## **INDEPENDENT AUDITOR'S REPORT**

Retirement Plan Committee of  
Bunzl USA, LLC Pension Plan

### **Opinion on the 2023 Financial Statements**

We have audited the accompanying financial statements of the Bunzl USA, LLC Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits in liquidation as of May 3, 2023, and the related statement of changes in net assets in liquidation for the period from January 1, 2023 to May 3, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets in liquidation as of May 3, 2023, and the changes in net assets in liquidation for the period from January 1, 2023 to May 3, 2023, in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion on the 2023 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Emphasis of Matter – Basis of Accounting**

As described in Note 1 to the financial statements, the Retirement Plan Committee approved a resolution to terminate the Plan effective December 31, 2020, and management determined liquidation is imminent. The Plan has its basis of accounting on the liquidation basis used in presenting the financial statements. Our opinions are not modified with respect to that matter.

### **Responsibilities of Management for the 2023 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the 2023 Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2022 Financial Statements**

We have performed an audit of the accompanying financial statements of the Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits in liquidation as of December 31, 2022, and the related statement of changes in net assets in liquidation for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

## **Opinion on the 2022 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion on the 2022 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the 2022 Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the 2022 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2022 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

## **Auditor's Responsibilities for the Audit of the 2022 Financial Statements (Continued)**

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedule of assets (held at end of year) as of December 31, 2022 and schedule of reportable transactions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Supplemental Schedules Required by ERISA (Continued)**

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**BUNZL USA, LLC PENSION PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**May 3, 2023 and December 31, 2022**

**NOTE 1 — DESCRIPTION OF PLAN**

The following description of the Bunzl USA, LLC Pension Plan (the Plan) provides only general information. Participants should refer to the Plan Document or Summary Plan Description for a more complete description of the Plan's provisions.

**General**

The Plan was established, effective October 1, 2017, as a result of the spinoff of certain assets and liabilities from the Bunzl USA, LLC Retirement Plan (the "Retirement Plan"). The Plan is a defined benefit pension plan covering the nonunion employees of Bunzl USA, LLC (Plan Sponsor), its subsidiaries and certain affiliated entities (collectively the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is governed by the Company's Retirement Plan Committee (Committee), which consists of members of management of the Company. The Committee has overall responsibility for the operation and administration of the Plan. The Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Committee approved a resolution to terminate the Plan effective December 31, 2020. Plan assets were fully distributed to participants who elected lump-sum payments during the year ended December 31, 2021. On February 23, 2022, the Plan signed a single premium guaranteed annuity contract purchase agreement with Principal Life Insurance Company (Principal). The agreement states that Principal agrees to provide a nonparticipating single premium group annuity contract in connection with the plan termination and settlement of liabilities associated with certain benefits arising under the Plan, for a net premium amount of \$11,443,401. All plan obligations were satisfied in February 2022 and remaining assets were reverted to the Bunzl USA, LLC Deferred Savings Plan, another plan sponsored by the Company, in April and May 2023.

**Pension Benefits**

Employees with five or more years of service are entitled to annual pension benefits beginning at normal retirement age (65) equal to 50% of their average final compensation less 50% of their projected social security benefit. If the participant has less than 30 years of benefit service at normal retirement, the amount above is multiplied by the ratio of his or her benefit service to 30. The Plan permits early retirement at age 55 with five years of vesting service. Employees may elect to receive pension benefits in the form of a joint and survivor annuity or a lump sum payment. If employees terminate before rendering five years of service, they forfeit the right to receive accumulated plan benefits. If the present value of a terminated participant's benefit is less than \$1,000, the participant will receive their accumulated plan benefit as a lump sum distribution. If the present value is between \$1,000 and \$5,000 and the participant does not proactively make an election, the amount is transferred to an IRA. If the present value exceeds \$5,000 the benefit is payable in the form of an annuity or a lump sum at the time of retirement. All active and terminated participants were offered a lump-sum distribution as part of the Plan liquidation.

**BUNZL USA, LLC PENSION PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**May 3, 2023 and December 31, 2022**

**NOTE 1 — DESCRIPTION OF PLAN**

**Death and Disability Benefits**

An active employee who dies while employed will become 100% vested. Active employees who become totally disabled will receive a benefit calculated under the normal retirement formula. The disability benefit was terminated prospectively effective December 31, 2020.

**NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan have been prepared on the liquidation basis of accounting, effective January 1, 2021.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Actuarial Present Value of Accumulated Plan Benefits**

As a result of the Plan's termination, all benefits amounts were determined as of December 31, 2020. Distributions include the monthly annuities prior to the settlement of the Plan as well as the distributions arising from the Plan termination, which include lump-sum payments for participants who elected a lump-sum distribution and the annuity payment purchases for participants who elected or were already enrolled for annuity payments. As a result, there was no actuarial valuation performed as of January 1, 2023 or 2022.

**Payment of Benefits**

Benefits are recorded when paid.

**BUNZL USA, LLC PENSION PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**May 3, 2023 and December 31, 2022**

**NOTE 2 — SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Administrative Expenses**

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets in liquidation. In addition, certain investment related expenses reduced investment income presented in the accompanying statements of changes in net assets in liquidation.

**Subsequent Events**

Subsequent events were evaluated through October 11, 2023, the date the financial statements were available to be issued.

**NOTE 3 — FUNDING POLICY**

The Company makes contributions in amounts, and at such times, that are consistent with actuarial practices acceptable to the Internal Revenue Service (the IRS) and in compliance with the minimum funding requirements of ERISA. Under the terms of the Plan, no contributions are required from participants. There were no company contributions for the year ended December 31, 2022 and for the period from January 1, 2023 to May 3, 2023.

**NOTE 4 — CERTIFIED INVESTMENTS**

Information regarding investments held at December 31, 2022, and net depreciation in fair value of investments, interest, and dividends for the year then ended, disclosed in the accompanying financial statements and supplemental schedules, was obtained or derived from data provided to the plan administrator and certified to as complete and accurate by U.S. Bank, N.A., the trustee of the Plan.

**NOTE 5 — FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

**BUNZL USA, LLC PENSION PLAN**  
**NOTES TO FINANCIAL STATEMENTS**  
**May 3, 2023 and December 31, 2022**

**NOTE 5 — FAIR VALUE MEASUREMENTS (Continued)**

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets and liabilities in active markets;
- quoted prices for identical or similar assets and liabilities in inactive markets;
- inputs other than quoted market prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 3, 2023 and December 31, 2022.

*Money market fund* – Valued at the daily closing price as reported by the fund.

The following tables set forth by level, within the fair value hierarchy, the Plan’s investments at fair value:

	Investments at Fair Value as of May 3, 2023			
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ -	\$ -	\$ -	\$ -

  

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 86,421	\$ -	\$ -	\$ 86,421

**NOTE 6 — PARTY-IN-INTEREST TRANSACTIONS**

The Plan paid administrative fees to the Plan trustee, fund managers and investment advisor. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules. Fees incurred by the Plan for certain investment management services are included in net depreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan’s operations.

**NOTES TO FINANCIAL STATEMENTS**  
**May 3, 2023 and December 31, 2022**

**NOTE 7 — RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

**NOTE 8 — CONCENTRATIONS**

The Plan has 100% of plan investments in one money market fund as of December 31, 2022.

**NOTE 9 — TAX STATUS**

The IRS has determined and informed the Company by letter dated June 29, 2018, that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (the IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

The Plan received a favorable determination letter dated August 18, 2021, relative to the resolution to terminate the Plan effective December 31, 2020. Subsequent to year end, the Pension Benefit Guaranty Corporation (PBGC) notified the Plan Sponsor that the Plan was selected for examination to determine compliance of the calculation of pension benefits subject to legal limits. The examination is ongoing as of October 11, 2023.
