INDEPENDENT AUDITOR'S REPORT

To the Administrator of
Vatica Health, Inc. 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Vatica Health, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Vatica Health, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Vatica Health, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Vatica Health, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Vatica Health, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Vatica Health, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i, Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

VATICA HEALTH, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2022 AND 2021

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Vatica Health, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General and Eligibility – The Plan is a defined contribution plan which was adopted to provide retirement benefits for eligible employees of Vatica Health, Inc. (the "Plan Sponsor"). The plan covers all employees of the company who have three months of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions – Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, up to the statutory limitations defined in the Internal Revenue Code. Participants may change their contribution percentages any time during the year. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The employer may make a safe harbor matching contribution equal to a uniform percentage of salary deferrals. During 2022 and 2021, the employer made a safe harbor matching contribution of 100% on the first 3% of compensation and 50% on the next 2% of compensation. The employer may make a discretionary profit-sharing contribution. Employees need to meet certain service hour and employment requirements to receive any profit-sharing contributions. There were no profit-sharing contributions made during 2022 or 2021.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocation of (a) the employer's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant account balances, as of the allocation date. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Participants are immediately vested in the safe harbor matching contribution portion of their accounts plus actual earnings thereon. Participants are vested at 25% per year of service in the employer's profit-sharing contribution portion of their accounts and are vested at 100% after four years of service.

Investment Options – Upon enrollment in the Plan, participants may direct contributions into any of a variety of investment options provided under a contract with Reliance Trust Company. Participants may change their investment options daily.

Payment of Benefits – On termination of service due to any reason, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account.

Plan Termination – The employer expects the Plan to continue indefinitely. However, the employer retains the right under the Plan to discontinue their contributions at any time and to terminate the Plan. In the event of Plan termination, participants would become fully vested in their account balances. These balances would continue to be held in custody by the applicable trustee until all vested Plan benefits were distributed to the participants.

Accounting Periods – Any references to 2022 and 2021 in these financial statements refer to the years ended December 31, 2022 and 2021 unless otherwise noted.

Forfeited Accounts – During the years ended December 31, 2022 and 2021, forfeitures of nonvested account balances totaled less than 1% of the Plan's account balance. Forfeitures may be used to pay administrative expenses or reduce future employer contributions.

VATICA HEALTH, INC. 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED) DECEMBER 31, 2022 AND 2021

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared using the accrual method of accounting.

Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for further details.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes the Plan's realized gain and losses on investments sold during the year as well as unrealized gains and losses on investments held during the year.

Payment of Benefits – Benefits are recorded when paid.

Notes Receivable from Participants – Notes receivable from participants are recorded at outstanding principal balance plus accrued interest receivable. No allowance for loan losses is recorded. If a participant ceases to make loan repayments, the loan will be deemed a distribution and the vested balance will be reduced accordingly. Interest income on notes receivable from participants is recognized when earned and any loan-related fees are expensed when incurred. The effective interest rate for participant loans ranged from 4.25% to 7.50% at December 31, 2022.

Administrative Expenses – Certain administrative functions of the Plan are performed by employees of the Plan sponsor. No such employee receives compensation from the Plan. Certain administrative expenses, consisting primarily of contract administration fees charged by the investment custodian, are paid directly by the Plan, and allocated to the participant accounts. Other administrative expenses are paid directly by the Plan Sponsor, and therefore, are not reported in these financial statements.

Date of Management's Review – Subsequent events were evaluated through September 27, 2023, which is the date the financial statements were available to be issued.

NOTE 3 – INVESTMENTS AND FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The fair value measurement accounting literature has established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, and Level 3 inputs have the lowest priority. Level 2 inputs are inputs from quoted market prices in active markets for similar assets and liabilities, which are observable for the asset or liability, either directly or indirectly. Level 2 inputs also include inputs that are derived principally from or corroborated by observable market data by correlation or other means. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. No level 3 inputs were used in the plan.

NOTES TO FINANCIAL STATEMENTS (CONTINUED) DECEMBER 31, 2022 AND 2021

NOTE 3 – INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value.

Level 1 Fair Value Measurements:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Level 2 Fair Value Measurements:

Money market: This is a mutual fund whose investments are in high-yield short-term instruments, such as federal securities, CDs and commercial paper. The fund's intent is to make such instruments, normally purchased in large denominations and only by institutions, available (indirectly) to the individual investor. The money markets held by the Plan are deemed to be actively traded.

There were no Level 3 fair value measurements used in the plan in 2022 or 2021.

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits at December 31, 2022 and 2021 as follows:

		<u>Fair Value Measurements Using:</u>	
		Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
	<u>Fair Value</u>		
At December 31, 2022:			
Mutual funds	\$ 6,684,862	\$ 6,684,862	\$ -
US short-term treasury securities	334,821	-	334,821
Total	<u>\$ 7,019,683</u>	<u>\$ 6,684,862</u>	<u>\$ 334,821</u>
At December 31, 2021:			
Mutual funds	\$ 5,557,601	\$ 5,557,601	\$ -
US short-term treasury securities	14,257	-	14,257
Total	<u>\$ 5,571,858</u>	<u>\$ 5,557,601</u>	<u>\$ 14,257</u>

During the years ended December 31, 2022 and 2021, there were no significant transfers between Level 1, 2 or 3 assets, and there were no changes in the methodology for determining fair value.

NOTE 4 – TAX STATUS

The IRS has determined and informed the Plan sponsor by a letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

VATICA HEALTH, INC. 401(K) PLAN**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
DECEMBER 31, 2022 AND 2021****NOTE 4 – TAX STATUS (CONTINUED)**

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.

NOTE 5 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 – PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by companies related to the Plan's investment custodian. The Plan also engaged investment advisors. The administrative fees reflected in the Statements of Changes in Net Assets Available for Benefits represent the fees paid for services to the investment custodian investment advisor. These transactions qualify as party-in-interest transactions. All these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 7 – INFORMATION PREPARED AND CERTIFIED BY THE PLAN'S TRUSTEES

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared by and certified to as complete and accurate by the investment trustee of the Plan. Reliance Trust Company served as the investment trustee for the period as of December 31, 2022 and 2021.
