Independent Auditors' Report

To the Participants and Plan Administrator of
Treliant, LLC Section 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Treliant, LLC Section 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits—modified cash basis as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits—modified cash basis for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from an agent on behalf of a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting as described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year), as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Treliant, LLC Section 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of the Plan

The following description of the Treliant, LLC Section 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan's provisions.

General

The Plan was formed January 1, 2009, and subsequently amended and restated effective October 1, 2021. The Plan is a defined contribution plan available to substantially all employees of Treliant, LLC (formerly Treliant Risk Advisors, LLC) (the plan sponsor) and is intended to be a qualified retirement plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. As of December 31, 2022 and 2021 and for the year ended December 31, 2022, Ascensus Trust Company (the Trustee) has served as the asset custodian and recordkeeper and The Vanguard Group (Vanguard) has served as the third-party administrator.

Eligibility

All employees of the plan sponsor not covered by a collective bargaining agreement, or specifically excluded by employee classification within the plan agreement, are eligible to participate in the Plan. Eligible employees can begin participating on the first day of the month coinciding with or next following the date eligibility requirements are met as set forth in the Plan.

Contributions

Participants may elect to contribute a percentage of their annual compensation on a pretax basis, subject to Internal Revenue Code (IRC) annual limits. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans and individual retirement accounts. The Plan also includes a Roth Elective Deferral option, whereby participants may elect to contribute after-tax dollars of their compensation.

Effective January 1, 2019, the plan sponsor provides, for all participants, an annual safe harbor nonelective matching contribution of 100% up to 3% of elective deferrals, and 50% of elective deferrals greater than 3% up to a maximum of 5%. Total safe harbor nonelective matching contributions made by the plan sponsor in 2022 were \$775,999. The plan sponsor may make a discretionary profit sharing contribution in an amount to be determined by the plan sponsor. No discretionary profit sharing contribution was made for the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer safe harbor matching and/or profit sharing contributions, and an allocation of earnings (losses) based on the performance of the investment account(s) selected by the participant. Each participant's account is charged with an allocation of administrative expenses. Allocations are based on the participant's investments. Participant account balances may be charged for fees related to transactions and loans. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options

Upon enrollment in the Plan, a participant may direct contributions to various investment options offered by the Plan. The Plan offers various mutual funds and a stable value product. In addition, participants may direct the Trustee to invest any portion of their account into specific assets permitted by the Plan. These individual accounts are classified as participant self-directed brokerage accounts.

Notes to Financial Statements

December 31, 2022 and 2021

Vesting

Participants are immediately vested in their contributions, qualified nonelective, discretionary profit sharing and employer safe harbor matching contributions and earnings thereon.

Benefits Paid to Participants

The Plan provides benefit payments to participants upon termination of employment, hardship, death, attainment of age 59½, retirement or plan termination. Upon termination of service, a participant may elect to continue his/her account, receive a lump-sum distribution of all vested amounts or transfer the vested amount to another qualified plan. Terminated participants with an account balance less than \$5,000 will receive a lump-sum distribution.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of 50% of their vested accounts or \$50,000. Loan terms range up to five years or longer if used for the purchase of a primary residence. The loans are secured by the balance in the borrower's account and shall bear a reasonable rate of interest, which is defined in the plan agreement as 1% over the prime interest rate. As of December 31, 2022 and 2021, interest rates on outstanding participant loans ranged from 4.25% to 8.00% and 4.25% to 6.50%, respectively. Principal and interest payments are paid through payroll deductions. Each participant is permitted to have only one loan outstanding at any time.

Plan Termination

Although it has not expressed any intent to do so, the plan sponsor has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA.

2. Summary of Significant Accounting Policies

Basis of Accounting and Use of Estimates

The Plan utilizes the modified cash basis of accounting for financial reporting purposes, whereby additions are recognized when received and deductions are recognized when paid, except that investments include adjustments to their fair value at the end of the plan year and participant loans are reflected as notes receivable from participants. This method of accounting differs from accounting principles generally accepted in the United States of America (U.S. GAAP), which requires that additions be recognized when earned and deductions, other than benefit payments, be recognized when incurred. The preparation of the financial statements in conformity with the modified cash basis of accounting requires the Plan's management to use estimates and assumptions that affect the accompanying financial statements and disclosures. Actual results could differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 4 for details on inputs, valuation techniques and fair value measurement levels within the fair value hierarchy for each investment.

Treliant, LLC Section 401(k) Plan

Notes to Financial Statements

December 31, 2022 and 2021

Net depreciation in fair value of investments included in the accompanying Statement of Changes in Net Assets Available for Benefits—Modified Cash Basis includes realized gains or losses from the sale of investments and unrealized appreciation (depreciation) in fair value of investments, and fees charged by the Trustee and sponsoring investment companies for services provided in connection with recordkeeping and investment management. Net unrealized appreciation (depreciation) in fair value of investments represents the net change in the fair value of the investments held during the period. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the period or the cost of the investment if purchased during the year.

The Plan holds assets in a common collective trust (CCT). The fair value of this fund is determined using the net asset value (NAV) of the fund as a practical expedient. The NAV is determined by the Trustee using the fair value of the underlying securities within the fund at year end.

Purchases and sales of investments are recorded on a trade-date basis. Interest and dividend income are recorded when received.

Notes Receivable From Participants

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events which could impact the value of the investment security such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets—Modified Cash Basis

Expenses

The plan sponsor pays a portion of the Plan's administrative expenses except those expenses that are charged directly to participant accounts by the Trustee.

Payment of Benefits

Benefit payments are recorded when paid.

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 10, 2023, the date the accompanying modified cash basis financial statements were available to be issued.

The Secure 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

3. Information Certified by the Trustee

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, Ascensus, as agent for Ascensus Trust Company, the trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis as of December 31, 2022 and 2021 and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits—Modified Cash Basis for the year ended December 31, 2022, with the exception of \$618,289 and \$767,933 in self-directed brokerage accounts on the accompanying Statements of Net Assets Available for Benefits—Modified Cash Basis as of December 31, 2022 and 2021, respectively.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Observable market-based inputs or inputs that are corroborated by market data. Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Significant inputs to the valuation model that are unobservable and not corroborated by market data.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observables and minimize the use of unobservable inputs.

The plan sponsor is responsible for the determination of fair value. Accordingly, the plan sponsor performs a periodic analysis on the prices received from the pricing services used to determine whether the prices are reasonable estimates of fair value. As a result of these reviews, the plan sponsor has not historically adjusted the prices obtained from the pricing services.

Treliant, LLC Section 401(k) Plan

Notes to Financial Statements
December 31, 2022 and 2021

The following is a description of the methodologies used in valuing investments at fair value:

Cash equivalents are based on the carrying value, which approximates fair value. Accordingly, these fair value measurements are classified as using Level 1 inputs.

Mutual funds, including those held within self-directed brokerage accounts, are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts consist of mutual funds and interest-bearing cash. The fair values of mutual funds are valued at the daily closing price as reported by the fund. Accordingly, these fair value measurements are classified as having Level 1 inputs. Investments in interest-bearing cash are reported at carrying value, which approximates fair value. Accordingly, these fair value measurements are classified as using Level 1 inputs.

The CCT represents the Plan's stable value product. The CCT's assets are fully invested in the Galliard Stable Return Fund and the Wells Fargo Stable Return Fund (Fund C), a separate collective trust sponsored by Galliard and Wells Fargo, as of December 31, 2022 and 2021, respectively. Fund C invests in a variety of investment contracts, including traditional guaranteed investment contracts (GICs), security backed investment contracts (also known as synthetic GICs) and separate account GICs, cash or cash equivalents and other collective investment trusts. Fund C seeks to provide investors with a moderate level of stable income without principal volatility. Interest is credited to the portfolio under "wrapper" contracts. The CCTs are valued using the NAV provided by the administrator of the funds. The NAV is based on the value of the underlying assets owned by the funds, minus its liabilities and then divided by the number of shares outstanding. As the NAV of the funds is a practical expedient, these investments are not included in the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022

5. Related-Party and Party in Interest Transactions

The Plan invests in mutual funds managed by affiliates of the Plan's third-party administrator, Vanguard. The Plan pays the Trustee for certain administrative and transactional fees. Additionally, the Plan issues loans to participants, which are secured by the participants' account balances. These transactions qualify as exempt party in interest transactions under ERISA.

Certain administrative functions of the Plan are performed by officers or employees of the plan sponsor. No such officer or employee receives compensation from the Plan.

6. Tax Status

The prototype upon which the Plan is based received a favorable advisory letter from the Internal Revenue Service (IRS) dated January 1, 2018, which states that the prototype plan is designed in accordance with applicable sections of the IRC. The Plan has been amended since the date of this advisory letter. However, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and the related trust is exempt from taxation. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Delinquent Participant Contributions

For the year ended December 31, 2022 and 2021, the plan sponsor did not remit certain participant contributions to the Plan on a timely basis as defined by the DOL's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified on the Schedule H, Line 4(a) - Schedule of Delinquent Participant Contributions, which totaled \$242,176, have been deposited in the Plan but remained uncorrected as of December 31, 2022 because lost earnings were not deposited.
