Energy Transfer LP Investment Committee
Sunoco Retail Store 401(k) Plan
Houston, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Sunoco Retail Store 401(k) Plan, an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Sunoco Retail Store 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Sunoco Retail Store 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunoco Retail Store 401(k) Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sunoco Retail Store 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Sunoco Retail Store 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule listed in the table of contents are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sunoco Retail Store 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Note 1: Description of the Plan

The following description of Sunoco Retail Store 401(k) Plan (the Plan) provides only general information. Participants should refer to the *Plan Document* for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Sunoco GP, LLC (the Company) for the benefit of the Company and its affiliates who have completed one year of service and are not classified as a leased employee, student/intern, or an independent contractor and who do not participate in the Energy Transfer LP 401(k) Plan (the ET Plan). Employees who were already enrolled in a plan that merged with the Plan, as described in Note 8, are eligible immediately. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Delaware Charter Guarantee & Trust Company, d/b/a Principal Trust Company (Principal), is the trustee of the Plan.

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 75 percent of eligible base compensation. Employee rollover contributions are also permitted. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Company may contribute a percentage of eligible base compensation, as defined in the Plan, at its discretion to employees who have been credited with 1,000 hours during the Plan year and are employed on the last day of the Plan year. There were no employer contributions made by the Company for the years ended December 31, 2022 and 2021. Contributions are subject to certain limitations.

Participant Investment Account Options

The *Plan Document* includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible base compensation unless the participant made an affirmative election otherwise. Employees are automatically enrolled at a pre-tax contribution rate of 3 percent on eligible compensation, as defined in the Plan.

The automatic deferrals are automatically invested in a target retirement date fund based on the employee's date of birth and an assumed retirement age of 65. Each participant has the option of directing his or her contributions into any of the various investment options offered by the Plan and may change the allocation daily.

Sunoco Retail Store 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company's contributions and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. For participants transferred from Energy Transfer LP 401(k) Plan, vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service, and a transferred participant is fully vested after three years of continuous service.

Notes Receivable from Participants

Participants are not eligible to borrow from their fund accounts; however, participants who transferred into the Plan with an outstanding loan balance at the time of transfer retained their loan balance and repayment terms.

Payment of Benefits

Upon separation of employment, a participant may receive a single lump-sum payment of the participant's vested interest in his or her account.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled approximately \$12,000 and \$6,000, respectively. These accounts will be used to reduce future employer contributions, pay the expenses of the Plan or allocate to eligible participants, as defined in the Plan. There was no employer contribution reduced by forfeited non-vested accounts or allocation to participants in both 2022 and 2021. During 2022 and 2021, approximately \$3,000 and \$5,000, respectively, from the forfeited non-vested accounts were used to pay the expenses of the Plan, as defined in the Plan.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Sunoco Retail Store 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end.

Pooled separate accounts are valued at estimated fair value as provided by Principal. Estimated fair value of the pooled separate accounts is their NAV which is based on the market value of its underlying investments. Since the NAV of the pooled separate accounts is determined and published daily and is the basis for current transactions, the NAV is considered a readily-determinable fair value.

The Plan's interest in the collective trust is valued based on information reported by the trustee using the audited financial statements of the collective trust at year-end.

Fully benefit-responsive investment contracts are valued at contract value. Contract value represents contributions made under the contract, plus interest at the contract rate, less participant withdrawals and administration expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net investment income (loss) from master trusts includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the *Plan Document*.

Sunoco Retail Store 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Payment of Benefits

Benefit payments to participants are recorded upon distributions.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3: Participation in Energy Transfer LP and Sunoco, Inc. Capital Preservation Fund Master Trusts

The Plan's investments are in the Energy Transfer LP and Sunoco, Inc. Capital Preservation Fund Master Trusts (together, the "Master Trusts"), which were established for the investment of assets of the Plan and another Company-sponsored retirement plan. Each participating retirement plan has a divided interest in the Master Trusts.

The value of the Plan's interest in the Master Trusts is based on the beginning of year value of the Plan's interest in the trusts plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses. Net assets, investment income and administrative expenses relating to the Master Trusts are allocated to each participating plan based upon each Plan's relative interest in the assets held in the Master Trusts.

The following tables present the net assets of the Master Trusts and the Plan's interest as of December 31, 2022 and 2021:

	2022

Note 4: Certification of Plan Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal, a qualified institution, has certified the following investment information included in the accompanying financial statements and supplemental schedule is complete and accurate.

Notes to Financial Statements

December 31, 2022 and 2021

- Investments in master trusts and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income (loss) from master trusts and interest income from notes receivable from participants as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Notes receivable from participants included in the accompanying schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

Note 5: Related-party and Party-in-interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association or relatives of such persons.

Certain Plan investments are shares of mutual funds managed by Principal, which is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net investment income from master trusts, as they are paid through revenue sharing, rather than a direct payment. The Plan Sponsor pays directly any other fees related to the Plan's operations.

The Plan paid \$12,436 and \$15,624 in recordkeeping fees to Principal during 2022 and 2021, respectively. The Company provides certain administrative services at no cost to the Plan.

Note 6: Disclosures About Fair Value of Assets Held by the Master Trusts

Fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Recurring Measurements

The following table presents the fair value measurements of assets held by the Master Trusts measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2022 and 2021:

	2022

(A) In accordance with Accounting Standards Codification Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2022 and 2021. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. For assets classified within Level 3 of the fair value hierarchy, the process used to develop the reported fair value is described below.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 7: Investment Contracts Held by Master Trusts

Sunoco, Inc. Capital Preservation Fund Master Trust a portfolio of investment contracts that comprises a portfolio of synthetic investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. The following represents the disaggregation of contract value between types of investment contracts held by the Plan.

	<u>2022</u>	<u>2021</u>
Synthetic investment contracts	\$ 2,483,581	\$ 2,554,650

The synthetic investment contracts held by the Plan include wrapper contracts that provide a guarantee that the credit rate will not fall below 0 percent. The crediting interest rates are calculated using contract value and the value, yield and duration of the underlying securities.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the *Plan Documents* (including complete or partial Plan termination or merger with another plan), (2) changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 8: Net Transfer from This Plan

During 2022, employees of Energy Transfer LP transferred employment to Sunoco GP, LLC and, as a result, assets totaling \$310,857 from the Energy Transfer LP 401(k) Plan were transferred into the Plan. In addition, the Company transferred a total of \$1,174 in assets out of the Plan into Energy Transfer LP 401(k) Plan during 2022.

Note 9: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

Note 10: Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated July 3, 2017, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

Note 11: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 12: Subsequent Events

Subsequent events have been evaluated through October 5, 2023, which is the date the financial statements were available to be issued.
