INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of the
MCE Cars, Inc. 401(k) Plan

Report on the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of MCE Cars, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of MCE Cars, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements (modified cash basis) referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting described in Note B.
- the information in the accompanying financial statements (modified cash basis) referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MCE Cars, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note B of the financial statements, which describes the basis of accounting. The financial statements (and supplemental schedules) were prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note B, this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MCE Cars, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MCE Cars, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about MCE Cars, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) (modified cash basis) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules (modified cash basis), other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules (modified cash basis) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules (modified cash basis), other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MCE CARS, INC. 401(k) PLAN NOTES TO FINANCIAL STATEMENTS

NOTE A – DESCRIPTION OF PLAN

The following description of the MCE Cars, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General. The Plan is a defined contribution plan adopted effective January 1, 2003, by MCE Cars, Inc. and participating affiliates, EHH Inc., KOL, Inc. MC Automotive Inc., MCE Automotive, Inc., MCE, Inc., NOG Inc. (the “Companies”), which comprise a controlled group of corporations under Internal Revenue Code Section 414(b). The Plan covers all employees of the Companies who have completed six months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions. Each year, participants may contribute Section 401(k) deferrals of up to 75% of pretax annual compensation, as defined in the Plan. The Companies’ matching contribution equals 100% on the first 4% of the participant’s compensation which is deferred as an elective deferral. The matching percentage for each participant will be made on a payroll-by-payroll basis. The Companies may decide to make a non-elective contribution to the plan, although the Companies are not required to do so. The Plan allows catch-up contributions by participants age 50 and older, as well as “rollover” contributions from other qualified retirement plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers twenty mutual funds as investment options for participants.

Participant Accounts. Each participant’s account is credited with the participant’s contribution, the Companies’ matching contribution, and investment earnings minus administrative fees and expenses. Investment earnings are determined separately for each account based on that account’s investments. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Vesting. Participants are immediately vested in their section 401(k) deferrals, “rollover” contributions, and earnings thereon. For contributions made before 2009, vesting in the Companies’ matching contribution portion, of the participants account, is based on years of continuous service, as follows: 20% after two years, 40% after three years, 60% after four years, 80% after five years, and 100% after six years of service. The plan was amended for a safe harbor election as of January 1, 2009, and safe harbor matching contributions made after January 1, 2009 are fully vested.

Notes Receivable from Participants. Participants may borrow from their fund accounts a minimum of \$500 up to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant’s account and bear interest at the prime rate plus two percent. Principal and interest is paid ratably through payroll deductions.

Forfeited Accounts. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$14,975 and \$14,769, respectively. These accounts will be used to reduce future employer contributions. In 2022 and 2021, no forfeitures were applied to employer contributions.

NOTE A – DESCRIPTION OF PLAN (continued)

Payment of Benefits. On termination of service, a participant may receive the vested interest in his or her account as a joint and survivor annuity (if married) or life annuity (if unmarried) or, if elected, as a lump sum or in installments over a period not to exceed the life or expected life of the participant and a designated beneficiary. In-service distributions are permitted after age 59½ or in case of documented hardship (as defined in the Plan agreement). Amounts sourced from rollovers from other plans along with applicable earnings may be withdrawn at any time.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan are prepared under the modified cash basis of accounting. The modified cash basis of accounting financial statements is prepared on a comprehensive basis of accounting other than GAAP (special purpose frameworks) which is acceptable by the DOL. Under that basis, certain contributions and related assets are recognized when received rather than earned, and certain plan expenses are recognized when paid rather than when the obligation is incurred. That basis differs from generally accepted accounting principles primarily because the Plan has not recognized contributions receivable from the employee and employer and accounts payable to vendors and their related effects on additions and deductions in the financial statements. The modified cash basis financial statements are financial statements on the cash basis with security investments adjusted to fair value.

Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Accordingly, actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based on terms of the Plan document. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded.

If a participant misses a loan repayment (other than leave of absence) and fails to make it up by a specified date, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the Plan document.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians, and insurance company. See Note C for a further discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Most administrative expenses of maintaining the Plan are paid by the Plan, from the Plan assets, and deducted from the participants' accounts in accordance with the Plan document. The audit fee is paid by the Plan Sponsor.

NOTE C – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to the valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. No Level 2 or Level 3 inputs were available to the Plan.

MCE CARS, INC. 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE C – FAIR VALUE MEASUREMENTS (continued)

Level 1 Fair value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair values of common stocks, corporate bonds, and U.S. Government securities are based on the closing price reported on the active market where the individual securities are traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's investment at fair values of December 31, 2022 and 2021:

<u>December 31, 2022</u>	<u>Fair Value</u>	<u>Fair Value Measurement Using:</u>	
		<u>Quoted Prices In Active Markets for Identical Assets (Level 1)</u>	<u>Significant Unobservable Inputs (Level 3)</u>

Total Assets at Fair Value	<u>\$ 6,263,558</u>	<u>\$ 6,263,558</u>	<u>\$ -</u>

Gains and losses included in the changes in net assets available for benefits for the years ended December 31, 2022 and 2021, are reported in the net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended December 31, 2022 and 2021, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

NOTE D – INVESTMENTS

The Plan's investments were held and administrated by the following service providers, Automatic Data Processing, Inc. and Fidelity Information Services, LLC, in 2022 and 2021, respectively. All investment information presented in the accompanying financial statements and supplemental schedules, including investments held and net appreciation/depreciation in fair value of investments and interest and dividends, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the custodians listed above.

Investments at fair value that represent 5% or more of the Plan's net assets at December 31, 2022 and 2021 are separately identified with an asterisk.

NOTE D – INVESTMENTS (continued)

During 2022 and 2021, the Plan's investments (including investments bought, sold, and held during the year) appreciated (depreciated) as follows:

	2022	2021
Registered investment companies	\$ (1,659,445)	\$ 87,088
Interest, dividends, and other income	324,932	539,050

NOTE E – NONPARTICIPANT-DIRECTED INVESTMENTS

The Plan did not have any nonparticipant-directed investments at December 31, 2022 and 2021.

NOTE F – PLAN TERMINATION

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.

NOTE G – TAX STATUS

The Plan is an adoption of a prototype plan that, according to a letter dated October 6, 2020 from the Internal Revenue Service, the Service has determined is acceptable under Section 401 of the Internal Revenue Code. Although the Plan includes amendments subsequent to the review referenced in the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE H – RELATED PARTY TRANSACTIONS

The Plan's investments are managed by Fidelity Information Services, LLC. ADP, Inc. is the contract administrator and record keeper for the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for administrative services amounted to \$4,852 and \$3,638 for the year ended December 31, 2022 and 2021, respectively. The Plan's fees for the audit are paid by the plan sponsor. All other expenses of maintaining the Plan are paid by the Plan.

NOTE K – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE L - BONDING REQUIREMENT

Per DOL regulations, plan officials must be bonded for at least 10% of plan assets at the beginning of the plan year. For the Plan year ending December 31 2022 and 2021, the plan was bonded for \$500,000, which met DOL requirements.

NOTE M – DATE OF MANAGEMENT'S REVIEW

Subsequent events have been evaluated through October 11, 2023, which is the date the financial statements were available to be issued.
