Echo, Inc. Deferred Savings Plan

Financial Statements and Supplemental Schedule

Year Ended December 31, 2022

WIPFLI

Independent Auditor's Report

To the Retirement Benefits Committee of the
Echo, Inc. Deferred Savings Plan
Lake Zurich, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Echo, Inc. Deferred Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Echo, Inc. Deferred Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Echo, Inc. Deferred Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Echo, Inc. Deferred Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Echo, Inc. Deferred Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Echo, Inc. Deferred Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Echo, Inc. Deferred Savings Plan

Notes to Financial Statements

Note 1: Description of Plan

The following brief description of the Echo, Inc. Deferred Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering substantially all United States employees of Echo, Incorporated and its subsidiaries (collectively referred to as the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2022 the Company restated and amended a nonstandard pre-approved profit sharing plan document to be in accordance with IRS legislative requirements and maintain the Plan's qualified status. The other significant provisions of the Plan remained substantially the same.

Eligibility

Covered employees of the Company are eligible to participate in the Plan upon completing three months of service, as defined by the Plan, and attaining 21 years of age, and enter the Plan at the next January 1st, April 1st, July 1st, or October 1st, following the date on which these requirements are met.

Contributions

Participants may make elective contributions of eligible compensation, as defined by the Plan, in the form of payroll deductions as a percentage of eligible compensation or a flat dollar amount, not to exceed the maximum amount allowable under applicable income tax regulations. Participants can choose to have their elective contributions made as pre-tax contributions or as after-tax Roth contributions. Employees who meet the eligibility requirements to participate in the Plan and either do not elect to contribute or do not elect to decline to contribute are automatically enrolled in the Plan at a 6% pre-tax elective contribution rate at their entry date. In addition, catch-up contributions may be made by eligible participants in accordance with Internal Revenue Service regulations. The Plan also allows for rollover contributions from other qualified plans, as defined by the Plan.

The Plan provides for the Company to make safe harbor matching contributions on a monthly basis to eligible employees in an amount equal to the sum of 100% of the first 4% of eligible compensation, and 50% of the next 2% of eligible compensation, up to a maximum of 6% of eligible compensation and a maximum 5% safe harbor matching contribution. For the year ended December 31, 2022, the Company made safe harbor matching contributions of \$2,499,837. In addition, the Plan allows for a Company discretionary non-elective contribution to be made to eligible employees. No such discretionary contribution was made by the Company for the year ended December 31, 2022.

Note 1: Description of Plan (Continued)

Vesting

Participants are immediately vested in their elective, catch-up and rollover contributions, and Company discretionary non-elective safe harbor contributions received prior to January 1, 2011, and earnings thereon.

Participants do not vest in their Company safe harbor matching contributions received subsequent to January 1, 2011, until completing two years of credited service, as defined by the Plan, at which time they become fully vested in those contributions and earnings thereon.

Participants vest in their Company discretionary non-elective contributions on a graduated basis based on years of credited service, as defined by the Plan, and are fully vested after five years of credited service.

Forfeitures

Forfeitures, if any, are used to reduce future Company contributions or pay administrative expenses of the Plan. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$1,777 and \$5,979, respectively. During the year ended December 31, 2022, Company contributions were reduced by \$25,972 from forfeited nonvested accounts.

Investments

Participant account balances from all contribution sources are held in a custodial account at Charles Schwab Bank. Participants direct the investment of their account balance into several mutual funds and collective trust funds which are currently offered as investment options by the Plan.

Distribution of Benefits

A participant is entitled to the vested value of his/her account balance at the normal retirement age (65), upon termination of employment, death, or total disability. Benefits are paid to a participant or his/her beneficiary in the form of an annuity or if elected, in a lump sum payment.

Notes Receivable From Participants

The Plan allows each participant to borrow from their elective and rollover contributions and earnings thereon a minimum of \$1,000 and a maximum of \$50,000, reduced as defined in the Plan, or 50% of their vested account balance. The loans are to bear interest at a reasonable rate and are payable in equal installments by payroll deduction over a period not to exceed five years, unless the participant's loan is for the purchase of a principal residence which can be repaid over a period not to exceed 30 years. Loans are funded by a withdrawal from the participant's own account. Interest rates on notes outstanding at December 31, 2022, ranged from 4.25% to 10.5% with maturities from 2023 to 2051.

Echo, Inc. Deferred Savings Plan

Notes to Financial Statements

Note 1: Description of Plan (Continued)

In-Service Withdrawals

The Plan allows for in-service withdrawals of a participant's rollover contributions limited to once per year and in-service withdrawal by participants who have attained age 65 from their elective contribution accounts. Former TerraMarc participants shall have the right to withdraw all or part of the vested balance in their TerraMarc transferred balance accounts at any time on or after attainment of age 59-1/2. In addition, the Plan allows for hardship withdrawals from a participant's elective contributions for specific situations as defined by the Plan.

Participant Accounts

Each participant's account is credited with the participant's elective, catch-up and rollover contributions, Company safe harbor matching contributions, and allocations of (a) the Company's discretionary non-elective contributions and, (b) Plan earnings or losses. Participant accounts are charged with withdrawals, if any, and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, contributions, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Plan Termination

Although it has expressed no intent to do so, the Company has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants will immediately become fully vested in their Company contributions.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States (GAAP).

Use of Estimates in Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of changes in net assets during the reporting period. Actual results may differ from these estimates.

Echo, Inc. Deferred Savings Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized when earned and dividends are recorded on the ex-dividend date. The net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowances for credit losses have been recorded as of December 31, 2022 and 2021. Determination as to when participant loans are considered in default and reclassified as distributions is based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Management fees for investments are deducted from income earned on a daily basis and, therefore, reflected as a reduction of investment income (loss). By agreement with the Plan's Trustee, revenue sharing received by the Trustee from these management fees will be used to pay any fees of the Trustee and the remaining amount will be deposited to the Plan. These amounts will be used by the Plan Administrator to pay other administrative expenses of the Plan. Fees specific to individual participant activity, such as loan fees, are charged directly to the participant's account and are included in administrative expenses. Any expenses incurred in connection with the administration of the Plan which are paid by the Company are excluded from these financial statements.

Subsequent Events

The Plan has evaluated subsequent events through October 11, 2023, which is the date the financial statements were available to be issued.

Echo, Inc. Deferred Savings Plan

Notes to Financial Statements

Note 3: Information Prepared and Certified by the Trustee

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by Charles Schwab Trust Bank, the Trustee, to the Plan.

Note 4: Fair Value Measurements

In measuring the fair value of the Plan's investments, Plan management utilizes a framework that provides for a fair value hierarchy that prioritizes the inputs to valuation techniques. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements), and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

Echo, Inc. Deferred Savings Plan

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used to measure assets at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021 :

Mutual funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust funds - Fair value is estimated using net asset value (NAV) as provided by the administrator of the fund as a practical expedient. NAV is determined by using the estimated fair values of the underlying assets held in the fund at year-end. The use of NAV as fair value is deemed appropriate since the collective trust funds allow for daily redemption and do not have a finite life, unfunded commitments relating to this type of investment, or significant restrictions on redemptions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022, and 2021:

	Assets at Fair Value as of December 31, 2022

Echo, Inc. Deferred Savings Plan

Notes to Financial Statements

Note 5: Risks and Uncertainties

The Plan holds investments in and provides investment options to participants in shares of registered investment companies (mutual funds) and collective trust funds. The underlying investment securities of the funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

Note 6: Party-in-Interest Transactions

Certain Plan assets are investments in investment funds managed by Charles Schwab Bank, the Trustee of the Plan, and therefore transactions with respect to these assets qualify as party-in-interest transactions. In addition, the Plan pays certain expenses related to Plan operations and investment activity to various service providers. These transactions also qualify as party-in-interest transactions. Fees paid to the various service providers were \$48,453 for the year ended December 31, 2022 and are recorded as administrative expenses in the accompanying statement of changes in net assets available for benefits.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 7: Tax Status

The Company adopted a non-standard pre-approved document with an IRS notification letter which states the Plan document is in compliance with the applicable sections of the Internal Revenue Code (IRC). The Plan Administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
