The Suddath Companies Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Suddath Companies Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H Line 4i – Schedule of Assets (Held at End of Year) for the year ended December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The Suddath Companies Retirement Savings Plan

Notes to Financial Statements

1. Description of Plan:

The following description of The Suddath Companies Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Retirement Savings Plan is a defined contribution retirement plan covering all employees of The Suddath Companies (the Company) who have ninety days of continuous service, excluding nonresident aliens, leased employees or salaried employees and hourly employees exempt from collective bargaining agreements. The Plan Committee of the Board of Directors of the Company controls and manages the operation and administration of the Plan. The Retirement Savings Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective May 20, 2021 Principal Financial Services, Inc. became Trustee of the Plan and third party administrators of the Plan administration, succeeding Wells Fargo Bank, N.A..

The Company acquired Daryl Flood, Inc. and effective March 31, 2021, the Plan was amended to allow participants of the Daryl Flood, Inc. 401(k) Plan to participate in the Plan and rollover their assets to The Suddath Companies Retirement Savings Plan.

The Plan was restated effective July 1, 2022, to comply with Internal Revenue Service restatement requirements. The restatement of the Plan incorporated all prior Plan amendments.

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security Act of 2020 (the CARES Act) was passed by Congress. The CARES Act, among other things, includes several temporary relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and approved changes to the Plan in 2020 to temporarily (i) increase the limit on Plan loans for eligible participants up to \$50,000 or 100% of the participant's vested balance, (ii) suspend payments on Plan loans otherwise due in 2020 for eligible participants, (iii) add COVID-19-related distributions of up to \$50,000 for eligible participants and (iv) suspend the mandatory 20% federal tax withholding for COVID-19-related distributions. These temporary CARES Act provisions expired at the end of 2020. The Plan will be amended to reflect these changes prior to the December 31, 2025 deadline.

Contributions

Each year participants may contribute compensation, as defined in the Plan document, subject to certain Internal Revenue Code (IRC) limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company may make a discretionary matching contribution on an annual basis. For the year ended December 31, 2022, the Company contributed 25% of the first 5% of base compensation that a participant contributed to the Plan, not to exceed \$1,250. An additional discretionary match amount may be contributed based on a profitability scale established by the Company's Board of Directors. For the year ended December 31, 2022, there was no additional discretionary matching contribution contributed to the Plan. Contributions are subject to certain IRC limitations.

Notes to Financial Statements

1. Description of Plan (Continued):

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds, common collective trust funds, and an investment in an insurance contract as investment options for participants.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's matching contribution, an allocation of the Company's discretionary contributions, if any, and an allocation of the Plan earnings. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A minimum of 1,000 hours of service during a Plan year is required to receive credit for a year of service. A participant is 100% vested after three years of continuous service. In the event of death, disability, retirement upon attaining age 65 or termination of the Plan the participants' account becomes fully vested.

Forfeitures

Forfeited participant account balances may be used to reduce the employer matching contribution or pay Plan expenses. During the Plan year ended December 31, 2022, there were forfeited balances totaling \$308,558 used to offset employer contributions and pay Plan expenses. There were forfeitures of \$34,198 and \$206,449 at December 31, 2022 and 2021, respectively, available for future use by the Plan.

Participant Loans Receivable

Participants are permitted to borrow from the Plan using their vested account balance as security for the loan. The minimum loan permitted under the terms of the Plan is \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. A participant may only have one loan outstanding at any time. Loans are required to be repaid within five years, or up to fifteen years when used to purchase a primary residence, in equal payments made at least quarterly. Loan repayments will be deducted from the participant's payroll over the term of the loan. Loans bear interest at the prevailing rate used by commercial lending institutions plus a fixed percentage.

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive a lump sum or various installment and annuity options as provided by the Plan up to the participants' vested account balance. The Plan allows for in-service distributions for participants who are 100% vested and have attained the age of 59½ or qualify for a hardship distribution. If the participant's vested balance does not exceed \$1,000, the Plan will distribute the entire account balance automatically.

2. Summary of Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (“GAAP”).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation

The Plan’s investments are presented at fair value, except for the fully benefit-responsive contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan attributable to fully benefit-responsive investment contracts. See Note 4 for additional information on the fully benefit-responsive contract.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in the mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of investment return for such investments.

Notes Receivable from Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributed based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

The Suddath Companies Retirement Savings Plan
Notes to Financial Statements

2. Summary of Accounting Policies (Continued):

Plan Expenses

Administrative expenses of the Plan may be paid by the Company or Plan. Unless paid by the Company, administrative expenses are allocated to 1) participant accounts proportionally based on the value of the account balances, 2) as an equal dollar amount based on the number of participants of the Plan, or 3) charged to the related participant's account, based on the nature of the expense.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements:

The Financial Accounting Standards Board, Accounting Standards Codification Topic 820 (ASC 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy prioritizing the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The Suddath Companies Retirement Savings Plan

Notes to Financial Statements

3. Fair Value Measurements (Continued):

The following table sets forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31, 2022 and 2021.

<i>December 31,</i>	Level	Fair Value	
		2022	2021
Mutual funds	1	\$ 30,056,913	\$ 44,756,072
Common collective trust funds	(a)	33,090,310	27,756,412
		<u>\$ 63,147,223</u>	<u>\$ 72,512,484</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Common Collective Trust Funds

Northern Trust and MFS Collective Investment Funds

The value of the Northern Trust and MFS Collective Investment Funds are based on the NAV of the units as a practical expedient to estimate fair value. NAV is determined by the security process of the underlying investments which are listed on national securities exchanges and valued on the basis of year-end closing prices. While the underlying security process are quoted process, the NAV of a collective investment fund is not publicly traded.

The following table summarizes investments measured at fair value utilizing NAV as the practical expedient as of December 31, 2022 and 2021.

<i>December 31,</i>	2022	2021
Northern Trust Collective Investment Funds	\$ 23,815,525	\$ 27,756,412
MFS Collective Investment Funds	9,274,785	-
	<u>\$ 33,090,310</u>	<u>\$ 27,756,412</u>

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fully Benefit Responsive Contract:

During 2021, the Plan entered into the New York Life Anchor Account ("Anchor Account") group annuity contract with New York Life Insurance Company ("New York Life"). The Anchor Account is a stable value fund held in a pooled separate account that invests primarily in a diversified and conservative array of fixed income securities and cash equivalent investments, which are owned and managed by New York Life. The Anchor Account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. New York Life is contractually obligated to repay the principal and accumulated interest that is guaranteed to the Plan. The interest crediting rate is reset semi-annually and the minimum interest crediting rate is zero.

The Suddath Companies Retirement Savings Plan

Notes to Financial Statements

4. Fully Benefit Responsive Contract (Continued):

The group annuity contract is fully benefit-responsive and is reported at contract value in the Statements of Net Assets Available for Benefits. Benefit responsiveness is defined as the extent to which a contract's terms and the Plan permit or require participant-initiated withdrawals at contract value. Contract value, as reported to the Plan by New York Life, represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. As described in Note 2, contract value is the relevant measurement attribute for this Fund.

Certain events may limit the ability of the Plan to transact at contract value with the investment contract issuer. Such events include the following: (1) certain distributions resulting from employer-initiated events (including plan termination, bankruptcy and lay-offs); (2) termination by the contract holder if the contract holder fails to provide 12 months' advance written notice of termination; or (3) termination by issuer due to loss of the Plan's qualified status. The Plan does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

5. Information Certified by the Plan's Trustee:

The investments included in the statements of net assets available for benefits as of December 31, 2022, and the interest and net appreciation in fair value of investments included in the statement of changes in net assets available for benefits for the year ended December 31, 2022 have been certified as complete and accurate by Principal Life Insurance Company, trustee of the Plan.

Certified information in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 is as follows:

<i>December 31,</i>	2022	2021
Mutual funds	\$ 30,056,913	\$ 44,756,072
Common collective trusts	33,090,310	27,756,412
Pooled separate account	7,574,341	6,347,485
Participant loans receivable	1,508,940	1,354,672
<i>Year ended December 31,</i>	2022	
Net depreciation in fair value of investments	\$ (13,250,250)	
Dividends	1,116,676	
Other income	30,258	
Interest on participant loans	80,527	

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information with the related information included in the financial statements and supplemental schedules.

The Suddath Companies Retirement Savings Plan
Notes to Financial Statements

6. Tax Status:

The Internal Revenue Service has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the letter, however the Plan administrator believes the Plan continues to be operated in compliance with applicable requirements of the IRC and the related trust continues to be tax exempt.

Management evaluated the Plan's tax positions and concluded that as of December 31, 2022, the Plan had taken no uncertain tax positions that require recognition of a liability (or asset) in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2019.

7. Party-In-Interest Transactions:

The Plan invests in mutual funds that are managed by Principal Life Insurance Company, trustee of the Plan. Therefore, these investment transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services and transaction fees to Principal Life Insurance Company for the Plan year ended December 31, 2022 totaled approximately \$181,000 and are included in administrative expenses in the accompanying statements of changes in net assets available for benefits.

8. Plan Termination:

The Company has the right under the Plan to discontinue its contributions at any time or to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Although no intent to do so has been expressed, in the event of Plan termination, participants would become 100% vested in their accounts subject to the provisions of ERISA. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner, as the Company may determine, which is in compliance with ERISA.

9. Reconciliation of Financial Statements to the Form 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022 and 2021:

<i>December 31,</i>	2022	2021

Net decrease in Plan assets per Form 5500	<u><u>\$ (8,273,722)</u></u>

10. Nonexempt Transactions:

During the Plan year ended December 31, 2021 employee deferrals of \$2,270 were not remitted to the Plan within the appropriate time frame specified by the Department of Labor, which were pending correction at December 31, 2021 and were corrected under the Voluntary Fiduciary Correction Program (VFCP) in January 2022.

Late remittances constitute nonexempt transactions between the Plan and the Company and were reported in the supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions as corrected as of December 31, 2021.

11. Recent Legislation:

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains approximately 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2022 financial statements.

12. Subsequent Events:

Management has evaluated subsequent events through October 12, 2023, the date the financial statements were available to be filed and has determined that there were no material events requiring recognition or disclosure.
