Independent Auditor's Report

The Savings Plan Administrative Committee
Master Chemical Corporation Savings Plan
Perrysburg, Ohio

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Master Chemical Corporation Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Master Chemical Corporation Savings Plan

Notes to Financial Statements

1. Description of Plan

The following description of Master Chemical Corporation Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, effective December 31, 1969, and Master Chemical Corporation (the Company or the Employer) is the sponsor of the Plan. The Company currently acts as the Plan administrator. The Savings Plan Administrative Committee controls and manages the operation and administration of the Plan. The Company has given The Trust Company of Toledo (the Trustee) the authority to hold the Plan assets and to invest all assets of the Plan in accordance with the service provider contract. EPIC Retirement Plan Services is the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Effective January 1, 2022, the Plan was restated in order to comply with the requirements of the American Taxpayer Relief Act of 2012 and the Tax Cuts and Jobs Act of 2017. The restatement also changed the vesting provision to make participants vest immediately in all contributions.

Eligibility

Employees of the Company are eligible to participate in the deferral and safe-harbor matching contribution components of the Plan upon turning 18 years of age with no service requirement.

Participants must complete 1,000 hours of service and be employed on the last day of the Plan year to be eligible for the Employer discretionary contribution.

Newly eligible employees of the Company are permitted to contribute to the Plan on their first day of employment and can increase or decrease the amount of their contributions at any time.

Employee Contributions

The Plan provides for employee salary deferrals and Roth 401(k) contributions up to a maximum of 100% of eligible compensation, as defined by the Plan document.

Participants may also make contributions to the Plan in the form of a rollover of funds from another qualified plan; however, rollovers are not permitted from a Roth Individual Retirement Account (IRA).

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. A participant's tax-deferred contributions to the Plan, including up to \$6,500 and \$6,000 in catch-up contributions eligible for those participants aged 50 or older in 2022 and 2021, respectively, are limited to the Internal Revenue Code (IRC) limitations.

Employer Contributions

The Plan provides for Employer discretionary contributions and safe-harbor contributions to eligible participants. For the years ended December 31, 2022 and 2021, the Employer safe-harbor

Master Chemical Corporation Savings Plan

Notes to Financial Statements

contribution, made under safe-harbor Plan provisions, was 100% of the first 5% of eligible compensation deferred that a participant contributes to the Plan. There were no Employer discretionary contributions for the years ended December 31, 2022 and 2021.

Participant Accounts

Each participant's account is credited with the participant's contributions, Employer contributions, and an allocation of net Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which participants are entitled is the vested portion of their accounts.

Investments

Participants direct the investment of their contributions and the Company's contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and money market fund as investment options for participants.

Vesting

Participants are immediately vested in their contributions and Employer safe-harbor contributions plus actual earnings thereon. Vesting in the Employer discretionary contribution portion of their accounts, plus actual earnings thereon, is based on years of credited service. A participant is 100% vested after three years of credited service prior to January 1, 2022. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Effective on January 1, 2022 the Plan was amended to immediately vest the participant accounts portion in the Employer discretionary contribution.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates, as determined quarterly by the Plan administrator, which would be made under similar circumstances and is fixed for the term of the loan. Principal and interest are paid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence. These loans are subject to certain restrictions as defined by the Plan document and applicable restrictions under the IRC. Also, each participant may not have more than two loans outstanding at any time.

Benefit Payments

Distributions are payable upon termination of employment, death, disability, or retirement. A participant may elect to receive the value of the vested interest in his or her account in the form of a lump-sum distribution or installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$1,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance

Master Chemical Corporation Savings Plan

Notes to Financial Statements

of the terminated participant's account is between \$1,000 and \$5,000, the Plan administrator may authorize that the benefit payment be rolled into an IRA in the participant's name.

Forfeitures

If a participant is not fully vested on their termination date, the nonvested amount of the account is forfeited. Forfeitures are first used to reduce administrative expenses and then are allocated to remaining eligible participants using the same method that is used for allocation of Employer discretionary contributions. At December 31, 2022 and 2021, forfeited account balances totaled \$1,228, and \$934, respectively. Approximately \$0 of the forfeited funds were used to pay administrative expenses and/or reduce Employer contributions in 2022 and 2021.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the Trustee. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions Receivable

Participant contributions and any related Employer contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance. Any accrued, but unpaid interest is de minimis. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Master Chemical Corporation Savings Plan

Notes to Financial Statements

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to participant-initiated transactions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent Events

The financial statements and related disclosures include an evaluation of events up to and including October 12, 2023, which is the date the financial statements were available to be issued. The Plan is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

3. Information Certified by the Plan's Trustee

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Trust Company of Toledo, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income (loss) and interest income on notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investment information included in the Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

4. Fair Value of Investments

Accounting Standards Codification (ASC) 820, *Fair Value Measurement and Disclosure*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical

Notes to Financial Statements

assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below.

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology includes:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the valuation methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Fund - A money market fund is valued at the daily closing price as reported by the fund.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total Investments, at fair value	\$ 23,852,042	\$ -	\$ -	\$ 23,852,042

5. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements and participant account balances.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, participants would remain 100% vested in their accounts.

7. Related Parties and Party-in-Interest Transactions

Participant loan and distribution processing fees are paid to EPIC Advisors Inc (EPIC) by participants. The Plan also issues loans to participants, which are secured by the vested balance of the participants' accounts. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

8. Plan Tax Status

The Plan uses a pre-approved plan document sponsored by EPIC and it received an opinion letter from the Internal Revenue Service (IRS), dated June 30, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

Notes to Financial Statements

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of change in net assets available for benefits per the financial statements to the Form 5500:

<i>December 31,</i>	2022	2021
Change in Net Assets , per the financial statements	\$ (2,685,348)	\$ 2,637,755
Add: loan defaults, deemed distribution	-	18,294
Change in Net Assets , per the Form 5500	\$ (2,685,348)	\$ 2,656,049

10. Delinquent Participant Contributions

During the Plan year ended December 31, 2022, participant contributions and loan repayments totaling \$38,329 were not remitted to the Plan within the period prescribed by DOL regulations. These transactions constitute non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Employer is in the process of correcting these transactions. The related lost earnings are expected to be remitted to the Plan during 2023.

During the Plan year ended December 31, 2022, participant contributions totaling \$108 were not remitted to the Plan within the period prescribed by DOL regulations. This transaction constitutes non-exempt party-in-interest transactions or prohibited transactions as defined by ERISA. The Employer corrected this transaction, and the related lost earnings were remitted to the Plan during 2023.
