Independent Auditor's Report

The Plan Administrator
California Trusframe, LLC
401(k) Retirement Savings Plan
Murrieta, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of California Trusframe, LLC 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 (liquidation basis) and December 31, 2021 (in liquidation), and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 (liquidation basis), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the governing body of the Plan approved the termination of the Plan effective October 29, 2021 and management determined liquidation was imminent. As a result, in accordance with GAAP, the Plan presents the financial statements on a liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements

1. Plan Description

The following description of the California Trusframe, LLC 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan was established to provide retirement benefits for employees of California Trusframe, LLC (the Company or Plan Sponsor). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Plan Termination

On September 1, 2021, Builders FirstSource, Inc. (BFS) acquired California TrusFrame, LLC. As a result, the Plan Sponsor amended the Plan to terminate the Plan effective October 29, 2021 and cease all contributions. Participants became fully vested in their accounts and were eligible for distribution. As of December 31, 2022, all assets of the Plan, including notes receivables from participants, had been distributed from the Plan.

Administration of the Plan

Reliance Trust Company was the trustee (Trustee or Reliance) and ADP was the recordkeeper (Recordkeeper or ADP), in accordance with the provisions of the service provider agreements with the Company. The administrator of the Plan was the Company. The Company determined the appropriateness of the Plan's investment offerings and monitors investment performance.

Eligibility

Eligible participants became participants in the Plan following three months of continuous service and attainment of age 21, as defined in the Plan Document. Eligible participants could enter the Plan on the first day of each month following the date the eligibility requirements were satisfied.

Collectively bargained employees, non-resident aliens, and leased employees were not eligible to participate in the Plan. Temporary, seasonal and part-time employees were not eligible for the Plan until they completed 1,000 hours in a Plan year and reach the age of 21.

Contributions

Each year, participants could contribute up to 90% of eligible compensation as defined in the Plan Document, on a pre-tax or after-tax Roth basis, and subject to limitations by the Internal Revenue Code (IRC). Participants who attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans or individual retirement accounts (IRA) as a rollover to the Plan.

An automatic enrollment provision whereby an eligible employee was automatically enrolled in the Plan with a pre-tax deferral rate equal to 4% of eligible compensation unless they made an affirmative election not to defer or to defer a different percentage. Automatically enrolled participants had an escalation feature to increase deferrals by 1% annually, not to exceed 10%.

California Trusframe, LLC 401(k) Retirement Savings Plan

Notes to Financial Statements

Employer discretionary matching contributions were allowed under the Plan. Additional employer amounts could also be contributed at the option of the Company's board of directors. The employer discretionary match for 2021 of \$691,649 was funded in January of 2022. There was no employer discretionary match for 2022 as employee contributions ceased in 2021.

Participant Accounts

Each participant's account was credited with the participant's contributions (pre-tax, after-tax Roth, and rollover); the employer discretionary matching and additional employer contributions, if any, and an allocation of Plan earnings and losses. Allocations were based on participant earnings or account balances or specific requested transactions, as defined. The benefit to which a participant is entitled was the benefit that could be provided from the participant's vested account. Participants directed the investment of their contributions into various investment options offered by the Plan.

Notes Receivable from Participants

Participants could borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Interest was charged on the outstanding balance at prime plus 1% and were fixed for the term of the note. Only one note could be outstanding at a time. The term of repayment could not exceed five years unless the loan qualified as a home loan, in which case the term of repayment could not exceed 30 years. Principal and interest was paid ratably through payroll deductions.

Effective October 29, 2021, participants could no longer borrow any funds from their vested account.

Vesting

Participants were immediately vested in their contributions plus actual earnings thereon. Vesting in Company's contributions portion of their accounts was based on years of service as defined in the Plan Document. All participants were 33% vested after one year of service, 66% after two years, and were fully vested after three years of credited service. Participants became fully vested upon death, disability or reaching normal retirement age. Upon termination of the Plan on October 29, 2021, all participants became fully vested.

Benefit Payments

On termination of service due to separation of service, death, disability, or retirement, a participant or beneficiary could elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annuities that were offered by the Plan. Terminated participants with balances greater than \$5,000, could choose to keep their funds in the Plan. Unless a participant directed otherwise, distributions of vested account balances of \$1,000 or less were distributed to participants in cash and distributions of vested account balances greater than \$1,000, but less than or equal to \$5,000, were paid as a direct rollover to an IRA in the name of the Plan participant. In-service distributions at age 59½ and in the case of hardship were allowed if certain criteria was met. Upon termination of the Plan on October 29, 2021, all participants were eligible to receive a distribution of their account.

Forfeited Accounts

The non-vested portions of participants' employer-derived account balance were treated as forfeitures. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$0.

2. Summary of Accounting Policies

Basis of Accounting

Financial Accounting Standards Board (FASB) issued Accounting Standards Codification (ASC) 205-30, *Presentation of Financial Statements: Liquidation Basis of Accounting*, which requires an entity to prepare its financial statements using the liquidation basis of accounting when liquidation is imminent. The Plan implemented ASC 205-40 for the 2021 plan year as this is when liquidation was determined to be imminent. Therefore, the accompanying financial statements have been prepared on a liquidation basis of accounting as of December 31, 2022 and 2021 and for the year ended December 31, 2022. The adoption did not have a material impact on the financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) required management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments were stated at fair value as further discussed in Note 4. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The plan administrator determined the Plan's valuation policies utilizing information provided by the Trustee.

Purchases and sales were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividend income and capital gains were recorded on the ex-dividend date. The net appreciation (depreciation) in the fair value of investments included the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants were measured at their unpaid principal balance and any accrued but unpaid interest was de minimis. Delinquent participant notes receivable were reclassified as distributions based on the terms of the Plan Document.

Benefit Payments

Benefits paid to participants were recorded when paid.

Administrative Expenses

Plan expenses relating to investment advice and loan and distribution fees were paid by Plan participants during the year ended December 31, 2022. Certain investment management and advisory fees are shown net with investments earnings within the registered investment companies. All other costs of administering the Plan were paid by the Company and are excluded from these financial statements.

3. Information Certified by the Plan's Trustee

The Plan Sponsor elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Reliance, a qualified institution, has certified that the following information included in the accompanying financial statements as complete and accurate:

- Investments and notes receivable from participants as reported in the statements of net assets available for benefits as of 2022 (liquidation basis) and 2021 (in liquidation);
- Net investment loss and interest earned on notes receivable from participants as reported on the statement of changes in net assets available for benefits for the year ended December 31, 2022 (liquidation basis);
- Investment information included in the notes to financial statements.

At the request of the Plan Sponsor, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

4. Fair Value Measurements and Disclosures

ASC 820 provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Notes to Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies - Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan were open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan were deemed to be actively traded.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value on a recurring basis as of December 31, 2021:

December 31, 2021

	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 1,623,938	\$ -	\$ -	\$ 1,623,938
Total Investments, at fair value	\$ 1,623,938	\$ -	\$ -	\$ 1,623,938

All assets were distributed as of December 31, 2022, therefore no assets were held as of December 31, 2022.

5. Related Party and Party-in-Interest Transactions

Administrative fees were paid to ADP, the recordkeeper of the Plan. The Plan also issued loans to participants which were secured by the vested balance of the participants' accounts. These transactions qualified as party-in-interest transactions, which were exempt from the prohibited transaction rules.

6. Income Tax Status

The Plan adopted an ADP, LLC sponsored Prototype Plan Document, effective August 1, 2019. That document received an opinion letter from the Internal Revenue Service (IRS) dated July 16, 2014 indicating that the Plan and Trust are designed in accordance with the applicable sections of the IRC. Preapproved plan documents must be restated every six years; however, due to the Plan's termination this did not occur. The Company believes the Plan was being operated in accordance with the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

7. Concentrations, Risks, and Uncertainties

The Plan invested in various investment securities, which were expose to various risks such as interest rate, market and credit risks. Additionally, the value, liquidity and related income of the investment securities were sensitive to changes in economic conditions and could be adversely affected by shifts in the market perception of the issuers and changes in interest rates.

8. Subsequent Events

The Plan has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements.
