Associated Materials LLC 401(k) Retirement Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed audits of the financial statements of Associated Materials LLC 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Associated Materials LLC 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Associated Materials LLC ("AMI") (the "Employer" and "Plan Sponsor"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Eligibility

An employee becomes eligible to participate in the Plan upon attainment of age 18 and completion of three consecutive months of service. Any interim or temporary Chief Executive Officer, temporary or seasonal employee, or employees covered under a collective bargaining agreement which provides for retirement benefits that have been the subject of a good faith bargaining (except as specified below) are excluded from the Plan. An employee may begin to participate the first day of the month following the date on which such requirements are satisfied. Should any interim or temporary Chief Executive Officer or seasonal or temporary employee actually complete a year of service, then such employee will no longer be excluded. All union employees are eligible to participate except union employees employed at the Woodbridge, New Jersey location hired before March 1, 2006.

Contributions

A participant may voluntarily contribute to the Plan a portion of his or her compensation as defined by the Plan document, up to 80% through systematic payroll deductions subject to the maximum allowable contribution under the Internal Revenue Code (the "Code"). All participant contributions shall be allocated among the available investments options in accordance with participant elections.

The Plan includes a qualified automatic contribution arrangement ("QACA"). The initial deferral rate under the QACA is 3% and for employees participating in this feature, their deferral rate will increase at the beginning of each year by 1% until they reach 15%. Employees can opt out of the auto enroll or auto increase feature.

The Plan has a QACA safe harbor matching contribution in an amount equal to 100% of eligible compensation on the first 1% of elective deferral plus 50% of eligible compensation on the next 2% through 6% of elective deferral. Eligible Woodbridge Union Employees and Premium Union Employees are excluded from the QACA safe harbor matching contributions. In accordance with their respective collective bargaining agreements, Woodbridge Union Employees receive a match in an amount equal to 100% of the first 4% of eligible compensation deferred. Premium Union Employees are not entitled to a matching contribution unless they were (1) hired or rehired after November 4, 2013 or (2) were employed on November 4, 2013 and irrevocably elected to cease benefit accruals after December 31, 2013 in the Premium Building Products Company Hourly Employees Pension Plan. For Premium Union Employees that are eligible for a match, the match amount is equal to 100% for the first 4% of eligible compensation deferred. The Employer may also make a discretionary matching contribution. The Plan was amended effective January 1, 2021, to reinstate the safe harbor matching contribution that had previously been suspended by an amendment effective May 1, 2020.

December 31, 2022 and 2021

Forfeitures

The amounts forfeited by participants who terminate employment prior to becoming fully vested may be used to reduce subsequent employer contributions or pay administrative expenses. For the year ended December 31, 2022, employer contributions were reduced by \$348,064 from forfeited non-vested accounts. At December 31, 2022 and 2021, unused forfeitures totaled \$75,089 and \$73,390, respectively.

Vesting

All contributions made by participants become immediately vested. Employer matching contributions become fully vested after two years of service. QACA safe harbor contributions are fully vested after two years of service. A participant becomes fully vested in all contributions at age 65, upon full and permanent disablement, or upon death.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from up to five years for a general purpose loan or up to 30 years for a residential loan. The loans are secured by the balance in the participant's account and bear interest at a fixed rate, as determined by the Plan Sponsor. Interest rates on loans outstanding ranged from 4.00% to 9.25% at December 31, 2022 and 2021. A participant may only have one loan outstanding at any time.

Payment of Benefits

A participant or his or her beneficiary may receive a lump sum payment or periodic payments of his or her vested account balance upon retirement, disability, termination, or death prior to retirement. Participants may also withdraw amounts from their accounts under certain defined conditions.

Participants may not request or receive an in-service distribution of the Employer match contribution made under the QACA until the participant reaches the age of 59½, but may request such a distribution following termination or death.

Hardship Withdrawal of Funds

A participant may withdraw an amount from his or her elective deferral account or rollover account to make a down payment on a principal residence, to pay post-secondary education expenses for a member of the participant's household, or to pay other expenses that create a hardship. The participant must have an immediate and heavy financial need that cannot otherwise be met. Participants making withdrawals cannot make contributions to the Plan for six months following the hardship withdrawal. The withdrawal must be requested in writing by the participants, and it is subject to approval by the Plan Sponsor.

Plan Termination

Although it has not expressed an intention to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("US GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon terms in the Plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Administrative Expenses

The Plan permits the payment of Plan expenses to be made from the Plan's assets. These expenses will generally be allocated among the accounts of all participants in the Plan either proportionally based on the value of account balances or as an equal dollar amount based on the number of participants in the Plan. The Employer has agreed to pay certain administrative expenses that are incurred by the Plan. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Payment of Benefits

Benefit payments are recorded when paid.

NOTE 3 - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.
- Level 2 - Inputs to the valuation methodology that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable, or can be corroborated by observable market data for substantially the full terms of the assets or liabilities.
- Level 3 - Inputs to the valuation methodology area unobservable and are supported by little or no market activity and, that are significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies: The Plan's investments in registered investment companies are valued at quoted market prices, which represent the net asset values ("NAV") of shares held by the Plan at year-end.

Collective Trust Funds: The Plan holds an investment in the Putnam Stable Value Fund ("Stable Value Fund"), a fund that invests in fully benefit-responsive investments (indirect FBRIC). The fair value of the Stable Value Fund is based on the NAV of the unit value of the fund which is based on the fair value of the underlying investments. The NAV, as provided by Reliance Trust Company ("Trustee"), is used as a practical expedient to estimate fair value for the fund. This NAV represents the fund's fair value since this is the amount at which the Plan transacts with the fund. The Stable Value Fund attempts to maintain a stable price per unit of \$1. The Stable Value Fund primarily invests in traditional guaranteed investment certificates, insurance separate accounts, and money market instruments. The Stable Value Fund's value represents invested principal plus accrued interest earned thereon.

All of the contracts that the Stable Value Fund purchases are benefit-responsive at contract value for all plan permitted, participant-directed transactions. Additionally, the Stable Value Fund negotiates contracts with certain employer-initiated transaction provisions including percentage allowances for targeted layoffs, bankruptcy resulting in employee job loss, reorganizations, spin-offs, and plan terminations. The only event or circumstance that would allow issuers to immediately terminate a fully benefit-responsive wrap contract with the Stable Value Fund at an amount different from contract value would be if they were provided with willingly fraudulent information about the Stable Value Fund by the Trustee.

The Plan also holds an investment in the Loomis Sayles Core Plus Fixed Income C Fund ("Core Plus Fund"). The fair value of the Core Plus Fund is based on the NAV of the unit value of the fund which is based on the fair value of the underlying investments. The NAV, as provided by Reliance Trust Company

("Trustee"), is used as a practical expedient to estimate fair value for the fund. This NAV represents the fund's fair value since this is the amount at which the Plan transacts with the fund. The Core Plus Fund primarily invests in high-quality corporate and US government bonds.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

- (a) Participants can redeem units of the fund at the contract value on a daily basis. Employer withdrawal requests for a full redemption can be deferred for up to twelve months at the discretion of Putnam Fiduciary Trust Company, LLC as trustee of the fund.
- (b) Participants can redeem units of the fund at the contract value on a daily basis.

NOTE 4 - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee has certified that the following data included in the financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value and notes receivable from participants;
- Net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants; and
- Information included on Schedule H, line 4i - schedule of assets (held at end of year).

The Plan's independent accountants did not perform auditing procedures with respect to this information except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - TAX STATUS

The Internal Revenue Service ("IRS") has issued an opinion letter dated July 16, 2014, stating that the prototype plan used by the Plan was designed in accordance with applicable sections of the Code. The Plan has been amended since the opinion letter was issued. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by the IRS; however, there are currently no audits for any tax periods in progress.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Notes receivable from participants qualify as party-in-interest transactions.

NOTE 7 - RISKS AND UNCERTAINTIES

Investment securities, in general, are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 - SUBSEQUENT EVENTS

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 11, 2023, the date the financial statements were available to be issued. The Plan administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
