INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
FitzMark, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the FitzMark, Inc. 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits – modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a trust certification from Reliance Trust Company as of December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

3755 E. 82ND STREET, SUITE 100

deltawealthadv.com

DELTA WEALTH CPAs & ADVISORS, LLC MEMBER AICPA DIVISION FOR FIRMS-PEER REVIEW PROGRAM

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, this includes determining that the modified cash basis of accounting is an acceptable basis for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets held at end of year are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Emphasis of Matter - QNEC Receivable

As discussed in Note 11, the financial statements include an estimated qualified non-elective contribution ("QNEC") receivable related to auto enrollment failures beginning in 2016 and continuing through 2021. Our opinion is not modified with respect to this matter.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules were prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

NOTE 1 – DESCRIPTION OF PLAN

The following description of the FitzMark, Inc. 401(k) Plan (the "Plan") provides only general information. Reference should be made to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established July 1, 2008 for the benefit of the employees of FitzMark, Inc., Logistics Made Simple, Inc. ("LMS"), Fetch Logistics, Inc. ("Fetch"), and Manning's Truck Brokerage ("Manning"), collectively the "Companies". Employees of the Companies are eligible to participate upon reaching 21 years of age and completing three months of service. Union employees and non-resident aliens are excluded from participating. Prior to August 1, 2021, the adoption agreement indicated that employees who do not return a waiver were to be auto enrolled in the Plan at a starting deferral percentage per administrative policy on the 1st day of the quarter once they became eligible, and could change their deferral elections at the beginning of any quarter, or halt their deferral elections at any time. See Note 11 for additional information regarding the Voluntary Correction Program ("VCP filing") related to this plan feature. Beginning August 1, 2021, employees who do not return a waiver are to be auto enrolled at a 1% pretax deferral rate on the first of the next month after meeting the eligibility requirements outlined above. There is also now an auto escalation provision on the annual anniversary date each employees' automatic deferrals were first implemented.

Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE Act"), as of January 1, 2021 part-time employee will now become eligible to enroll in the Plan once they reach three consecutive years of service with at least 500 hours in each year and may enroll beginning in 2024. These employees may still be excluded when completing annual nondiscrimination and coverage testing.

Contributions

Each year, participants may make pretax or after tax contributions up to a maximum amount of their annual compensation as defined by the Internal Revenue Service ("IRS") and recorded in the plan document. Participants who have reached age 50 before the end of the Plan year may make additional catch-up contributions. Participants may also contribute amounts representing rollovers from other qualified plans. Each year the Companies may choose to make a discretionary matching contribution of up to 6% of eligible compensation. In 2022 and 2021, the Companies made a discretionary matching contribution equal to 50% of deferrals not to exceed 6% of compensation calculated each pay period. The August 1, 2021 plan restatement added a true-up provision for the employer match at the end of 2021. The Companies may also choose to make a discretionary profit sharing contribution each year in addition to the matching contribution; no discretionary profit sharing contributions were made in 2022 or 2021. Prior to August 1, 2021 employees who were terminated prior to year-end were not eligible to share in the allocation of the discretionary match or profit sharing contributions, however, the August 1, 2021 plan restatement removed this requirement for the Companies' matching contributions. Participants must also have over 1,000 hours in the year to be eligible for any profit sharing contributions.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Participant accounts

Each participant's account is credited with the participant's contributions, the Companies' matching and profit sharing contributions, if any, allocations of Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant account balances or earnings, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their deferral contributions plus actual earnings or losses thereon. Vesting in the Companies' matching contribution portion of their accounts, plus actual earnings or losses thereon, is graded based on years of continuous service; a participant is 100% vested after 4 years of service. The Companies' profit sharing contribution portion of their accounts, plus actual earnings or losses thereon, is vested on a 2 to 6 years graded schedule based on years of continuous service. Participants also become fully vested in the event of death, disability, retirement, or Plan termination.

Forfeited amounts

Forfeitures may be used to reduce the Companies' matching contributions or to pay Plan expenses. As of December 31, 2022 and 2021 forfeited non-vested accounts totaled \$91 and \$11, respectively. Forfeitures of \$16,010 and \$24,276, respectively were used in 2022 and 2021 to reduce the employer matching contributions, and \$-0- and \$332 in forfeitures were used to pay plan expenses in 2022 and 2021, respectively.

Investment options

Upon enrollment in the Plan, participants are able to invest in a variety of investment choices as more fully described in the Plan document. Participants may change their investment options at any time during the year.

Neither the Plan nor the plan sponsor provides investment advice. Participants are encouraged to speak with the broker of record concerning matching their personal investment philosophies with the investment choices available within the Plan.

Payment of benefits

Upon termination of employment, retirement, death or disability, a participant (or beneficiary) may receive benefits based on the participant's vested account balance. Benefits may only be paid in a lump sum or installments, and participant consent is required for all distributions over \$5,000. Hardship distributions are also permitted by the Plan.

NOTE 1 – DESCRIPTION OF PLAN (CONTINUED)

Payment of benefits (continued)

Pursuant to Section 2202 of the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") passed on March 27, 2020, participants were able to take a coronavirus-related distribution between January 1, 2020 and December 31, 2020 up to an aggregate limit of \$100,000 that would not be subject to the additional 10% tax on early distributions. These distributions may be repaid provided the repayment is completed within three years of the date the distribution was received.

Notes receivable from participants

A participant may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's vested balance or \$50,000. Loans are secured by the participant's account balance and must be repaid over 1 to 30 years depending on the purpose of the loan. A participant may only have one loan outstanding at a time, and interest is charged on these loans at a rate equal to the prime rate plus 1%. The interest rate on all current outstanding loans ranges from 4.25% to 8%. Principal and interest are paid ratably through payroll deductions.

Plan restatements

LMS and Manning adopted the Plan as participating employers as of January 1, 2021. An amendment on January 28, 2021 added a Roth deferral option and stipulated that the automatic enrollment was to be pretax. The Plan was most recently restated on August 1, 2021. This final restatement named Reliance Trust Company as the new trustee, changed the entry date from the first of each quarter to the first of each month, set the automatic pretax deferral rate to 1%, introduced an auto escalation provision on the annual anniversary of the date each employees' automatic deferrals were first implemented, removed the requirement to be employed on the last day of the plan year in order to receive an allocation of matching contributions, and Fetch was added as a participating employer. There will also now be a true-up calculation completed for the employer matching contribution for each plan year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the modified cash basis method of accounting. This method of accounting differs from accounting principles generally accepted in the United States of America because, under this method, income is recognized when received (except contributions which are recognized on the accrual basis) and expenses are recognized when paid.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 6 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recorded when received by the Plan. Fees paid to various mutual fund companies are netted against investment returns prior to being posted to participant accounts.

Payment of benefits

Benefits are recorded when paid.

At December 31, 2022, 58 former participants were separated from service with a total deferred vested benefit of \$775,624.

At December 31, 2021, 25 former participants were separated from service with a total deferred vested benefit of \$605,190.

Notes receivable from participants

Loans to participants are reported at their unpaid principal balance. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Administrative expenses

Administrative expenses paid for investment expenses, participant distribution and loan processing, third-party-administrative fees, and the preparation of the Form 5500 for the years ended December 31, 2022 and 2021 were \$110,106 and \$43,526, respectively. Of these amounts, \$12,500 and \$5,065, respectively, were paid directly by the Plan sponsor. Certain other expenses for investment advice and the required annual audit are paid by the plan sponsor. See Note 7 for details regarding parties-in-interest.

Date of management's review

Management has evaluated subsequent events through October 10, 2023, the date on which the financial statements were available to be issued.

FITZMARK, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 3 - INCOME TAX STATUS

The Plan is designed to be qualified and exempt from income tax under Section 401(a) and 501(a), respectively, of the Internal Revenue Code ("IRC"). The Plan operates under the provisions of the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA Plan with ADP, LLC which obtained a favorable determination letter from the Internal Revenue Service dated October 6, 2020. The Plan was most recently restated as August 1, 2021. The Companies believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Tax filings are subject to examination by authorities during the statute of limitations (generally three years). The plan administrator has not been contacted by authorities related to any previous tax filings under statute.

NOTE 4 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the account balance of each participant becomes fully vested and nonforfeitable.

NOTE 5 - INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The following information, as of and for the periods ending December 31, 2022 and 2021 and included in the accompanying financial statements and supplemental schedules, was obtained from data that has been prepared and certified to as complete and accurate by Reliance Trust:

	2022	2021
Registered investment companies	\$ 8,666,061	\$ 8,427,490
Common collective trusts	\$ 10,989	\$ 1,905
Interest and dividends	\$ 523,909	\$ 353,174
Net realized and unrealized (losses)gains	\$ (2,131,700)	\$ 456,318

NOTE 6 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 - FAIR VALUE MEASUREMENTS (CONTINUED)

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 or 3 inputs are only used when Level 1 inputs are not available.

Registered investment companies

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The following table sets forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

<u>Fair Value Measurements Using:</u>			
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)
	<u>Fair Value</u>		
<u>December 31, 2022</u>			
Registered investment companies	<u>\$ 8,666,061</u>	<u>\$ 8,666,061</u>	<u>\$ -</u>
<u>December 31, 2021</u>			
Registered investment companies	<u>\$ 8,427,490</u>	<u>\$ 8,427,490</u>	<u>\$ -</u>

NOTE 7 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Transamerica Life Insurance Company was the former trustee as defined by the Plan, Reliance Trust Company is the current trustee and third party administrator ("TPA"), Dyatech, LLC was the former TPA, INVST is the broker of record, and Delta Wealth CPAs & Advisors, LLC is the plan auditor. Any transactions with these entities would qualify as party-in-interest transactions. See Note 2 for details regarding payments made to the parties-in-interest.

Certain employees of the Companies provide administrative services to the Plan. These employees are not compensated by the Plan for such services. Certain other expenses are paid by the Companies on behalf of the Plan.

NOTE 8 - RISKS AND UNCERTAINTIES

FASB ASC 275, *Risks and Uncertainties*, requires disclosures that focus primarily on risk and uncertainties that could significantly affect the amounts reported in the financial statements in the near term or the near-term functioning of the reporting entity. The risks and uncertainties addressed can stem from the nature of an entity's operations, the use of significant estimates, and current vulnerabilities due to certain concentrations.

The Plan participants invest in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the statements of net assets available for benefits.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO SCHEDULE H OF FORM 5500

There are no significant differences between these financial statements and Schedule H of the Form 5500.

NOTE 10 - FULLY BENEFIT RESPONSIVE INVESTMENT CONTRACT

The Invesco Collective Trust Funds (the "Funds") are bank collective trust funds for which Invesco Trust Company serves as trustee and investment manager. They are available exclusively to qualified retirement plans. The Funds are not FDIC insured or registered with the Securities and Exchange Commission. The primary investment objective of the Funds is to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. The Funds' returns are based on returns generated by an actively managed, highly diversified portfolio of investment grade, fixed and floating rate securities. The Funds may invest in such securities directly or indirectly through commingled investment vehicles (the "building block strategy"). This building block strategy may provide greater diversification than could be achieved by investing in individual bonds. This building block strategy also may reduce the unintended impact on portfolio characteristics created by participant cash flow. The Funds are fully benefit responsive, and as such, are reported at contract value based on the value of the underlying investments.

NOTE 11 - QNEC FOR AUTOMATIC ENROLLMENT FAILURE

As described in Note 1, prior to August 1, 2021 the Plan contained an automatic enrollment feature that stated employees were to be enrolled in the Plan at a percentage determined by the Companies' administrative policy and that enrollment was to take place the first day of the next quarter once eligibility requirements were met. Due to the wording of the Plan document, the plan sponsor did not understand that the automatic enrollment feature went into effect on January 1, 2016, and therefore, employees were not being properly auto enrolled from January 1, 2016 through the Plan restatement on August 1, 2021. In 2021, the plan sponsor retained legal representation from ERISA attorney's regarding this matter. Legal counsel has reviewed the annual notices distributed by the Plan Sponsor and initial calculations of employees' missed deferrals opportunities and missed employer matching contributions.

Following a detailed review of historical Plan operations and participant communications, the plan sponsor discovered that an operational failure occurred during the plan restatement effective January 1, 2016. The same failure was then carried forward into the plan restatement effective May 16, 2021. The plan sponsor submitted a VCP filing under the Employee Plans Compliance Resolution System ("EPCRS") to correct the Plan's failures by amending (i) the Adoption Agreement, effective January 1, 2016, and (ii) the adoption agreement, effective May 16, 2021, to reflect the Plan's operations and remove the automatic enrollment provision. The plan sponsor also implemented new administrative procedures to prevent similar errors from occurring in the future. The plan sponsor has no reason to believe the VCP filing will not be approved by the Internal Revenue Service. However, out of an abundance of caution, the plan sponsor has accrued an estimated QNEC of \$75,163. No additional accrual was made for the year ended December 31, 2022 as the plan sponsor switched recordkeepers and properly implemented a new auto-enroll feature as of August 1, 2021.
