INDEPENDENT AUDITOR'S REPORT

October 12, 2023

To the Plan Administrator and Management of
Pinnacle Employee Services, LLC 401(k) and Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements

We have performed an audit of the accompanying financial statements of Pinnacle Employee Services, LLC 401(k) and Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Pinnacle Employee Services, LLC 401(k) and Profit Sharing Plan's 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2022 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section:

- The amounts and disclosures in the 2022 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the 2022 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

INDEPENDENT AUDITOR'S REPORT

(Continued)

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of Pinnacle Employee Services, LLC 401(k) and Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pinnacle Employee Services, LLC 401(k) and Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

(Continued)

INDEPENDENT AUDITOR'S REPORT

(Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pinnacle Employee Services, LLC 401(k) and Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pinnacle Employee Services, LLC 401(k) and Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2022 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2022 Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2021 Financial Statements

Predecessor auditors performed an audit of the 2021 financial statements of Pinnacle Employee Services, LLC 401(k) and Profit Sharing Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 17, 2022 indicated that (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2021 supplemental schedule, other than the information in the 2021 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2021 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Vesting

Participants are vested immediately in their elective salary and safe harbor contributions plus actual earnings thereon. Vesting in Participating Employers' discretionary matching and/or profit-sharing contributions portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant in the Plan becomes 100% vested in any Participating Employer discretionary matching and/or profit-sharing contributions either immediately or after three, five or six years of credited service, depending on the specific Participating Employer's vesting schedule.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary may receive the value of the vested interest in his or her account as a lump-sum distribution.

In-service withdrawals are permitted for participants that are age 59 ½ or older.

Hardship withdrawals are permitted in the event of immediate and heavy financial need. Participants may elect to receive a hardship withdrawal in an amount equal to the value of their elective deferral contributions not including earnings.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, subject to certain conditions as defined in the Plan agreement. The loan and interest thereon shall be repaid over a period not to exceed five years (except for certain residential loans which can exceed five years). The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Interest rates on outstanding loans range from 4.25% to 8% at December 31, 2022. Principal and interest are paid ratably through payroll deductions.

Investment Options

Investments are held within various investment funds offered and maintained by Transamerica Financial Life Insurance Company Inc. Contributions to the Plan are invested, at the discretion of the participant, in one or a combination of available investment fund options.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited nonvested accounts totaled approximately \$19,600 and \$22,700, respectively. Forfeitures can be utilized to reduce plan expenses or Participating Employer contributions. No forfeitures were used for the years ended December 31, 2022 and 2021.

Plan Mergers and Transfers

The Plan is a multiple-employer plan. Therefore, upon participation, if a joining Participating Employer has an existing 401(k) plan, it will be merged with the Plan. Assets transferred in from merged plan were \$91,518 for the year ended December 31, 2022. Conversely, if a Participating Employer terminates its participation in the Plan, those assets allocated to participants of the terminated Participating Employer will be transferred out of the Plan. There were \$15,919,889 of assets transferred out of the plan for the year ended December 31, 2022. There were no assets transferred in or out of the Plan for the year ended December 31, 2021.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive contracts, which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and qualified institutions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Notes Receivables from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) gain of investments.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy

Financial Accounting Standards Board (FASB) *Accounting Standard Codification (ASC) 820, Fair Value Measurement*, provides the framework for measuring fair value and disclosing fair value measurements. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- *Level 1:* Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.
- *Level 2:* Inputs to the valuation methodology include:
 - quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

- *Level 3:* Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

A description of where the Plan's investments fall within the ASC 820 hierarchy is provided in Note 3. There were no transfers between levels of the fair value hierarchy during 2022 or 2021.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from these estimates.

3. FAIR VALUE MEASUREMENTS

The following is a description of the valuation methodologies used for assets and liabilities for which fair values are estimated using the net asset value (NAV) practical expedient:

- *Pooled separate accounts:* valued at net asset value of units held by the Plan, based on the accumulated values of the underlying investments. Unit values are determined daily based on the net asset value of the quoted market prices of the underlying investment, the fund's dividends and the contracts separate account changes.

3. FAIR VALUE MEASUREMENTS (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments using NAV as a practical expedient were \$14,443,589 and \$29,088,913 at December 31, 2022 and 2021, respectively. In accordance with Subtopic 820-10 certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments measured Using the Net Asset Value Per Share Practical Expedient

The following table summarizes investments measured at fair value based on net asset value (NAVs) per share practical expedient as of December 31, 2022 and 2021.

<u>Investment</u>	<u>2022 Fair Value</u>	<u>2021 Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Redemption Notice Period</u>
Pooled Separate Accounts	\$14,443,589	\$29,088,913	\$ -	Daily	None

4. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Plan holds an investment in the Transamerica Stable Value Core Account, a fully benefit responsive investment contract stated in accordance with the Financial Accounting Standards Board's authoritative guidance regarding accounting for fully benefit responsive contracts held by certain investment companies, which states that contract value is the relevant measurement for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer all or a portion of their investments at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. Investments measured at contract value are not required to be classified in the fair value hierarchy.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The crediting interest rates of the contract are based on agreed upon formulas with the issuer, as defined in the contract agreements, but cannot be less than 0%. Such interest rates are reviewed on a periodic basis for resetting. The key factors that influence future crediting rates could include the following: the level of market interest rates, the amount and timing of participant contributions, transfers and withdrawals into/out of the contract, and the duration of the underlying investments backing the contract.

4. FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (i) amendments to the plan documents (including complete or partial termination or merger with another plan); (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the sponsor or other sponsor event (e.g., divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (iv) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA; or (v) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contact with the Plan and settle at an amount different from contract value. Such events include (i) an uncured violation of the Plan's investment guidelines; (ii) a breach of material obligation under the contract; (iii) a material misrepresentation; and (iv) a material amendment to the agreement without the consent of the issuer.

5. CERTIFIED INVESTMENTS

The Plan administrator has received certifications from Transamerica Financial Life Insurance Company Inc., the custodian of the Plan, that states that the following information is complete and accurate as of and for the years ended December 31, 2022 and 2021.

	<u>2022</u>	<u>2021</u>

Schedule of Assets (Held at End of Year)	Schedule I	

6. TAX STATUS

The Internal Revenue Service (the "IRS") has determined and informed by letter for the non-standardized pre-approved profit sharing plan adopted by the Plan, dated June 30, 2020, that the non-standardized plan is designed in accordance with applicable sections of the Internal Service Revenue Code (the "IRC"). The Plan has not requested its own determination letter from the IRS. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

7. RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Transamerica Financial Life Insurance Company Inc. was the insurance carrier to the Plan for the years ended December 31, 2022 and 2021. Transamerica Financial Life Insurance Company Inc. paid insurance commissions to Pinnacle Investments, LLC of \$32,956 and \$74,863 for the years ended December 31, 2022 and 2021, respectively. Pinnacle Investments, LLC, is a related party to the Plan Sponsor. These commissions were included in net appreciation (depreciation) in fair value of investments in the accompanying statements of changes in net assets available benefits.

Plan investments are managed by Transamerica Financial Life Insurance Company Inc., who acts as custodian as defined by the Plan and is the Plan's third-party administrator. Transactions with this entity, including audit fees, qualify as party-in-interest transactions.

In addition, the Plan issues notes receivable to participants, which are secured by the balances in the participants' account. Therefore, these related transactions qualify as party-in-interest transactions.

8. PLAN TERMINATION

Although it has not expressed an intention to do so, Pinnacle Employee Services, LLC has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants would become one hundred percent vested in their employer contributions.

9. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

While total net assets available for benefits and the total change in net assets available agree between the financial statements and Form 5500 for 2022 and 2021, certain classifications differ between the financial statements and Form 5500.

10. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 12, 2023, which is the date the financial statements were available to be issued.
