INDEPENDENT AUDITOR'S REPORT

To the Administrator
Mundo Hospitality 401(k) Plan
Los Angeles, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Mundo Hospitality 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements consist of the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Mundo Hospitality 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets of the Plan held for investment by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Mundo Hospitality 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Mundo Hospitality 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the Mundo Hospitality 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Mundo Hospitality 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

KATZ | CASSIDY

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of The Mundo Hospitality 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan created as of August 1, 2022 and is sponsored by the following entities ("the Companies"):

- BG SM20, LLC dba Socalo
- BG Truck and Catering, LLC
- Border Grill Las Vegas, LLC
- Feedfolks, LLC
- Mundo Management Group, LLC

The Plan covers substantially all employees of the companies listed above who have worked six calendar months, during which a minimum of 500 total hours of service were performed, and are age 18 or older.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to the lesser of 100% of eligible pay or the maximum contribution in accordance with the Internal Revenue Code ("the IRC"), which was $20,500 for the year ended December 31, 2022, plus a $6,500 catch up provision for participants that have attained age 50 before the end of the Plan year. These contributions can be made on a pre-tax basis or as an after-tax Roth deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans which are reported as rollovers.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants who meet the eligibility requirements are entitled to receive a safe harbor employer matching contribution equal to 100% of a participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the elective deferrals that exceed 3% but do not exceed 5% of the participant's compensation. No safe harbor matching contributions were made by the Companies for the year ended December 31, 2022.

The Plan provides for discretionary Company matching contributions up to 5% of a participant's compensation, subject to certain limitations. No discretionary matching contributions were made by the Companies for the year ended December 31, 2022.

The Plan also provides the Companies the option of making discretionary profit sharing contributions. No discretionary profit sharing contributions were made by the Companies for the year ended December 31, 2022.

1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Companies' contribution, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, if applicable. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Companies' safe harbor matching contributions plus actual earnings thereon.

Participants are fully vested in the Companies' discretionary matching or profit sharing contribution portion of their accounts plus earnings thereon after three years of continuous service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000, up to a maximum amount of the lesser of 50% of their vested account balance or $50,000. Participants are permitted to have only one loan outstanding at any time. The loans are secured by the balance in the participant's account and are required to bear a reasonable interest rate. Loan maturity is not to exceed five years; however, if the loan is used to purchase or construct a primary residence, the maturity may extend beyond five years as approved by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to (a) receive a lump sum non-rollover distribution equal to the participant's vested interest in their account, (b) roll over distributions directly into an individual retirement account or a new employer's qualified retirement plan, (c) receive installment payments of the vested account balance, or (d) defer receipt of distributions until a later date. For terminations of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or rollover.

If the participant's vested benefit is less than $5,000, the Plan may elect, without the participant's consent, to make a rollover distribution to an IRA account established for the participant.

Forfeited Accounts

As of December 31, 2022, the plan has no forfeited nonvested accounts. Forfeitures of terminated participants' nonvested discretionary Company contributions may be used to pay administrative expenses or reduce Company contributions. No amount from forfeited nonvested accounts was used to pay administrative expenses during the year ended December 31, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNT POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with United States generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. The Plan has no notes receivable from participants as of December 31, 2022.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to participant contributions. The plan distributed 2022 excess contributions in January 2023.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the respective participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will be 100% vested in their employer contributions.

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the plan. The services provided by these parties include investment advisory, managed account, legal and accounting services.

As of December 31, 2022, the Plan's investments are held by Ascensus Trust Company ("Ascensus") which has entered into an agreement with The Vanguard Group Inc. ("Vanguard") for certain plan recordkeeping and administrative services. Ascensus is the custodian as defined by the Plan, and transactions with Ascensus and Vanguard qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. There were no payments to Ascensus or Vanguard for contract administration or other expenses during the year ended December 31, 2022.

Notes receivable from Plan participants, if any, and the related interest income are also considered party-in-interest transactions.

5. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C). Accordingly, Ascensus Trust Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary schedule.

6. TAX STATUS

The Internal Revenue Service has informed the plan administrator by a letter dated June 30, 2020 that the administrator's prototype plan and related trust are designed in accordance with applicable sections of the IRC. The Plan is therefore exempt from federal income taxes under the provisions of Section 501(a) of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

7. INVESTMENTS AND FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets of liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active, or financial instruments for which all significant inputs are observable, either directly or indirectly; and

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

As of December 31, 2022, the Plan has no assets valued using Level 2 or Level 3 inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Mutual funds are valued at the quoted Net Asset Value ("NAV") of shares held by the Plan at year-end. Mutual funds held by the plan are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily NAV and transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1.

There have been no changes in the methodologies used during the year ended December 31, 2022.

The methods described above may produce a fair value calculation that is not indicative of net realizable value or reflective of future values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different value measurement.

Investments measured at fair value as of December 31, 2022 are as follows:

Mutual funds valued using Level 1 inputs	$ 39,488

8. SIGNIFICANT INVESTMENTS

Investments that represent 10% or more of the Plan's total investment balance as of December 31, 2022 are as follows:

Vanguard Target Retirement 2050 Fund	$	8,253
Vanguard Target Retirement 2045 Fund		6,186
Vanguard Target Retirement 2040 Fund		5,616

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

		2022
Net assets available for benefits per the financial statements	$	36,759
Less other employer contributions receivable		(849)
Plus excess contributions payable		3,578
Net assets per Form 5500	$	39,488

The following is a reconciliation of the changes in net assets available for benefits to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$	36,759
Less current year other employer contributions receivable		(849)
Plus current year corrective distributions payable		3,578
Net increase in net assets available for benefits per Form 5500	$	39,488

10. RISKS AND UNCERTAINTIES

The Plan provides for various investment options that, along with the underlying securities, are exposed to various risks such as market, interest rate, and credit risks. Market values of investments could decline for several reasons including changes in prevailing markets and interest rates, increases in defaults, and credit rating downgrades. In addition, the COVID-19 pandemic and its aftermath continue to impact the macroeconomic environment in the United States and globally. Because of the uncertain nature of the pandemic, as well as the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such securities, it is at least reasonably possible that changes in investment values in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the related Statement of Changes in Net Assets Available for Benefits.

11. OPERATIONAL DEFECTS

During 2022, the plan sponsor failed to withhold and remit certain employee contributions to the plan on a timely basis, which is a prohibited transaction under ERISA. In order to correct the prohibited transaction, the Companies made a qualified non-elective contribution of $849, including lost earnings totaling $7. The payment has been accrued as of December 31, 2022 and paid to the Plan during August 2023.

12. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 29, 2023, the date on which the financial statements were available to be issued, and is not aware of any significant events that would have a material impact on its financial statements.

INDEPENDENT AUDITOR'S REPORT

To the Administrator
Mundo Hospitality 401(k) Plan
Los Angeles, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Mundo Hospitality 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements consist of the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Mundo Hospitality 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets of the Plan held for investment by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Mundo Hospitality 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Mundo Hospitality 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the Mundo Hospitality 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Mundo Hospitality 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

1. DESCRIPTION OF THE PLAN

The following description of The Mundo Hospitality 401(k) Plan ("the Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan created as of August 1, 2022 and is sponsored by the following entities ("the Companies"):

- BG SM20, LLC dba Socalo
- BG Truck and Catering, LLC
- Border Grill Las Vegas, LLC
- Feedfolks, LLC
- Mundo Management Group, LLC

The Plan covers substantially all employees of the companies listed above who have worked six calendar months, during which a minimum of 500 total hours of service were performed, and are age 18 or older.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Participants may contribute up to the lesser of 100% of eligible pay or the maximum contribution in accordance with the Internal Revenue Code ("the IRC"), which was $20,500 for the year ended December 31, 2022, plus a $6,500 catch up provision for participants that have attained age 50 before the end of the Plan year. These contributions can be made on a pre-tax basis or as an after-tax Roth deferral. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans which are reported as rollovers.

Participants direct the investment of their contributions into various investment options offered by the Plan.

Participants who meet the eligibility requirements are entitled to receive a safe harbor employer matching contribution equal to 100% of a participant's elective deferrals that do not exceed 3% of the participant's compensation, plus 50% of the elective deferrals that exceed 3% but do not exceed 5% of the participant's compensation. No safe harbor matching contributions were made by the Companies for the year ended December 31, 2022.

The Plan provides for discretionary Company matching contributions up to 5% of a participant's compensation, subject to certain limitations. No discretionary matching contributions were made by the Companies for the year ended December 31, 2022.

The Plan also provides the Companies the option of making discretionary profit sharing contributions. No discretionary profit sharing contributions were made by the Companies for the year ended December 31, 2022.

1. DESCRIPTION OF THE PLAN (Continued)

Participant Accounts

Each participant's account is credited with the participant's contributions and the Companies' contribution, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan, if applicable. Allocations are based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and the Companies' safe harbor matching contributions plus actual earnings thereon.

Participants are fully vested in the Companies' discretionary matching or profit sharing contribution portion of their accounts plus earnings thereon after three years of continuous service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000, up to a maximum amount of the lesser of 50% of their vested account balance or $50,000. Participants are permitted to have only one loan outstanding at any time. The loans are secured by the balance in the participant's account and are required to bear a reasonable interest rate. Loan maturity is not to exceed five years; however, if the loan is used to purchase or construct a primary residence, the maturity may extend beyond five years as approved by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to (a) receive a lump sum non-rollover distribution equal to the participant's vested interest in their account, (b) roll over distributions directly into an individual retirement account or a new employer's qualified retirement plan, (c) receive installment payments of the vested account balance, or (d) defer receipt of distributions until a later date. For terminations of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution or rollover.

If the participant's vested benefit is less than $5,000, the Plan may elect, without the participant's consent, to make a rollover distribution to an IRA account established for the participant.

Forfeited Accounts

As of December 31, 2022, the plan has no forfeited nonvested accounts. Forfeitures of terminated participants' nonvested discretionary Company contributions may be used to pay administrative expenses or reduce Company contributions. No amount from forfeited nonvested accounts was used to pay administrative expenses during the year ended December 31, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNT POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with United States generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. The Plan has no notes receivable from participants as of December 31, 2022.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRC are recorded as a liability with a corresponding reduction to participant contributions. The plan distributed 2022 excess contributions in January 2023.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Companies. Expenses that are paid by the Companies are excluded from these financial statements. Fees related to the administration of benefit payments are charged directly to the respective participants' accounts and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

3. PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan termination, participants will be 100% vested in their employer contributions.

4. PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the plan. The services provided by these parties include investment advisory, managed account, legal and accounting services.

As of December 31, 2022, the Plan's investments are held by Ascensus Trust Company ("Ascensus") which has entered into an agreement with The Vanguard Group Inc. ("Vanguard") for certain plan recordkeeping and administrative services. Ascensus is the custodian as defined by the Plan, and transactions with Ascensus and Vanguard qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA. There were no payments to Ascensus or Vanguard for contract administration or other expenses during the year ended December 31, 2022.

Notes receivable from Plan participants, if any, and the related interest income are also considered party-in-interest transactions.

5. INFORMATION CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C). Accordingly, Ascensus Trust Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplementary schedule is complete and accurate with respect to investments and notes receivable from participants:

- Investments at fair value
- Notes receivable from participants
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary schedule.

6. TAX STATUS

The Internal Revenue Service has informed the plan administrator by a letter dated June 30, 2020 that the administrator's prototype plan and related trust are designed in accordance with applicable sections of the IRC. The Plan is therefore exempt from federal income taxes under the provisions of Section 501(a) of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

7. INVESTMENTS AND FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets of liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are:

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active, or financial instruments for which all significant inputs are observable, either directly or indirectly; and

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

As of December 31, 2022, the Plan has no assets valued using Level 2 or Level 3 inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds - Mutual funds are valued at the quoted Net Asset Value ("NAV") of shares held by the Plan at year-end. Mutual funds held by the plan are registered with the United States Securities and Exchange Commission. These funds are required to publish their daily NAV and transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1.

There have been no changes in the methodologies used during the year ended December 31, 2022.

The methods described above may produce a fair value calculation that is not indicative of net realizable value or reflective of future values. While the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain investments could result in a different value measurement.

Investments measured at fair value as of December 31, 2022 are as follows:

Mutual funds valued using Level 1 inputs	$ 39,488

8. SIGNIFICANT INVESTMENTS

Investments that represent 10% or more of the Plan's total investment balance as of December 31, 2022 are as follows:

Vanguard Target Retirement 2050 Fund	$	8,253
Vanguard Target Retirement 2045 Fund		6,186
Vanguard Target Retirement 2040 Fund		5,616

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

		2022
Net assets available for benefits per the financial statements	$	36,759
Less other employer contributions receivable		(849)
Plus excess contributions payable		3,578
Net assets per Form 5500	$	39,488

The following is a reconciliation of the changes in net assets available for benefits to the Form 5500:

Net increase in net assets available for benefits per the financial statements	$	36,759
Less current year other employer contributions receivable		(849)
Plus current year corrective distributions payable		3,578
Net increase in net assets available for benefits per Form 5500	$	39,488

10. RISKS AND UNCERTAINTIES

The Plan provides for various investment options that, along with the underlying securities, are exposed to various risks such as market, interest rate, and credit risks. Market values of investments could decline for several reasons including changes in prevailing markets and interest rates, increases in defaults, and credit rating downgrades. In addition, the COVID-19 pandemic and its aftermath continue to impact the macroeconomic environment in the United States and globally. Because of the uncertain nature of the pandemic, as well as the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such securities, it is at least reasonably possible that changes in investment values in the near term could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the related Statement of Changes in Net Assets Available for Benefits.

11. OPERATIONAL DEFECTS

During 2022, the plan sponsor failed to withhold and remit certain employee contributions to the plan on a timely basis, which is a prohibited transaction under ERISA. In order to correct the prohibited transaction, the Companies made a qualified non-elective contribution of $849, including lost earnings totaling $7. The payment has been accrued as of December 31, 2022 and paid to the Plan during August 2023.

12. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through September 29, 2023, the date on which the financial statements were available to be issued, and is not aware of any significant events that would have a material impact on its financial statements.
