Independent Auditor's Report

The Board of Trustees of
Salpointe Catholic High School
Cash or Deferred Profit Sharing Plan

Scope and Nature of the ERISA §103(a)(3)(C) Audit

We have performed audits of the financial statements of Salpointe Catholic High School Cash or Deferred Profit Sharing Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA §103(a)(3)(C) (ERISA §103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Salpointe Catholic High School Cash or Deferred Profit Sharing Plan's financial statements performed in accordance with ERISA §103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA §103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA §103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Salpointe Catholic High School Cash or Deferred Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA §103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA §103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Salpointe Catholic High School Cash or Deferred Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA §103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Salpointe Catholic High School Cash or Deferred Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Salpointe Catholic High School Cash or Deferred Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA §103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA §103(a)(3)(C).

Salpointe Catholic High School
Cash or Deferred Profit Sharing Plan
Notes to Financial Statements
For The Years Ended December 31, 2022 and 2021

Note 1 – Description of Plan

The following description of the Salpointe Catholic High School Cash or Deferred Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a complete description of the Plan’s provisions.

The Plan is a defined contribution plan which was formed on January 1, 1985 and amended and restated effective October 27, 1994 to encourage and assist employees of Salpointe Catholic High School (the “School”) in regularly saving for their retirement through payroll deductions and discretionary contributions made by the School. In 2002, the Plan was further amended to comply with the requirements of the Economic Growth and Tax Relief Reconciliation Act. The Plan has been further amended in 2005, 2006, and in 2008 for changes effective January 1, 2009 related to the use of forfeitures and earlier participant eligibility. In 2016, the Plan was further amended for qualification requirement changes issued by the Internal Revenue Service effective January 1, 2016. The Board of Trustees determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

A. Eligibility

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Employees of the School who have attained the age 21 and who have completed at least 550 hours of service within the first five consecutive months of employment are eligible to participate for purposes of salary deferrals. Employees of the School who have attained the age of 21 and who have completed one year of service, defined as a minimum of 1,000 hours service, are eligible to participate for purposes of employer profit sharing contributions. Employees can become a member as of the first entry date (January 1 or July 1) following completion of the eligibility requirements. Union employees and non-resident aliens are not eligible to participate in the Plan.

B. Contributions

Participants may contribute through payroll deductions a percentage or flat amount, up to 90 percent of their annual wages to the Plan, which are contributed on a pre-income tax basis subject to annual limitations established by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The School, at its discretion, may make profit-sharing contributions to the employee accounts. During the current year, the School made a discretionary profit-sharing contribution of seven percent of gross wages.

Note 1 – Description of Plan

C. Investment Options

The Plan provides for participant-directed investment elections among different types of common collective trusts and mutual funds, and allows participants to change their investment elections on any business day as often as desired.

D. Participant Accounts

Each participant's account is credited with the participant contribution, an allocation of Plan earnings, and any applicable discretionary profit-sharing contribution made by the School. Allocations are based on account balances as defined. The benefits to which an employee is entitled are the benefits that can be provided from the participant's vested account balance.

E. Vesting

Employees are immediately vested in their voluntary contributions plus their contributions' earnings. Vesting in the remainder of the account is based on years of service. An employee is vested in employer discretionary profit-sharing contributions at the rate of 20 percent after two years, 40 percent after three years, 60 percent after four years, 80 percent after five years and is fully vested after six years of service. Upon retirement, disability or death, an employee is 100 percent vested for the entire account balance.

F. Payment of Benefits

Upon termination of service, an employee may elect to receive a roll-over distribution or lump-sum amount equal to the value of the participant's account. If the account is valued at less than \$5,000, the participant will automatically receive a lump-sum payment. The Plan also provides for hardship withdrawal during employment. A hardship withdrawal may only come from an employee's voluntary contributions and may not be for an amount greater than which is necessary to satisfy the immediate financial need, and an employee may not make contributions to the Plan for six months following the date of the withdrawal.

G. Notes Receivable from Participants

The Plan is permitted to make loans to employees to satisfy certain financial needs as defined. Each loan may not exceed the lesser of \$50,000 or 50 percent of the employee's vested account balance at the date the loan is granted. Loans have a maturity of not more than five years, unless the loan was made for the purpose of acquiring a principal residence, and includes a reasonable rate of interest, comparable to similar commercial loans, conducted at an arms-length. Principal and interest is paid ratably through pay period payroll deductions.

H. Administrative Expenses

Certain administrative expenses of the Plan are paid to the Plan Administrator and Plan Custodian from Plan assets. Certain other administrative services for the Plan are provided by the School at no charge.

Note 2 – Summary of Significant Accounting Policies

The significant account policies followed by the Plan are as follows.

A. Basis of Accounting

The accompanying financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America. Accordingly, income is recognized when earned and expenses are recorded when incurred.

B. Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could differ from those estimates.

C. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company (the trustee of the Plan).

D. Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are recorded at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies

E. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are recorded as distribution based upon the terms of the plan document.

Subsequent to year end, several employees received participant loans from their respective accounts, which totaled \$47,460.

The Plan has implemented certain requirements by the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) allowing certain eligible individuals to receive coronavirus-related relief for loan repayment. Written amendments to the Plan to reflect these operational changes will be adopted at a later date in accordance with applicable law and IRS guidance.

F. Payment of Benefits

Benefit payments are recorded when paid.

G. Forfeitures

Forfeitures are the non-vested portion of participant account balances for terminated participants. These funds, which have been retained in the Plan, are available to pay Plan expenses and to reduce the discretionary profit sharing contribution of the School. The balances of the forfeited account were \$8,721 and \$23,173 as of December 31, 2022 and 2021, respectively.

H. Income Tax Status

The Plan obtained its latest determination letter on May 11, 2009, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan's administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions by the plan and recognize a tax liability if the plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however there are currently no audits for any tax periods in progress.

I. Date of Management's Review

Subsequent events have been evaluated through October 9, 2023 which is the date the financial statements were available to be issued

Note 3 – Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices for similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the assets or liability; • Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level or any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Note 3 – Fair Value Measurements

Following is a description of the valuation methodologies measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The methods described above may produce a fair value calculation that may be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair values of assets for mutual funds measured on a recurring basis at December 31, 2022 and 2021 were \$12,265,424 and \$15,514,315, respectively. The mutual funds were measured at Level 1.

Note 4 – Group Annuity Contracts

The Plan has entered into traditional fully benefit-responsive guaranteed investment contracts reported as group annuity contracts on the financial statements. Total group annuity contracts account balances at December 31, 2022 and 2021 were \$1,222,159 and \$838,341, respectively. The Reliance Trust Company Stable Value Fund Collective Investment Trust was formed for employee benefit plans to invest in group annuity contracts issued by Metropolitan Life Insurance Company (MetLife). The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than zero percent. The crediting rate is reviewed on a quarterly basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MetLife, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 4 – Group Annuity Contracts

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

Note 5 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6 – Unaudited Information Certified by the Custodians

The following unaudited information in the Plan's financial statements and supplemental schedule was certified to be complete and accurate by Reliance Trust Company within the meaning of 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- All amounts reported as investments in the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021.
- All amounts reported as net appreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.
- All amounts reported in Notes 3 and 4.
- All amounts reported in the supplemental Schedule of Assets (Held at End of Year), except participant loans.

Note 7 – Plan Termination

Although it has not expressed an intention to do so, the School has the right under the Plan to discontinue contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, employees become 100 percent vested in their accounts.

Note 8 – Market Risk

The Plan investments included pooled separate accounts (mutual funds), which invest in various investment securities and in various companies within various markets. The pooled separate account investments are recorded at fair value in accordance with the reporting requirements governing the Plan. Net changes in asset value is reflected as net appreciation (depreciation) in fair value of investments which includes realized income or loss as well. All such investments are subject to various market and economic risk factors as well as the national and global economies. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 9 – Party-In-Interest Transactions

Plan investments are managed by Reliance Trust Company, the trustee/custodian of the Plan. Investment advisor services are provided by Wellspring Financial Partners. Certain administrative functions are performed by employees of Salpointe Catholic High School. Other recordkeeping and administrative functions are also performed by Reliance Trust Company and ADP Retirement Services. Reliance Trust Company, Wellspring Financial Partners, ADP Retirement Services, and Salpointe Catholic High School are considered parties-in-interest for which statutory exemptions exist. No administrator, officer or employee of Salpointe Catholic High School receives compensation from the Plan. Fees incurred by the Plan for the investment management services provided by Reliance Trust Company are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Such indirect payments amounted to \$4,619.
