Independent Auditor's Report

Trustee
Not-For-Profit Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Not-For-Profit Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule H, part IV, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Not-For-Profit Retirement Savings Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of Not-For-Profit Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering all current and former employees of Community Living Options, Inc., Frances House, Inc., Pioneer Concepts, Inc., Achievement Unlimited, Inc., Desert Health Care Facilities, Inc., Residential Alternatives of Illinois, Inc., Pinnacle Opportunities, Inc. and Unlimited Development, Inc., who have one year of service, worked at least 1,000 hours and are age 21 or older. Prior to June 30, 2015, eligibility criteria was six months of service, in which the employee worked at least 500 hours, and was age 21 or older. These employers are collectively referred to as the Organizations. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan was originally adopted on January 1, 1999, and was restated with an effective date of July 1, 2015. The Trustee of the Plan is responsible for oversight of the Plan, along with determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Contributions: Participants may contribute up to 100% of pretax annual compensation, as defined in the Plan, considering maximum dollar limits allowed under the requirements of the Internal Revenue Code (IRC). Participants can elect deferrals as pretax or after-tax (Roth) contributions. Participants who reach (or will reach) age 50 during a Plan year and are contributing the maximum amount permitted by the Plan can make additional salary deferrals called catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans and taxable distributions from an individual retirement account, which are reflected as rollover contributions. The Organizations are required to contribute a matching contribution equal to 50% of the first 10% of base compensation that a participant contributes to the Plan. Contributions are subject to certain limitations. All contributions are invested in investment accounts with Transamerica Life Insurance Company Inc. (Transamerica). Participants direct the investment of contributions into various investment options offered by the Plan. Participants may change their investment options on any business day.

Participant accounts: Each participant's account is credited with the participant's elective contributions and, if applicable, rollover contributions, transfers to the Plan and allocations of (a) the Organizations' contributions, (b) Plan earnings or losses and (c) applicable administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting: Participants are immediately vested in their elective and, if applicable, rollover contributions plus actual earnings thereon. Vesting in the Organizations' matching contribution portion of their accounts, plus actual earnings thereon, is based on years of continuous service. A participant is 100% vested after six years of credited service, or while during employment reaching normal retirement age, becoming disabled or upon death.

Payment of benefits: On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or a nontransferable annuity. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. The Plan is allowed to distribute balances of a terminated participant under \$5,000 without receiving consent from the participant.

Not-For-Profit Retirement Savings Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeited accounts: Forfeited balances of terminated participants' nonvested accounts are used to reduce future contributions from the Organizations or cover Plan expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$55,307 and \$48,583, respectively. These accounts will be used to cover Plan expenses and reduce future employer contributions. During the year ended December 31, 2022, the Plan used \$80,963 of forfeitures to reduce employer contributions.

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The methods used to estimate the fair value of investments are described in Note 5.

Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Excess contributions refundable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to March 15, 2023.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain administrative functions applicable to the Plan are performed by employees of the Organizations. No such employees receive compensation from the Plan. Certain other administrative expenses are also paid directly by the Organizations. Investment-related expenses are included in net depreciation of fair value of investments.

Use of estimates in the preparation of financial statements: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Note 3. Investment Contract With Insurance Company

The Plan entered into a fully benefit-responsive investment contract with Transamerica Life Insurance Company Inc. (Transamerica), known as the stable value fund. Transamerica maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Not-For-Profit Retirement Savings Plan

Notes to Financial Statements

Note 3. Investment Contract With Insurance Company (Continued)

As described in Note 2, because the stable value fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the stable value fund. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals, charges and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rates were approximately 1.55% and 1.45% for the years ended December 31, 2022 and 2021, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than money market funds and one-year Treasury bills. The investment has a portfolio investment rate design in which all deposits are credited with the same interest rate, credited on a daily basis, and have no set maturity. The effective credited interest rate is set monthly and effective on the first day of the month. Contract charges may reduce this return. The Transamerica stable value fund is not a separate account investment choice; it is an investment in Transamerica's general account.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

Note 4. Information Certified and Provided by Transamerica Life Insurance Company Inc.

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included in the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by or derived from information provided by Transamerica (the custodian) and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that the information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate to the best of its knowledge and belief based on the records they maintain. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information in this note, Note 3, Note 5 and the supplemental schedule of assets (held at end of year) related to the following assets:

	2022	2021
Investments:		
Pooled separate accounts, at fair value	\$ 23,561,458	\$ 29,013,324
Stable value fund, at contract value	\$ 3,261,539	\$ 3,102,231

The custodian also certified to the completeness and accuracy of \$5,064,570 of net depreciation in fair value of investments, which was attributed to the pooled separate accounts, and \$48,915 of interest income related to the stable value fund for the year ended December 31, 2022.

Not-For-Profit Retirement Savings Plan

Notes to Financial Statements

Note 5. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Pooled separate accounts: Pooled separate accounts are valued at net asset value per share based on quoted market prices of underlying investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine that fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

Note 5. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. The fair value of each of these investments has been estimated using the net asset value per share of the underlying investments:

	2022	2021	Unfunded	Redemption	Redemption
Investments	Fair Value	Fair Value	Commitment	Frequency	Notice Period
Pooled separate accounts:					
Growth funds (a)	\$ 2,073,793	\$ 3,175,952	\$ -	Daily	None
Blend funds (b)	3,639,794	4,443,638	-	Daily	None
International funds (c)	1,687,100	2,608,254	-	Daily	None
Value funds (d)	1,383,866	1,545,433	-	Daily	None
Target date maturity funds (e)	13,552,758	15,702,278	-	Daily	None
Bond funds (f)	1,224,147	1,537,769	-	Daily	None
	<u>\$ 23,561,458</u>	<u>\$ 29,013,324</u>			

- (a) These pooled separate accounts seek to maximize long-term growth of capital. The separate accounts invest primarily in common stocks of growth companies or common stocks, rights, warrants and convertible securities of companies with small to large market capitalization, which have a potential for long-term capital appreciation.
- (b) These pooled separate accounts seek long-term growth of capital. The separate accounts invest in common stocks of undervalued companies whose current market shares and balance sheets are strong.
- (c) These pooled separate accounts seek to provide long-term capital growth and is best suited for investors who have the ability to accept the level of risk associated with global investing. The separate accounts invest primarily in equity securities of foreign markets, including emerging and developing countries.
- (d) These pooled separate accounts seek to provide long-term capital growth. The separate accounts invest primarily in common stocks, preferred stock, convertible securities, stock futures contracts and stock index contracts of U.S. companies, but do invest a small portion in common stocks of foreign companies or real estate investment trusts.
- (e) These pooled separate accounts seek to provide growth of capital and current income. The separate accounts are designed to adjust over time to meet the changing risk and return objectives of investors based on the retirement date. The separate accounts invest in common stocks of U.S. companies, common stocks of foreign companies, bonds, cash and other instruments.
- (f) These pooled separate accounts seek long-term capital appreciation and income and are best suited for investors who have the ability to accept above average bond price volatility in pursuit of a high total return. The separate accounts invest in long-term, investment-grade corporate and government bonds and mortgage-backed securities. Very little is invested in below-investment-grade bonds.

Note 6. Party-In-Interest Transactions

The Plan invests in investments managed by Transamerica. Transamerica is the custodian of the Plan and provides administrative services to the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the administrative services amounted to \$15,576 for the year ended December 31, 2022.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Organizations have the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 8. Income Tax Status

Effective June 30, 2020, the Plan adopted a non-standardized pre-approved plan sponsored by Transamerica Retirement Solutions Corporation. The non-standardized pre-approved plan provider has received an opinion letter from the Internal Revenue Service as to the plan's compliance with IRC section 403(b). The non-standardized pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
