognize investment earnings from the underlying investments to purchase additional participation units in the pooled separate account. The fair value of the guaranteed interest accounts is determined using a formula that incorporates prevailing interest rates. The formula is specified in the guaranteed interest accounts' schedule of the Plan's group annuity contract. The self-directed personal brokerage accounts are invested in stocks and registered investment companies.

Employer Contributions Receivable - As of December 31, 2022 and 2021, the Plan had \$3,002,793 and \$1,942,599, respectively, in employer contributions receivable from the employer.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent loans are recorded as distributions on the basis of the terms of the plan document.

Payment of Benefits - Benefits are recorded when paid.

ANESTHESIA SERVICES, P.A. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Costs associated with participant-initiated transactions are paid by the respective participants' accounts. Some administrative expenses are paid from the annual operating expenses of the Plan's designated investment alternatives. As reported to the Company, John Hancock Life Insurance Company received .06% for recordkeeping services.

Subsequent Events - The Plan's policy is to evaluate events and transactions subsequent to its year end for potential recognition in the financial statements or disclosure in the notes to the financial statements. The plan administrator has evaluated all events and transactions through the date of the independent auditors' report, which is the date the financial statements were available to be issued.

NOTE 3: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 820, *Fair Value Measurements*, are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

ANESTHESIA SERVICES, P.A. 401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2022

NOTE 3: FAIR VALUE MEASUREMENTS - CONTINUED

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Pooled Separate Accounts - Valued at fair value of the underlying funds, which equals the number of units of the respective underlying fund multiplied by the closing net asset value (NAV) per unit quoted by that fund (See Note 2).

Guaranteed Interest Accounts - Valued at fair value by using a formula that incorporates prevailing interest rates and is specified in the group annuity contract of the Plan. (See Note 2)

Self-Directed Brokerage Accounts - Accounts consist primarily of registered investment companies, common stock, and interest-bearing cash that are valued on the basis of readily determinable market price, as follows:

Registered Investment Companies - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish their NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common Stocks - Valued at the closing price reported on the active market on which the individual securities are traded.

Interest-Bearing Cash - Valued at a market approach on yields currently available on comparable securities of issuers with similar credit ratings, since quoted market prices are not readily available.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(a) In accordance with *Subtopic 820-10*, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

NOTE 4: INVESTMENTS

During 2022, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value by \$18,216,044.

NOTE 6: RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan has not considered normal plan operations such as employer and employee contributions or benefits accrued or paid by the Plan for participants as party-in-interest transactions that require separate disclosure. Certain plan investments are units of pooled separate accounts, guaranteed interest accounts and self-directed brokerage accounts managed by the Custodians. These transactions qualify as party-in-interest transactions that are exempt from the prohibited transaction rules. Fees for professional services are partially absorbed by the plan sponsor. Participant loan origination fees are paid out of the relevant participants' accounts.

NOTE 7: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contribution at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their accounts. Any unallocated assets would be allocated to participant accounts and distributed in such a manner as the Company may determine.

NOTE 8: TAX STATUS

The Plan adopted the MandMarblestone PC Non-Standardized Prototype Profit Sharing Plan with Cash or Deferred Arrangement, which obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was in compliance with the applicable sections of the IRC. The plan administrator and legal counsel believe that the Plan is qualified, and the related trust is tax exempt and is currently designed and being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan's federal Form 5500 is subject to examination by the IRS and DOL, generally for the three years after it was filed.

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investments, it is at least reasonably possible that changes in their values will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

NOTE 10: COMMITMENTS AND CONTINGENCIES

In the normal course of business, there may be various commitments and contingencies outstanding, which are not reflected in these financial statements. In the opinion of the plan administrator, the outcome of such events, if any, would not have a material effect on the Plan's financial position or operations.

NOTE 11: PLAN RESTATED

Effective January 1, 2022, the plan was restated to reflect legislative changes.
