Required Communications Regarding Our Audit Strategy & Approach (AU-C 260)

Overview & Responsibilities

Matter	Discussion
Section 103(a)(3)(C) – 29 CFR 2520.103-8	Management has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. An audit performed in accordance with ERISA Section 103(a)(3)(C) does not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised, and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Management has determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. Management has also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5, and that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.
Purpose	The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.
Scope of Our Audit	This report covers results related to your financial statements • Audit as of and for the year ended December 31, 2022 • Compilation as of December 31, 2021 • Conducted in accordance with our contract dated September 1, 2023

Matter	Discussion
Our Responsibilities	FORVIS is responsible for forming and expressing an opinion about whether the financial statements that have been prepared by management, with the oversight of those charged with governance, are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).
Audit Scope & Inherent Limitations to Reasonable Assurance	An audit performed in accordance with auditing standards generally accepted in the United States of America (GAAS) is designed to obtain reasonable, rather than absolute, assurance about the financial statements. The scope of our audit tests was established in relation to the financial statements taken as a whole and did not include a detailed audit of all transactions.
Extent of Our Communication	In addition to areas of interest and noting prior communications made during other phases of the engagement, this report includes communications required in accordance with GAAS that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process, including audit approach, results, and internal control. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.
Independence	The engagement team, others in our firm, as appropriate, and our firm, have complied with all relevant ethical requirements regarding independence.
Your Responsibilities	Our audit does not relieve management or those charged with governance of your responsibilities. Your responsibilities and ours are further referenced in our contract.
Compilation Services	FORVIS prepared the December 31, 2021 statements in accordance with accounting principles generally accepted in the United States of America based on information provided by you. We conducted our compilation engagement in accordance with Statements on Standards for Accounting and Review Services (SSARSS) promulgated by the Accounting and Review Services Committee of the AICPA and comply with the AICPA's Code of Professional Conduct, including the ethical principles of integrity, objectivity, professional competence, and due care. We were not required to, and did not, verify the accuracy or completeness of the information you provided to us for the engagement or otherwise gather evidence for the purpose of expressing an opinion or a conclusion. Accordingly, we did not express an opinion, a conclusion, nor provide any assurance on the financial statements.
Distribution Restriction	This communication is intended solely for the information and use of the following and is not intended to be, and should not be, used by anyone other than these specified parties: • Plan Administrator • Plan Management

Other Documents Containing Audited Financial Statements

The Plan's audited financial statements are included in the Form 5500, *Annual Return/Report of Employee Benefit Plan*, filed with the Department of Labor Employee Benefits Security Administration. As part of our procedures, we read the draft Form 5500 that is substantially complete to determine if financial information discussed in sections outside the financial statements materially contradicts the audited financial statements. If we identify any such matters, we bring them to management's attention.

Our responsibility also includes communicating to you any information we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

Qualitative Aspects of Significant Accounting Policies & Practices

Significant Accounting Policies

Significant accounting policies are described in Note 2 of the audited financial statements.

With respect to new accounting standards adopted during the year, we call to your attention the following topics detailed in the following pages:

- No matters are reportable

Unusual Policies or Methods

With respect to significant unusual accounting policies or accounting methods used for significant unusual transactions (significant transactions outside the normal course of business or that otherwise appear to be unusual due to their timing, size, or nature), we noted the following:

- No matters are reportable

Alternative Accounting Treatments

We had discussions with management regarding alternative accounting treatments within GAAP for policies and practices for material items, including recognition, measurement, and disclosure considerations related to the accounting for specific transactions as well as general accounting policies, as follows:

- No matters are reportable

Management Judgments & Accounting Estimates

Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. Significant areas of such estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates include:

- Fair value of investments

Financial Statement Disclosures

The following areas involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures:

- Fair value of investments and related disclosures
- Related parties

Our Judgment About the Quality of the Plan's Accounting Principles

During the course of the audit, we made the following observations regarding the Plan's application of accounting principles:

- No matters are reportable

Adjustments Identified by Audit

During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments that, in its judgment, are required to prevent the financial statements from being materially misstated.

A misstatement is a difference between the amount, classification, presentation, or disclosure of a reported financial statement item and that which is required for the item to be presented fairly in accordance with the applicable financial reporting framework.

Proposed & Recorded Adjustments

Auditor-proposed and management-recorded entries include the following:

- No matters are reportable

Uncorrected Misstatements

- No uncorrected misstatements

Reportable Findings

During the course of the audit, we have identified the following reportable findings that are considered significant and relevant to those charged with governance over the Plan:

- Insufficient monitoring of the Plan's service organizations, including review of relevant SOC 1 reports
- No formal review of census data, Trust Statement, and fees paid to service providers
- No minutes completed by Plan governance documenting their oversight of the Plan

See the "Required Communications Regarding Internal Control" that follows for more information on these reportable findings.

Other Material Communications

Listed below are other material communications between management and us related to the audit:

Required Communications Regarding Internal Control (AU-C 265)

Consideration of Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements of AHP 401(k) as of and for the year ended December 31, 2022, in accordance with GAAS, we considered the Plan's internal control over financial reporting (internal control).

This consideration served as a basis for designing our audit procedures that are appropriate in the circumstance for the purpose of expressing our opinion on the financial statements.

However, this consideration was **not** for the purpose of expressing an opinion on the effectiveness of the Plan's internal control.

Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified.

Categorizing Deficiencies by Severity

Deficiency

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis.

Significant Deficiency

A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Material Weakness

A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that material misstatements of the Plan's financial statements will not be prevented or detected and corrected on a timely basis.

Identified Deficiencies

We identified certain deficiencies in internal control that we consider to be significant deficiencies:

Significant Deficiencies

- **SSAE 16 Review:** We noted in our walkthroughs of internal controls that there was no documentation of a review performed on the ADP and Reliance Trust Company SSAE 16 (SOC 1) reports by Plan management. Review of the SOC 1 reports is necessary to verify that controls are in place and operating effectively at the custodian level, as well as ensuring the proper user controls are in place at the plan sponsor level. We recommend a review process be implemented to consider any user control considerations outlined in the SOC 1 reports and to ensure proper functioning of the custodian processes. This review can, but is not required to, be performed in conjunction with the review of the Plan's investments. We recommend that the person responsible for performing the review document the review by initialing the reports or document the review in the Plan minutes to indicate the review was performed.

FORVIS

FORVIS is a trademark of FORVIS, LLP, registration of which is pending with the U.S. Patent and Trademark Office.

- **Trust Statement Review:** We noted in our walkthrough of internal controls that there was no documentation of a review performed on the Trust Statement. Review of the Trust Statement is necessary to verify the information. We recommend that a proper procedure is established to formally document the review of the Trust Statement at least annually.
- **Census Data and Fees Paid Review:** We noted in our walkthrough of internal controls that there was no documentation of a review performed of the census data and fees paid. Review of the census data is necessary to ensure whether or not participants are eligible to participate in the Plan, as well as to ensure that deductions are being calculated correctly. Review of fees paid is necessary to ensure the proper approval of fees paid to the TPA. We recommend that a proper procedure is established to formally document the review of the census at least annually.
- **Minutes:** We noted that there were no minutes documenting meetings of those charged with Plan governance. The role of those charged with Plan governance includes, but is not limited to, evaluating the Plan provisions for compliance with regulations, evaluating unusual transactions impacting the Plan, authorizing amendments to the Plan, monitoring the performance and fees of Plan service providers, and delegating responsibilities for authorizing and reconciling transactions to the Plan. Minutes of these formal meetings should be maintained as a record of their oversight of the Plan.

Other Matters

Although not considered material weaknesses, significant deficiencies, or deficiencies in internal control over financial reporting, we also observed other matters and offer these comments and suggestions with respect to matters which came to our attention during the course of the audit of the financial statements. Our audit procedures are designed primarily to enable us to form an opinion on the financial statements and, therefore, may not bring to light all weaknesses in policies and procedures that may exist.

However, these other matters are offered as constructive suggestions for the consideration of management as part of the ongoing process of modifying and improving financial and administrative practices and procedures.

We can discuss these matters further at your convenience and may provide implementation assistance for changes or improvements.

- **SECURE 2.0 Guidance for Employee Benefit Plans:** The *Setting Every Community Up for Retirement Enhancement Act 2.0* was passed on December 29, 2022, known as “SECURE 2.0.” This legislation has a significant impact on individuals planning for retirement as well as plan administrators. Certain changes are effective in 2023, while other provisions are phased in over the next several years.

See **SECURE Act 2.0** attachment for specific provisions and applicable dates.

We also understand FORVIS compiled the financial statements of the Plan as of December 31, 2021.

Our representations are current and effective as of the date of FORVIS' report: October 12, 2023.

Our engagement with FORVIS is based on our contract for services dated: September 1, 2023.

Our Responsibility & Consideration of Material Matters

We confirm that we are responsible for the fair presentation of the financial statements subject to FORVIS' report in conformity with accounting principles generally accepted in the United States of America and for the fair presentation of the accompanying supplemental schedule in conformity with the Department of Labor's (DOL) Rules and Regulations under the *Employee Retirement Income Security Act of 1974* (ERISA).

We are also responsible for adopting sound accounting policies; establishing and maintaining effective internal control over financial reporting, operations, and compliance; and preventing and detecting fraud.

We elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America.

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with generally accepted accounting principles and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We understand the values of the assets recorded in the financial statements could change rapidly, resulting in material future adjustments to investment values that could negatively impact the Plan. We acknowledge that you have no responsibility for future changes caused by the current economic environment and the resulting impact on the Plan's financial statements. Further, the Plan Sponsor is solely responsible for all aspects of managing the Plan, including questioning the quality and valuation of investments.

Another party is also a related party if it can significantly influence the management or operating policies of the transacting parties or if it has an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

The term affiliate refers to a party that directly or indirectly controls, or is controlled by, or is under common control with, the Plan.

41. Significant estimates that may be subject to a material change in the near term have been properly disclosed in the financial statements. We understand that "near term" means the period within one year of the date of the financial statements. In addition, we have no knowledge of concentrations, which refer to volumes of loans, investments, or deposits, existing at the date of the financial statements that would make the Plan vulnerable to the risk of severe impact in the near term that have not been properly disclosed in the financial statements.

Fair Value

42. With respect to the fair value measurements of financial assets and net assets, recognized in the financial statements or disclosed in the notes thereto:

- a. The underlying assumptions are reasonable and they appropriately reflect management's intent and ability to carry out its stated course of action.

SECURE Act 2.0

The Setting Every Community Up for Retirement Enhancement Act 2.0 was passed on December 29, 2022. Better known as “SECURE 2.0”, this sweeping legislation significantly impacts individuals planning for retirement and plan administrators. Certain changes are effective in 2023, while other provisions are phased in over the next several years. Below is a breakdown of these changes based on their implementation timelines.

Near-term provisions of the SECURE 2.0 Act impacting qualified retirement plans:

- Student Loan Payments & Matching Contributions – To allow those paying down student debt to also save for retirement, SECURE 2.0 allows an employee to receive available matching contributions by way of paying down student loan debt. Employers are permitted to make matching contributions under 401(k), 403(b), or SIMPLE IRAs with respect to “qualified student loan payments.” This provision will generally begin in 2024.
- Elimination of Required Minimum Distributions (RMDs) for Roth 401(k) Plans – Roth 401(k) owners will no longer be required to take RMDs from those accounts beginning in 2024. Roth IRAs continue to have no RMD requirements.
- Early Withdrawals – Currently, withdrawals from retirement plans before age 59 ½ are subject to a 10% penalty on top of any income tax due on the withdrawal. Starting in 2024, the legislation allows for certain exceptions (with limitations) to be exempt from the additional penalty:

Terminally ill account holders (some administrative questions are an issue, including if self-certification is allowed)

Payment of specific types of long-term care policy premiums

Domestic abuse survivors (self-certification allowed)

Survivors of federally declared disasters

- Increase in Mandatory Cash-Out Limit – Effective in 2024, the mandatory cash-out amount will increase from \$5,000 to \$7,000. This is an optional provision but should help employers manage the number of terminated participants in the plan.
- Roth Employer Matching Contributions – Participants may now elect for their employer matching contributions to be on a Roth basis. There are many procedural questions regarding the administrative challenges of updating payroll systems to handle the payroll tax implications of this type of arrangement. This provision is effective in 2024.
- Roth Catch-Up Contributions – Beginning in 2024, certain highly-compensated employees will be required to have their catch-up contributions classified as Roth contributions.

Effective August 25, 2023, the Internal Revenue Service (IRS) announced a two-year administrative transition related to the Roth catch-up requirement. Additionally, the IRS clarified the Act does not prohibit plans from permitting catch-up contributions, so plan participants who are age 50 or over can continue to make catch-up contribution after 2023, regardless of income.

- **Employee Self-Certification of Hardships** – Participants are allowed to self-certify their hardship to qualify for a hardship withdrawal. This provision is effective for plan years beginning after the date of the enactment of SECURE 2.0.
- **Emergency Savings Provision** – One of the most impactful changes is the provision that is effective January 1, 2024, which allows employers to establish retirement plans linked to emergency savings accounts for non-highly compensated employees. Employers will be able to automatically enroll participants up to a 3% participant Roth contribution (maximum limit of \$2,500). Employers could elect to set the maximum contribution at a lower dollar amount. Employers may also match the contributions (subject to the same \$2,500 cap); however, those contributions would have to flow into their retirement account and not the emergency fund account. Participants are limited to four withdrawals within a calendar plan year. Upon separation of service, the benefits are not taxable given their Roth nature.
- **Improved Self-Correction of Auto-Enrollment Errors** – Starting in 2024, plan sponsors are given more flexibility to correct errors. Plan management will have up to nine and a half months after the end of the year when the error occurred to correct the issue. The update also extends to auto-increase provisions as well.
- **De Minimis Financial Incentives** – Employers can incentivize participants to enroll in retirement plans with gift cards. Employers will need to assess the impact of the incentives on their plan's definition of eligible compensation. This feature is essentially effective in 2023.

Provisions of the SECURE 2.0 Act that impact plan sponsors further down the road (2025 or later):

- **Increased Catch-Up Contributions for ages 60 to 63** – Beginning in 2025, older 401(k) and 403(b) plan participants will be able to contribute more to their plan in the nature of catch-up contributions.

The amount will be limited to \$10,000 or half of the catch-up limit for that applicable year. The catch-up contribution limit in 2023 for all other 401(k) and 403(b) participants over age 50 is \$7,500.

- **Auto-Enrollment/Auto-Increase Required for New Plans** – Starting in 2025, new 401(k) and 403(b) plans will be required to automatically enroll new participants in a range of 3 to 10%, including an auto-increase provision of 1% per year up to a cap of 10 to 15%. Existing plans as well as smaller employers will be grandfathered and not required to make this change.
- **Department of Labor (DOL) System for Lost Participants** – The DOL is essentially establishing a database for plan participants who have lost track of their retirement savings at various employers to identify the contact person at the applicable plan sponsor or third-party administrator. The goal is for this system to be up and running by the end of 2024.
- **Long-Term Part-Time (LTPT) Employee Participation** – As a follow-up to the initial SECURE legislation, the LTPT guidance has been reduced from three years of having 500 hours of service to two years. As this provision only applies to employee deferrals, many employers may loosen up their eligibility requirement but will also need to assess certain excludable employees and whether they should be included as plan participants.

This legislation is expected to create a burden on those in human resources to determine the additional administrative requirements triggered by this Act. Plan amendments generally need not be made until the end of the first plan year beginning on or after January 1, 2025. We encourage you to review the legislation and consult with your third-party administrator and/or your ERISA legal counsel to amend your plan appropriately for this legislation.
