Board of Trustees
High Touch Holdings, Inc.
401(k) Plan

We are pleased to present this report related to our audit of the financial statements of the High Touch Holdings, Inc. 401(k) Plan (Plan) as of and for the year ended December 31, 2022. This report summarizes certain matters required by professional standards to be communicated to you in your oversight responsibility for the Plan's financial reporting process.

This report is intended solely for the information and use of the Board of Trustees and management, and is not intended to be, and should not be, used by anyone other than these specified parties.

Auditing standards generally accepted in the United States of America (GAAS) require the auditor to promote effective two-way communication between the auditor and those charged with governance. Consistent with this requirement, the following summarizes our responsibilities regarding the financial statement audit as well as observations arising from our audit that are significant and relevant to your responsibility to oversee the financial reporting process.

This report includes other comments and suggestions with respect to matters that came to our attention in connection with our audit of the Plan's financial statements. These items are offered as constructive suggestions to be considered part of the ongoing process of modifying and improving the Plan's practices and procedures.

The following summarizes various matters that must be communicated to you under auditing standards generally accepted in the United States of America.

Our Responsibilities with Regard to the Financial Statement Audit

Our responsibilities under auditing standards generally accepted in the United States of America have been described to you in our arrangement letter dated February 10, 2023. Our audit of the financial statements does not relieve management or those charged with governance of their responsibilities, which are also described in that letter.

As management determined it is permissible in the circumstances and elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C), the audit did not extend to any certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the applicable financial reporting framework.

Overview of the Planned Scope and Timing of the Financial Statement Audit

We have issued a separate communication dated February 10, 2023, regarding the planned scope and timing of our audit and identified significant risks. We made no significant changes to the scope or timing of our procedures.

Significant Accounting Practices, Including Policies, Estimates and Disclosures

Our views about the qualitative aspects of the Plan's significant accounting practices, including accounting policies, accounting estimates and financial statement disclosures are indicated herein, which you may wish to monitor for your oversight responsibilities of the financial reporting process:

Preferability of Accounting Policies and Practices - Under generally accepted accounting principles, in certain circumstances, management may select among alternative accounting practices. In our view, in such circumstances, management has selected the preferable accounting practice.

Adoption of, or Change in, Accounting Policies - Management has the ultimate responsibility for the appropriateness of the accounting policies used by the Plan. The Plan did not adopt any significant new accounting policies, nor have there been any changes in existing significant accounting policies during the current period.

Significant Accounting Policies - We did not identify any significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Unusual Transactions - We did not identify any significant unusual transactions.

Management's Judgments and Accounting Estimates - Accounting estimates are an integral part of the preparation of financial statements and are based upon management's current judgment. The process used by management encompasses their knowledge and experience about past and current events, and certain assumptions about future events. You may wish to monitor throughout the year the process used to determine and record these accounting estimates. The following describes the significant accounting estimates reflected in the Plan's financial statements.

- The valuation of investments at fair value is an accounting estimate. The following is a description of the valuation methodologies used by management for investments measured at fair value.

Mutual Funds - These investments are valued using a quoted price in an active market.

Collective Trust Fund - This investment is valued at NAV. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it's determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment advisor reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidation will be carried out in an orderly manner.

We relied on the investment information prepared and certified by Reliance Trust Company, as a basis for our conclusion on the reasonableness of the estimate.

Audit Adjustments

There were no audit adjustments made to the original trial balance presented to us to begin our audit.

Uncorrected Misstatements

We are not aware of any uncorrected misstatements other than misstatements that are clearly trivial.

Form 5500 Filing

GAAS requires that we obtain and read a draft of the Plan's Form 5500 that is substantially complete prior to the dating of our auditor's report in order to identify material inconsistencies, if any, with the Plan's audited financial statements. We read the Plan's draft Form 5500 filing for consistency with information in the financial statements. We did not identify material inconsistencies with the audited financial statements.

ERISA-Required Supplemental Schedule

We subjected the information included in the ERISA-required supplemental schedule, other than that agreed to or derived from the certified investment information, to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with GAAS. The objective of these audit procedures was to determine whether the ERISA-required supplemental schedule, other than the certified investment information, is fairly stated in all material respects in relation to the financial statements as a whole, whether the form and content of the ERISA-required supplemental schedule is presented in conformity with the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure Under ERISA, and whether the certified investment information in the supplemental schedule agrees to, or is derived from, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). We will include an other-matter paragraph in our auditor's report for the ERISA-required supplemental schedule. We did not identify inconsistencies with the audited financial statements or with the certified investment information.

Management Representations

In connection with our audit procedures, we have obtained a written management representation letter. This representation letter constitutes written acknowledgments by management that it has the primary responsibility for the fair presentation of the financial statements in conformity with generally accepted accounting principles and also includes the more significant and specific oral representations made by officers and employees during the course of the audit. The letter is intended to reduce the possibility of misunderstandings between us and the Plan and reminds the signing officers to consider seriously whether all material liabilities, commitments and contingencies or other important financial information have been brought to our attention.

Observations About the Audit Process

We did not discuss with management any alternative treatments within generally accepted accounting principles for accounting policies and practices related to material items during the current audit year; we encountered no disagreements with management over the application of significant accounting principles, the basis for management's judgments on any significant matters, the scope of the audit or significant disclosures to be included in the financial statements; we are not aware of any consultations management had with other accountants about accounting or auditing matters; no significant issues arising from the audit were discussed or the subject of correspondence with management; and we did not encounter any difficulties in dealing with management relating to the performance of the audit.

Shared Responsibilities: AICPA Independence

The AICPA regularly emphasizes that auditor independence is a **joint responsibility** and is managed most effectively when management, audit committees, and audit firms work together in considering compliance with AICPA independence rules. For Allen, Gibbs & Houlik, L.C. (AGH) to fulfill its professional responsibility to maintain and monitor independence, management, the audit committee, and AGH each play an important role.

Our Responsibilities

- AICPA rules require independence both of mind and in appearance when providing audit and other attestation services. AGH is to ensure that the AICPA's General Requirements for performing non-attest services are adhered to and included in all letters of engagement.
- Maintain a system of quality control over compliance with independence rules and firm policies.

The Plan's Responsibilities

- Timely inform AGH, before the effective date of transactions or other business changes, of the following:
 - New affiliates, directors, officers, or persons in financial reporting oversight roles.
 - New beneficial owners of the Plan's equity securities that have significant influence.
 - Change in corporate structure impacting affiliates such as add-on acquisitions or exits.
- Provide necessary affiliate information such as new or updated investment structure charts, as well as financial information required to perform materiality calculations needed for making affiliate determinations.
- Understand and conclude on the permissibility, prior to the Plan and its affiliates, officers, directors, or persons in a decision-making capacity, engaging in business relationships with AGH.
- Not entering into relationships resulting in AGH, AGH covered persons or their close family members, temporarily or permanently acting as an officer, director, or person in an accounting or financial reporting oversight role at the Plan.

Internal Control Matters

In planning and performing our audit of the financial statements of the High Touch Holdings, Inc. 401(k) Plan (Plan) as of and for the year ended December 31, 2022, in accordance with auditing standards generally accepted in the United States of America, we considered relevant Plan provisions and the Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the Plan's compliance with those provisions or on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the Plan's compliance with plan provisions or on the effectiveness of the Plan's internal control.

Our consideration of relevant Plan provisions and internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all instances that the Plan is not operating in accordance with the Plan's provisions or deficiencies in internal control that might be material weaknesses or significant deficiencies. Therefore, instances that the Plan is not operating in accordance with Plan provisions or deficiencies in internal control, including material weaknesses or significant deficiencies, may exist that were not identified.

Instances where the Plan is not operating in accordance with Plan provisions may be indicative of a deficiency in internal control. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A deficiency in design exists when (a) a control necessary to meet the control objective is missing, or (b) an existing control is not properly designed so that, even if the control operates as designed, the control objective would not be met. A deficiency in operation exists when a properly designed control does not operate as designed or when the person performing the control does not possess the necessary authority or competence to perform the control effectively.

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with

governance. We consider the following deficiencies in the Plan's internal control to be a significant deficiency:

- **SOC 1 Review**

During the audit, it was noted that the SOC 1 for each of the service providers was not being reviewed by the Plan Administrator. Since a significant amount of the processing of the Plan's transactions is performed by service organizations, it is imperative that Plan's management review the procedures at these service organizations on a consistent basis and document such review in detail as part of due diligence in operating the Plan.

We recommend documenting that the description of the controls listed within the SOC 1 report covers all significant transactions, processes or computer applications that affect the Plan's financial statements. In addition, if the SOC 1 report identifies noncompliance of the service organization's controls, consideration should be made as to the effects of the findings on the Plan's operations. In the instance of noncompliance, complementary controls at the Plan should be documented and enhanced as necessary. Listing the exceptions and the response of the service organizations' management alone is not sufficient. Plan's management must document its own conclusions.

Another item that the Plan Sponsor should document, in detail, is user controls. The report identifies controls for which Plan's personnel are responsible and these are typically referred to as "Client Control Considerations". Client controls are complementary to the controls of the service organization and are necessary for the service organizations' controls to be achieved.

Other Matters

Recommendation - We noted that the Plan has had a restatement as of May 1, 2022. This restatement included a significant change that calls for automatic enrollment of eligible employees and automatic deferral rate increases annually. Due to this change, we would advise that positive acknowledgement be obtained from all employees who have opted to not participate in the Plan. Such acknowledgement should be retained in their respective employee files. Should any disputes arise in this situation, the responsibility will be on the Plan Sponsor to show that the employee elected not to participate in the Plan.

Cybersecurity Risk - Effective cybersecurity risk management has never been more important than in today's environment. Boards of Directors, Plan Administrators, and executive management (the governance team) face an enormous challenge: to oversee how the organization and the Plan manage cybersecurity risk. The DOL has released new guidance for plan sponsors, plan fiduciaries, record keepers and plan participants on best practices for maintaining cybersecurity. Elements of an effective cyber risk management program should include a formal and well documented cybersecurity program, annual risk assessments, ensuring that electronic recordkeeping systems have reasonable controls, adequate records management practices are in place and systems are designed to protect Personally Identifiable Information (PII). Additional resources and guidance related to cybersecurity can be found through the AICPA, DOL or provided by AGH.

AGHUniversity Resources - As part of AGH's ongoing commitment to serve as a trusted advisor, we offer these resources as a key part of the additional value AGH provides beyond the engagement itself:

- AGHUniversity.com - a full schedule of complimentary CPE or current and relevant topics and other updates to clients throughout the year. Free registration and webinars are available for the Company's staff and board members at aghuniversity.com. A sample of recent topics include Lease accounting; Become a destination employer: 5 factors you must get right; 6 steps to

improving employee soft skills – Along with productivity and profitability; Measuring what matters in your 401(k) plan for recruitment, retention and reward; Cybersecurity: Protect your organization from cybercriminals; and 10 steps to prepare your business for a sale.

- AGH alerts and newsletters - this includes periodic mailings or emails to alert clients to new accounting standards or regulatory changes.

Closing

We will be pleased to respond to any questions you have about this report or set up an introductory meeting to discuss the other recommendations at no charge. We appreciate the opportunity to continue to be of service to the High Touch Holdings, Inc. 401(k) Plan.
