INDEPENDENT AUDITORS' REPORT

To the Participants and Retirement Plans Investment Committee
Key Safety Systems, Inc. Knoxville Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Key Safety Systems, Inc. Knoxville Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Key Safety Systems, Inc. Knoxville Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Key Safety Systems, Inc. Knoxville Pension Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Key Safety Systems, Inc. Knoxville Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Key Safety Systems, Inc. Knoxville Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, and the supplemental schedule of reportable transactions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN:

The following description of the Key Safety Systems, Inc. Knoxville Pension Plan (the Plan) provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan that covers the bargaining units in Grabbill, Indiana (frozen in 1999) and Knoxville, Tennessee, divisions of Key Safety Systems, Inc. (the Company or Employer) to whom this Plan has been offered through collective bargaining agreements. The Plan covers all employees upon the completion of one year of service. The Plan was frozen to new participants effective July 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan was amended in December 2022 to provide for an annuity contract purchase for certain pension benefits as defined. The annuity purchase amounted to approximately \$3.3 million and was paid in December 2022 to an insurance carrier.

Funding policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The Company's contributions for 2022 and 2021 exceeded the minimum funding requirements of ERISA.

Vesting

Eligible participants are 100% vested in their accumulated normal or cash retirement benefit upon reaching age 55 and ten years of service or upon reaching the normal retirement age with the Company.

Pension benefits

Participants are entitled to monthly pension benefits beginning at normal retirement age (65) equal to the greater of 1.2% of final average compensation, as defined, for each year of service, or years of credited service multiplied by a benefit factor, as defined.

The Plan permits early retirement upon reaching age 55 and after completing ten years of service. Employees may elect to receive their pension benefits in the form of a joint and survivor annuity. Employees also may elect to receive the value of their accumulated plan benefits as a life annuity payable monthly upon retirement. Participants in the Knoxville division may also elect to receive the value of their accumulated plan benefits as a lump sum payment.

Death and disability benefits

If an active employee with at least ten years of service dies, a death benefit is paid to the employee's beneficiary. Active employees who become totally disabled may be eligible to receive annual disability benefits. Disability benefits are paid until normal retirement age at which time disabled participants begin receiving normal retirement benefits.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of accounting

The accompanying financial statements are prepared using the accrual basis of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Valuation of investments and income recognition

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as administrative expenses. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through October 11, 2023, the date on which the financial statements were available to be issued.

3. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEES:

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Bank, the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and the supplemental schedule of assets (held at end of year) as of December 31, 2022, the related investment activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2022, and the information reflected on the supplemental schedule of reportable transactions for the year ended December 31, 2022.

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Wells Fargo Bank N.A., the trustee, has certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2021 and the related investment activity reflected in the statements of changes in net assets available for benefits for the year ended December 31, 2021.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- *Money market fund*: Equivalent to cash and valued at \$1 per share, which approximates fair value.
- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

<u>Assets at Fair Value as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>

Mutual funds	<u>18,644,182</u>	<u>-</u>	<u>-</u>	<u>18,644,182</u>
	<u>\$ 18,983,894</u>	<u>-</u>	<u>-</u>	<u>18,983,894</u>

5. ACCUMULATED PLAN BENEFITS:

Accumulated plan benefits are those estimated future periodic payments, including lump-sum distributions, which are attributable under the Plan's provisions to services rendered by the employees to the valuation date. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits for retired or terminated employees or their beneficiaries are based on employees' compensation and credited service. The accumulated plan benefits for the active employees are also based on their average compensation during the specified year preceding the valuation date. Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included to the extent they are deemed attributable to employee service rendered to the latest valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the actuarial computations are as follows:

	<u>2022</u>	<u>2021</u>
Expected rate of return	5.25%	5.25%
Form of benefit payment	Life annuity	Life annuity
Normal retirement age	Graded schedule from age 50 to 67	Graded schedule from age 50 to 67
Mortality rates tables	Pri-2012 Blue Collar Generational (Scale MP-2021)	Pri-2012 Blue Collar Generational (Scale MP-2020)

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of plan benefits. The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2022.

The actuarial present value of accumulated plan benefits as of the beginning of each Plan year is as follows at January 1, 2022:

Actuarial present value of accumulated plan benefits:

Vested benefits:

Participants currently receiving payments	\$ 15,306,882
Other participants	<u>7,705,545</u>
	23,012,427

Non vested benefits	<u>-</u>
---------------------	----------

Total actuarial present value of accumulated plan benefits	\$ <u>23,012,427</u>
--	----------------------

Changes during the year in the actuarial present value of accumulated plan benefits as of January 1, 2022 are as follows:

Actuarial present value of accumulated plan benefits at beginning of period	\$ 24,861,398
Increase (decrease) during the year attributable to:	
Benefits accumulated	36,677
Increase for interest	525,082
Benefits paid	(1,335,296)
Changes in assumptions	<u>(1,075,434)</u>
Net change	<u>(1,848,971)</u>
Total actuarial present value of accumulated plan benefits at end of period	\$ <u>23,012,427</u>

Per Note 1, an annuity transfer occurred in December 2022 and is not reflected in the accumulated plan benefits obligation as of January 1, 2022 above. The impact of this annuity purchase is to reduce the accumulated plan benefits by approximately \$4.13 million.

6. INCOME TAX STATUS:

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated September 16, 2013, that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

7. RELATED PARTY AND PARTY IN INTEREST TRANSACTIONS:

Certain Plan fees are paid to Principal Bank, the trustee during 2022, as defined by the Plan. Certain Plan investments are managed by and fees are paid to Wells Fargo Bank N.A., the trustee during 2021, as defined by the Plan. Therefore, these transactions qualified as party in interest transactions.

8. PLAN TERMINATION:

Although the Company has not expressed any intention to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated for payment in order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation (PBGC) if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement benefits, early retirement benefits and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Statement of Actuarial Assumptions and Methods

Minimum Funding Annual Interest Rates	24-month segment rates averaged through the end of August 2021 and published in September 2021 (as prescribed by IRC 430) and adjusted to reflect ARPA: - Segment 1 (0 – 5 years) 4.75% - Segment 2 (5 to 20 years) 5.18% - Segment 3 (more than 20 years) 5.92% - Effective Interest Rate 5.37%
Maximum Deductible Annual Interest Rates	24-month segment rates averaged through the end of August 2021 and published in September 2021 (as prescribed by IRC 430) as follows: - Segment 1 (0 – 5 years) 1.07% - Segment 2 (5 to 20 years) 2.68% - Segment 3 (more than 20 years) 3.36% - Effective Interest Rate 2.86%
Annual Expected Return on Assets	Interest Rate for developing Actuarial Value of Assets; limited to third segment rate 5.25% Rationale: based on a review of historical returns with advice from the investment advisor
PBGC Annual Interest Rates	24-month segment rates averaged through the end of August 2021 and published in September 2021 using the Alternative Method (as prescribed by IRC 430) as follows: - Segment 1 (0 – 5 years) 1.07% - Segment 2 (5 to 20 years) 2.68% - Segment 3 (more than 20 years) 3.36% - Effective Interest Rate 2.86%
ASC 960 Discount Rate	Discount Rate 2.58% Rationale: as selected by the Plan Sponsor
Salary Scale	Not applicable
Mortality	Funding: IRS 2022 Static Mortality Table with applicable mortality improvement under Projection MP-2020 (as prescribed by IRC 430). ASC 960-20: Pri-2012 Blue Collar Mortality Table adjusted generationally with Mortality Improvement Scale MP-2021.
Rates of Retirement	Not applicable
Rates of Turnover	Not applicable

Rates of Disability	Not applicable
Assumptions Made In Valuing Spouse's Benefit	80% of male participants, 50% of female participants in the Grabill location, and 65% of female participants in the Knoxville location are assumed to be married with husbands assumed to be 3 years older than wives.
Optional Form Selection	All employees are assumed to elect the life annuity form of benefit.
Provision for Expenses	Expenses are expected administrative expenses of \$90,000 plus current year PBGC premiums.
Asset Method	Funding: Market Value of Assets plus interest adjusted accrued but unpaid contributions as of the valuation date plus an adjustment to defer full recognition of investment losses and gains over a two-year period. The investment (gain)/loss for every year equals the market value at the beginning of the year projected to the end of the year using the interest rate above, but no greater than the third segment rate for the plan year, minus the end of the year actual market value. The actuarial value of assets will be no less than 90% and no more than 110% of the market value (including interest-adjusted accrued but unpaid contributions). Note that due to the regulatory constraint on the interest rate, a characteristic of this asset valuation method is that, over time, it may be more likely to produce an actuarial value of assets that is less than the market value of assets. ASC 960-20: Market Value of Assets plus, any contributions for prior plan years that will be made in this plan year.
Funding Method	Pure Unit Credit
Employees Valued	Only participants as of the valuation date were valued.
Changes in Assumptions and Methods since the Last Actuarial Valuation	The interest rates were updated to the rates required for the current plan year. The mortality table for the funding target was changed as required under PPA '06. The ASC 960 discount rate was changed from 2.17% to 2.58%. This resulted in an increase in the ASC 960 liability. The ASC 960 mortality table was updated from RP-2014 Blue Collar Mortality Table adjusted generationally with Mortality Improvement Scale MP-2020 to Pri-2012 Blue Collar Mortality Table adjusted generationally with Mortality Improvement Scale MP-2021. This resulted in a small decrease in the ASC 960 liability. The expense assumption was updated from \$75,000 plus current year PBGC premiums to \$90,000 plus current year PBGC premiums.
Justification for Changes in Actuarial Assumptions	The change in assumption for plan expenses was made to reflect actual experience and future expectations. All other assumption changes were to prescribed actuarial assumptions or as a result of At-Risk status.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

We have audited the financial statements of the Key Safety Systems, Inc. Knoxville Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2022, and we will issue our report thereon dated October 11, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Principal Bank and Wells Fargo Bank N.A., the trustees, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our planning letter to you dated August 31, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Key Safety Systems, Inc. Knoxville Pension Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. Management's estimate of the valuation of the accumulated plan benefits which is based on information provided by the actuary. We evaluated the key factors and assumptions used to develop this estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. The attached schedule summarizes uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. The uncorrected misstatements or the matters underlying them could potentially cause future period financial statements to be materially misstated, even though, in our judgment, such uncorrected misstatements are immaterial to the financial statements under audit.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified the following reportable findings:

Distribution Eligibility

During the audit, a participant was identified who received a lump sum distribution and was not a participant in the Plan. Principal Bank noted that they caught the improper distribution, had the appropriate funds plus interest paid back to the Plan in January 2023, and have increased controls on their end. However, the improper distribution is an indicator that controls in the distribution process need to be reviewed.

We recommend management implement controls to review the trust reports on a regular basis to verify that the appropriate amounts are being paid to participants during the year.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 11, 2023

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the Plan’s financial statements or a determination of the type of auditors’ opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan’s auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of the Retirement Plans Investment Committee and management of the Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Clark, Schaefer, Hackett & Co.

Summary of Principal Plan Provisions

Plan Sponsor	Joyson Safety Systems
EIN/PN	59-3468917/002
Effective Date	October 1, 1997; restated effective January 1, 2012.
Plan Year	The 12-month period beginning each January 1.
Participation	Any person employed by Key Safety Systems at the Knoxville or Grabill locations and covered by each location's collective bargaining agreement. For participants of the former Knoxville Plan, the plan was frozen on June 30, 2009. For participants of the former Grabill Plan, the plan was frozen on July 1, 1999.
Vesting Service	Plan Year during which employee completes 1,000 hours of service.
Credited Service	Knoxville Participants: Before January 1, 1993, a participant shall have the amount of Credited Service they had in the Predecessor Plan. After January 1, 1993, service shall be determined on an elapsed time basis starting with the later of January 1, 1993, or the date of hire, measured in complete years, months, and days. Service accrual ceased as of June 30, 2009. Grabill Participants: A Plan Year during which an employee completes at least 1,700 hours of service. Credit shall be given at the rate of 1/10th of a year for each full 170 hours. Service accrual ceased as of July 1, 1999.
Compensation	Knoxville Participants: The forms of income reported by the Employer to the Internal Revenue Service for federal income tax purposes, including amounts contributed by the Employer pursuant to a salary reduction agreement which are includable in the gross income of the Participant under Sections 125, 402(e)(3), 402(h) or 403(b) of the Internal Revenue Code.
Average Compensation	Knoxville Participants: The average of a Participant's thirty-six and sixty consecutive months, out of the last 180 months, of Compensation that gives the highest average.

Accrued Benefit

Knoxville Participants: A monthly amount equal to the greater of (a) 1.2% of Average Compensation for 5 years multiplied by Credited Service before January 1, 1996, plus 1.2% of Average Compensation for 3 years multiplied by Credited Service after January 1, 1996, or (b) Credited Service multiplied by \$22 for terminations after January 1, 1999.

Grabill Participants: The amount of annual benefit to be paid in monthly installments for life, based on service to normal retirement date, is the product of:

- (1) The Credited Service earned as of the participant's date of retirement, and;
- (2) \$27.50 if the participant terminated after May 1, 1998, \$27.00 if the participant terminated after May 1, 1997 but before May 1, 1998, or \$26.00 if the participant terminated after October 26, 1996 but before May 1, 1997.

Normal Retirement Benefit

Eligibility:

The first day of the calendar month coincident with or next following age 65 for Knoxville participants and 62 for Grabill participants.

Monthly Benefit:

The Accrued Benefit

Early Retirement Benefit

Eligibility:

Knoxville Participants: Any Participant who has attained age 55 with 10 years of Credited Service, or whose age plus Credited Service is at least 80, may elect early retirement on the first day of any calendar month following their termination of Service.

Grabill Participants: Any Participant who has attained age 55 with 10 years of Vesting Service may elect early retirement on the first day of any calendar month following their termination of Service.

Monthly Benefit:

Knoxville Participants: The Accrued Benefit as of the participant's Early Retirement Date, reduced by 0.25% for each month that commencement precedes the Normal Retirement Date, only if the participant begins payments before age 62 and 10 years of Credited Service or if the participant's age plus Credited Service is less than 80.

Grabill Participants: The Accrued Benefit as of the participant's Early Retirement Date reduced by 0.5%.

Termination Benefit

Eligibility:

A Participant who has at least 5 years of Vesting Service has a 100% non-forfeitable right to his or her Accrued Benefit. Grabill participants shall become fully vested as of October 26, 1996.

Monthly Benefit:

The vested benefit commences in full at age 65, or in a reduced amount under the early retirement provisions.

Death Benefit

Eligibility:

Knoxville Participants: If a deferred vested participant dies prior to commencement of benefits, his surviving spouse, if any, will be eligible to receive a monthly benefit.

Grabill Participants: If a participant dies prior to commencement of benefits, his surviving spouse, if any, will be eligible to receive a monthly benefit.

Monthly Benefit:

The amount of the survivor benefit shall be the same amount as though the participant had terminated employment, survived to his earliest retirement age, retired with a Joint and 50% Survivor annuity, and died the next day. Additionally for Grabill participants, if the participant has attained age 55 and has 10 years of Vesting Service, the survivor benefit shall be a Joint and 100% Survivor annuity instead of the Joint and 50% Survivor annuity.

Disability Benefit

Eligibility:

Knoxville Participants: If a participant becomes totally and permanently disabled prior to retirement, he shall be eligible to receive an immediate monthly benefit if he has completed 10 years of Credited Service.

Monthly Benefit:

The amount of the benefit shall be the Accrued Benefit. The benefit shall not be less than \$300 a month paid as a life annuity.

Optional Forms of
Payments

Life Annuity for all plans; Joint and Survivor Annuity with 50%, 75% and 100% for all plans, and 66 2/3% for Grabill participants continued to the beneficiary; Life Annuity with 120, monthly payments guaranteed; Level Income at 62 for life or as any Joint and Survivor Annuity for Knoxville participants.

**Benefits Available
As Lump Sums**

This plan pays lump sums to Grabill participants only.

Note that the restrictions on distributions rule of Code § 1.401(a)(4)-5(b)(3) provides that plan assets after an accelerated distribution to certain highly compensated employees must equal or exceed 110% of the plan's current liabilities. There is an exception if the lump sum is less than 1% of the plan's total liability. Final determination of whether a lump sum will be restricted depends heavily upon the value of plan assets and the interest rate used to determine liabilities as of the distribution date. Restricted amounts can still be distributed if adequate security is maintained (as defined by the IRS) to assure that the plan can recoup the distribution should the plan terminate with insufficient assets. Formal IRS guidance has not been given on this issue; however, informal guidance given by the IRS indicates that using the stabilized interest rate liability for this measurement is a good faith interpretation.

**Maximum Benefit
Limit**

The Internal Revenue Code Section 415 Maximum Benefit payable as a life annuity at Social Security Normal Retirement Age.

**Plan Compensation
Limit**

The Section 401(a)(17) Maximum Compensation that can be recognized for benefit calculation purposes.

**Changes in Plan
Provisions**

The automatic changes, if any, in the plan compensation limit and maximum benefit limit were recognized as amendments for funding purposes.
